STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

The Register is arranged in the following nine sections:

- (a) **PREPROPOSAL**-includes the Preproposal Statement of Intent that will be used to solicit public comments on a general area of proposed rule making before the agency files a formal notice.
- (b) **EXPEDITED REPEAL**-includes the Preproposal Statement of Inquiry that lists rules being repealed using the expedited repeal process. Expedited repeals are not consistently filed and may not appear in every issue of the register.
- (c) **PROPOSED**-includes the full text of formal proposals, continuances, supplemental notices, and withdrawals.
- (d) **EXPEDITED ADOPTION**-includes the full text of rules being changed using the expedited adoption process. Expedited adoptions are not consistently filed and may not appear in every issue of the Register.
- (e) **PERMANENT**-includes the full text of permanently adopted rules.
- (f) **EMERGENCY**-includes the full text of emergency rules and rescissions.
- (g) **MISCELLANEOUS**-includes notice of public meetings of state agencies, rules coordinator notifications, summaries of attorney general opinions, executive orders and emergency declarations of the governor, rules of the state Supreme Court, and other miscellaneous documents filed with the code reviser's office under RCW 34.08.020 and 42.30.075.
- (h) **TABLE**-includes a cumulative table of the WAC sections that are affected in the current year.
- (i) **INDEX**-includes a cumulative index of Register Issues 01 through 24.

Documents are arranged within each section of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. Each filing is listed under the agency name and then describes the subject matter, type of filing and the WSR number. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence with a section's material.

2. PRINTING STYLE—INDICATION OF NEW OR DELETED MATERIAL

RCW 34.05.395 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined material is new material;
 - (ii) ~~deleted material is ((lined out between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

3. MISCELLANEOUS MATERIAL NOT FILED UNDER THE ADMINISTRATIVE PROCEDURE ACT

Material contained in the Register other than rule-making actions taken under the APA (chapter 34.05 RCW) does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

4. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules normally take effect thirty-one days after the rules and the agency order adopting them are filed with the code reviser's office. This effective date may be delayed or advanced and such an effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser's office unless a later date is provided by the agency. They remain effective for a maximum of one hundred twenty days from the date of filing.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

5. EDITORIAL CORRECTIONS

Material inserted by the code reviser's office for purposes of clarification or correction or to show the source or history of a document is enclosed in [brackets].

REGULATORY FAIRNESS ACT

The Regulatory Fairness Act, chapter 19.85 RCW, was enacted in 1982 to minimize the impact of state regulations on small business. Amended in 1994, the act requires a small business economic impact analysis of proposed rules that impose more than a minor cost on twenty percent of the businesses in all industries, or ten percent of the businesses in any one industry. The Regulatory Fairness Act defines industry as businesses within a four digit SIC classification, and for the purpose of this act, small business is defined by RCW 19.85.020 as "any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit, and that has fifty or fewer employees."

Small Business Economic Impact Statements (SBEIS)

A small business economic impact statement (SBEIS) must be prepared by state agencies when a proposed rule meets the above criteria. Chapter 19.85 RCW requires the Washington State Business Assistance Center (BAC) to develop guidelines for agencies to use in determining whether the impact of a rule is more than minor and to provide technical assistance to agencies in developing a SBEIS. All permanent rules adopted under the Administrative Procedure Act, chapter 34.05 RCW, must be reviewed to determine if the requirements of the Regulatory Fairness Act apply; if an SBEIS is required it must be completed before permanent rules are filed with the Office of the Code Reviser.

Mitigation

In addition to completing the economic impact analysis for proposed rules, state agencies must take reasonable, legal, and feasible steps to reduce or mitigate the impact of rules on small businesses when there is a disproportionate impact on small versus large business. State agencies are encouraged to reduce the economic impact of rules on small businesses when possible and when such steps are in keeping with the stated intent of the statute(s) being implemented by proposed rules. Since 1994, small business economic impact statements must contain a list of the mitigation steps taken, or reasonable justification for not taking steps to reduce the impact of rules on small businesses.

When is an SBEIS Required?

When:

The proposed rule has more than a minor (as defined by the BAC) economic impact on businesses in more than twenty percent of all industries or more than ten percent of any one industry.

When is an SBEIS Not Required?

When:

The rule is proposed only to comply or conform with a federal law or regulation, and the state has no discretion in how the rule is implemented;

There is less than minor economic impact on business;

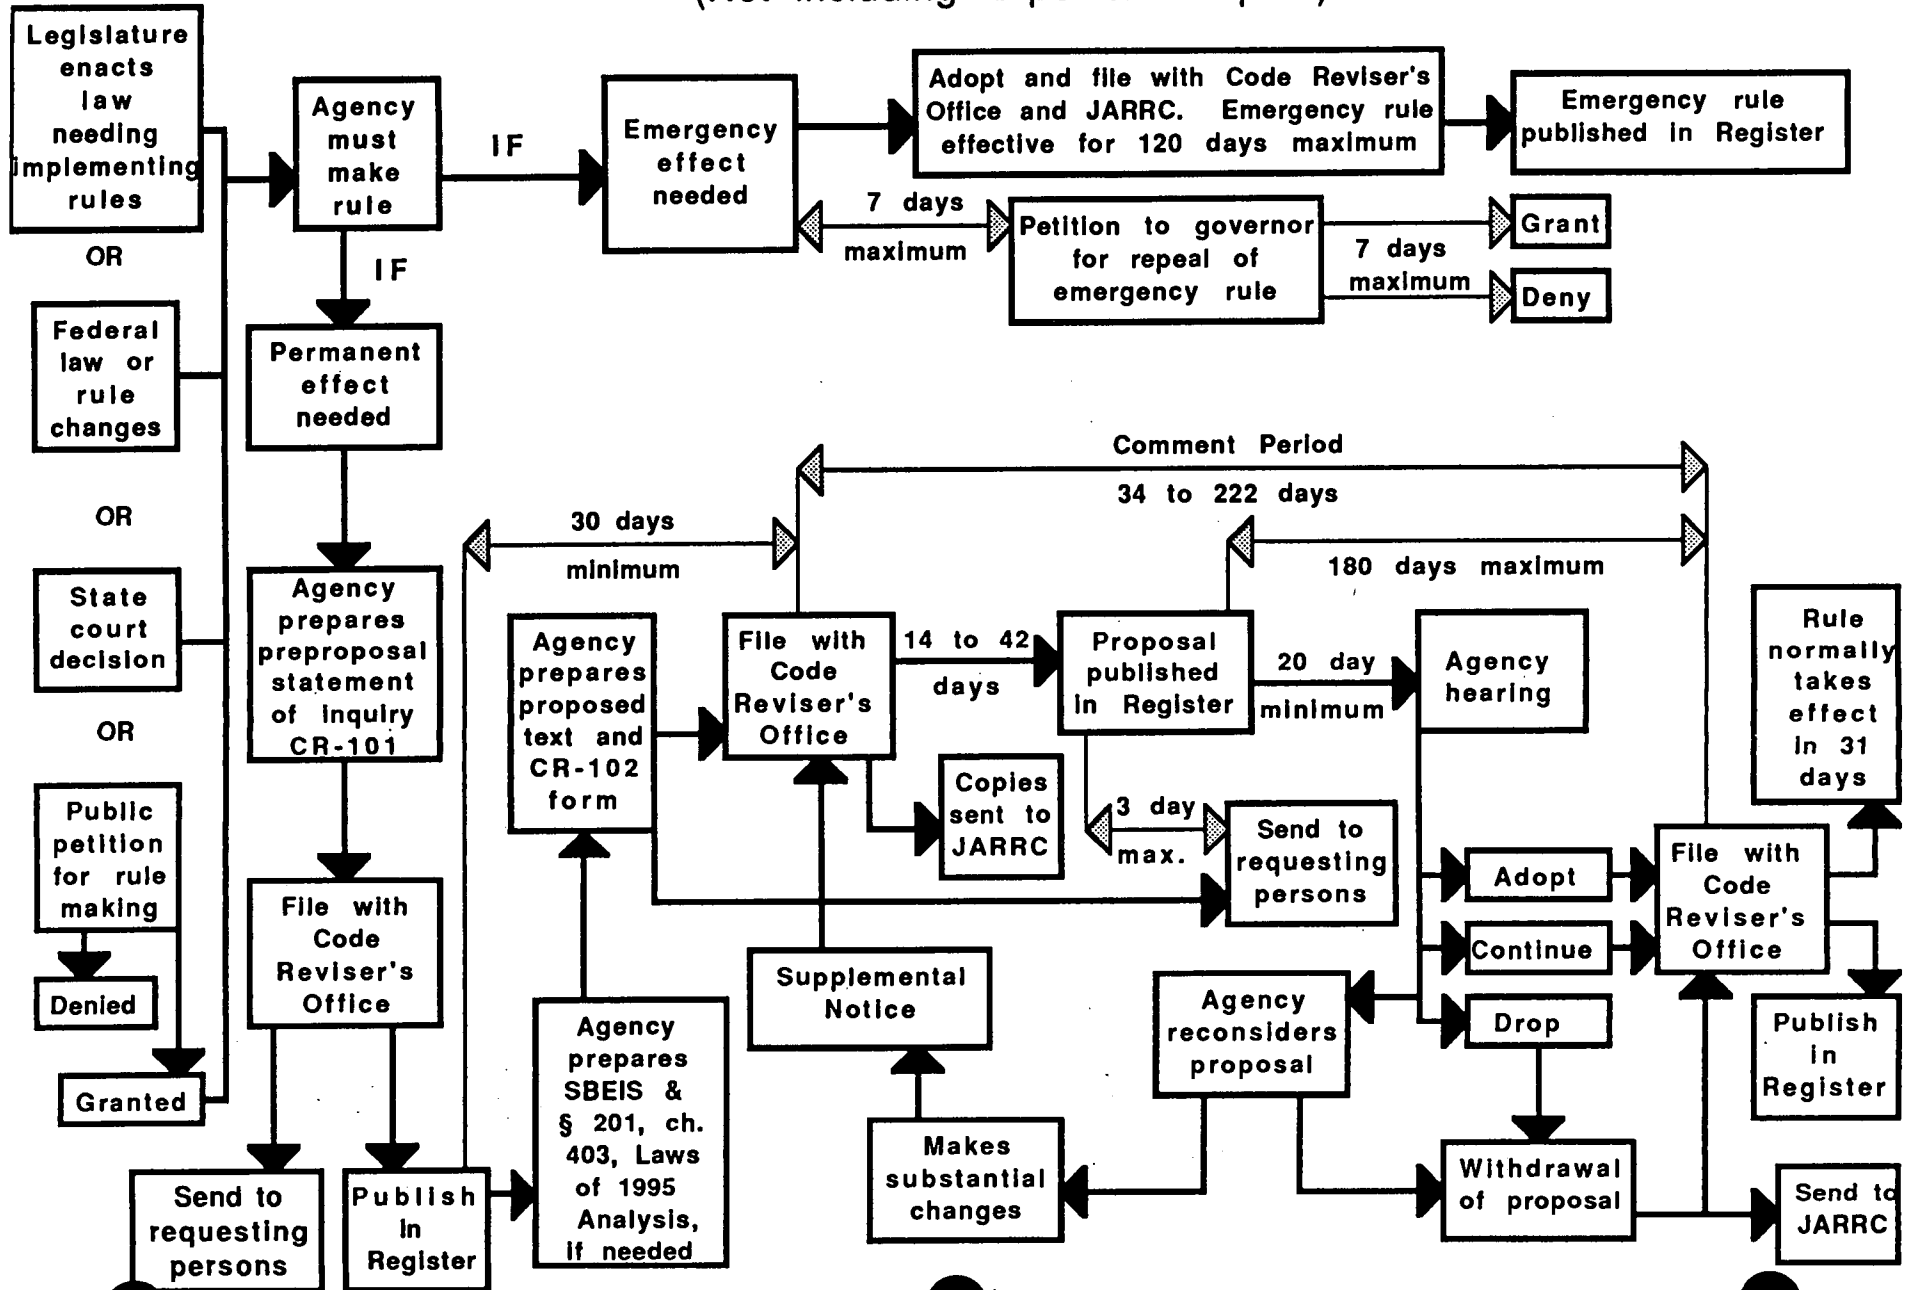

The rule **REDUCES** costs to business (although an SBEIS may be a useful tool for demonstrating this reduced impact);

The rule is adopted as an emergency rule, although an SBEIS may be required when an emergency rule is proposed for adoption as a permanent rule; or

The rule is pure restatement of state statute.

**PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF AGRICULTURE**

[Filed November 13, 2000, 1:03 p.m.]

Subject of Possible Rule Making: The state Department of Agriculture is evaluating the organic certification requirements for organic and transition to organic food producers. The department is contemplating requiring producers to be certified as transition to organic producers prior to issuing an organic food producer certificate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Chapter 15.86 RCW.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Members of the state Department of Agriculture's Organic Advisory Board have questioned whether there is adequate oversight and verification of

producers during the transition from conventional farm production to organic farm production. The Organic Advisory Board is developing a proposal that would require conventional farms to be inspected and certified during the two year transitional period.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Over the next few years, the United States Department of Agriculture will be implementing a National Organic Program under the authority of the Organic Food Production Act. The state Department of Agriculture works with the USDA National Organic Program through the National Association of State Organic Programs and the National Organic Standards Board.

Process for Developing New Rule: The agency is developing the proposal in coordination with the Organic Advisory Board.

**PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF ECOLOGY**

[Order 99-06—Filed November 13, 2000, 4:53 p.m.]

Subject of Possible Rule Making: This notice expands the original CR-101 (WSR 99-09-093, filed April 21, 1999) to include other revisions to chapter 173-400 WAC, General regulations for air pollution sources, to minimize air pollution. The original notice focused on major new source review for attainment and nonattainment areas, visibility protection, and best available retrofit technology. Ecology now intends to also update the adoption of federal requirements for new source performance standards and air toxics rules. Additionally, chapters 173-400 and 173-401 WAC may be amended to include the requirement for certain existing municipal solid waste landfills to obtain an air operating permit. An evaluation of major new source review includes minor new source review and public involvement because these are the mechanisms for applying requirements to major stationary sources.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 70.94.152, [70.94.]331 and [70.94.]510.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Ecology's goal in amending chapters 173-400 and 173-401 WAC is minimizing air pollution through a more effective rule with updated requirements consistent with federal rules, increased clarity and improved usability.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The EPA, local air agencies, and EFSEC regulate sources of air emissions. Ecology will work in partnership with these agencies on this effort. After adopting the rule, ecology will assess whether or not to request delegation or approval from EPA of the federal rule or state program.

Process for Developing New Rule: The agency study box was mistakenly checked in the original CR-101. Ecology has been meeting with an advisory committee of interested stakeholders. Ecology also briefed the Visibility Improvement Efforts in Washington (VIEW) Committee.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Elena Guilfoil to determine their level of involvement at Air Quality Program, Department of Ecology, P.O. Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: More highly reflective and fluorescent colors are available to heighten awareness and provide for safe operation of school patrols (WAC 392-151-010). The Following Sections are Proposed for Expedited Repeal: WAC 192-16-061 Interpretive regulation—Permanent residence in the United States under color of law—RCW 50.20.098.

Rules Proposed for Expedited Repeal Meet the Following Criteria: Rule is no longer necessary because of changed circumstances.

Any person who objects to the repeal of the rule must file a written objection to the repeal within thirty days after publication of this preproposal statement of inquiry.

Address Your Objection to: Juanita Myers, Rules Coordinator, Unemployment Insurance Division, P.O. Box 9046, Olympia, WA 98507-9046, or jmyers@esd.wa.gov.

Reason the Expedited Repeal of the Rule is Appropriate: The regulation conflicts with the federal Department of Labor's interpretation of the term "permanently residing under color of law," but is consistent with court interpretations of this term. Due to this conflict with federal interpretation, the superior court consent decree (No. 86-2-02355-8) which mandated adoption of this regulation has now been dissolved by the joint motion and stipulation of the parties for the order, who are now relieved from the terms and conditions previously imposed by the decree.

NEW SECTION

WAC 388-14A-1020 What definitions apply to the rules regarding child support enforcement? For purposes of this chapter, the following definitions apply:

"**Absence of court order**" means that there is no court order setting a support obligation for the noncustodial parent (NCP), or specifically relieving the NCP of a support obligation, for a particular child.

"**Absent parent**" is a term used for a noncustodial parent.

"**Accrued debt**" means past-due child support which has not been paid.

"**Administrative order**" means a determination, finding, decree or order for support issued under RCW 74.20A.055, 74.20A.056, or 74.20A.059 or by another state's agency under an administrative process, establishing the existence of a support obligation (including medical support) and order the payment of a set or determinable amount of support for current support and/or a support debt. Administrative orders include:

(1) An order entered under chapter 34.05 RCW;

(2) An agreed settlement or consent order entered under WAC 388-14A-3600; and

(3) A support establishment notice which has become final by operation of law.

"Agency" means the Title IV-D provider of a state. In Washington, this is DCS.

"Agreed settlement" is an administrative order that reflects the agreement of the noncustodial parent, the custodial parent and the division of child support. An agreed settlement does not require the approval of an administrative law judge.

"Aid" or **"public assistance"** means cash assistance under the temporary assistance for needy families (TANF) program, the aid for families with dependent children (AFDC) program, federally-funded or state-funded foster care, and includes day care benefits and medical benefits provided to families as an alternative or supplement to TANF.

"Applicant/custodian" means a person who applies for nonassistance support enforcement services on behalf of a child or children residing in their household.

"Birth costs" means medical expenses incurred by the custodial parent or the state for the birth of a child.

"Conference board" means a method used by the division of child support for the resolution of complaints regarding DCS cases and for granting exceptional or extraordinary relief from debt.

"Consent order" means a support order that reflects the agreement of the noncustodial parent, the custodial parent and the division of child support. A consent order requires the approval of an administrative law judge.

"Court order" means a judgment, decree or order of a Washington state superior court, another state's court of comparable jurisdiction, or a tribal court.

"Current support" or **"current and future support"** means the amount of child support which is owed for each month.

"Custodial parent" means the person, whether a parent or nonparent, with whom a dependent child resides the majority of the time period for which the division of child support seeks to establish or enforce a support obligation.

"Date the state assumes responsibility for the support of a dependent child on whose behalf support is sought" means the date that the TANF or AFDC program grant is effective. For purposes of this chapter, the state remains responsible for the support of a dependent child until public assistance terminates, or support enforcement services end, whichever occurs later.

"Delinquency" means failure to pay current child support when due.

"Department" means the Washington state department of social and health services (DSHS).

- (b) Establish the paternity of the child(ren) on assistance in the CP's care; and
- (c) Establish or collect support payments or resources such as property due the CP or the child(ren).

(3) The CP must also cooperate by sending to DCS any child support received by the CP while on assistance, as required by RCW 74.20A.320. If the client keeps these payments, known as retained support, the CP must sign an agreement to repay under RCW 74.20A.275, and the CP must honor that agreement.

NEW SECTION

WAC 388-14A-2041 What happens if I don't cooperate with DCS? (1) There may be penalties, called sanctions, for not cooperating with the division of child support (DCS). These sanctions and the noncooperation process are described in WAC 388-14A-2075. You may be sanctioned if:

- (a) You do not go to scheduled interviews and answer questions;
 - (b) There is credible evidence showing that you could have given the information but did not;
 - (c) You have been giving inconsistent or false information without a good reason; or
 - (d) You refuse to sign or honor a repayment agreement under WAC 388-14A-2040(3).
- (2) You must be given the opportunity to swear you do not have the information.
- (3) You cannot be sanctioned because you provided information on a possible parent who was then excluded by genetic testing. In this event you must continue to cooperate in naming other possible parents and taking part in any resulting genetic testing.
- (4) You may not be able to help DCS if you do not know, do not possess, or cannot reasonably obtain the requested information. To avoid a sanction, you must, under penalty of perjury, swear or attest to your lack of information in an interview held by DCS or its representative.

(5) If you fear that cooperation may cause harm to you or your children, you may claim good cause not to cooperate.

NEW SECTION

WAC 388-14A-2045 What can I do if I am afraid that cooperating with the division of child support will be harmful to me or to my children? (1) If a custodial parent (CP) receiving public assistance fears that the establishment or enforcement of support may result in harm to the CP or the children, the CP may be excused from the cooperation requirements. You can claim good cause not to cooperate under WAC 388-422-0021. Go to the community services office (CSO) to claim good cause.

(2) If a CP who is not receiving public assistance fears that the establishment or enforcement of support may result in harm to the CP or the children, the CP should tell the division of child support (DCS) that family violence is an issue in the case, so that DCS may take appropriate action.

NEW SECTION

WAC 388-14A-2050 Who decides if I have good cause not to cooperate? (1) The community services office (CSO) decides whether you have good cause not to cooperate with the division of child support (DCS).

(2) When you make a claim of good cause not to cooperate, DCS does not take any action on the case while the CSO is reviewing your good cause claim.

NEW SECTION

WAC 388-14A-2060 Are there different kinds of good cause for not cooperating with DCS? (1) For custodial parents receiving public assistance, there are two kinds of good cause granted by the community services office (CSO):

- (a) When the CSO determines that support establishment or enforcement cannot proceed at all because of a risk of danger to the custodial parent (CP) or children, this is called good cause level A.
- (b) When the CSO determines that support establishment or enforcement can proceed without input from the CP, but that good cause exists for the CP not to cooperate with DCS, this is called good cause level B.

(2) See WAC 388-422-0021 for how the CSO grants good cause.

NEW SECTION

WAC 388-14A-2065 Does the division of child support provide support enforcement services if the CSO decides I have "good cause level A"? If the community services office (CSO) grants you good cause level A:

(1) The division of child support (DCS) closes the case and does not take any action to establish or enforce support for the children covered by the good cause finding.

(2) If the noncustodial parent applies for paternity establishment or support enforcement services, DCS does not open a case.

NEW SECTION

WAC 388-14A-2070 Does the division of child support provide support enforcement services if the CSO determines I have "good cause level B"? If the community services office (CSO) grants you good cause level B, the division of child support provides support enforcement services without requiring the custodial parent (CP) to provide information or cooperate with DCS in any way.

NEW SECTION

WAC 388-14A-2075 What happens if the division of child support determines that I am not cooperating? (1) When the division of child support (DCS) or its representatives believe you are not cooperating as defined in WAC 388-14A-2040, DCS sends a notice to you and to the community service office (CSO) stating the noncooperation and explaining the following:

- (a) How the noncooperation was determined, including what actions were required;
- (b) What actions you must take to resume cooperation;
- (c) That this notice was sent to the CSO;
- (d) That you may contact the CSO immediately if you disagree with the notice, need help in order to cooperate, or believe the actions required are unreasonable; and
- (e) That the CSO may sanction you by either reducing or terminating the grant.

(2) The CSO sends a notice of planned action to you as provided by WAC 388-245-1700 or any subsequent amendment.

(3) Either the notice of alleged noncooperation or the CSO's notice of planned action may serve as the basis for a sanction.

(4) If the noncooperation was due to missing an interview without reasonable excuse, you will be considered to be cooperating when you appear for a rescheduled interview and either provide information or attest to the lack of information. DCS or its representative must reschedule the interview within seven business days from the date you contact them to reschedule an interview.

(5) If the noncooperation was due to not taking a required action, cooperation resumes when you take that action.

(6) There is no hearing right for a notice of noncooperation, but you can request a hearing on the sanction imposed by the CSO.

NEW SECTION

WAC 388-14A-2080 Once DCS opens a support enforcement case, under what circumstances can it be closed? Once the division of child support (DCS) starts providing support enforcement services under RCW 26.23.045 and chapter 74.20 RCW, the case must remain open, unless DCS determines that:

(1) There is no current support order, and the support debt owed by the noncustodial parent (NCP) is less than five hundred dollars, or cannot be enforced under Washington law;

(2) The NCP or putative (alleged) father is dead with no assets, income or estate available for collection;

(3) The NCP has no assets or income available for collection and is not able to provide support during the child's minority because of being:

- (a) Institutionalized in a psychiatric facility;
- (b) Incarcerated without possibility of parole; or
- (c) Medically verified as totally and permanently disabled with no evidence of ability to provide support.

(4) The applicant, agency or recipient of nonassistance services submits a written request for closure, and there is no current assignment of medical or support rights;

(5) DCS has enough information to use an automated locate system, and has not been able to locate the NCP after three years of diligent efforts;

(6) DCS does not have enough information to use an automated locate system, and has not been able to locate the NCP after one year of diligent efforts;

(7) DCS is unable to contact the applicant, agency or recipient of services for at least sixty days;

(8) DCS documents failure to cooperate by the custodial parent (CP) or the initiating jurisdiction, and that cooperation is essential for the next step in enforcement;

(9) DCS cannot obtain a paternity order because:

- (a) The putative father is dead;
- (b) Genetic testing has excluded all putative fathers;
- (c) The child is at least eighteen years old;

(d) DCS, a court of competent jurisdiction or an administrative hearing determines that establishing paternity would not be in the best interests of the child in a case involving incest, rape, or pending adoption; or

(e) The biological father is unknown and cannot be identified after diligent efforts, including at least one interview by DCS or its representative with the recipient of support enforcement services.

(10) DCS, a court of competent jurisdiction or an administrative hearing determines that the recipient of services has wrongfully deprived the NCP of physical custody of the child as provided in WAC 388-14A-3370;

(11) DCS, the department of social and health services, a court of competent jurisdiction or an administrative hearing determines that action to establish or enforce a support obligation cannot occur without a risk of harm to the child or the CP;

(12) DCS has provided locate-only services in response to a request for state parent locator services (SPLS);

(13) The NCP is a citizen and resident of a foreign country, and:

- (a) NCP has no assets which can be reached by DCS; and
- (b) The country where NCP resides does not provide reciprocity in child support matters.

(14) The child is incarcerated or confined to a juvenile rehabilitation facility for a period of ninety days or more; or

(15) Any other circumstances exist which would allow closure under 45 C.F.R. 303.11 or any other federal statute or regulation.

NEW SECTION**WAC 388-14A-2085 Under what circumstances may DCS deny a request to close a support enforcement case?**

(1) The division of child support (DCS) may deny a request to close a support enforcement case when:

- (a) There is a current assignment of support or medical rights on behalf of the children in the case;
- (b) There is accrued debt under a support order which has been assigned to the state;
- (c) Support or medical rights on behalf of the children have previously been assigned to the state;
- (d) The person who requests closure is not the recipient of support enforcement services; or
- (e) A superior court order requires payments to the Washington state support registry (WSSR).

(2) If there is no current assignment of support or medical rights, DCS may close the portion of the case which is owed to the custodial parent (CP), but if there is accrued debt under a support order which has been assigned to the state, DCS keeps that portion of the case open.

(3) If a superior court order specifies that the noncustodial parent (NCP) must make payments to the WSSR, but the CP does not want support enforcement services, DCS keeps the case open as a payment services only (PSO) case, which means that:

- (a) DCS provides payment processing and records maintenance, and
- (b) DCS does not provide enforcement services.

NEW SECTION

WAC 388-14A-2090 Who is mailed notice of DCS' intent to close a case? (1) Sixty days before closing a case the division of child support (DCS) sends a notice of intent to close, advising the parties why DCS is closing the case.

(a) DCS does not send a notice when closing a case under WAC 388-14A-2080 (11) or (12).

(b) DCS does not provide sixty days' prior notice when closing a case under WAC 388-14A-2080(4).

(2) DCS mails a notice by regular mail to the last known address of the custodial parent (CP) and the noncustodial parent.

(3) In an interstate case, DCS mails the notice to the CP by regular mail in care of the other state's child support agency.

(4) If DCS is closing an interstate case because of noncooperation by the initiating jurisdiction, DCS also mails the notice to the other state's child support agency.

NEW SECTION

WAC 388-14A-2095 What if I don't agree with the case closure notice? (1) Only the person who applied for support enforcement services, also known as the recipient of services, may request a hearing to challenge closure of a case.

(2) If the recipient of services requests a hearing, the other party may participate in the hearing.

(3) The closure of a child support case does not stop the custodial parent or noncustodial parent from filing an appli-

cation for support enforcement services in the future, but the reason for closure may affect whether the division of child support will open a new case.

NEW SECTION

WAC 388-14A-2097 What happens to payments that come in after a case is closed? After support enforcement services are terminated, DCS returns support money to the noncustodial parent except if the case remains open as a payment services only (PSO) case as described in WAC 388-14A-2000(1).

NEW SECTION

WAC 388-14A-2099 When does DCS file a satisfaction of judgment with the superior court? (1) When the division of child support (DCS) determines that a support obligation, established by order of a superior court of this state, has been satisfied or is no longer legally enforceable, DCS sends a notice of its intent to file a satisfaction of judgment to the last known address of the payee under the order and to the noncustodial parent (NCP).

(2) DCS includes the following provisions in the notice:

(a) A statement of the facts DCS relied on in making the determination; and

(b) A statement that the payee has twenty days from the date of the notice, to:

(i) Object and request a conference board under WAC 388-14A-6400; or

(ii) Initiate an action to obtain a judgment from the court that entered the order.

(3) If the conference board or the court determines the support obligation or a support debt still exists, DCS withdraws the notice and makes reasonable efforts to enforce and collect the remaining support debt. If the conference board or court determines that a debt does not exist, DCS files a satisfaction of judgment with the clerk of superior court in which the order was entered.

(4) DCS determines that a support obligation is satisfied or is no longer legally enforceable when the obligation to pay current and future support terminates under the order, and:

(a) The NCP has made all payments owed under the support order;

(b) The support debt is no longer enforceable due to the operation of the statute of limitations;

(c) DCS determines the NCP has a valid defense to payment of the debt under Washington law; or

(d) Under RCW 74.20A.220, DCS determines the debt is uncollectible, grants a total or partial charge-off, or accepts an offer to compromise a disputed debt.

NEW SECTION

WAC 388-14A-2105 Does the division of child support keep information about me confidential? (1) Under RCW 26.23.120, all information and records, concerning persons who owe a support obligation or for whom the division of child support (DCS) provides support enforcement ser-

VICES, are private and confidential. DCS discloses information and records only as follows:

(a) DCS discloses information and records only to:

(i) A person or entity listed and for the specific purpose or purposes stated in federal law;

(ii) The person who is the subject of the information or records, unless the information or records are exempt under RCW 42.17.310;

(iii) Local, state, and federal government agencies for support enforcement and related purposes;

(iv) A party to a judicial proceeding or a hearing under chapter 34.05 RCW, if the administrative law judge (ALJ) enters an order to disclose. The ALJ must base the order on a written finding that the need for the information outweighs any reason for maintaining privacy and confidentiality;

(v) A party under contract, including a federally recognized Indian tribe, if disclosure will allow the party to assist in the program's management or operation;

(vi) A person or entity, including a federally recognized Indian tribe, when necessary to the administration of the program or the performance of functions and duties in state and federal law. DCS may publish information about a responsible parent for locate and enforcement purposes;

(vii) A person, representative, or entity if the person who is the subject of the information and records consents, in writing, to disclosure;

(viii) The office of administrative hearings or the office of appeals for administration of the hearing process under chapter 34.05 RCW. The ALJ or review judge must not include the address of either party in an administrative order, or disclose a party's address to the other party. The review judge and the ALJ must:

(A) State in support orders that the address is known by the Washington state support registry; and

(B) Inform the parties they may obtain the address by submitting a request for disclosure to DCS under this section.

(b) The last known address of, or employment information about, a party to a court or administrative order for, or a proceeding involving, child support may be given to another party to the order. The party receiving the information may only use the information to establish, enforce, or modify a support order. Disclosure of address information is subject to the provisions of WAC 388-14A-2110;

(c) The last known address of natural or adoptive children may be given to a parent having a court order granting that parent visitation rights with, legal custody of or residential time with the parent's natural or adoptive children. The parent may only use this information to enforce the terms of the court order. Disclosure of this information is subject to the provisions of WAC 388-14A-2110;

(d) DCS may disclose the Social Security Number of a dependent child to the noncustodial parent NCP to enable the NCP to claim the dependency exemption as authorized by the Internal Revenue Service;

(e) Financial records of an individual obtained from a financial institution may be disclosed only for the purpose of, and to the extent necessary, to establish, modify, or enforce a child support obligation of that individual.

(2) Except as provided elsewhere in chapter 388-14A WAC, chapter 388-01 WAC governs the process of requesting and disclosing information and records.

(3) DCS must take timely action on requests for disclosure. DCS must respond in writing within five working days of receipt of the request.

(4) If a child is receiving foster care services, you must contact your local community services office for disclosure of the child's address information.

(5) The rules of confidentiality and penalties for misuse of information and reports that apply to a IV-D agency employee, also apply to a person who receives information under this section.

(6) Nothing in these rules:

(a) Prevents DCS from disclosing information and records when such disclosure is necessary to the performance of its duties and functions as provided by state and federal law;

(b) Requires DCS to disclose information and records obtained from a confidential source.

NEW SECTION

WAC 388-14A-2110 How do I find out the address of my children, or of the other parent of my children? (1) A request for disclosure of a parent or child's address must be submitted in writing or in person, with satisfactory evidence of identity, at any office of the division of child support (DCS);

(2) If the request is made by your attorney, DCS may waive the provisions regarding submission in person with satisfactory evidence of identity;

(3) If you are unable to appear at a DCS office in person, DCS may waive the provision requiring submission in person if you submit a notarized request for disclosure;

(4) The person seeking disclosure must attach the following to a request for disclosure of an address:

(a) A copy of the superior court order on which the request is based. DCS waives this provision if DCS has a true copy of the order on file;

(b) A sworn statement by the individual that the order has not been modified; and

(c) A statement explaining the purpose of the request and how the requestor intends to use the information.

NEW SECTION

WAC 388-14A-2115 What are the requirements for making an address disclosure request? (1) The following provisions apply to a request for disclosure of the address of a party to the order or a dependent child under chapter 388-14A WAC. The division of child support (DCS) does not release the address if:

(a) The department has determined, under WAC 388-422-0021, that the custodial parent (CP) has good cause for refusing to cooperate;

(b) The order, on which the request is based, restricts or limits the address requesting party's right to contact or visit the other party or the child by imposing conditions to protect the party or the child from harm;

(c) An order has been entered finding that the health, safety, or liberty of a party or child would be unreasonably put at risk by the disclosure of the information; or

(d) DCS has information which gives DCS reason to believe that release of the address may result in physical or emotional harm to the other party or to the children.

(2) Whenever DCS denies a request for disclosure under subsection (1) of this section, DCS notifies the nonrequesting party that disclosure of the address was requested and was denied.

(3) Prior to disclosing the address of a party or a child, DCS mails a notice to the last known address of the party whose address is sought, except as provided under subsection (4) of this section. The notice advises the party that:

(a) A request for disclosure has been made;

(b) DCS will disclose the address after thirty days from the date of the notice, unless:

(i) DCS receives a copy of an order which:

(A) Enjoins disclosure of the address;

(B) Restricts the address requesting party's right to contact or visit the other party or a child by imposing conditions to protect the party or the child from harm, including, but not limited to, temporary orders for protection under chapter 26.50 RCW; or

(C) States that the health, safety, or liberty of a party or child would be unreasonably put at risk by disclosure of address or other identifying information.

(ii) The party requests an administrative hearing which ultimately results in a decision that release of the address is reasonably anticipated to result in harm to a party or a dependent child;

(iii) In any hearing under this section, either party may participate in the proceeding by telephone, from any prearranged location. The location and phone number must not be disclosed by the administrative law judge (ALJ).

(4) DCS is not required to mail a notice prior to disclosure if:

(a) The requesting party presents a facially valid warrant or a judicial finding that:

(i) The other party will likely flee to avoid service of process; or

(ii) The other party will likely flee and that:

(A) A court of competent jurisdiction of this state or another state has entered an order giving legal and physical custody of a child whose address is requested to the requesting party; and

(B) The custody order has not been altered, changed, modified, superseded, or dismissed; and

(C) A child was taken or enticed from the address requesting party's physical custody without that party's consent; and

(D) The address requesting party has not subsequently assented to being deprived of physical custody of the children; and

(E) The address requesting party is making reasonable efforts to regain physical custody of the child; or

(b) The records of DCS contain a written authorization for address release under WAC 388-14A-2125.

NEW SECTION

WAC 388-14A-2120 What happens at a hearing on an objection to disclosure of my address? (1) In any administrative hearing requested under WAC 388-14A-2115 (3)(b)(ii):

(a) The parent requesting address disclosure and the other party to the order or action are independent parties in the hearing;

(b) Either party may participate by telephone, provided the party:

(i) States in the request for hearing that participation will be by telephone; or

(ii) Advises the office of administrative hearings (OAH) at least five calendar days prior to the scheduled hearing that participation will be by telephone; and

(iii) Provides OAH with a telephone number where the party can be reached for the hearing, at least five calendar days before the scheduled hearing.

(c) The administrative law judge (ALJ) must not disclose the location or phone number from which the party is appearing;

(d) The initial burden of proof is on the party requesting address disclosure, to show that the address request is for a purpose for which disclosure is specifically permitted under chapter 388-14A WAC;

(e) If the party requesting address disclosure:

(i) Fails to meet this burden, the ALJ enters an order denying the address request;

(ii) Establishes that the address was requested for a purpose for which disclosure is permitted, the other party must then show that it is reasonable to anticipate that physical or emotional harm to the party or a child will result from release of the address. The party objecting to address release:

(A) May demonstrate reasonable anticipation of harm by any form of evidence admissible under chapter 34.05 RCW; and

(B) Is not required to provide corroborative evidence required by WAC 388-422-0021, to establish a reasonable anticipation of harm.

(f) If either party fails to appear, the ALJ enters an order on default:

(i) If the party objecting to disclosure fails to appear, the order requires DCS to release the address unless the record contains documentary evidence which provides the basis for a finding that physical or emotional harm will likely result from release of the address;

(ii) If the address requesting party fails to appear, the default order denies the request for address information.

(g) OAH arranges the attendance of the parties by telephone or other procedure showing due regard for the safety of the parties and the children;

(h) DCS issues a final response to the disclosure request within five working days of the exhaustion of administrative remedies.

(2) If the custodial parent (CP) requests a hearing under this section in response to a department initiated review of the support order for modification, both parties to the support order are independent parties in the address disclosure hearing.

NEW SECTION

WAC 388-14A-2125 How do I give DCS permission to give my address to the other parent without going through the notice procedures of WAC 388-14A-2115? (1)

Any party to a support order may authorize the division of child support (DCS) to release his or her address to the other party with no prior notice.

(2) An authorization to release an address must be:

- (a) In writing;
- (b) Notarized; and

(c) Effective for any period designated by the party up to three years or until DCS is notified in writing that the party has revoked the authorization, whichever is sooner.

NEW SECTION

WAC 388-14A-2150 How much does it cost to get copies of DCS records? (1) WAC 388-01-030 authorizes the division of child support (DCS) to charge copying and postage costs for responses to public disclosure.

(2) DCS charges fifteen cents per page for copies.

(3) DCS may waive copy fees in appropriate circumstances.

NEW SECTION

WAC 388-14A-2155 Can I appeal a denial of public disclosure by the division of child support? (1) If the division of child support (DCS) denies a request for public disclosure, you may file an appeal with DCS Public Disclosure Appeals, P.O. Box 9162, Olympia WA 98507-9162.

(2) If your appeal is denied, you may pursue other options as set forth in WAC 388-01-080.

NEW SECTION

WAC 388-14A-2160 If my information is confidential, can DCS report me to a credit bureau? (1) When a consumer reporting agency, as defined by 45 C.F.R. 303.105(a), requests information regarding the amount of overdue support owed by a noncustodial parent (NCP), the division of child support (DCS) provides such information if the amount of the support debt exceeds one thousand dollars.

(2) Prior to releasing information to the consumer reporting agency, DCS sends a written notice concerning the proposed release of the information to the NCP's last known address.

(3) The notice gives the NCP ten days from the date of the notice to request a conference board to contest the accuracy of the information. If the NCP requests a conference board, DCS does not release the information until a conference board decision has been issued.

PART C - HOW THE DIVISION OF CHILD SUPPORT DECIDES HOW MUCH CHILD SUPPORT SOMEONE SHOULD PAY

NEW SECTION

WAC 388-14A-3275 The division of child support may amend an administrative notice at any time before a final administrative order is entered. (1) The division of child support (DCS) may orally amend a notice issued under this chapter at the hearing to conform to the evidence. When DCS amends a notice at the hearing:

(a) The administrative law judge (ALJ) may grant a continuance when necessary to allow the parties additional time to present evidence and argument as to the amendment; and

(b) DCS must reduce the terms of the amendment to writing and provide a copy, in person or by regular mail to the last known address of the parties, and to the ALJ within a reasonable time after amending the notice.

(2) The amended notice does not generate a new hearing right.

(3) When DCS has obtained reliable information that the income basis of the notice is inaccurate, DCS amends a notice issued under WAC 388-14A-3115, 388-14A-3120, or 388-14A-3125 prior to seeking a default order for failure to appear. An amendment under this subsection must be made according to the terms of subsection (1) above.

(4) Subsection (3) of this section does not apply:

- (a) To cases in which no one has requested a hearing; or
- (b) After the ALJ has closed the hearing record.

(5) If DCS has amended the notice under this section and either the noncustodial parent or the custodial parent fail to appear at a rescheduled hearing date, the ALJ must enter a default order on the terms of the amended notice.

NEW SECTION

WAC 388-14A-3300 How does the division of child support require me to make my support payments to the Washington state support registry when my support order says to pay someone else? (1) If a support order requires the noncustodial parent (NCP) to pay support to anywhere other than the Washington state support registry (WSSR), the division of child support (DCS) may serve a notice on the NCP telling the NCP to make all future payments to the WSSR.

(2) DCS may serve a notice of support debt on a noncustodial parent (NCP) as provided in RCW 74.20A.040. See WAC 388-14A-3305.

(3) DCS may serve a notice of support owed on an NCP as provided in RCW 26.23.110. See WAC 388-14A-3310.

(4) When DCS serves a notice of support debt or a notice of support owed, DCS sends a notice to the payee under the order. See WAC 388-14A-3315.

NEW SECTION

WAC 388-14A-3304 The division of child support serves a notice of support debt when it is enforcing a for-

PROPOSED

eign court order or administrative order for support. (1) The division of child support (DCS) may serve a notice of support debt on a noncustodial parent (NCP) under RCW 74.20A.040 to provide notice that DCS is enforcing a foreign court order or foreign administrative order for support.

(2) DCS serves a notice of support debt like a summons in a civil action or by certified mail, return receipt requested.

(3) In a notice of support debt, DCS includes the information required by RCW 74.20A.040, the amount of current and future support, accrued support debt, any health insurance coverage obligation, and any day care costs under the court or administrative order.

(4) The NCP must make all support payments after service of a notice of support debt to the Washington state support registry. DCS does not credit payments made to any other party after service of a notice of support debt except as provided in WAC 388-14A-3375.

(5) A notice of support debt becomes final and subject to immediate wage withholding and enforcement without further notice under chapters 26.18, 26.23, and 74.20A RCW, subject to the terms of the order, unless, within twenty days of service of the notice in Washington, the NCP:

(a) Files a request with DCS for a conference board under WAC 388-14A-6400. The effective date of a conference board request is the date DCS receives the request; or

(b) Obtains a stay from the superior court.

(6) A notice of support debt served in another state becomes final according to WAC 388-14A-7200.

(7) Enforcement of the following are not stayed by a request for a conference board or hearing under this section or WAC 388-14A-6400:

(a) Current and future support stated in the order; and

(b) Any portion of the support debt that the NCP and custodial parent (CP) fail to claim is not owed.

(8) Following service of the notice of support debt on the NCP, DCS mails to the last known address of the CP and/or the payee under the order:

(a) A copy of the notice of support debt; and

(b) A notice to payee under WAC 388-14A-3315 regarding the payee's rights to contest the notice of support debt. The CP who is not the payee under the order has the same rights to contest the notice of support debt.

(9) If the NCP requests a conference board under subsection (5)(a) of this section, DCS mails a copy of the notice of conference board to the CP informing the CP of the CP's right to:

(a) Participate in the conference board; or

(b) Request a hearing under WAC 388-14A-3320 within twenty days of the date of a notice of conference board that was mailed to a Washington address. (b) Any part of a support debt that has been reduced to a fixed dollar amount by a court or administrative order; and

(c) Any part of a support debt that neither party claims is incorrect.

(9) A hearing on a notice of support owed is for the limited purpose of interpreting the court order for support and any modifying orders and not to change or defer the support provisions of the order. The hearing is only to determine:

(a) The amount of monthly support as a fixed dollar amount;

(b) Any accrued arrears through the date of hearing; and

(c) If a condition precedent in the court order to begin or modify the support obligation was met.

(10) If the NCP requested the hearing, he or she has the burden of proving any applicable defenses to liability under WAC 388-14A-3370 or that the amounts stated in the notice of support owed are incorrect.

(14) For the purposes of this section, WAC 388-14A-3315 and WAC 388-14A-3320, the term "payee" includes "physical custodian" or "custodial parent."

NEW SECTION

WAC 388-14A-3315 When DCS serves a notice of support debt or notice of support owed, we notify the custodial parent and/or the payee under the order. (1) The division of child support (DCS) sends a notice to a payee under a court order or foreign administrative order for support when DCS receives proof of service on the noncustodial parent (NCP) of:

(5) The effective date of a hearing request is the date DCS receives the request.

NEW SECTION

WAC 388-14A-3320 What happens at a hearing on a notice of support debt or notice of support owed? (1) A hearing on a notice of support debt or a notice of support owed is for the limited purpose of determining the support debt through the date of the hearing under the order.

(2) The office of administrative hearings (OAH) sends a notice of hearing on a notice of support debt to the noncustodial parent (NCP), to the division of child support (DCS), and to the payee. The NCP and the payee each may participate in the hearing as an independent party.

(3) If only one party appears and wishes to proceed with the hearing, the administrative law judge (ALJ) holds a hearing and issues an initial decision based on the evidence presented or continues the hearing.

(a) An initial decision issued under this subsection includes an order of default against the nonappearing party and limits the appeal rights of the nonappearing party to the record made at the hearing.

(b) If neither the NCP nor the payee appears or wishes to proceed with the hearing, the ALJ issues an order of default against both parties.

(4) If the payee requests a late hearing on a notice of support owed or a notice of support debt, the payee must show good cause for filing the late hearing request.

NEW SECTION

WAC 388-14A-3350 Are there any limits on how much back support the division of child support can seek to establish? (1) When no public assistance is being paid to the custodial parent (CP) and the children, the division of child support (DCS) starts the claim for support as of the date the application for nonassistance services was received.

(2) When public assistance is being paid to the CP and children by another state, DCS starts the claim for support as of the date specified by the other state in the referral.

(3) For the notice and finding of parental responsibility, the back support obligation is limited by WAC 388-14A-3120(9).

(4) When the state of Washington is paying public assistance to the CP and/or the children, the following rules apply:

(a) For support obligations owed for months on or after September 1, 1979, DCS must exercise reasonable efforts to locate the noncustodial parent (NCP);

(b) DCS serves a notice and finding of financial or parental responsibility within sixty days of the date the state assumes responsibility for the support of a dependent child on whose behalf support is sought.

(c) If DCS does not serve the notice within sixty days, DCS loses the right to reimbursement of public assistance payments made after the sixtieth day and before the notice is served.

(d) DCS does not lose the right to reimbursement of public assistance payments for any period of time:

PROPOSED

(i) During which DCS exercised reasonable efforts to locate the NCP; or

(ii) For sixty days after the date on which DCS received an acknowledgment of paternity for the child for whom the state has assumed responsibility, and paternity has not been established.

(5) The limitation in subsection (4) does not apply to:

(a) Cases in which the physical custodian is claiming good cause for not cooperating with the department; and

(b) Cases where parentage is an issue and:

(i) Has not been established by superior court order; or

(ii) Is not the subject of a presumption under RCW 26.26.040 (1)(a) or (e).

(6) DCS considers a prorated share of each monthly public assistance payment as paid on each day of the month.

NEW SECTION

WAC 388-14A-3370 What defenses to liability are available to a noncustodial parent when DCS seeks to enforce a support obligation? (1) A noncustodial parent (NCP) who objects to a notice and finding of financial, parental, or medical responsibility has the burden of establishing defenses to liability. Defenses include, but are not limited to:

(a) Proof of payment;

(b) The existence of a superior court or administrative order that sets the NCP's support obligation or specifically relieves the NCP of a support obligation for the child(ren) named in the notice;

(c) The party is not a responsible parent as defined by RCW 74.20A.020(7);

(d) The amount requested in the notice is inconsistent with the Washington state child support schedule, Chapter 26.19 RCW;

(e) Equitable estoppel, subject to WAC 388-14A-6500; or

(f) Any other matter constituting an avoidance or affirmative defense.

(2) A dependent child's or a custodial parent's ineligibility to receive public assistance is not a defense to the assessment of a support obligation.

(3) An NCP may be excused from providing support for a dependent child receiving public assistance under chapter 74.12 RCW if the NCP is the legal custodian of the child and has been wrongfully deprived of physical custody of the child. The NCP may be excused only for any period during which the NCP was wrongfully deprived of custody. The NCP must establish that:

(a) A court of competent jurisdiction of any state has entered an order giving legal and physical custody of the child to the NCP;

(b) The custody order has not been modified, superseded, or dismissed;

(c) The child was taken or enticed from the NCP's physical custody and the NCP has not subsequently assented to deprivation. Proof of enticement requires more than a showing that the child is allowed to live without certain restrictions the NCP would impose; and

(d) Within a reasonable time after deprivation, the NCP exerted and continues to exert reasonable efforts to regain physical custody of the child.

NEW SECTION

WAC 388-14A-3375 What kinds of credits does the division of child support give when establishing or enforcing an administrative support order? (1) After the noncustodial parent (NCP) has been advised of the requirement to make payments to the Washington state support registry (WSSR) by service of a support establishment notice, or by entry of a support order requiring payments to WSSR, the NCP may obtain credit against the support obligation only:

(a) By cash, check, electronic funds transfer, or money order payments through WSSR or payment of health insurance premiums; or

(b) As provided under subsections (3) and (6) of this section.

(2) The division of child support (DCS) allows credit against a NCP's support debt for family needs provided directly to a custodial parent (CP), a child, or provided through a vendor or third party only when the:

(a) Items are provided before service of the notice on the NCP;

(b) NCP proves the items provided were intended to satisfy the NCP's support obligation; and

(c) Items are food, clothing, shelter, or medical attendance directly related to the care, support, and maintenance of a child.

(3) After service of the notice, an NCP may obtain credit against the parent's current support obligation only when the NCP proves that the payments were made and:

(a) DCS determines there:

(i) Is no prejudice to:

(A) The CP, a child, or other person; or

(B) An agency entitled to receive the support payments.

(ii) Are special circumstances of an equitable nature justifying credit for payments; or

(b) A court of competent jurisdiction determines credit should be granted after a hearing where all interested parties were given an opportunity to be heard.

(4) DCS does not allow credit for shelter payments made before service of the notice in an amount more than the greater of the:

(a) Shelter allocation in the public assistance standards for the period when payments were made; or

(b) One-half of the actual shelter payment.

(5) DCS does not allow credit for shelter payments made after service of the notice.

(a) The monthly support amount cannot exceed forty-five percent of your monthly net income, unless there are special circumstances as provided in chapter 26.19 RCW; and

(b) The monthly support amount cannot reduce your net monthly income below the one person need standard (WAC 388-478-0015), unless there are special circumstances as provided in chapter 26.19 RCW.

(2) RCW 74.20A.090 limits the amount that can be withheld from your wages for child support to fifty percent of your net monthly earnings.

NEW SECTION

WAC 388-14A-3500 A person must show good cause for filing a late request for hearing. (1) A person with a right to a hearing under this chapter may file a request for a late hearing after the period for requesting a timely hearing has passed. The effective date of a hearing request is the date the division of child support (DCS) receives the request.

(2) Filing a request for a late hearing does not stop:

(a) Collection and enforcement under chapters 26.18, 26.23, or 74.20A RCW;

(b) The effect of any qualified domestic relations order;

(c) Certification of the support debt to the Internal Revenue Service for an income tax refund offset; or

(d) Distribution upon receipt of moneys collected.

(3)(a) A person who files a late hearing request must show good cause for not filing a timely hearing request unless good cause is not required by the rule governing the notice that is objected to.

(b) If the administrative law judge (ALJ) finds good cause for filing a late hearing request, the ALJ:

(i) Issues a decision on the merits of the objection to the notice; and

(ii) Considers whether to order a stay of collection activities until such time as an initial decision or a temporary order under WAC 388-14A-3850(ff) is issued. Upon request, the ALJ must, based on the evidence presented at hearing, issue an order under WAC 388-14A-3850(ff), setting or denying temporary support pending the initial decision.

(c) If the ALJ does not find good cause for filing a late hearing request, the ALJ may issue a decision on modification of the current and future support obligation, if applicable, without a showing of a change of circumstances.

(4) If the ALJ finds good cause for filing a late hearing request, the division of child support (DCS) does not refund any excess moneys collected prior to the finding of good cause. The ALJ may issue a decision which gives credit against future support in the amount of the excess collections when and to the extent that credits against future support do not:

(a) Create hardship to the children for whom support is sought; and

(b) Offset an overpayment of the obligation to the custodial parent (CP) against a debt owed to the department; or

(c) Offset an overpayment of the obligation to the department against a debt owed to the CP.

NEW SECTION

WAC 388-14A-3600 The parties may resolve any child support case by entering a consent order or an agreed settlement (1) The division of child support (DCS) may enter a consent order or agreed settlement to finalize any dispute in which a party requests a hearing. DCS attempts to settle matters through agreement when possible.

(a) An agreed settlement is signed only by the parties (DCS, the custodial parent and the noncustodial parent).

(b) A consent order must be signed by the parties and by an administrative law judge (ALJ). The ALJ approves a consent order without requiring testimony or a hearing, unless entry of the order would be unlawful.

(2) An agreed settlement or consent order is final and enforceable on:

(a) The date the last party signs the agreed settlement, if all parties signed the agreed settlement;

(b) The date the ALJ signs the consent order; or

(c) If the ALJ defaults one of the parties to the proceeding, the latest of the following dates:

(i) The date the ALJ signed the consent order;

(ii) The date the last party signed the agreed settlement;

or

(iii) The date the order of default is final.

(3) A party to a consent order or an agreed settlement may:

(a) Not petition for review of the settlement or order under WAC 388-08-464;

(b) Petition for modification under WAC 388-14A-3925; and

(c) Petition to vacate the settlement or consent order under WAC 388-14A-3700. However, the ALJ may only vacate a settlement or consent order after making a finding of fraud by a party, or on any other basis that would result in manifest injustice.

(4) If a hearing has been scheduled, DCS files a copy of the agreed settlement or consent order with the office of administrative hearings (OAH), and OAH issues an order dismissing the hearing. There are no hearing rights on the order dismissing the hearing.

NEW SECTION

WAC 388-14A-3700 When is it appropriate to vacate a default order? (1) If a party fails to appear at a hearing, the administrative law judge (ALJ) must, upon a showing of valid service, enter an initial decision and default order or proceed in the absence of the defaulting party as provided in WAC 388-14A-3131, 388-14A-3132, or 388-14A-3140.

(2) The ALJ must state in the decision that, the:

(a) Support debt and the current support obligation stated in the notice are assessed, determined, and subject to collection action;

(b) Health insurance provisions of the notice are subject to direct enforcement action; and,

(c) Relief sought in the notice served by the division of child support is granted.

PROPOSED

(3) Decisions and orders on default become final twenty-one days from the date of mailing under WAC 388-08-464 or chapter 388-02 WAC.

(4) Any party against whom the ALJ has entered an initial decision and order on default may petition the secretary or the secretary's designee for vacation of the default order, subject to the provisions, including time limits, of civil rule 60.

(5) DCS must:

(a) Request that the office of administrative hearings (OAH) schedule a hearing to determine whether or not the petitioner has good cause for vacating the default order; and

(b) Give any other parties to the hearing notice of the time and date of the hearing. OAH must send the notice to the last known address of the party.

(6) If, in a hearing under this section, the ALJ finds that the petitioner has good cause for vacating the default order, the ALJ:

(a) Must conduct a hearing on the merits of the petitioner's objection to the notice that was the basis for the hearing at which the petitioner failed to appear; and

(b) May stay any further collection to the extent provided for under the regulations authorizing the notice the parent originally objected to.

(7) The ALJ must apply civil rule 60 to determine whether the petitioner has good cause. Before vacating an order of default at the request of the NCP or CP, the ALJ must consider the prejudice to the non-DCS party that did appear for hearing.

NEW SECTION

WAC 388-14A-3800 Once a support order is entered, can it be changed? (1) A support order entered by a superior court or tribal court may be modified only by the court that entered the order. (4) DCS, the administrative law judge (ALJ), or the department review judge:

(a) Prospectively modifies orders according to the terms of chapter 26.19 RCW and RCW 74.20A.059; and

(b) May only modify an order issued by a tribunal in another state according to the terms of RCW 26.21.580.

(5) If the nonpetitioning party fails to appear at the hearing, the ALJ issues a default order based on the Washington state child support schedule and the worksheets submitted by the parties, considering the terms set out in the request for modification.

(6) If the petitioning party fails to appear at the hearing, the ALJ enters an order dismissing the petition for modification.

(7) If the petition for modification does not comply with the requirements of subsection (1)(a) and (b) of this section, the ALJ may:

(a) Dismiss the petition; or

(b) Continue the hearing to give the petitioning party time to amend according to WAC 388-14A-3275 or to complete the petition.

(8) The ALJ may set the effective date of modification as the date the order is issued, the date the request was made, or any time in between. If an effective date is not set in the order, the effective date is the date the modification order is entered.

PART D - HOW WE ENFORCE CHILD SUPPORT OBLIGATIONS

NEW SECTION

WAC 388-14A-4000 When may the division of child support take collection action against a noncustodial parent? (1) The division of child support (DCS) is authorized to take actions enforcing and collecting support obligations by chapters 26.18, 26.23, 74.20 and 74.20A RCW.

(2) DCS may take collection action against the noncustodial parent's income and assets to collect a support debt even if the NCP is making payments under a support order, unless DCS agrees in writing to limit collection action.

(3) If the NCP fails to make the total support payment under an administrative order when it is due:

(a) The entire support debt becomes due in full; and

(b) The portion of the administrative order requiring periodic payments on the support debt is automatically vacated without modifying the order.

NEW SECTION

WAC 388-14A-4010 Can I make the division of child support stop collection action against me? (1) Once a noncustodial parent (NCP) fails to make payments when due, an administrative law judge may not stop collection action by DCS.

(2) The NCP may contest collection action by:

(a) Filing an action in superior court under RCW 74.20A.200 or other applicable statutes; or

(b) Requesting a conference board under WAC 388-14A-6400.

NEW SECTION

WAC 388-14A-4020 What collection tools does the division of child support use? The division of child support (DCS) uses any remedies available under state and federal law to enforce support obligations. These include, but are not limited to:

(1) Payroll deduction notice under RCW 26.23.060;

- (2) Order to withhold and deliver under RCW 74.20A.080;
- (3) Wage assignment;
- (4) License suspension (see WAC 388-14A-4500);
- (5) The DCS most wanted Internet site (see WAC 388-14A-4600);
- (6) Federal income tax offset;
- (7) Asset seizure;
- (8) Liens;
- (9) Medical insurance enrollment; and
- (10) Contempt referral.

NEW SECTION

WAC 388-14A-4030 How can the division of child support collect child support from my wages or other income source? (1) The division of child support (DCS) uses a payroll deduction, order to withhold and deliver or wage assignment to collect support when the noncustodial parent (NCP) has a source of income.

(2) When an NCP does not have an identifiable employer or source of income, DCS uses any or all of the collection remedies available under chapters 26.23, 74.20 and 74.20A RCW.

NEW SECTION

WAC 388-14A-4040 DCS can serve some collection actions by electronic service. (1) An employer, or any other person, firm, corporation or political subdivision, or any department of the state or federal government may agree with the division of child support (DCS) to accept electronic data transmission (EDT) as service of the following documents:

- (a) Notice of payroll deduction under RCW 26.23.060;
- (b) Order to withhold and deliver under RCW 74.20A.080;
- (c) Assignment of earnings under RCW 74.20A.240;
- (d) Releases of any of these collection documents; and
- (e) Amendments in the amount to be withheld under any of these collection documents.

(2) Agreements for service by EDT must be in writing. The employer, person, firm, corporation, political subdivision or department must agree to accept EDT as:

- (a) Personal service of the withholding documents; and
- (b) A written document for the purposes of chapters 26.23 and 74.20A RCW.

(3) DCS provides the party accepting EDT with copies of the current forms listed in subsection (2) above, as well as any updates to those forms. If DCS fails to provide an updated form, this does not excuse noncompliance with withholding documents served under the EDT agreement.

(4) An agreement to accept service by EDT does not alter the rights, duties and responsibilities related to income withholding action under chapters 26.23, 74.20 or 74.20A.

NEW SECTION

WAC 388-14A-4100 Can the division of child support make me provide health insurance for my children?

(1) If a child support order requires the noncustodial parent (NCP) to provide health insurance for the children, the division of child support (DCS) attempts to enforce that requirement according to the terms of the order.

(2) Unless the support order specifies differently, an NCP is obligated to provide health insurance for dependent children if coverage is:

- (a) Available or becomes available through the NCP's employment or union; and
- (b) Available at a cost of not greater than twenty-five per cent of the NCP's basic support obligation.

(3) DCS serves a notice of intent to enforce a health insurance obligation if the support order:

(a) Requires the NCP either to provide health insurance coverage or prove that coverage is not available; and

(b) Does not inform the NCP that failure to provide health insurance or prove it is not available may result in enforcement of the order without notice to the NCP.

(4) DCS serves the notice of intent to enforce a health insurance obligation on the NCP by certified mail, return receipt requested, or by personal service.

(5) The notice advises the NCP that the NCP must submit proof of coverage, proof that coverage is not available, or proof that the NCP has applied for coverage, within twenty days of the date:

- (a) Of service of the notice; or
- (b) When health insurance coverage becomes available through the NCP's employer or union.

NEW SECTION

WAC 388-14A-4110 If my support order requires me to provide health insurance for my children, what do I have to do? (1) Once an administrative support order is entered requiring health insurance, the noncustodial parent (NCP) must take the following actions within twenty days:

- (a) Provide health insurance coverage;
- (b) Provide proof of coverage to the division of child support (DCS), such as:
 - (i) The name of the insurer providing the health insurance coverage;
 - (ii) The names of the beneficiaries covered;
 - (iii) The policy number;
 - (iv) That coverage is current; and
 - (v) The name and address of the NCP's employer.

(2) If health insurance coverage is not immediately available, the NCP must provide for coverage during the next open enrollment period and then submit proof of coverage as outlined in (1)(b) above.

(3) Medical assistance provided by the department under chapter 74.09 RCW does not substitute for medical insurance.

(4) A child's enrollment in Indian health services satisfies the requirements of this section.

NEW SECTION

WAC 388-14A-4115 Can my support order reduce my support obligation if I pay for health insurance? (1)

Some support orders reduce the noncustodial parent's support obligation based on health insurance premiums paid by the NCP.

(2) An NCP is entitled to the reduction for premiums paid only if:

(a) NCP submits proof of coverage as provided in WAC 388-14A-4110.(1)(b); and

(b) NCP actually pays the required premium.

(3) If the NCP fails to submit proof or pay the premium, the division of child support (DCS) collects the NCP's adjusted basic support obligation without a reduction for health insurance premium payments.

NEW SECTION

WAC 388-14A-4120 DCS serves a notice of enrollment to enforce an obligation to provide health insurance coverage. (1) The division of child support (DCS) serves a notice of enrollment to enforce a noncustodial parent's obligation to provide health insurance coverage under chapter 26.18 RCW.

(2) DCS serves the notice of enrollment on the NCP's employer or union in the same manner as a summons in a civil action, or by certified mail, return receipt requested.

(3) DCS serves the notice of enrollment without notice to the NCP when:

(a) A court or administrative order requires the NCP to provide insurance coverage for a dependent child;

(b) The NCP fails to provide health insurance (either by not covering the child or by letting the coverage lapse) or fails to provide proof of coverage;

(c) The requirements of RCW 26.23.050 are met; and

(d) DCS has reason to believe that coverage is available through the NCP's employer or union.

(4) The notice of enrollment advises the employer or union that:

(a) The NCP is required to provide health insurance coverage for the children named in the notice;

(b) The employer or union is required to enroll the children in a health insurance plan offered by the employer or union if insurance the children can use is or will become available as provided in subsection (d) below;

(c) The employer or union must answer the notice of enrollment by completing the answer form and returning it to DCS within thirty-five days;

(d) The answer must confirm that the employer or union:

(i) Has enrolled the children in a health insurance plan which provides accessible coverage;

(ii) Will enroll the children in a health insurance plan providing accessible coverage during the next open enrollment period; or

(iii) Cannot enroll the children in a plan which provides accessible coverage, stating the specific reasons why coverage cannot be provided.

(e) The employer or union must provide:

(i) Information about the health insurance plan and policy as requested in the notice; and

(ii) Any necessary claim forms or membership cards as soon as they are available.

(f) The employer or union must withhold premiums from the NCP's net earnings if the NCP is required to pay part or all of the premiums for coverage under the health insurance plan.

(g) Noncompliance with the notice of enrollment subjects the employer or union to a fine of up to one thousand dollars under RCW 74.20A.270.

(5) DCS may take action under RCW 74.20A.270 to impose fines if the employer or union fails to comply with the terms of the notice of enrollment for each failure to comply, DCS may assess a fine of:

(a) Two hundred dollars for the first month in which the employer or union fails to comply;

(b) Three hundred dollars for the second month of non-compliance; and

(c) Five hundred dollars for the third month of non-compliance.

(d) The maximum fine based on a single notice of enrollment is one thousand dollars.

NEW SECTION

WAC 388-14A-4130 What must an employer or union who receives a notice of enrollment do? (1) An employer or union who receives a notice of enrollment from the division of child support (DCS) must answer the notice within thirty-five days of receipt, as provided in WAC 388-14A-4120(4).

(2) The employer or union must enroll the children named in the notice in a health insurance plan which the employer or union offers to the noncustodial parent (NCP) and which provides coverage accessible to the children, unless the NCP's current support obligation:

(a) Equals or exceeds fifty percent of the NCP's net earnings; or

(b) Plus the amount of the insurance premium for the children named in the notice exceeds fifty percent of the NCP's net earnings.

(3) Except for the limitation in subsection (2) above, the employer or union must enroll the children named in the notice in a health insurance plan which the employer or union offers to the noncustodial parent (NCP) and which provides coverage accessible to the children:

(a) Upon receipt of the notice of enrollment, even if the plan prevents immediate enrollment; or

(b) When accessible coverage becomes available, if coverage is not available at the time of the notice.

(4) If the employer or union offers more than one health insurance plan which could cover the children named in the notice, the employer or union must enroll the children in:

(a) The NCP's plan, unless accessible coverage is not available to the children under that plan; or

(b) The least expensive plan which provides accessible coverage for the children.

(5) The notice of enrollment remains in effect until:

(a) DCS withdraws the notice; or

(b) Health insurance coverage is no longer available through the employer or union.

(6) If coverage for the children is terminated, the employer or union must notify DCS within thirty days of the date coverage ends.

NEW SECTION

WAC 388-14A-4200 Do I get credit for dependent disability payments paid on my behalf to my children? (1) When the department of labor and industries or a self-insurer pays compensation under chapter 51.32 RCW on behalf of or on account of the child or children of a noncustodial parent (NCP), the amount of compensation the department or self-insurer pays on behalf of the child or children is treated for all purposes as if the NCP paid the compensation toward satisfaction of the NCP's child support obligations.

(2) When the social security administration pays social security disability dependency benefits, retirement benefits, or survivors insurance benefits on behalf of or on account of the child or children of an NCP who is a disabled person, a retired person, or a deceased person, the amount of benefits paid for the child or children are treated for all purposes as if the NCP paid the benefits toward the satisfaction of the NCP's child support obligation for the period for which benefits are paid.

(3) Under no circumstances does the NCP have a right to reimbursement of any compensation paid under subsection (1) or (2) of this section.

(4) The NCP gets credit only for payments made to the custodial parent or the state. The NCP does not get credit for dependent payments made to the NCP.

NEW SECTION

WAC 388-14A-4300 What can I do if I think I'm paying more than the custodial parent is spending for day-care or other special expenses for my child? (1) A noncustodial parent (NCP) who has paid child support under a court or administrative order and believes that daycare or special child rearing expenses were not actually incurred in the amount of the order may file an application for an administrative hearing to determine if an overpayment of at least twenty per cent has occurred and how the overpayment should be reimbursed.

(a) A petition for reimbursement may cover a twelve-month period; and

(b) The twelve-month period may be:

(i) A calendar year; or

(ii) The twelve-month period following the anniversary date of the support order; or

(iii) The twelve-month period following an adjudication under this section.

(c) Twelve-month periods under this section may not overlap.

(2) The application must be in writing and at a minimum state:

(a) The twelve-month time period to be considered;

(b) The date of the order requiring the payment of day-care or special child rearing expenses;

(c) The amounts required by the court or administrative order for day care or special child rearing expenses for that time period;

(d) The amounts actually paid by the NCP for that time period;

(e) The total amount of day care or special child rearing expenses which the NCP claims the custodial parent (CP) actually incurred for that time period;

(f) The NCP's proportionate share of the expenses actually incurred; and

(g) The amount of reimbursement for overpayment to which the NCP claims to be entitled for that time period.

(3) The effective date of a hearing request is the date DCS receives the written request.

(4) WAC 388-14A-4300 through 388-14A-4304 apply only to amounts paid during the twelve-month period ending May 31, 1996 or later.

NEW SECTION

WAC 388-14A-4301 Can I file a petition for reimbursement if I do not receive full support enforcement services? The division of child support (DCS) considers a petition for reimbursement or an application for hearing under WAC 388-14A-4300 to be an application for full support enforcement services if there is not already an open support enforcement case.

NEW SECTION

WAC 388-14A-4302 Who participates in a hearing on petition for reimbursement? (1) The division of child support (DCS) sends notice of a hearing under this subsection to the noncustodial (NCP) and to the custodial parent (CP).

(2) The NCP and the CP participate in the hearing as independent parties with the same procedural rights.

NEW SECTION

WAC 388-14A-4303 What happens at a hearing on petition for reimbursement? (1) The noncustodial parent (NCP) has the burden of proving the amounts actually paid by the NCP under the order.

(2) The custodial parent (CP) has the burden of proving the amounts actually incurred for day care and special child rearing expenses.

(3) The CP is not required to provide the address of the day care provider unless the administrative law judge (ALJ) finds that the information may be disclosed under the standards set forth in WAC 388-14A-2105 for the disclosure of the address of the CP.

(4) If the NCP fails to appear for the hearing, upon proof of service of the notice of hearing the ALJ issues an order of default against the NCP and dismisses the petition for reimbursement.

(5) If the CP fails to appear for the hearing, upon proof of service of the notice of hearing the ALJ issues an order of default against the CP and holds a hearing on the merits of the petition for reimbursement.

PROPOSED

(6) A hearing under this subsection is for the limited purpose of determining whether the amount paid by the NCP exceeds the NCP's proportionate share of the amount actually incurred for day care and special child rearing expenses.

(a) If the ALJ determines that the overpayment amounts to twenty percent or more of the NCP's share of annual day care and special child rearing expenses, the ALJ enters an order stating:

- (i) The twelve-month time period in question;
- (ii) The amount of the overpayment; and
- (iii) The method by which the overpayment shall be reimbursed by the CP.

(b) If the ALJ determines that the overpayment amounts to less than twenty percent of the NCP's share of annual day care and child rearing expenses, the ALJ enters an order stating:

- (i) Whether the NCP has overpaid or underpaid the day care and special child rearing expenses;
- (ii) If an overpayment has occurred, by what percentage of the annual proportionate share; and
- (iii) That reimbursement under this section is denied for that twelve-month period.

NEW SECTION

WAC 388-14A-4304 What happens if the judge determines that I have paid too much for daycare and special expenses? (1) If at a hearing under WAC 388-14A-4303, the administrative lay judge (ALJ) decides that the custodial parent (CP) has not incurred costs in the amount paid by the noncustodial parent (NCP), any ordered overpayment reimbursement may be applied as an offset to any nonassistance child support arrearages owed by the NCP on that case only. If there are no nonassistance arrearages owed on the case, the reimbursement must be:

(a) In the form of a credit against the NCP's future child support obligation:

- (i) Spread equally over a twelve-month period commencing the month after the administrative order becomes final; or
- (ii) When the future support obligation will terminate under the terms of the order in less than twelve months, spread equally over the life of the order; or
- (iii) With the consent of the CP, in the form of a direct reimbursement by the CP to the NCP.

(2) The NCP may not pay more than his or her proportionate share of day care or other special child rearing expenses in advance and then deduct the overpayment from future support transfer payments unless:

- (a) Specifically agreed to by the CP; and
- (b) Specifically agreed to in writing by DCS for periods when the CP or the dependent child receives public assistance.

NEW SECTION

WAC 388-14A-4500 What is the division of child support's license suspension program? (1) RCW 74.20A.320 provides that, in some circumstances, the divi-

sion of child support (DCS) may certify a noncustodial parent (NCP) as someone who is not in compliance with a child support order. The statute calls the NCP the responsible parent.

(a) "Certify" means to establish that the NCP is not in compliance with a child support order and to ask the department of licensing and other state licensing entities to take appropriate action against licenses held by the NCP.

(b) "Responsible parent" is defined in 388-14A-1020. The responsible parent is also called the "noncustodial parent."

(2) "Noncompliance with a child support order" is defined in RCW 74.20A.020(18) and in WAC 388-14A-4510.

(3) When DCS certifies the NCP, the department of licensing or other licensing entities take action to deny, suspend, or refuse to renew the NCP's license, according to the terms of RCW 74.20A.320 (8) and (12).

(4) This section and sections WAC 388-14A-4505 through 388-14A-4530 cover the DCS license suspension program.

(5) DCS may certify an NCP who is not in compliance with a child support order to the department of licensing or any appropriate licensing entity. In determining which licensing entity receives the certification, DCS shall consider:

- (a) The number and kind of licenses held by the parent; and
- (b) The effect that suspension of a particular license will have in motivating the parent to pay support or to contact DCS to make appropriate arrangements for other relief.

(6) DCS may certify a parent to any licensing agency through which it believes the parent has obtained a license. DCS may certify a parent to as many licensing agencies as DCS feels necessary to accomplish the goals of the license suspension program.

NEW SECTION

WAC 388-14A-4505 The notice of noncompliance and intent to suspend licenses. (1) Before certifying a noncustodial parent (NCP) for noncompliance, the division of child support (DCS) must serve the NCP with a notice of noncompliance and intent to suspend licenses. This notice tells the NCP that DCS intends to submit the NCP's name to the department of licensing and any other appropriate licensing entity as a licensee who is not in compliance with a child support order.

(2) The notice must be served by certified mail, return receipt requested. If DCS is unable to serve the notice by certified mail, DCS must serve the notice by personal service, as provided in RCW 4.28.080.

(3) The notice must include a copy of the NCP's child support order and must contain the address and phone number of the DCS office which issued the notice.

(4) The notice must contain the information required by RCW 74.20A.320(2), telling the NCP that:

- (a) The NCP may request an administrative hearing, but that the hearing is limited in scope (see WAC 388-14A-4530);

(b) DCS will certify the NCP unless the NCP makes a request for hearing within twenty days of the date of service of the notice;

(c) The NCP may avoid certification by agreeing to make timely payments of current support and agreeing to a reasonable payment schedule on the support debt;

(d) Certification by DCS will result in suspension or nonrenewal of the NCP's license by the licensing entity until DCS issues a release stating that the NCP is in compliance with the child support order;

(e) Suspension of a license may affect the NCP's insurance coverage, depending on the terms of any policy;

(f) Filing a petition to modify the support obligation may stay (or put a hold on) the certification process; and

(g) Even after certification, the NCP may obtain a release from certification by complying with the support order.

NEW SECTION

WAC 388-14A-4510 Who is subject to the DCS license suspension program? (1) The division of child support (DCS) may certify a noncustodial parent (NCP) as being in noncompliance with a child support order when:

(a) The NCP is required to pay child support under a court order or administrative order;

(b) The NCP is at least six months in arrears; and

(c) The NCP is not:

(i) In jail or prison, except if the NCP has other resources available;

(ii) A recipient of temporary assistance for needy families (TANF), Supplemental Security Income (SSI) or other exempt public assistance program; or

(iii) A WorkFirst participant who does not receive a cash grant.

(d) The NCP is not currently making payments to the Washington state support registry under a wage withholding action issued by DCS.

(2) "Noncompliance with a child support order" for the purposes of the license suspension program means a NCP has:

(a) Accumulated a support debt, also called an arrearage or arrears, totaling more than six months of child support payments;

(b) Failed to make payments pursuant to a written agreement with DCS towards a support debt in an amount that exceeds six months of payments; or

(c) Failed to make payments required by a superior court order or administrative order towards a support debt in an amount that exceeds six months of payments.

(3) There is no minimum dollar amount for the six months of arrears. The following are examples of when a NCP is at least six months in arrears:

(a) The child support order requires monthly payments of five hundred dollars. The NCP has not made a single payment since the order was entered seven months ago. This NCP is at least six months in arrears;

(b) The child support order requires monthly payments of one hundred dollars. The NCP has paid for the last few months, but owes a back debt of over six hundred dollars. This NCP is at least six months in arrears;

(c) The NCP owes a support debt according to a superior court judgment, which requires payments of one hundred dollars per month. The NCP has not made payment for eight months. This NCP is at least six months in arrears; or

(d) The child support order required monthly payments of two hundred dollars, but the child is over eighteen so no current support is owed. However, the NCP has a debt of over twelve hundred dollars. This NCP is at least six months in arrears.

(4) For the purposes of the license suspension program, a NCP is in compliance with the child support order when the amount owed in arrears is less than six months' worth of support.

NEW SECTION

WAC 388-14A-4515 How do I avoid having my license suspended for failure to pay child support? (1) DCS will stay certification action if the noncustodial parent (NCP) takes the following action within twenty days of service of the notice:

(a) Requests an administrative hearing under WAC 388-14A-4530; or

(b) Contacts DCS to negotiate a reasonable payment schedule on the arrears and agrees to make timely payments of current support.

(i) The stay for negotiation may last a maximum of thirty calendar days after the NCP contacts DCS; and

(ii) If no payment schedule has been agreed to in writing after thirty calendar days have passed, DCS may proceed with certification of noncompliance;

(iii) A reasonable payment schedule is described in WAC 388-14A-4520, below; and

(iv) The NCP may request a conference board review under WAC 388-14A-6400 if the NCP feels that DCS has not negotiated in good faith.

(2) If the NCP files a court or administrative action to modify the child support obligation, the certification action is stayed.

(3) The stay for modification action shall not exceed six months unless DCS finds good cause to extend the stay.

(4) The NCP must notify DCS that a modification proceeding is pending and must provide a copy of the motion or request for modification to DCS.

NEW SECTION

WAC 388-14A-4520 Signing a repayment agreement may avoid certification for noncompliance. (1) If a noncustodial parent (NCP) signs a repayment agreement, the certification action must be stayed. The NCP must agree to pay current support in a timely manner and to make regular payments on the support debt.

(2) The repayment agreement must state that If a NCP fails to make payments under the terms of the agreement, DCS may resume certification action.

(3) In setting the repayment amount, DCS must take into account the financial situation of the NCP and the needs of all children who rely on the NCP for support. The NCP must supply sufficient financial information to allow DCS to ana-

lyze and document the NCP's financial situation and requirements, including normal living expenses and emergencies.

(4) A reasonable monthly arrear payment is defined as a percentage of the NCP's "adjusted net income," which is the NCP's net monthly income minus any current support obligation. The following table sets forth the suggested monthly payments on arrears:

Monthly adjusted net income (ANI)	Monthly arrear payment=Percentage of ANI
\$1,000 or less	2%
\$1,001 to \$1,200	3%
\$1,201 to \$1,500	4%
\$1,501 to \$1,900	5%
\$1,901 to \$2,400	6%
\$2,401 to \$3,000	7%
\$3,001 or more	8%

(5) Examples of how to calculate the arrears payment are as follows:

(a) Monthly net income	=	\$1,500
Current support	=	\$300
Adjusted net income	=	\$1,200
Arrears payment = 3% of ANI (\$1,200)	=	\$36
(b) Monthly net income	=	\$3,100
Current support	=	\$-0-
Adjusted net income	=	\$3,100
Arrears payment = 8% of ANI (\$3,100)	=	\$248

(6) The NCP must document any factors which make the NCP eligible for an arrears payment less than the amount shown in the table in subsection (4). Such factors include, but are not limited to:

- (a) Special needs children, or
- (b) Uninsured medical expenses.

(7) The custodial parent and/or DCS must document any factors which make the NCP eligible for an arrears payment higher than the amount shown in the table in subsection (4). Such factors include, but are not limited to the factors listed in RCW 26.19.075 for deviation from the standard calculation for child support obligations.

NEW SECTION

WAC 388-14A-4525 How to obtain a release of certification for noncompliance. (1) After DCS has certified a noncustodial parent (NCP) to a licensing entity, the NCP may obtain a release from DCS by taking the following actions:

- (a) Paying the support debt in full; or
- (b) Signing a repayment agreement under WAC 388-14A-4520 and paying the first installment due under the agreement.

(2) DCS must provide a copy of the release to any licensing entity to which DCS has certified the NCP.

(3) The NCP must comply with any requirements of the licensing entity to get the license reinstated or reissued.

NEW SECTION

WAC 388-14A-4530 Administrative hearings regarding license suspension are limited in scope. (1) An administrative hearing on a notice of noncompliance under WAC 388-14A-4505 is limited to the following issues:

- (a) Whether the person named in the child support order is the noncustodial parent (NCP);
 - (b) Whether the NCP is required to pay child support under a child support order; and
 - (c) Whether the NCP is at least six months in arrears.
- (2) The administrative law judge (ALJ) is not required to calculate the outstanding support debt beyond determining whether the NCP is at least six months in arrears. Any debt calculation shall not be binding on the department or the NCP beyond the determination that there is at least six months' of arrearage.

(3) If the NCP requests a hearing on the notice, DCS stays the certification process until the hearing results in a finding that the NCP is not in compliance with the order, or that DCS is authorized to certify the NCP.

NEW SECTION

WAC 388-14A-4600 What is the division of child support's DCS most wanted Internet site? (1) The division of child support (DCS) maintains the DCS most wanted Internet site in an effort to:

- (a) Locate noncustodial parents in order to establish or enforce a child support obligation; and
 - (b) Collect unpaid child support from noncustodial parents who have a support obligation.

- (i) Pay the back support debt in full; or

NEW SECTION

WAC 388-14A-5007 If the paying parent has more than one case, can DCS apply support money to only one specific case? The division of child support (DCS) applies amounts to a support debt owed for one family or household and distributes the amounts accordingly, rather than make a proportionate distribution between support debts owned to different families, when:

(1) Proportionate distribution is administratively inefficient; or

(2) The collection resulted from the sale or disposition of a specific piece of property against which a court awarded the custodial parent (CP) a judgment lien for child support; or

(3) The collection is the result of a contempt order which provides that DCS must distribute the amounts to a particular case.

(1) Apply the support money to future months when the support debt is paid in full;

(2) Distribute the support money on a monthly basis when payments become due in the future; and

(3) Mail a notice to the last known address of the person entitled to receive support money. The notice informs the person that:

(d) DCS does not mail the notice referred to in WAC 388-14A-5008 of this section if the prepaid support is equal to or less than one month's support obligation.

NEW SECTION

WAC 388-14A-5050 When does DCS send a notice of intent to distribute support money? (1) The division of child support (DCS) may distribute support money to a custodial parent (CP) who is not the payee under the support order if the CP signs a sworn statement that:

(a) The CP has physical custody of and is caring for the child; and

(b) The CP is not wrongfully depriving the payee of physical custody.

(2) Before DCS begins distributing support money to a CP who is not the payee under the support order, it sends the payee under the support order and the noncustodial parent (NCP) a notice of intent to distribute support money and a copy of the sworn statement of the CP to their last known addresses by first class mail. The notice states:

(a) DCS intends to distribute support money collected under the support order to the CP; and

(b) The name of the CP.

(3) DCS distributes support money to the CP when the notice of intent to distribute support money becomes final.

(a) A notice of intent to distribute support money served in the state of Washington becomes final unless the payee under the support order, within twenty days of the date of mailing of the notice, files a request with DCS for a hearing under subsection (4) of this section. The effective date of a hearing request is the date DCS receives the request.

(b) A notice of intent to distribute support money served in another state becomes final according to WAC 388-14A-7200.

(4) A hearing on a notice of intent to distribute support money is for the limited purpose of resolving who is entitled to receive the support money.

(5) A copy of the notice of any hearing scheduled under this section must be mailed to the alleged CP at the CP's last known address. The notice advises the CP of the right to participate in the proceeding as a witness or observer.

(6) The payee under the support order may file a late hearing request on a notice of intent to distribute support money.

(a) The payee under the support order does not need to show good cause for filing a late hearing request.

(b) DCS may not reimburse the payee under the support order for amounts DCS sent to the CP before the administrative order on a late hearing request becomes final.

(7) The payee under the support order must give DCS and the CP notice of any judicial proceeding to contest a notice of intent to distribute support money.

(8) If the support order is a court order, DCS files a copy of the notice of intent to distribute support money or the final administrative order entered on a notice of intent to distribute support money with the clerk of the court where the support order was entered.

NEW SECTION

WAC 388-14A-5100 What kind of distribution notice does the division of child support send? (1) The division of child support (DCS) mails a distribution notice once each

(a) The amount of support money DCS received and the date of collection;

(b) A description of how DCS allocated the support money between current support and the support debt; and

(c) The amount DCS claims as reimbursement for public assistance paid, if applicable.

(3) The person to whom a distribution notice is sent may file a request for a hearing under subsection (4) of this section within ninety days of the date of the notice to contest how DCS distributed the support money, and must make specific objections to the distribution notice. The effective date of a hearing request is the date DCS receives the request.

(4) A hearing under this section is for the limited purpose of determining if DCS correctly distributed the support monies in the contested notice.

(5) A person who requests a late hearing must show good cause.

(6) This section does not require DCS to send a notice to a recipient of payment services only.

NEW SECTION

WAC 388-14A-5200 What is a "total versus total" notice? (1) The division of child support (DCS) identifies cases needing a "total versus total" calculation, which compares amounts of public assistance paid to the assistance unit with amounts of support collected and uncollected support debt. DCS performs a total versus total calculation upon the request of the custodial parent (CP) or a DCS field office, usually only after the assistance grant has ended.

(a) The total versus total calculation allocates the uncollected support debt between the state and the custodial parent, based on the amounts of public assistance paid to the family.

(b) The total versus total calculation indicates the amounts of support paid by each noncustodial parent (NCP) and how the support was distributed.

(c) DCS may at any time review a case to determine if a total versus total calculation is appropriate.

(2) When a total versus total calculation is completed at the request of the CP, DCS mails a total versus total notice to the last known address of the former assistance recipient.

(3) The person to whom a total versus total notice is sent may within ninety days of the date of the notice file a request for a conference board under WAC 388-14A-6400 to contest the distribution of support money and the allocation of uncollected support debt. The requestor must state specific objections to the total versus total notice. The effective date of a request conference board is the date DCS receives the request.

NEW SECTION

(b) Distributed the money based on a check that is later dishonored;

(c) Is required to refund or return the money to the person or entity that made the payment; or

(d) Distributed money under a support order that was later modified so as to create an overpayment.

(2) DCS serves a notice to recover a support payment like a summons in a civil action or by certified mail, return receipt requested.

(3) In the notice, DCS must identify the support payment DCS seeks to recover.

(4) DCS may take action to enforce the notice to recover a support payment without further notice once the notice becomes final.

(a) A notice to recover a support payment becomes final unless the person who received the payment requests a hearing under subsection (5) of this section within twenty days of service of the notice to recover a support payment in Washington. The effective date of a hearing request is the date DCS receives the request.

(b) A notice to recover a support payment may be served in another state to recover a payment disbursed by DCS under RCW 26.21.385. A notice to recover a support payment served in another state becomes final according to WAC 388-14A-7200.

(5) A hearing on a notice to recover a support payment is for the limited purpose of resolving the existence and amount of the debt DCS is entitled to recover.

(6) A person who files a late request for a hearing on a notice to recover a support payment must show good cause.

(7) In nonassistance cases and payment services only cases, DCS may recover a support payment under a final administrative order on a notice to recover a support payment by retaining ten percent of current support and one hundred percent of amounts collected on arrears in addition to any other remedy authorized by law.

(8) If a public assistance recipient receives a support payment directly from a noncustodial parent (NCP) and fails to remit it to DCS as required, DCS recovers the money as retained support under WAC 388-14A-5500.

(9) DCS may enforce the notice to recover a support payment as provided in subsection (7), or may act according to RCW 74.20A.270 as deemed appropriate.

(a) A mathematical error in the debt calculation;

(b) A clerical error in the stated debt;

(c) Proof the support obligation should have been suspended for all or part of the time period involved in the calculation; or

(d) Proof the noncustodial parent (NCP) made payments that had not previously been credited against the support debt.

(2) The debt adjustment notice must contain the following information:

(a) The amount of the reduction;

(b) The reason DCS reduced the support debt, as provided under subsection (1) of this section;

(c) The name of the NCP and a statement that the NCP may attend and participate as an independent party in any hearing requested by the payee under this section; and

(d) A statement that DCS continues to provide support enforcement services whether or not the payee objects to the debt adjustment notice.

(6) A payee who requests a late hearing must show good cause for filing a late hearing request if it is filed more than one year after the date of the notice of debt adjustment.

NEW SECTION

WAC 388-14A-5500 How does the division of child support collect support debts owed by someone other than a noncustodial parent? (1) Sections 17 and 18, chapter 171, Laws of 1979 ex. sess. (RCW 74.20.320 and 74.20A.270), provide that a custodian of children or other person who receives support moneys which moneys were paid, in whole or in part, in satisfaction of a support obligation owing to the department pursuant to 42 U.S.C. 602 (a)(26)(A), sections 17 and 22, chapter 171, Laws of 1979 ex. sess., or RCW 74.20A.030 has a duty to remit that money to the division of child support (DCS) within eight days of receipt, and is indebted to the department in an amount equal to the amount of the support money received and not remitted.

(2) By not remitting support moneys described in subsection (1) of this section, a custodial parent (CP) or other person is deemed, without the necessity of signing any document, to have made an irrevocable assignment to the department of an equal amount of any support delinquency not already assigned to the department, but owing to the CP or other person, or an equal amount of any support delinquencies which may accrue in the future. DCS is authorized to utilize the collection procedures of chapter 74.20A RCW to collect this assigned delinquency, to satisfy the debt owed under subsection (1) of this section by the CP or other person.

(3) DCS may also make a set-off to pay the debt under subsection (1) of this section from support moneys in its possession or in the possession of a county clerk or other forwarding agent if that money was paid to satisfy a support delinquency.

(4) DCS may take action alternatively or simultaneously under subsections (1), (2) and (3) of this section but in no event may the department recoup and retain more moneys than the debt described under subsection (1) of this section, refunding the excess, without deduction of fees, to the CP.

(5) The CP or other person must be given an accounting of actions taken under subsections (2) or (3) of this section.

(8) A statement that, if the person, firm, corporation, association, or political subdivision or officer or agent thereof does not answer and/or make a request for hearing in a timely manner, the department's claim will be assessed and determined and subject to collection action as a support debt pursuant to chapter 74.20A RCW; and

The ALJ may grant a continuance, if necessary, to allow the debtor additional time to present rebutting evidence and/or argument as to the amendment.

(4) The ALJ serves a copy of the initial decision on DCS and the debtor or the debtor's representative by certified mail to the last address provided by each party or by another method showing proof of receipt.

NEW SECTION

WAC 388-14A-5540 Can I just acknowledge that I owe money to the division of child support? If you answer the notice of retained support acknowledging that the department owns the support payments in issue, the division of child support (DCS) is authorized to take collection action pursuant to chapter 74.20A RCW if you fail to pay the debt within twenty-one days of the date DCS receives the answer.

PART F - HEARINGS AND CONFERENCE BOARDS

NEW SECTION

WAC 388-14A-6000 Which statutes and regulations govern the division of child support's hearing process? (1) Hearings under this chapter are governed by:

- (a) The Administrative Procedure Act, chapter 34.05 RCW, RCW 74.20A.055; and
- (b) Chapter 388-02 WAC (which replaces chapter 388-08 WAC in late 2000).

(2) If any provision in this chapter conflicts with or is inconsistent with chapter 388-02 WAC, the provision in this chapter governs.

NEW SECTION

WAC 388-14A-6100 The division of child support accepts oral requests for hearing or conference board. (1) Except for the instances listed in subsection (8), the division of child support (DCS) accepts either a written or an oral request for hearing or conference board, even though other sections of this chapter or the relevant statutes may provide that objections and hearing requests should be in writing.

(2) The subject matter of the objection determines whether the matter is set as a conference board or hearing, unless there is a specific request for an administrative hearing under chapter 34.05 RCW.

(3) DCS processes oral and written requests for hearing in the same manner.

(4) An oral request for hearing is complete if it contains sufficient information to identify the person making the request, the DCS action, and the case or cases involved in the hearing request.

(5) The effective date of an oral request for hearing is the date that a complete oral request for hearing is communicated to any DCS representative in person or by leaving a message on the automated voice mail system of any DCS field office.

(6) When making an oral request, you are not required to specify whether you want a hearing under chapter 34.05 RCW or a conference board under WAC 388-14A-6400.

(7) You can make an oral request for hearing or conference board on behalf of another person, if you have written authorization to act on their behalf. The effective date of an oral request for hearing or conference board made on behalf of another person is the date that DCS receives the written authorization.

(8) There are two types of hearing request which must be in writing:

(a) A petition for prospective modification under WAC 388-14A-3925; and

(b) A petition for reimbursement for day care expenses under WAC 388-14A-4300.

NEW SECTION

WAC 388-14A-6200 What are my hearing rights when the division of child support takes collection action against my bank account? (1) If the division of child support (DCS) takes collection action against a bank account, safe deposit box, or other property held by a bank, credit union or savings and loan, the noncustodial parent (NCP) or the joint owner of record of the bank account, safe deposit box or other property may contest the action in a hearing.

(2) The effective date of a hearing request or objection is the date DCS receives the request.

(3) The NCP or the joint owner must file the objection within twenty days of the date DCS mailed a copy of the order to withhold and deliver to the NCP's last known address.

(4) The NCP or joint owner of record must state in the objection the facts supporting the allegation by the NCP or the joint owner that the funds or property, or a portion of the funds or property, are exempt from satisfaction of the NCP's child support obligation.

(5) If either the NCP or the joint owner of record objects to the collection action, DCS schedules a hearing solely for the purpose of determining whether or not one of the following exemptions applies to the funds in the bank account, or to the other property attached by the order to withhold and deliver:

(a) Pursuant to RCW 26.16.200 and 74.20A.120, the property or funds in the community bank account, joint bank account, or safe deposit box, or a portion of the property or funds which can be identified as the earnings of the NCP's spouse who does not owe a support obligation to the NCP's child or children, are exempt from satisfaction of the child support obligation of the NCP.

(b) The funds in a bank account, or a portion of those funds which can be identified as AFDC funds, TANF funds, SSI monies, or other kinds of funds which are legally exempt from collection action; or

(c) The funds or property attached by the order to withhold and deliver which can be identified as being solely owned by the joint owner of record of the bank account or safe deposit box who does not owe a child support obligation to the child or children of the NCP, are exempt from satisfaction of the NCP's child support obligation.

(6) The person challenging the collection action has the burden of tracing the funds and proving the property or funds in the bank account, or property in a safe deposit box, are exempt from satisfaction of the NCP's child support obligation.

(7) DCS holds moneys or property withheld as a result of collection action taken against a bank account or safe deposit box and delivered to DCS at the time of an objection, pending

PROPOSED

the final administrative order or during any appeal to the courts.

(8) If the final decision of the department or courts on appeal is that DCS has caused money or property that is exempt from satisfaction of the NCP's child support obligation to be withheld by the bank or delivered to the department, DCS must:

- (a) Promptly release the order to withhold and deliver; or
- (b) Refund the proportionate share of the funds having been identified as being exempt. The department is not liable for any interest accrued on any moneys withheld pursuant to RCW 74.20A.080.

NEW SECTION

WAC 388-14A-6300 Duty of the administrative law judge in a hearing to determine the amount of a support obligation. (1) In hearings held under this chapter to contest a notice and finding of financial responsibility or a notice and finding of parental responsibility or other notice or petition, the administrative law judge (ALJ) must determine:

- (a) The noncustodial parent's obligation to provide support under RCW 74.20A.057;
 - (b) The net monthly income of the noncustodial parent (NCP) and any custodial parent (CP);
 - (c) The NCP's share of the basic support obligation and any adjustments to that share, as warranted by his or her circumstances;
 - (d) If requested by a party, the NCP's share of any special child-rearing expenses;
 - (e) The NCP's obligation to provide medical support under RCW 26.18.170;
 - (f) The NCP's accrued debt and order payments thereon; and
 - (g) The NCP's total current and future support obligation as a sum certain and order payments thereon.
- (2) The ALJ must allow the division of child support (DCS) to orally amend the notice at the hearing to conform to the evidence. The ALJ may grant a continuance, when deemed necessary, to allow the NCP and/or the CP additional time to present rebutting evidence and/or argument as to the amendment.
- (3) The ALJ may not require DCS to produce or obtain information, documents, or witnesses to assist the NCP or CP in proof of defenses to liability. However, this rule does not apply to relevant, nonconfidential information or documents that DCS has in its possession.

NEW SECTION

WAC 388-14A-6400 The division of child support's grievance and dispute resolution method is called a conference board. (1) The division of child support (DCS) provides conference boards for the resolution of complaints and problems regarding DCS cases, and for granting exceptional or extraordinary relief. A conference board is an informal review of case actions and of the circumstances of the parties and children related to a child support case.

(a) The term conference board can mean either of the following, depending on the context:

(i) The process itself, including the review and any meeting convened; or

(ii) The DCS staff who make up the panel which convenes the hearing and makes factual and legal determinations.

(b) A conference board chair is an attorney employed by DCS in the conference board unit. In accordance with section WAC 388-14A-6415, the conference board chair reviews a case, and:

- (i) Issues a decision without a hearing, or
- (ii) Sets a hearing to take statements from interested parties before reaching a decision.

(2) A person who disagrees with any DCS action related to establishing, enforcing or modifying a support order may ask for a conference board.

(3) DCS uses the conference board process to:

- (a) Help resolve complaints and problems over agency actions;
- (b) Determine when hardship in the paying parent's household, as defined in RCW 74.20A.160, justifies the release of collection action or the refund of a support payment;
- (c) Set a repayment rate on a support debt; and
- (d) Determine when it is appropriate to write off support debts owed to the department based on:

- (i) Hardship to the paying parent or that parent's household;
- (ii) Settlement by compromise of disputed claims;
- (iii) Probable costs of collection in excess of the support debt; or
- (iv) An error or legal defect that reduces the possibility of collection.

(4) A conference board is not a formal hearing under the administrative procedure act, chapter 34.05 RCW.

(5) A conference board does not replace any formal hearing right created by chapters 388-14A WAC, or by chapters 26.23, 74.20 or 74.20A RCW.

(6) This section and WAC 388-14A-6405 through 388-14A-6415 govern the conference board process in DCS cases.

NEW SECTION

WAC 388-14A-6405 How to apply for a conference board. (1) A person may request a conference board, orally or in writing, at any division of child support (DCS) office.

(2) Oral requests for conference boards are governed by WAC 388-14A-6100.

(3) DCS may start conference board proceedings in appropriate circumstances.

NEW SECTION

WAC 388-14A-6410 Explanation of the conference board process. (1) An applicant for a conference board must make reasonable efforts to resolve the dispute with division of child support (DCS) staff before the conference board can act in the case.

(2) A conference board chair reviews each application to determine appropriate action:

(a) If there are questions of both law and fact or if the dispute involves only facts, the chair may schedule a conference board hearing to gather evidence;

(b) If the factual dispute would not provide a basis on which the conference board could grant relief, even if all facts were resolved in favor of the applicant, the chair may issue a decision without a hearing; or

(c) If the dispute can be resolved as a matter of law without relying upon disputed facts, the conference board chair may issue a decision without scheduling a hearing.

(3) If the conference board chair schedules a hearing, the conference board is made up of the conference board chair and staff from the DCS field office which handles the child support case, if needed.

(a) At the hearing, the conference board makes determinations of relevant disputed facts. Decisions on factual issues are made by a majority of the conference board.

(b) Decisions on issues of law are made by the conference board chair alone.

(c) The DCS worker regularly assigned to a case shall not be part of a conference board dealing with that case.

(4) The conference board chair will prepare a decision, if necessary, and provide that decision to the parties to the conference board, and to the DCS staff responsible for the case.

(5) The director of DCS, or a person designated by the director, may review conference board decisions, and may alter, amend, vacate or remand decisions that are inconsistent with Washington law or DCS policy, or are grossly unfair.

NEW SECTION

WAC 388-14A-6415 Scope of authority of conference board chair defined. The conference board chair has the authority to:

(1) Subpoena witnesses and documents, administer oaths and take testimony;

(2) Grant relief by setting payment plans, writing off debt owed to the department, or refunding collected money;

(3) Adjust support debts based on evidence gathered during the conference board process;

(4) Direct distribution of collected support; and

(5) Take any action consistent with Washington law and DCS policy to resolve disputes, grant relief or address issues of equity.

NEW SECTION

WAC 388-14A-6500 Can I use equitable estoppel as a defense in a hearing with the division of child support?

(1) Equitable estoppel is available in adjudicative proceedings conducted under this chapter.

(2) When a party raises, or the facts indicate, a claim that equitable estoppel applies to a party to the proceeding, the administrative law judge (ALJ) must:

(a) Consider equitable estoppel according to the precedents set by reported Washington state appellate case law, where not contrary to public policy; and

(b) Enter findings of fact and conclusions of law sufficient to determine if the elements of equitable estoppel are met and apply.

(3) The party asserting, or benefitting from, equitable estoppel must prove each element of that defense by clear, cogent and convincing evidence.

(4) The ALJ must consider in the record whether a continuance is necessary to allow the parties to prepare to argue equitable estoppel when:

(a) A party raises equitable estoppel; or

(b) The facts presented require consideration of equitable estoppel.

(5) When the ALJ orders a continuance under subsection (4) of this section, the ALJ enters an initial decision and order for current support if:

(a) Current support is an issue in the proceeding; and

(b) The claim for current support is unaffected by the equitable estoppel defense.

(6) The defense of equitable estoppel is not available to a party to the extent that the:

(a) Party raises the defense against the department's claim for reimbursement of public assistance; and

(b) Act or representation forming the basis for an estoppel claim:

(i) Was made by a current or former public assistance recipient;

(ii) Was made on or after the effective date of the assignment of support rights; and

(iii) Purported to waive, satisfy, or discharge a support obligation assigned to the department.

PART G - INTERSTATE ISSUES

NEW SECTION

WAC 388-14A-7100 An order from another state may be reviewed in Washington for enforcement or modification. (1) A support enforcement agency, or a party to a child support order or an income-withholding order for support issued by a tribunal of another state, may register the order in this state for enforcement pursuant to chapter 26.21 RCW.

(a) The order may be registered with the superior court pursuant to RCW 26.21.490 or it may be registered with the administrative tribunal according to subsection (2) of this section, at the option of the division of child support (DCS). Either method of registration is considered valid registration.

(b) A support order or income-withholding order issued in another state is registered when the order is filed with the registering tribunal of this state.

(c) A registered order issued in another state is enforceable in the same manner and is subject to the same procedures as an order issued by a tribunal of this state.

(2) DCS must give notice to the nonregistering party when it administratively registers a support order or income-withholding order issued in another state.

(a) The notice must inform the nonregistering party:

(i) That a registered order is enforceable as of the date of registration in the same manner as an order issued by a tribunal of this state;

(ii) That a hearing to contest the validity or enforcement of the registered order must be requested within twenty days after the date of receipt by certified or registered mail or personal service of the notice given to a nonregistering party within the state and within sixty days after the date of receipt by certified or registered mail or personal service of the notice on a nonregistering party outside of the state;

(iii) That failure to contest the validity or enforcement of the registered order in a timely manner will result in confirmation of the order and enforcement of the order and the alleged arrearages and precludes further contest of that order with respect to any matter that could have been asserted; and

(iv) Of the amount of any alleged arrearages.

(b) The notice must be:

(i) Served by certified or registered mail or by any means of personal service authorized by the laws of the state of Washington; and

(ii) Accompanied by a copy of the registered order and any documents and relevant information accompanying the order submitted by the registering party.

(c) The effective date of a request for hearing to contest the validity or enforcement of the registered order is the date DCS receives the request.

(3) A hearing under this section is for the limited purpose of determining if the nonregistering party can meet the burden of proving one or more of the defenses enumerated in RCW 26.21.540(1).

(a) If the contesting party presents evidence establishing a full or partial defense under RCW 26.21.540(1), the presiding officer may:

(i) Stay enforcement of the registered order;

(ii) Continue the proceeding to permit production of additional relevant evidence; or

(iii) Issue other appropriate orders.

(b) An uncontested portion of the registered order may be enforced by all remedies available under the law of this state.

(c) If the contesting party does not establish a defense under RCW 26.21.540(1) to the validity or enforcement of the order, the presiding officer shall issue an order confirming the registered order.

(d) The custodial parent (CP) or payee of the order may participate as a party to any hearing under this section.

(4) Confirmation of a registered order precludes further contest of the order with respect to any matter that could have been asserted at the time of registration. Confirmation may occur:

(a) By operation of law upon failure to contest registration; or

(b) By order of the administrative law judge (ALJ).

(5) A party or support enforcement agency seeking to modify, or to modify and enforce, a child support order issued in another state may register the order in this state according to RCW 26.21.560 through 26.21.580.

(a) The order must be registered in the same manner provided in subsection (1)(a) if the order has not yet been registered.

(b) A petition for modification may be filed at the same time as a request for registration, or later. The petition must specify the grounds for modification.

(c) DCS may enforce a child support order of another state registered for purposes of modification, in the same manner as if the order had been issued by a tribunal of this state, but the registered order may be modified only if the requirements of RCW 26.21.580 have been met.

(6) Interpretation of the registered order is governed by RCW 26.21.510.

NEW SECTION

WAC 388-14A-7200 DCS can serve notices in another state under the Uniform Interstate Family Support Act. (1) Except as specified in WAC 388-14A-3105, where grounds for personal jurisdiction exist under RCW 26.21.075 or other Washington law, the division of child support (DCS) may serve the following legal actions in another state by certified mail, return receipt requested or by personal service, under chapter 26.21 RCW:

(a) A notice and finding of financial responsibility under WAC 388-14A-3115; and

(b) A notice and finding of parental responsibility under WAC 388-14A-3120;

(c) A notice of paternity test costs under WAC 388-14A-8300; or

(d) An affidavit of birth costs under WAC 388-14A-3555.

(2) A notice and finding of financial responsibility, a notice of paternity test costs, or an affidavit of birth costs becomes final and subject to immediate wage withholding and enforcement without further notice under chapters 26.18, 26.23, and 74.20A RCW unless the noncustodial parent (NCP), within sixty days of service in another state:

(a) Contacts DCS and signs an agreed settlement or consent order; or

(b) Files a written request for a hearing under:

(i) WAC 388-14A-3115 for a notice and finding of financial responsibility;

(ii) WAC 388-14A-3555 for an affidavit of birth costs; or

(iii) WAC 388-14A-8300 for a notice of paternity test costs.

(3) The effective date of a hearing request is the date DCS receives the hearing request.

(4) A notice and finding of parental responsibility becomes final and subject to immediate wage withholding and enforcement without further notice under chapters 26.18, 26.23, and 74.20A RCW unless the NCP, within sixty days of service in another state:

(a) Contacts DCS and signs an agreed settlement or consent order;

(b) Files a written request for a hearing under WAC 388-14A-3120 with DCS; or

(c) Files a written request for paternity testing under WAC 388-14A-8300 to determine if he is the natural father of the dependent child named in the notice and cooperates in

the testing. A request for a hearing or paternity testing is filed on the date the request is received by DCS.

(5) If the results of paternity tests requested under subsection (4) of this section do not exclude the responsible parent as the natural father of the dependent child, the notice and finding of parental responsibility becomes final and subject to immediate wage withholding without further notice under chapters 26.18, 26.23, and 74.20A RCW unless the NCP, within sixty days of service of the paternity test costs in another state:

(a) Contacts DCS and signs an agreed settlement or consent order; or

(b) Files a written request for a hearing under WAC 388-14A-3120.

(6) Administrative law judges and parties must conduct administrative hearings on notices served in another state under this section under the special rules of evidence and procedure in chapter 26.21 RCW and according to chapter 34.05 RCW.

PART H - MISCELLANEOUS

NEW SECTION

WAC 388-14A-8100 Are there special rules for setting child support for children in foster care? (1) Child support obligations for children in foster care are set under chapter 26.19 RCW, just like any other support obligation.

(2) The division of child support does not establish or enforce support obligations for children in foster care who have been certified as eligible for DDD services.

NEW SECTION

WAC 388-14A-8105 Does the cost of care affect how much child support I pay when my child is in foster care?

(1) Child support obligations for children in foster care are set according to chapter 26.19 RCW, without regard to how much the department is expending in foster care funds.

(2) The administrative law judge or review judge may not limit the noncustodial parent's support obligation to the amount the department expends each month for foster care.

NEW SECTION

WAC 388-14A-8110 What happens to the money if current support is higher than the cost of care? (1) When the division of child support (DCS) collects child support from the parent(s) of a child in foster care, DCS sends the amounts collected to the division of child and family services (DCFS), which administers foster care funds.

(2) DCFS and its Office of accounting services (OAS) apply child support payments collected by DCS.

(3) DCFS and/or OAS deposits in a trust account for the child any child support payments which are not used to reimburse foster care expenses.

NEW SECTION

WAC 388-14A-8120 Are there special rules for collection in foster care cases? (1) Whenever the department provides residential care ("foster care") for a dependent child or children, the noncustodial parent (NCP) or parents (NCPs) satisfy their obligation to support the child or children by paying to the department the amount specified in a court order or administrative order, if a support order exists.

(2) The division of child support (DCS) takes action under the provisions of chapters 74.20 and 74.20A RCW and this chapter to enforce and collect support obligations owed for children receiving foster care services.

(3) If, during a month when a child is in foster care, the NCP is the "head of household" with other dependent children in the home, DCS does not collect and retain a support payment if:

(a) The household's income is below the need standard for temporary assistance for needy families (TANF) (see WAC 388-478-0015); or

(b) Collection of support would reduce the household's income below the need standard.

(4) The NCP's support obligation for the child or children in foster care continues to accrue during any month DCS is precluded from collecting and retaining support payments under this section.

(5) If the department has collected support payments from the head of household during a month or months which would qualify under section (3), the NCP may request a conference board in accordance with WAC 388-14A-6400.

(6) The NCP has the burden of proving at the conference board that the income of the household was below or was reduced below the need standard during the month or months payments were collected.

(7) If the conference board determines that DCS has collected support payments from the head of household that the department is not entitled to retain in accordance with this section, DCS must promptly refund, without interest, any such support payments, or the portion of such a payment which reduced the income of the household below the need standard.

(8) This section does not apply to payments collected prior to August 23, 1983.

NEW SECTION

WAC 388-14A-8200 All Washington employers must report new hires to the Washington state support registry. (1) RCW 26.23.040 requires all employers doing business in the state of Washington to comply with the employer reporting requirements regarding new hires.

(2) The minimum information that must be reported is the employee's name, date of birth, social security number and date of hire.

(3) An employer who submits a copy of the employee's completed W-4 form complies with the filing requirements of RCW 26.23.040(3).

(4) An employer may choose to voluntarily report the other statutory elements.

PROPOSED

NEW SECTION

WAC 388-14A-8300 Who pays for genetic testing when paternity is an issue? (1) As provided in WAC 388-14A-3120(14), the noncustodial parent (NCP) and/or the mother of the child may request genetic testing, also called paternity tests, after the service of a notice and finding of parental responsibility.

(2) Upon receipt of a request for paternity tests, the division of child support (DCS) must:

(a) Arrange and pay for the genetic testing, except as provided in subsection (6) of this section, with a laboratory under contract with the department to perform genetic testing; and

(b) Notify the NCP and the mother of the time and place to appear to give blood samples.

(3) After DCS receives the test results, DCS must:

(a) Mail a notice of the test results to the:

(i) NCP's last known address by certified mail, return receipt requested; and

(ii) Mother's and/or custodial parent's last known address by first class mail.

(b) Notify the NCP:

(i) Of the costs of the tests;

(ii) That an administrative order entered as a result of the notice and finding of parental responsibility will include the cost of the tests; and

(iii) That DCS may take collection action to collect the genetic testing costs twenty days after the date the NCP receives notice in Washington, or within the time specified in WAC 388-14A-7200, of the test results if the NCP fails to:

(A) Request either a hearing on the issue of reimbursement to DCS for genetic testing costs under WAC 388-14A-3120 or the initiation of a parentage action in superior court; or

(B) Negotiate an agreed settlement;

(iv) If the notice was served in another state, DCS may take collection action according to WAC 388-14A-7200.

(4) When the genetic tests do not exclude the NCP from being the father, the NCP must reimburse the department for the costs of the tests.

(5) When the paternity tests exclude the NCP from being the father, DCS must:

(a) File a copy of the results with the state center for health statistics;

(b) Withdraw the notice and finding of parental responsibility; and

(c) Request the dismissal of any pending action based on the notice and finding of parental responsibility.

(6) RCW 74.20A.056 does not require DCS to arrange or pay for genetic testing when:

(a) Such tests were previously conducted; or

(b) A court order establishing paternity has been entered.

NEW SECTION

WAC 388-14A-8400 Does the division of child support have the right to approve my child support order before the court enters it? (1) If the department is providing or has provided cash assistance to the family, parties to a

court order must give the division of child support (DCS) twenty calendar days prior notice of the entry of any final order and five days prior notice of the entry of any temporary order in any proceeding involving child support or maintenance, because the department has a financial interest based on an assignment of support rights under RCW 74.20.330 or the state has a subrogated interest under RCW 74.20A.030.

(2) Either party may serve notice on DCS, by personal service on, or mailing by any form of mail requiring a return receipt to, the office of the attorney general.

(3) If you don't give sufficient notice before entering the support order, DCS may ask prosecuting attorney or attorney general to vacate the terms of the support order.

(4) DCS or the department are not entitled to terms for a party's failure to serve the department within the time requirements for this section, unless the department proves that the party knew that the department had an assignment of support rights or a subrogated interest and that the failure to serve the department was intentional.

NEW SECTION

WAC 388-14A-8500 Can the division of child support issue subpoenas? (1) The division of child support (DCS) issues subpoenas requiring the production of documents or records, or appearance of witnesses, under RCW 34.05.588 and 74.04.290.

(2) Compliance with DCS subpoenas is enforced under RCW 34.05.588 and 74.20A.350.

WSR 00-23-035

Expedited Adoption—Proposed rule-making notice was filed as WSR 00-17-010.

Title of Rule: WAC 458-20-228 Returns, remittances, penalties, extensions, interest, stay of collection.

Purpose: This rule discusses the interest and penalties that are imposed by law when a taxpayer fails to timely pay a tax liability. It also discusses the circumstances under which the law allows the Department of Revenue to waive interest or penalties.

Statute Being Implemented: RCW 82.32.045, [82.32].050, [82.32].080, [82.32].090, [82.32].105, [82.32].200, and 82.08.050 (with respect to the penalty imposed for a buyer failing to remit sales tax to the seller).

Summary: This rule explains the interest and penalties imposed by law when a taxpayer fails to correctly or timely pay a tax liability, and describes how payments are applied to a liability that includes interest and/or penalties. The rule also provides examples of circumstances qualifying for a waiver of interest or penalties, and explains how a taxpayer may request a waiver. Rule 228 is being revised to incorporate provisions of chapter 229, Laws of 2000, which removed

the provisions of RCW 82.32.090 that provided, under certain circumstances, a rebuttable presumption of a tax deficiency and intent to avoid and evade tax.

Reasons Supporting Proposal: To incorporate recent statutory changes per chapter 229, Laws of 2000.

Explanation of Rule, its Purpose, and Anticipated Effects: This rule discusses the responsibility of taxpayers to timely pay their tax liabilities, and the acceptable methods of payment. The rule explains the statutory due dates for persons remitting combined excise tax returns on either a monthly, quarterly, or annual basis. It discusses the interest and penalties that are imposed by law when a taxpayer fails to correctly or timely pay a tax liability, and the department's authority to waive interest or penalties. The rule provides examples of qualifying circumstances for the waiver of interest and/or penalties, as well as circumstances that do not qualify. It describes how the taxpayer may request an interest and/or penalty waiver. The rule also explains the conditions under which the department will stay collection procedures for certain tax liabilities.

The department originally intended to adopt the proposed rule using the expedited adoption process because the proposed changes are in the case of subsection (5)(e)(iii) required because of specific legislation and in the case of subsection (6) mere editing changes. The department is scheduling this public hearing because it received an objection letter explaining that any revisions to this rule should be made only after providing the public with an opportunity to provide comment.

Proposal Changes the Following Existing Rules: This is a revision to an existing rule, WAC 458-20-228 Returns, remittances, penalties, extensions, interest, stay of collection, subsection (5)(e) of this rule is being revised to incorporate recent statutory changes provided in chapter 229, Laws of 2000. This legislation removed RCW 82.32.090's "rebuttable presumption" of a tax deficiency and an intent to avoid and evade tax if the Washington State Patrol found that a person registered or licensed certain property (e.g., a motor vehicle) in another state to avoid the payment of taxes (e.g., use tax). This presumption was originally created in chapter 277, Laws of 1999.

The department is also proposing some minor editing changes in subsection (6) of the rule.

No small business economic impact statement has been prepared under chapter 19.85 RCW. A small business economic impact statement is not required because the rule and the proposed amendments do not impose any requirements or burdens upon small businesses that are not already specifically required by statute.

RCW 34.05.328 does not apply to this rule adoption. This is an interpretive rule as defined in RCW 34.05.328.

AMENDATORY SECTION (Amending WSR 00-04-028, filed 1/24/00, effective 2/24/00)

WAC 458-20-228 Returns, remittances, penalties, extensions, interest, stay of collection. (1) Introduction. This rule discusses the responsibility of taxpayers to timely pay their tax liabilities, and the acceptable methods of payment. It discusses the interest and penalties that are imposed by law when a taxpayer fails to correctly or timely pay a tax liability. It also discusses the circumstances under which the law allows the department of revenue (department) to waive interest or penalties.

Washington's tax system is based largely on voluntary compliance. Taxpayer's have a legal responsibility to become informed about applicable tax laws, to register with the department, to seek instruction from the department, to file accurate returns, and to pay their tax liability in a timely manner (chapter 82.32A RCW, Taxpayer rights and responsibilities). The department has instituted a taxpayer services program to provide taxpayers with accurate tax-reporting assistance and instructions. The department staffs local district offices, maintains a toll-free question and information phone line (1-800-647-7706), provides information and forms on the Internet (<http://dor.wa.gov>), and conducts free public workshops on tax reporting. The department also publishes notices, interpretive statements, and rules discussing important tax issues and changes.

(2) **Returns.** A "return" is defined as any document a person is required to file by the state of Washington in order to satisfy or establish a tax or fee obligation which is administered or collected by the department, and that has a statutorily defined due date. RCW 82.32.090(8).

(a) Returns and payments are to be filed with the department by every person liable for any tax which the department administers and/or collects, except for the taxes imposed under chapter 82.24 RCW (Tax on cigarettes), which are collected through sales of revenue stamps. Returns must be made upon forms, copies of forms, or by other means, provided or accepted by the department. The department provides tax returns upon request or when a taxpayer opens an active tax reporting account. Tax returns are generally

mailed to all registered taxpayers prior to the due date of the tax. However, it remains the responsibility of the taxpayers to timely request a return if one is not received, or to otherwise insure that their return is filed in a timely manner.

(b) Taxpayers whose accounts are placed on an "active nonreporting" status do not automatically receive a tax return and must request a return if they no longer qualify for this reporting status. (See WAC 458-20-101, Tax registration, for an explanation of the active nonreporting status.)

(c) Consumers that are not required to register with the department and obtain a tax registration endorsement (see subsection (2)(a)) may be required to pay use tax directly to the department if they have purchased items without paying Washington's sales tax. Use tax returns are available from the department at any of the local district offices, by fax, or through the Internet. The interest and penalty provisions of this rule may apply to delinquent use tax liabilities, and unregistered consumers should refer to WAC 458-20-178 (Use tax) for an explanation of their tax reporting responsibilities.

(3) **Method of payment.** Payment may be made by cash, check, cashier's check, money order, and in certain cases by electronic funds transfers, or other electronic means approved by the department.

(a) Payment by cash should only be made at an office of the department to ensure that the payment is safely received and properly credited.

(b) Payment may be made by uncertified bank check, but if the check is not honored by the financial institution on which it is drawn, the taxpayer remains liable for the payment of the tax, as well as any applicable interest and penalties. RCW 82.32.080. The department may refuse to accept any check which, in its opinion, would not be honored by the financial institution on which that check is drawn. If the department refuses a check for this reason the taxpayer remains liable for the tax due, as well as any applicable interest and penalties.

(c) The law requires that certain taxpayers pay their taxes through electronic funds transfers. The department notifies taxpayers who are required to pay their taxes in this manner, and can explain how to set up the electronic funds transfer process. (See WAC 458-20-22802 on electronic funds transfers.)

(4) **Due dates.** RCW 82.32.045 provides that payment of the taxes due with the combined excise tax return must be made monthly and within twenty-five days after the end of the month in which taxable activities occur, unless the department assigns the taxpayer a longer reporting frequency. Payment of taxes due with returns covering a longer reporting frequency are due on or before the last day of the month following the period covered by the return. (For example, payment of the tax liability for a first quarter tax return is due on April 30th.) WAC 458-20-22801 (Tax reporting frequency—Forms) explains the department's procedure for assigning a quarterly or annual reporting frequency.

(a) If the date for payment of the tax due on a tax return falls upon a Saturday, Sunday, or legal holiday, the filing shall be considered timely if performed on the next business day. RCW 1.12.070 and 1.16.050.

(b) The postmark date as shown by the post office cancellation mark stamped on the envelope will be considered conclusive evidence by the department in determining if a tax return or payment was timely filed or received. RCW 82.32.-080. It is the responsibility of the taxpayer to mail the tax return or payment sufficiently in advance of the due date to assure that the postmark date is timely.

Refer to WAC 458-20-22802 (Electronic funds transfer) for more information regarding the electronic funds transfer process, due dates, and requirements.

(5) **Penalties.** Various penalties may apply as a result of the failure to correctly or accurately compute the proper tax liability, or to timely pay the tax. Separate penalties may apply and be cumulative for the same tax. Interest may also apply if any tax has not been paid when it is due, as explained in subsection (7) of this rule. Penalties apply as follows.

(a) **Late payment of a return.** If the tax due on a return is not paid by the due date, a five percent penalty will apply; a ten percent penalty will apply if the tax due is not paid on or before the last day of the month following the due date; and a twenty percent penalty will apply if the tax due is still not paid on or before the last day of the second month following the due date. The minimum penalty for late payment is five dollars. RCW 82.32.090(1).

(i) The department may refuse to accept any return which is not accompanied by payment of the tax shown to be due on the return. If the return is not accepted, the taxpayer is considered to have failed or refused to file the return. RCW 82.32.080. If the tax return is accepted without payment and payment is not made by the due date, the late penalties will apply.

(ii) The late payment of return penalty is imposed if a person engages in a taxable business activity in Washington without voluntarily registering with the department. The department will consider a person to have voluntarily registered if, prior to contact by the department, that person contacts any other agency or entity participating in the unified business identifier (UBI) program and properly completes and submits a master application for the purpose of obtaining a UBI number, unless the person has:

(A) Collected retail sales tax from customers and failed to pay it to the department; or

(B) Engaged in fraud with respect to reporting their tax liabilities or other tax requirements; or

(C) Engaged in taxable business activities during a period of time in which their previously open tax reporting account has been closed and the person has failed to reopen the account and report their tax liability prior to being contacted by the department; or

(D) Engaged in unreported taxable business activities after their tax registration account was placed in an active-nonreporting status and the person has failed to notify the department that they no longer qualify for that status prior to being contacted by the department. The active-nonreporting status allows taxpayers, under certain conditions, to engage in business activities subject to the Revenue Act without having to file combined excise tax returns with the department. One of the conditions for qualifying for the active-nonreporting status is that the taxpayer may not incur a tax liability.

The late payment of return penalty will be imposed if any tax due from unreported business activities is not paid by the due dates used for taxpayers that are on an annual reporting basis.

(b) **Late payment of an assessment.** An additional penalty of ten percent of the tax due will be added to any taxes assessed by the department if payment of the taxes assessed is not received by the due date specified in the notice, or any extension of that due date. The minimum for this penalty is five dollars. RCW 82.32.090(2).

(c) **Issuance of a warrant.** If the department issues a tax warrant for the collection of any fee, tax, increase, or penalty, an additional penalty will immediately be added in the amount of five percent of the amount of the tax due, but not less than ten dollars. RCW 82.32.090(3). Refer to WAC 458-20-217 for additional information on the application of warrants and tax liens.

(d) **Disregard of specific written instructions.** If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting of tax liabilities, an additional penalty of ten percent of the additional tax found due will be imposed because of the failure to follow the instructions. RCW 82.32.090(4).

(i) The taxpayer will be considered to have disregarded specific written instruction when the department has informed the taxpayer in writing of its tax obligations and specifically advised the taxpayer that failure to act in accordance with those instructions may result in this penalty being imposed. The specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement. The penalty may be applied only against the taxpayer given the specific written instructions. However, the taxpayer will not be considered to have disregarded the instructions if the taxpayer has appealed the subject matter of the instructions and the department has not issued its final instructions or decision.

(ii) The penalty will not be applied if the taxpayer has made a good faith effort to comply with specific written instructions.

(e) **Evasion.** If the department finds that all or any part of the deficiency resulted from an intent to evade the tax due, a penalty of fifty percent of the additional tax found to be due shall be added. RCW 82.32.090(5). The evasion penalty is imposed when a taxpayer knows a tax liability is due but attempts to escape detection or payment of the tax liability through deceit, fraud, or other intentional wrongdoing. An intent to evade does not exist where a deficiency is the result of an honest mistake, miscommunication, or the lack of knowledge regarding proper accounting methods. ~~((With the exception of the circumstances under which the law provides for a rebuttable presumption (see (e)(iii) of this subsection),))~~ The department has the burden of showing the existence of an intent to evade a tax liability through clear, cogent and convincing evidence.

(i) To the extent that the evasion involved only specific taxes, the evasion penalty will be added only to those taxes. The evasion penalty will not be applied to those taxes which were inadvertently underpaid. For example, if the department finds that the taxpayer intentionally understated the purchase price of equipment in reporting use tax and also inadvertently

failed to collect or remit the sales tax at the correct rate on retail sales of merchandise, the evasion penalty will be added only to the use tax deficiency and not the sales tax.

(ii) The following is a nonexclusive list of actions that are generally considered to establish an intent to evade a tax liability. This list should only be used as a general guide. A determination of whether an intent to evade exists may be ascertained only after a review of all the facts and circumstances.

(A) The use of an out-of-state address by a Washington resident to register property to avoid a Washington excise or use tax, when at the time of registration the taxpayer does not reside at the out-of-state address on a more than temporary basis. Examples of such an address include, but are not limited to, the residence of a relative, mail forwarding or post office box location, motel, campground, or vacation property;

(B) The willful failure of a seller to remit retail sales taxes collected from customers to the department of revenue; and

(C) The alteration of a purchase invoice or misrepresentation of the price paid for property (e.g., a used vehicle) to reduce the amount of tax owing.

~~((iii) Effective July 25, 1999, RCW 82.32.090(5) provides a rebuttable presumption of a tax deficiency and intent to avoid and evade tax in limited circumstances. Chapter 277, Laws of 1999. This rebuttable presumption applies if the Washington state patrol finds that a person has registered or licensed a motor vehicle, an aircraft, a watercraft, a trailer, or a camper in another state to avoid the payment of taxes imposed by chapter 82.48 RCW (Aircraft excise tax), chapter 82.49 RCW (Watercraft excise tax), or chapter 82.12 RCW (Use tax).~~

~~The rebuttable presumption is limited to situations where a person receives a written notice from the state patrol advising them that a penalty is due pursuant to RCW 46.16.010 (2)(a), 47.68.255, 82.48.020, 82.49.010, or 88.02.118, and either:~~

~~(A) Timely makes a written application to the state patrol for a review of the assessed penalty, and the state patrol finds that the person failed to properly register or license a motor vehicle, an aircraft, a watercraft, a trailer, or a camper; or~~

~~(B) Fails to timely make a written application to the state patrol for a review of the assessed penalty.))~~

(f) **Misuse of resale certificates.** Any buyer who uses a resale certificate to purchase items or services without payment of sales tax, and who is not entitled to use the certificate for the purchase, will be assessed a penalty of fifty percent of the tax due. RCW 82.32.291. The penalty can apply even if there was no intent to evade the payment of the tax. For more information concerning this penalty or the proper use of a resale certificate, refer to WAC 458-20-102 (Resale certificates).

(g) **Failure to remit sales tax to seller.** The department may assert an additional ten percent penalty against a buyer who has failed to pay the seller the retail sales tax on taxable purchases, if the department proceeds directly against the buyer for the payment of the tax. This penalty is in addition to

any other penalties or interest prescribed by law. RCW 82.08.050.

(h) **Failure to obtain the contractor's unified business identifier (UBI) number.** If a person who is liable for any fee or tax imposed by chapters 82.04 through 82.27 RCW contracts with another person or entity for work subject to chapter 18.27 RCW (Registration of contractors) or chapter 19.28 RCW (Electricians and electrical installations), that person must obtain and preserve a record of the UBI number of the person or entity performing the work. A person failing to do so is subject to the public works contracting restrictions in RCW 39.06.010 (Contracts with unregistered or unlicensed contractors prohibited), and a penalty determined by the director, but not to exceed two hundred and fifty dollars. RCW 82.32.070 (1)(b).

(6) **Statutory restrictions on imposing penalties.** Depending on the circumstances (~~of a particular delinquent tax liability~~), the law may impose (~~multiple penalties~~) more than one type of penalty on the same tax liability. (~~The law does provide a limited number of restrictions on imposing multiple~~) However, those penalties(;) are subject to the following restrictions:

(a) The aggregate of the penalties imposed for the late payment of a return, the late payment of an assessment, and issuance of a warrant (see subsection (5)(a) through (c) of this rule) may be applied against the same tax, but may not exceed a total of thirty-five percent of the tax due, or twenty dollars, whichever is greater. This thirty-five percent penalty limitation does not prohibit or restrict full application of other penalties authorized by law, even when they are applied against the same tax. RCW 82.32.090(6).

(b) The department may impose either the evasion penalty (subsection (5)(e)) or the penalty for disregarding specific written instructions (subsection (5)(d)), but may not impose both penalties on the same tax.

RCW 82.32.090(7). The department also will not impose the penalty for the misuse of a resale certificate (subsection (5)(f)) in combination with either the evasion penalty or the penalty for disregarding specific written instructions on the same tax.

(7) **Interest.** The department is required by law to add interest to assessments for tax deficiencies and overpayments. RCW 82.32.050. Interest applies to taxes only. (Refer to WAC 458-20-229 for a discussion of interest as it relates to refunds and WAC 458-20-230 for a discussion of the statute of limitations as applied to interest.)

(a) For tax liabilities arising before January 1, 1992, interest will be added at the rate of nine percent per annum from the last day of the year in which the deficiency is incurred until the date of payment, or December 31, 1998, whichever comes first. Any interest accrued on these liabilities after December 31, 1998, will be added at the annual variable interest rates described in subsection (7)(e). RCW 82.32.050.

(b) For tax liabilities arising after December 31, 1991, and before January 1, 1998, interest will be added at the annual variable interest rates described in subsection (7)(e), from the last day of the year in which the deficiency is incurred until the date of payment.

(c) For interest imposed after December 31, 1998, interest will be added from the last day of the month following each calendar year included in a notice, or the last day of the month following the final month included in a notice if not the end of the calendar year, until the due date of the notice. However, for 1998 taxes only, interest may not begin to accrue any earlier than February 1, 1999, even if the last period included in the notice is not at the end of calendar year 1998. If payment in full is not made by the due date of the notice, additional interest will be due until the date of payment. The rate of interest continues at the annual variable interest rates described in subsection (7)(e). RCW 82.32.050.

(d) The following is an example of how the interest provisions apply. Assume that a tax assessment is issued with a due date of June 30, 2000. The assessment includes periods from January 1, 1997, through September 30, 1999.

(i) For calendar year 1997 tax, interest begins January 1, 1998, (from the last day of the year). When the assessment is issued the interest is computed through June 30, 2000, (the due date of the assessment).

(ii) For calendar year 1998 tax, interest begins February 1, 1999, (from the last day of the month following the end of the calendar year). When the assessment is issued interest is computed through June 30, 2000, (the due date).

(iii) For the 1999 tax period ending with September 30, 1999, interest begins November 1, 1999, (from the last day of the month following the last month included in the assessment period). When the assessment is issued interest is computed through June 30, 2000, (the due date).

(iv) Interest will continue to accrue on any portion of the assessed taxes which remain unpaid after the due date, until the date those taxes are paid.

(e) The annual variable interest rate will be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate will be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States Secretary of the Treasury. The interest rate will be adjusted on the first day of January of each year.

(f) If the assessment contains tax deficiencies in some years and overpayments in other years with the net difference being a tax deficiency, the interest rate for tax deficiencies will also be applied to the overpayments. (Refer to WAC 458-20-229 for interest on refunds.)

(8) **Application of payment towards liability.** The department will apply taxpayer payments first to interest, next to penalties, and then to the tax, without regard to any direction of the taxpayer. RCW 82.32.080.

(a) In applying a partial payment to a tax assessment, the payment will first be applied against the oldest tax liability. For purposes of RCW 82.32.145 (Termination, dissolution, or abandonment of corporate business—Personal liability of person in control of collected sales tax funds), it will be assumed that any payments applied to the tax liability will be first applied against any retail sales tax liability. For example, an audit assessment is issued covering a period of two years, which will be referred to as "YEAR 1" (the earlier year) and

"YEAR 2" (the most recent year). The tax assessment includes total interest and penalties for YEAR 1 and YEAR 2 of five hundred dollars, retail sales tax of four hundred dollars for YEAR 1, six hundred dollars retail sales tax for YEAR 2, two thousand dollars of other taxes for YEAR 1, and seven thousand dollars of other taxes for YEAR 2. The order of application of any payments will be first against the five hundred dollars of total interest and penalties, second against the four hundred dollars retail sales tax in YEAR 1, third against the two thousand dollars of other taxes in YEAR 1, fourth against the six hundred dollars retail sales tax of YEAR 2, and finally against the seven thousand dollars of other taxes in YEAR 2.

(9) **Waiver or cancellation of penalties.** RCW 82.32.105 authorizes the department to waive or cancel penalties under limited circumstances.

(a) **Circumstances beyond the control of the taxpayer.** The department will waive or cancel the penalties imposed under chapter 82.32 RCW upon finding that the underpayment of the tax, or the failure to pay any tax by the due date, was the result of circumstances beyond the control of the taxpayer. Refer to WAC 458-20-102 (Resale certificates) for examples of circumstances which are beyond the control of the taxpayer specifically regarding the penalty for misuse of resale certificates found in RCW 82.32.291.

(i) A request for a waiver or cancellation of penalties should contain all pertinent facts and be accompanied by such proof as may be available. The taxpayer bears the burden of establishing that the circumstances were beyond its control and directly caused the late payment. The request should be made in the form of a letter; however, verbal requests may be accepted and considered. Any petition for correction of assessment submitted to the department's appeals division for waiver of penalties must be made within the period for filing under RCW 82.32.160 (within thirty days after the issuance of the original notice of the amount owed or within the period covered by any extension of the due date granted by the department), and must be in writing, as explained in WAC 458-20-100 (Appeals, small claims and settlements). Refund requests must be made within the statutory period.

(ii) The circumstances beyond the control of the taxpayer must actually cause the late payment. Circumstances beyond the control of the taxpayer are generally those which are immediate, unexpected, or in the nature of an emergency. Such circumstances result in the taxpayer not having reasonable time or opportunity to obtain an extension of the due date or otherwise timely file and pay. Circumstances beyond the control of the taxpayer include, but are not necessarily limited to, the following.

(A) The return payment was mailed on time but inadvertently sent to another agency.

(B) Erroneous written information given to the taxpayer by a department officer or employee caused the delinquency. A penalty generally will not be waived when it is claimed that erroneous oral information was given by a department employee. The reason for not cancelling the penalty in cases of oral information is because of the uncertainty of the facts presented, the uncertainty of the instructions or information

imparted by the department employee, and the uncertainty that the taxpayer fully understood the information given. Reliance by the taxpayer on incorrect advice received from the taxpayer's legal or accounting representative is not a basis for cancellation of a penalty.

(C) The delinquency was directly caused by death or serious illness of the taxpayer, or a member of the taxpayer's immediate family. The same circumstances apply to the taxpayer's accountant or other tax preparer, or their immediate family. This situation is not intended to have an indefinite application. A death or serious illness which denies a taxpayer reasonable time or opportunity to obtain an extension or to otherwise arrange timely filing and payment is a circumstance eligible for penalty waiver.

(D) The delinquency was caused by the unavoidable absence of the taxpayer or key employee, prior to the filing date. "Unavoidable absence of the taxpayer" does not include absences because of business trips, vacations, personnel turnover, or terminations.

(E) The delinquency was caused by the destruction by fire or other casualty of the taxpayer's place of business or business records.

(F) The delinquency was caused by an act of fraud, embezzlement, theft, or conversion on the part of the taxpayer's employee or other persons contracted with the taxpayer, which the taxpayer could not immediately detect or prevent, provided that reasonable safeguards or internal controls were in place. See subsection (9)(a)(iii)(E).

(G) The taxpayer, prior to the time for filing the return, made timely application to the Olympia or district office for proper forms and the forms were not furnished in sufficient time to permit the completed return to be paid before its due date. In this circumstance, the taxpayer kept track of pending due dates and reasonably fulfilled its responsibility by timely requesting replacement returns from the department.

(iii) The following are examples of circumstances that are generally not considered to be beyond the control of the taxpayer and will not qualify for a waiver or cancellation of penalty:

(A) Financial hardship;

(B) A misunderstanding or lack of knowledge of a tax liability;

(C) The failure of the taxpayer to receive a tax return form, EXCEPT where the taxpayer timely requested the form and it was still not furnished in reasonable time to mail the return and payment by the due date, as described in subsection (9)(a)(ii)(G), above;

(D) Registration of an account that is not considered a voluntary registration, as described in subsection (5)(a)(ii);

(E) Mistakes or misconduct on the part of employees or other persons contracted with the taxpayer (not including conduct covered in subsection (9)(a)(ii)(F), above); and

(F) Reliance upon unpublished, written information from the department that was issued to and specifically addresses the circumstances of some other taxpayer.

(b) **Waiver of the late payment of return penalty.** The late payment of return penalty (see subsection (5)(a) above) may be waived either as a result of circumstances beyond the control of the taxpayer (RCW 82.32.105(1) and subsection

(9)(a) of this rule) or after a twenty-four month review of the taxpayer's reporting history, as described below.

(i) If the late payment of return penalty is assessed on a return but is not the result of circumstances beyond the control of the taxpayer, the penalty will still be waived or canceled if the following two circumstances are satisfied:

(A) The taxpayer requests the penalty waiver for a tax return which was required to be filed under RCW 82.32.045 (taxes reported on the combined excise tax return), RCW 82.23B.020 (oil spill response tax), RCW 82.27.060 (tax on enhanced food fish), RCW 82.29A.050 (leasehold excise tax), RCW 84.33.086 (timber and forest lands), RCW 82-14B.030 (tax on telephone access line use); and

(B) The taxpayer has timely filed and paid all tax returns due for that specific tax program for a period of twenty-four months immediately preceding the period covered by the return for which the waiver is being requested. RCW 82.32-105(2).

If a taxpayer has obtained a tax registration endorsement with the department and has engaged in business activities for a period less than twenty-four months, the taxpayer is eligible for the waiver if the taxpayer had no delinquent tax returns for periods prior to the period covered by the return for which the waiver is being requested. (See also WAC 458-20-101 for more information regarding the tax registration and tax reporting requirements.) This is the only situation under which the department will consider a waiver when the taxpayer has not timely filed and paid tax returns covering an immediately preceding twenty-four month period.

(ii) A return will be considered timely for purpose of the waiver if there is no tax liability on it when it is filed. Also, a return will be considered timely if any late payment penalties assessed on it were waived or canceled due to circumstances beyond the control of the taxpayer (see subsection (9)(a)). The number of times penalty has been waived due to circumstances beyond the control of the taxpayer does not influence whether the waiver in this subsection will be granted. A taxpayer may receive more than one of the waivers in this subsection within a twenty-four month period if returns for more than one of the listed tax programs are filed, but no more than one waiver can be applied to any one tax program in a twenty-four month period.

For example, a taxpayer files combined excise tax returns as required under RCW 82.32.045, and timber tax returns as required under RCW 84.33.086. This taxpayer may qualify for two waivers of the late payment of return penalty during the same twenty-four month period, one for each tax program. If this taxpayer had an unwaived late payment of return penalty for the combined excise tax return during the previous twenty-four month period, the taxpayer may still qualify for a penalty waiver for the timber tax program.

(iii) The twenty-four month period reviewed for this waiver is not affected by the due date of the return for which the penalty waiver is requested, even if that due date has been extended beyond the original due date.

For example, assume a taxpayer's January 1999 return has had the original due date of March 1st extended to April 30th. The return and payment are received after the April 30th extended due date. A penalty waiver is requested. Since the delinquent return represented the month of January, 1999,

the twenty-four months which will be reviewed begin on January 1, 1997, and end with December 31, 1998, (the twenty-four months prior to January, 1999). All of the returns representing that period of time will be included in the review. The extension of the original due date has no effect on the twenty-four month period under review.

(10) **Waiver or cancellation of interest.** The department will waive or cancel interest imposed under chapter 82.32 RCW only in the following situations:

(a) The failure to pay the tax prior to issuance of the assessment was the direct result of written instructions given the taxpayer by the department; or

(b) The extension of the due date for payment of an assessment was not at the request of the taxpayer and was for the sole convenience of the department. RCW 82.32.105(3).

(11) **Stay of collection.** RCW 82.32.190 allows the department to initiate a stay of collection, without the request of the taxpayer and without requiring any bond, for certain tax liabilities when they may be affected by the outcome of a question pending before the courts (see subsection (11)(a) of this rule). RCW 82.32.200 provides conditions under which the department, at its discretion, may allow a taxpayer to file a bond in order to obtain a stay of collection on a tax assessment (see subsection (11)(b) of this rule). The department will grant a taxpayer's stay of collection request, as described in RCW 82.32.200, only when the department determines that a stay is in the best interests of the state.

(a) Circumstances under which the department may consider initiating a stay of collection without requiring a bond (RCW 82.32.190) include, but are not necessarily limited to, the existence of the following:

(i) A constitutional issue to be litigated by the taxpayer, the resolution of which is uncertain;

(ii) A matter of first impression for which the department has little precedent in administrative practice; or

(iii) An issue affecting other similarly situated taxpayers for whom the department would be willing to stay collection of the tax.

(b) The department will give consideration to a request for a stay of collection of an assessment (RCW 82.32.200) if:

(i) A written request for the stay is made prior to the due date for payment of the assessment; and

(ii) Payment of any unprotested portion of the assessment and other taxes due is made timely; and

(iii) The request is accompanied by an offer of a cash bond, or a security bond that is guaranteed by a specified authorized surety insurer. The amount of the bond will generally be equal to the total amount of the assessment, including any penalties and interest. However, where appropriate, the department may require a bond in an increased amount not to exceed twice the amount for which the stay is requested.

(c) Claims of financial hardship or threat of litigation are not grounds that justify the granting of a stay of collection. However, the department will consider a claim of significant financial hardship as grounds for staying collection procedures, but this will be done only if a partial payment agreement is executed and kept in accordance with the department's procedures and with such security as the department deems necessary.

(d) If the department grants a stay of collection, the stay will be for a period of no longer than two calendar years from the date of acceptance of the taxpayer request, or thirty days following a decision not appealed from by a tribunal or court of competent jurisdiction upholding the validity of the tax assessed, whichever date occurs first. The department may extend the period of a stay originally granted, but only for good cause shown.

(e) Interest will continue to accrue against the unpaid tax portion of a liability under stay of collection. Effective January 1, 1997, the interest rates prescribed by RCW 82.32.190 and 82.32.200 changed from nine percent and twelve percent per annum, respectively, to the same predetermined annual variable rates as are described in subsection (7)(e), above.

(12) **Extensions.** The department, for good cause, may extend the due date for filing any return. Any permanent extension more than ten days beyond the due date, and any temporary extension in excess of thirty days, must be conditional upon deposit by the taxpayer with the department of an amount equal to the estimated tax liability for the reporting period or periods for which the extension is granted. This deposit is credited to the taxpayer's account and may be applied to the taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where a temporary extension of more than thirty days has been granted.

The amount of the deposit is subject to departmental approval. The amount will be reviewed from time to time, and a change may be required at any time that the department concludes that such amount does not approximate the tax liability for the reporting period or periods for which the extension was granted.

PROPOSED RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Medical Assistance Administration)
[Filed November 13, 2000, 3:22 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-10-032.

Title of Rule: WAC 388-501-0050 Medical and dental general coverage.

Purpose: To explain the criteria for determining if services, equipment, and supplies are covered by the Medical Assistance Administration.

Statutory Authority for Adoption: RCW 74.08.090.

Statute Being Implemented: RCW 74.08.090.

Summary: This proposed rule explains how to determine if a service or equipment is covered or noncovered, and conditions that may be placed on coverage, such as prior authorization, expedited prior authorization and/or service limitations.

Reasons Supporting Proposal: To clearly explain the process used to determine if the department covers or does not cover a service or equipment.

Name of Agency Personnel Responsible for Drafting: Leslie Saeger, P.O. Box 45533, Olympia, WA 98504, (360) 725-1347; Implementation and Enforcement: Sharon Morrison, P.O. Box 45533, Olympia, WA 98504, (360) 725-1347.

Name of Proponent: Department of Social and Health Services, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: The proposed rule will not change the way MAA currently does business. This rule explains how to determine if MAA covers or does not cover a service or equipment, and where to get more information about conditions that may be placed on certain services or equipment, such as prior authorization, expedited prior authorization, and limitation extensions.

The terms "covered" and "noncovered" are used throughout MAA WACs. This WAC is intended to explain these terms. As rules are sunset reviewed, MAA intends to delete duplication that will exist in other MAA rules as a result of codifying this rule.

Proposal Changes the Following Existing Rules: WAC 388-501-0050, amends, see proposed rules.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The department has analyzed the proposed rules and concludes that they do not change existing policy, and so will not have a more than minor impact on the businesses affected by them.

RCW 34.05.328 does not apply to this rule adoption. The department has analyzed the proposed rule and concludes that it does not make "significant amendments to a policy or regulatory program" since no policy changes have been made. Therefore, the department concludes that the proposed rules do not meet the definition of significant legislative rules.

PROPOSED RULES

**DEPARTMENT OF
 FISH AND WILDLIFE**

[Filed November 17, 2000, 9:24 a.m.]

Supplemental Notice to WSR 00-14-020.

Preproposal statement of inquiry was filed as WSR 00-14-020 [00-02-085].

Title of Rule: Commercial fishing rules.

Purpose: Trawl gear prohibition.

Statutory Authority for Adoption: RCW 77.12.047.

Statute Being Implemented: RCW 77.12.047.

PROPOSED

Summary: Eliminates rockfish directed bottomfish trawl in coastal and outer Strait of Juan de Fuca waters.

Reasons Supporting Proposal: Protection of rockfish stocks.

Name of Agency Personnel Responsible for Drafting: Evan Jacoby, 1111 Washington Street, Olympia, 902-2930; Implementation: Lew Atkins, 1111 Washington Street, Olympia, 902-2325; and Enforcement: Bruce Bjork, 1111 Washington Street, Olympia, 902-2927.

Name of Proponent: Washington State Department of Fish and Wildlife, governmental.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: This supplemental filing is for purposes of correcting the small business economic impact statement.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Bottom trawl gear is proposed to be eliminated in coastal waters and the western Strait of Juan de Fuca, west of the mouth of the Sekui River. Bottom trawl in these waters is directed at near-shore rockfish stocks, which are in decline, and species complex of great concern in state waters. There is sufficient commercial opportunity to harvest rockfish outside three miles while avoiding near-shore impacts.

Proposal Changes the Following Existing Rules: Close bottom trawl in state coastal waters and Catch Area 29.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

1. Description of the Reporting, Record-keeping, and Other Compliance Requirements of the Proposed Rule: There are no record-keeping or reporting requirements - compliance requires no fishing with trawl gear in the area.

2. Kinds of Professional Services That a Small Business is Likely to Need in Order to Comply with Such Requirements: None required.

3. Costs of Compliance for Businesses, Including Costs of Equipment, Supplies, Labor, and Increased Administrative Costs: None required.

4. Will Compliance with the Rule Cause Businesses to Lose Sales or Revenue? There is a potential for loss of revenue from the proposed closure; however, the species and volumes of catch foregone could be recovered in the fishing areas that will remain available to trawlers.

5. Cost of Compliance for the 10% of Businesses That are the Largest Businesses Required to Comply with the Proposed Rules Using One or More of the Following as a Basis for Comparing Costs:

- a. Cost per employee;
- b. Cost per hour of labor; or
- c. Cost per one hundred dollars of sales.

The maximum gross cost in lost revenue is \$119,122 per year for the entire fleet of eleven vessels based on average fleet values (1998-2000) and average percent of total catch occurring inside three miles. This represents an average cost of \$10,829/vessel assuming no effort is redirected to waters outside of three miles (see 4. above). This effort will most

certainly be redirected to waters outside of three miles and the actual economic cost will be greatly reduced or mitigated entirely.

6. Steps Taken by the Agency to Reduce the Costs of the Rule on Small Businesses or Reasonable Justification for Not Doing So: The agency has met with the affected fishers and discussed the issue and the potential impacts to this fishery. After the initial discussions, the agency agreed to further analysis of the landing information to obtain a clearer picture of the fishery and its geographic activity. That analysis is completed and we will reconvene a meeting of the industry representatives to discuss the results prior to the Fish and Wildlife Commission taking action on the proposal.

7. A Description of How the Agency Will Involve Small Businesses in the Development of the Rule: The agency has involved the affected business participants as described in 6. above and will provide them with opportunity to testify to the Fish and Wildlife Commission as they consider the rule proposal.

8. A List of Industries That Will Be Required to Comply with the Rule: Coastal and Puget Sound groundfish trawlers.

A copy of the statement may be obtained by writing to Evan Jacoby, Rules Coordinator, 600 Capitol Way North, Olympia, WA 98504-1091, phone (360) 902-2930, fax (360) 902-2944.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. Not hydraulics rules.

(a) All at once; or

(b) As separate payments over a thirty-day period. The thirty-day period starts with the date of your first DCA payment.

(5) We will not budget your income or make you use your resources to lower the amount of DCA payments you can receive.

(6) When it is possible, we will pay your DCA benefit directly to the service provider.

(7) You are not eligible for DCA if:

(a) Any adult member of your assistance unit got DCA within the last twelve months;

(b) Any adult member of your assistance unit gets TANF/SFA;

(c) Any adult member of your assistance unit is not eligible for cash assistance for any reason unless one parent in a two-parent-assistance unit is receiving SSI; or

(d) Your assistance unit does not have a needy adult (such as when you do not receive TANF/SFA payment for yourself but receive it for the children only).

(8) If you apply for DCA after your TANF/SFA grant has been terminated, we will consider you an applicant for DCA.

(9) If you apply for TANF/SFA and you received DCA less than twelve months ago:

(a) We will set up a DCA loan.

(i) The amount of the loan is one-twelfth of the total DCA benefit times the number of months that are left in the twelve-month period.

WSR 00-23-090**PROPOSED RULES****BOARD OF ACCOUNTANCY**

[Filed November 20, 2000, 3:23 p.m.]

Supplemental Notice to WSR 00-19-008.

Preproposal statement of inquiry was filed as WSR 99-23-055.

Title of Rule: WAC 4-25-626 Can I accept commission, referral, or contingent fees?

Purpose: To reopen the proceedings for public comment due to substantive changes made to the proposed language filed with WSR 00-19-008. The board revised the proposed amendment to WAC 4-25-626 as follows:

1. Changed title to more accurately reflect contents of rule.
2. Made all provisions applicable to all CPAs.
3. Changed all references to "licensee" to "CPA."
4. Inserted the words "attest services" in subsection (1) and (4)(a).
5. Eliminated subsections (1)(a), (b) and (c) and (4)(a)(i), (ii) and (iii).
6. Revised subsection (7) by eliminating the requirement to notify adverse parties and making the disclosure requirements applicable to all CPAs.
7. Eliminated subsection (8) (made all provisions of the rule applicable to all CPAs).
8. Made other verbiage changes to make the language consistent with the above changes and correct grammar.

Statutory Authority for Adoption: RCW 18.04.055(2).

Statute Being Implemented: RCW 18.04.055(2).

Summary: Allows CPAs to receive compensation in the form of commissions, referral fees, and contingent fees from nonattest clients provided specific disclosure requirements are met.

Reasons Supporting Proposal: Nationally, the prohibition against CPAs receiving commissions and contingent fees is being lifted. Only eight boards of accountancy out of fifty-four do not allow commissions. A recent survey of Washington CPAs indicates two-thirds believe commissions and contingent fees should be allowed with disclosure.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Dana M. McInturff, CPA, 711 South Capitol Way, #400, Olympia, (360) 586-0163.

Name of Proponent: Board of Accountancy, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: In order to protect the public interest, the board proposes to continue the prohibition of CPAs being compensated in a manner which tends to bias or give the appearance of tending to bias the results of their attest services. However, to permit Washington CPAs to practice public accounting on a level playing field with other CPAs nationwide, the board is

proposing to align its rule regarding CPA compensation with the Uniform Accountancy Act (UAA), to follow the national trend of allowing compensation in the form of commissions, referral fees, and contingent fees, and to address the profession's desire to allow commissions and contingent fees with disclosure. In order to ensure the public is sufficiently informed the board proposal requires all CPAs accepting commissions, referral fees, and contingent fees to disclose in writing and in advance of client acceptance the method of calculating the fee and the CPA's role as the client's advisor.

Proposal Changes the Following Existing Rules: Continues the prohibition against CPAs accepting commissions, contingent, or referral fees from clients for whom the CPAs are performing attest services. Lifts the prohibition against CPAs licensed to practice public accounting accepting commissions, contingent, and referral fees from clients for whom the CPAs are not performing attest services provided specific disclosure requirements are met.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed rule will not have more than minor economic impact on business.

RCW 34.05.328 does not apply to this rule adoption. The Board of Accountancy is not one of the agencies required to submit to the requirements of RCW 34.05.328.

(2) A CPA who is not prohibited by this section from performing services for or receiving a commission and who is paid or expects to be paid a commission shall disclose, consistent with the requirements set forth in subsection (7) of this section, that fact to any person or entity to whom the CPA recommends or refers a product or service to which the commission relates.

(5) The prohibition in subsection (4)(a) of this section applies during the period in which the CPA is engaged to perform the attest services and the period covered by any historical financial statements involved in the attest services.

(6) Except as stated in the next sentence, a contingent fee is a fee established for the performance of any service pursuant to an arrangement in which no fee will be charged unless a specified finding or result is attained, or in which the amount of the fee is otherwise dependent upon the finding or result of such service. Solely for purposes of this section, fees are not regarded as being contingent if fixed by courts or other public authorities, or, in tax matters, if determined based on the results of judicial proceedings or the findings of governmental agencies. A CPA's fees may vary depending, for example, on the complexity of services rendered.

(7) All CPAs who accept commission, referral and contingent fee arrangements must:

(a) Disclose the arrangement in writing and in advance of client acceptance;

(b) Disclose the method of calculating the fee or amount of fee; and

(c) Specify the CPA's role as the client's advisor.

PROPOSED RULES

BOARD OF ACCOUNTANCY

[Filed November 20, 2000, 3:24 p.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 99-23-059.

Title of Rule: WAC 4-25-730 Experience.

PROPOSED

Purpose: To establish experience as an entrance requirement for obtaining an initial license to practice public accounting as a certified public accountant (CPA).

Statutory Authority for Adoption: RCW 18.04.215.

Statute Being Implemented: RCW 18.04.215.

Summary: Sets the experience requirements the holder of a CPA certificate must meet in order to obtain an initial license to practice public accounting as a CPA.

Reasons Supporting Proposal: The proposal includes a competency based experience model aligning Washington with the national model, Uniform Accountancy Act (UAA). A recent survey of seven hundred CPAs and approximately one hundred stakeholder organizations indicates 70% support competency based experience.

Name of Agency Personnel Responsible for Drafting, Implementation and Enforcement: Dana M. McInturff, CPA, 711 South Capitol Way, #400, Olympia, (360) 586-0163.

Name of Proponent: Board of Accountancy, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: CPAs are statutorily given the exclusive right to perform audit, review, and compilation services. In exchange for this valuable right, CPAs are expected to have a certain level of mature expertise prior to offering unsupervised services to the general public. Washington state statute mandates that CPAs demonstrate one year of public accounting experience or such other experience or employment which the board regards as substantially equivalent. The profession and the public expect CPAs to have a focused, relevant and meaningful apprenticeship period to perfect skills and abilities. In developing the amendment to the rule, the board considered: (1) Changes in types and nature of professional services offered by CPA; (2) the impact of the Internet and diminishing international borders on the business environment and service provision; (3) national and international trends in the regulation of professions; and (4) the CPA profession's recent focus on the concept of core competencies rather than time devoted to a particular endeavor.

Proposal Changes the Following Existing Rules: Changes the experience requirement for experience obtained outside of public accounting (experience equivalent to public accounting). Includes a model based on core competencies. This model proposes that individuals with experience in an entity other than a CPA firm participating in a board approved peer or quality review program may qualify for a CPA license provided they first obtain seven core competencies. Under the current experience rule, experience outside a CPA firm must be with a commercial or governmental organization that has entered into a sponsorship agreement with the board. The current sponsorship agreement process requires the organization to set up a continuing process for monitoring experience. Presently the board has entered into sponsorship agreement with only thirteen organizations. Many employers are unable to provide or [are] resistant to implement a costly program to provide experience for a select few. The proposal expands acceptable experience beyond thirteen organizations to experience in government, industry, and/or academia.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed rule will not have more than minor economic impact on business.

RCW 34.05.328 does not apply to this rule adoption. The Board of Accountancy is not one of the agencies required to submit to the requirements of RCW 34.05.328.

Hearing Location: Wyndham Garden Hotel, 18118 Pacific Highway South, SeaTac, WA, on January 3, 2001, at 8:30 a.m.

(3) Experience other than in public accounting:

(a) The experience required, as stated in subsection (2) of this section, may also be met by work experience, not including in-classroom training, performed under the direct supervision of a currently licensed certified public accountant in a commercial or governmental organization which has filed a sponsorship agreement with the board, acceptable to the board, which among other things specifies:

- (i) The scope of accounting, auditing, consulting, and other services performed within the organization;
- (ii) The professional education and on-job training provided to an applicant prior to application; and
- (iii) The program of review and supervision performed by the internal review committee within the organization which administers the agreement.

(b) Qualifying work experience must be of a type and at a level equivalent to that performed in public accounting practice and must regularly involve the exercise of independent judgment and the application of the appropriate technical and behavioral standards.

(4) **Experience affidavit:** The experience claimed by an applicant shall be verified by the certified public accountant or firm of certified public accountants supervising the applicant on an experience affidavit form provided by the board.

(5) Examination of experience documentation:

(a) Any licensee who has furnished evidence of an applicant's experience to the board shall upon request by the board explain in writing or in person the information so provided.

(b) The board may require an interview or an inspection of documentation relating to an applicant's experience. Any licensee having custody of such documentation shall produce it upon request by the board.

(c) Any licensee who refuses to provide the evidence or documentation of the applicant's experience, requested by an applicant or by the board, shall upon request by the board explain in writing or in person the basis for such refusal.

(6) **Reciprocity:** An applicant who applies for initial license in this state shall be required to document experience obtained in another jurisdiction which is equivalent to the requirements of this state.) Qualifying experience may be obtained through:

- The practice of public accounting in a CPA firm that participates in a board approved peer or quality review program;
- Other employment provided you obtain the competencies defined by subsection (2)(a) of this section; or

• A combination of the two alternatives listed above provided you obtain the competencies defined by subsection (2)(a) of this section.

For both full-time and part-time employment, your experience must:

- Cover a minimum twelve-month period;
- Consist of at least two thousand hours; and
- Be obtained no more than eight years prior to applying for an initial license.

Your experience may be obtained through one or more employers, with or without compensation, and may consist of a combination of full-time and part-time employment.

(1) Public accounting experience: You may obtain all or a portion of your qualifying experience through employment in a licensed CPA firm that participates in a board approved peer or quality review program. Your experience must be:

(a) Obtained through performing services that meet the definition of the practice of public accounting as defined by RCW 18.04.025(5); and

(b) Under the supervision of a member of the firm who holds a valid CPA license and is actively engaged in the practice of public accounting.

(2) Experience equivalent to public accounting: You may obtain all or a portion of your qualifying experience in an entity other than a CPA firm participating in a board approved peer or quality review program. However, to qualify this experience must support your attainment of the competencies identified in (a) of this subsection and your attainment of these competencies must be supervised and verified by a licensed CPA meeting the requirements identified in (b) of this subsection.

(a) Competencies: The competencies that must be obtained to meet the experience requirements of this subsection are as follows. The candidate must demonstrate the ability to:

- (i) Understand the profession's code of conduct;
- (ii) Assess the achievement of an entity's objectives;
- (iii) Prepare working papers that contain sufficient data to support analysis and conclusions;
- (iv) Understand transaction streams and information systems;
- (v) Assess risk and design appropriate procedures;
- (vi) Make decisions, solve problems, and think critically in the context of analysis; and
- (vii) Communicate scope of work, findings and conclusions effectively.

(b) Supervising CPA: To supervise and verify a candidate's attainment of the competencies, you must have held a valid CPA license in Washington or another state for:

- (i) A minimum of five years prior to supervising the candidate's experience; and
- (ii) During the entire period of supervision.

(3) Experience affidavit: Your qualifying experience must be verified by the licensed CPA supervising your experience on the appropriate form(s) provided by the board.

(4) Applicants holding a certificate for four years or more: If you held a certificate for more than four years prior to the date you file your application for license, you must also

meet the continuing professional education requirements of RCW 18.04.215 (1)(a). You must obtain and submit proof of completion for one hundred twenty hours of continuing professional education within the three-year period immediately preceding the date you submit your application with the board.

(5) Applicants who passed the CPA examination prior to May 1988: If you passed the CPA examination prior to May 1988, you are not limited to experience obtained within the eight-year period prior to submitting your application. However, if you elect to utilize experience from a period more than eight years prior to your application, you must obtain and submit proof of completion for one hundred twenty hours of continuing professional education within the three-year period immediately preceding the date you submit your application with the board.

(6) Supervision: Supervision as used in this rule means that there is a definite relationship between the supervising CPA and the candidate being supervised. The supervising CPA must have frequent in-person meetings with the candidate and must be able to evaluate the candidate's work through:

(a) Personal knowledge and review of the candidate's work and work environment;

(b) Discussions with the candidate's work supervisor; and

(c) Obtaining an in-depth understanding of the type and quality of the candidate's work.

(7) Audit: The board may audit compliance with these experience requirements.

Explanation of Rule, its Purpose, and Anticipated Effects: See Purpose above.

Proposal Changes the Following Existing Rules: See Purpose above.

No small business economic impact statement has been prepared under chapter 19.85 RCW. A number of criteria and exemptions were established for the SBEIS analysis. One key criteria that allows rule changes to be exempt from preparation of an SBEIS is presented in RCW 34.05.310 (4)(d); "rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect" are not subject to the SBEIS requirements. Because the proposed rule changes make clarifying and organizational changes for ease of understanding and use, but do not in any way alter the content of intent of the original rules, there should not be an economic impact on Washington state business.

The analysis of the rule reveals that in addition to not imposing new costs on businesses, the changes wrought by the innovations project will actually make WISHA rules easier for employers and employees to understand and use, and thus actually save them time. In conclusion, an SBEIS is not required for these rule changes.

RCW 34.05.328 applies to this rule adoption. Significant rule-making criteria does apply to these rule amendments because they do not meet the exempt criteria outlined in RCW 34.05.328(5).

Other Identifying Information: A portion of chapter 317-21 WAC was repealed under RCW 34.05.354 Expedited repeal, filed as WSR 00-16-134 on August 2, 2000. The current rule making is intended to repeal the remaining provisions of chapter 317-21 WAC.

The following provisions will be repealed: WAC 317-21-010 Purpose, 317-21-020 Application, 317-21-030 Duties, 317-21-040 Information protected from public disclosure, 317-21-050 Language, 317-21-060 Definitions, 317-21-070 Plan submission, 317-21-100 Format, 317-21-110 Units of measure, 317-21-120 Submittal agreement, 317-21-140 Vessel specific information and documentation, 317-21-300 Operating procedures—Watch procedures, 317-21-305 Operating procedures—Navigation procedures, 317-21-310 Operating procedures—Emergency procedures, 317-21-315 Personnel policies—Crewing, 317-21-320 Personnel policies—Training, 317-21-325 Personnel—Illicit drug and alcohol use, 317-21-330 Personnel policies—Work hours, 317-21-335 Personnel policies—Recordkeeping, 317-21-340 Management, 317-21-345 Technology, 317-21-400 Review process, 317-21-410 Plan approval, 317-21-500 Administrative actions, 317-21-510 Administrative review, 317-21-520 Waivers, 317-21-530 Plan updates, 317-21-550 Inspections and investigations, 317-21-560 Exceptional compliance, 317-21-900 Severability, and 317-21-910 Effective date.

Reasons Supporting Proposal: Ecology is proposing repeal of chapter 317-21 WAC to be consistent with the holding of the U.S. Supreme Court in *U.S. v. Locke, et al.*, 529 U.S. ___, 120 S.Ct. 1135 (2000). The Supreme Court held in *Locke* that states may regulate tank vessels if regulation is based on peculiarities of local waters that call for special precautionary measures. Subsequent to the Supreme Court decision, ecology received three petitions for rule making in July 2000. Taken in combination, the petitions request repeal of chapter 317-21 WAC because the provisions conflict with the holding of the Supreme Court in *U.S. v. Locke, et al.*

Ecology has determined that repeal of chapter 317-21 WAC is appropriate because most of the provisions are not based on peculiarities of local waterways.

Name of Proponent: Department of Ecology, governmental.

Rule is necessary because of federal court decision, *U.S. v. Locke, et al.*, 529 U.S. ___, 120 S.Ct. 1135 (2000).

Explanation of Rule, its Purpose, and Anticipated Effects: See Summary and Reasons Supporting Proposal above.

Proposal Changes the Following Existing Rules: Chapter 317-21 WAC will be repealed.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Repeal of chapter 317-21 WAC will impose no costs on small businesses in Washington.

RCW 34.05.328 does not apply to this rule adoption. Repeal of chapter 317-21 WAC is not a significant rule making because it eliminates requirements the violation of which subjects a violator to enforcement action, does not establish, alter or revoke a licensing qualification or standard, and eliminates rather than creates or amends a regulatory program.

Name of Agency Personnel Responsible for Drafting: Teresa Berntsen, P.O. Box 43080, Olympia, WA 98504-3080, (360) 664-1648; Implementation: David Goyette, P.O. Box 43075, Olympia, WA 98504-3075, (360) 664-1600; and Enforcement: Rick Phillips, P.O. Box 43075, Olympia, WA 98504-3075, (360) 664-1780.

Name of Proponent: Washington State Liquor Control Board, governmental.

Rule is necessary because of federal court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Proposed chapter 314-11 WAC would replace current rules throughout several WAC chapters that outline general requirements for liquor licensees.

These proposed new and revised rules are a result of the agency's regulatory review process.

Proposal Changes the Following Existing Rules: The following rules would be partially or completely replaced by the proposed rules: WAC 314-10-020 General—Applicable to all tobacco license holders, 314-12-115 Expired card of identification is not valid for proof of age, 314-12-120 Licensed premises open for inspection—Sampling of liquor, 314-12-125 Maintaining operation of licensed premises in accordance with law and rules of the board is responsibility of licensee—Failure to do so is cause for revocation of license, 314-12-130 No liquor deliveries on Sunday—Exceptions, 314-12-195 Mandatory signs to be posted warning of the possible dangers of consumption of alcohol during pregnancy, 314-16-020 Dispensing apparatus and containers—Furnishing of certain devices, 314-16-025 "Minor prohibited" posting required in classified premises, 314-16-030 Sanitation, equipment and lighting, 314-16-040 Service limited to license and order—Removal of liquor in open containers—Room service—Price list, 314-16-050 Hours of operation, 314-16-060 Curb service prohibited, 314-16-070 Minors—Employment, 314-16-075 Musicians, disc jockeys, sound or lighting technicians, persons performing janitorial services, employees of amusement device companies, security officers, fire fighters and law enforcement officers employment, 314-16-090 Bottles and containers—Reuse, 314-16-120 Conduct on licensed premises, 314-16-122 Licensee-employees—Prohibited conduct with patrons, 314-16-125 Suggestive, lewd and/or obscene conduct on licensed premises, 314-16-145 Presentation of card of identification penalty for refusal—Detention for reasonable period to determine age—Person who cannot establish age may be removed from licensed premises, 314-16-150 No sale of liquor to minors, intoxicated persons, etc., 314-16-160 Records—Purchases—Reports, 314-70-020 Disposition by a governmental agency of lawfully seized liquors, except those which are required to be delivered to the board under RCW 66.32.090, 314-70-040 Procedures for board purchase of liquor from governmental agencies, and 314-70-050 Destruction of liquor by liquor enforcement officers.

If adopted, the proposed rules would make the following changes:

- Clarify what are liquor licensees' basic responsibilities for themselves and their employees.
- Delete statement that no licensee or employee may be "boisterous" on their licensed premises, keeping the prohibition against licensees being disorderly or intoxicated on their premises.
- Delete requirements that for an ID to be current, it may not be "officially invalidated." This change would allow punched driver's licenses to be acceptable for age identification purposes, so long as the punch is not through the photo, date of birth, or signature.
- In "lewd conduct" rules, delete the restriction against the showing of a film, still picture, or reproduction of a person being touched, caressed, or fondled on the anus or genitals, or any person displaying the vulva, anus, or genitals. Instead, state that films, still pictures, etc. cannot show pornography or sexual acts that are prohibited by law.
- Place signage requirements signage in one WAC.
- Delete requirement that licensees receive prior approval to keep records on microfilm or a computer.
- Delete requirements that are duplicative with state health department requirements; namely that licensees keep their premises and equipment in a "clean, wholesome, and sanitary condition," and that all cups be cleaned and sterilized "in the manner prescribed by the state board of health...".
- Delete requirement that the brand name of the beer be clearly printed on both sides of the tap.
- Delete requirement that spirits, beer, and wine restaurant licensee display all prices for all drinks.
- Delete prohibition against a distributor delivering liquor to a retailer on a Sunday.

No small business economic impact statement has been prepared under chapter 19.85 RCW. No disproportionate impact to small businesses.

Section 201, chapter 403, Laws of 1995, does not apply to this rule adoption. The Washington State Liquor Control Board is not a listed agency in section 201.

(a) The credit card transaction agreement must be voluntary on the part of both the retailer and the manufacturer, importer, or distributor, and there must be no discrimination for non-participation in credit card transactions.

(b) A sale must be initiated by an irrevocable invoice or sale order before or at the time of delivery.

(c) Both parties must bear their respective banking costs or other costs associated with the credit card service.

(d) Both parties must maintain records of transactions and have the records readily available for board review.

(e) The credit card charge must be initiated by the manufacturer, importer, or distributor no later than the first business day following delivery.

(3) **Electronic funds transfer (EFT)**, under the following provisions:

(a) The EFT agreement must be voluntary on the part of both the retailer and the manufacturer, importer, or distributor, and there must be no discrimination for non-participation in EFT.

(b) Prior to any EFT transaction, the retail licensee must enter into a written agreement with the manufacturer, importer, or distributor specifying the terms and conditions for EFT as payment for alcohol or non-alcohol beverages.

(c) A sale must be initiated by an irrevocable invoice or sale order before or at the time of delivery.

(d) Both parties must bear their respective banking costs or other costs associated with EFT service.

(e) Both parties must maintain records of transactions and have the records readily available for board review.

(f) The electronic funds transfer must be initiated by the manufacturer, importer, or distributor no later than the first business day following delivery.

(4) **Prepaid accounts**. Both parties must keep accurate accounting records of prepaid accounts to ensure a cash deposit is not overextended, which is considered an extension of credit.

NEW SECTION

WAC 314-13-020 What if a check, EFT transaction, or credit card transaction is reported as having non-sufficient funds (NSF)? Any transaction reported as having non-sufficient funds (NSF) will be considered an extension of credit, in violation of RCW 66.28.010(1). If a transaction is reported as NSF:

(1) The retailer must pay the full amount of the transaction to the manufacturer, importer, or distributor by 3 p.m. on the first business day following receipt of the NSF report.

(2) If the retailer does not make payment by this time, the manufacturer, importer, or distributor must report the NSF transaction to the their local board enforcement office by 5 p.m. the next business day following receipt of the NSF report.

(3) The local board enforcement office will contact the retailer, who will have until 3 p.m. the next business day to pay the NSF transaction. If the retailer does not pay the manufacturer, importer, or distributor by this time, the board will issue an administrative violation notice to the retailer.

(4) Until the NSF transaction is paid:

(a) the manufacturer, importer, or distributor who received the NSF transaction will not deliver any beer or wine to the retailer; and

(b) it is the responsibility of the retailer to not receive any beer or wine from any manufacturer, importer, or distributor.

WAC 314-13-025 How do retail licensees purchase spirituous liquor at a discount from the board? (1) In order to acquire spirituous liquor for re-sale, the following licensees must purchase spirituous liquor from the board at a fifteen percent discount:

- (a) spirits, beer, and wine restaurants;
- (b) spirits, beer, and wine private clubs; and
- (c) sports/entertainment facilities.

(2) When purchasing spirituous liquor, the licensee must present the tear-off portion of their master license that shows their liquor endorsement.

(3) This discounted spirituous liquor may only be used for re-sale on the licensed premises (see WAC 314-70-010 for instructions on when a business discontinues).

(a) Possession of discounted liquor off of the licensed premises will be *prima facie* evidence of a violation of this rule, unless:

- (i) the liquor is en route from the point of purchase to the licensed premises, or
- (ii) the liquor is en route from the licensed premises of a beer and/or wine restaurant or a spirits, beer, and wine restaurant with a caterer's endorsement to an approved event being catered by the licensee.

(b) Any spirituous liquor on the licensed premises must be liquor purchased at a discount from the board, except:

- (i) under the authority of a banquet permit, see Chapter 314-18 WAC; or
- (ii) liquor bottles if they are used as part of the decor, and any bottles containing liquor are locked in display case and are not for sale.

NEW SECTION

WAC 314-13-030 What method of payment can a retailer use to purchase spirituous liquor from the board?

(1) Per RCW 66.16.040(5), retailers must pay cash for spirituous liquor purchased from the board.

(2) For the purposes of this section, a check will be considered cash as long as the check is immediately made good when presented and is not used as a device for obtaining or extending credit. Therefore, state liquor stores will take certified checks from retailers for the purchase of spirituous liquor, and will take personal or company checks under the following conditions:

- (a) Persons or entities that have held a liquor license for less than two years must supply the board a letter of credit from the bank in which the account is held.
- (b) Persons or entities that have held a liquor license for two years are longer must either:
 - (i) apply and be approved for a check acceptance agreement with the board, on a form provided by the board; or
 - (ii) supply the board a letter of credit from the bank in which the account is held.

(3) Agency vendors may adopt the check acceptance policy outlined in this rule.

Original Notice.

Preproposal statement of inquiry was filed as WSR 98-20-076.

Title of Rule: Red raspberry grades and standards.

Purpose: The purpose of this revision to the rules is to establish a date that the rules adopted in chapter 16-143 WAC will become effective.

Statutory Authority for Adoption: Chapters 15.17 and 69.04 RCW and RCW 34.05.350.

Statute Being Implemented: Chapters 15.17 and 69.04 RCW.

Summary: The rules adopted in chapter 16-143 WAC:

(1) Establish a grade and standards for fresh red raspberries that are destined for freezing, puree, juice stock and other processing uses; (2) establish standards for red raspberry puree stock and juice stock red raspberries; (3) establish container marking requirements for red raspberries; and (4) specify how red raspberries may be used, processed and sold. This rule establishes a date that the rules under chapter 16-143 WAC will become effective.

Reasons Supporting Proposal: See Explanation of Rule below.

PROPOSED RULES

DEPARTMENT OF HEALTH

[Filed November 22, 2000, 10:02 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-14-061.

Title of Rule: Chapter 246-305 WAC, Certification of independent review organizations.

Purpose: To implement the provisions of RCW 43.70.235 regarding the certification of independent review organizations. Certified independent review organizations are qualified to receive referrals from the insurance commissioner under RCW 48.43.535 to make binding determinations related to health care coverage and payment disputes between health insurance carriers and their enrollees.

Statutory Authority for Adoption: RCW 43.70.235.

Statute Being Implemented: RCW 43.70.235.

Summary: The rule establishes requirements for IRO certification, consistent with the statute. As specified in RCW 43.70.235, the requirements take into consideration national accreditation standards for external review. The rule sets requirements for the review organizations themselves and for the expert reviewers they may assign to a Washington case. It defines and prohibits conflicts of interest and specifies required aspects of the review process, including timelines, criteria, documentation, notification of affected parties, and confidentiality. The rule also establishes an application process for IRO certification; details what actions are grounds for denying an application or taking enforcement action against an IRO; authorizes the department to investigate applications and complaints using various means; and establishes a means for IROs to contest department actions.

Reasons Supporting Proposal: RCW 43.70.235 requires the Department of Health to adopt rules for this purpose. The proposal reflects input from consumer advocates, health plans, health care provider organizations, IROs, IRO accrediting organizations, other state agencies, and other stakeholders, obtained through meetings, written comments, and a survey of interested IROs. The proposal parallels national accreditation standards where possible and appropriate, in order to minimize duplicative regulatory burden.

Name of Agency Personnel Responsible for Drafting: Dan Rubin and Patti Rathbun, 1107 Eastside Street, Olympia, WA 98501-7879, (360) 236-4023; Implementation and Enforcement: Steve Boruchowitz, 1110 Eastside Street, Olympia, WA 98504-7851, (360) 236-4621.

Name of Proponent: Washington Department of Health, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: This new Department of Health rule is required by statute to implement RCW 43.70.235, which was adopted as part of the Health Care Patient Bill of Rights of 2000 (chapter 5, Laws of 2000). RCW 43.70.235 requires the Department of Health to certify independent review organizations (IROs). Only certified IROs may be assigned by the insurance commissioner to make binding determinations of coverage and payment disputes between health insurance carriers and their enrollees under RCW 48.43.535 (section 11 of the Patient Bill of Rights).

A number of IROs exist around the United States, but until now, there were no legal standards for how they conduct independent reviews of disputes originating in Washington state. The rule will ensure that only qualified IROs carry out independent reviews under Washington's PBOR Act. It will

provide enforcement for legislative requirements for the process, including time frames and provisions intended to guarantee neutrality. It also will minimize regulatory burden by paralleling, wherever possible, industry standards already met or considered reasonable by most IROs.

The rule establishes requirements for IRO certification, consistent with the statute. As specified in RCW 43.70.235, the requirements take into consideration national accreditation standards for external review. The rule sets requirements for the review organizations themselves and for the expert reviewers they may assign to a Washington case. It defines and prohibits conflicts of interest and specifies required aspects of the review process, including timelines, criteria, documentation, notification of affected parties, and confidentiality. The rule also establishes an application process for IRO certification; details what actions are grounds for denying an application or taking enforcement action against an IRO; authorizes the department to investigate applications and complaints using various means; and establishes a means for IROs to contest department actions.

The rule's anticipated effect is to permit the department to accept applications early in 2001 and certify sufficient IROs so that the insurance commission[er] can refer coverage disputes to an IRO starting on the date the new consumer protections apply to new insurance contracts - July 1, 2001. This will allow consumers to "have access to a quick and impartial process for appealing plan decisions" as the legislature intended in RCW 48.43.535. It is anticipated that the new law will result in an increased volume of independent reviews, and the rule allows an orderly process for qualified organizations to receive referral of cases from the insurance commissioner that will increase their business.

Proposal does not change existing rules. This is a new rule to implement a program established by the legislature in 2000.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

Background: Washington's Health Care Patient Bill of Rights Act of 2000 requires health insurance plans to give their enrollees the option to appeal health care coverage and payment disputes to a binding external review if they are not resolved through the plan's internal processes. This part of the act (chapter 5, Laws of 2000; formerly E2SSB 6199) takes effect July 1, 2001.

The external reviews must be carried out by impartial "independent review organizations" (IROs) meeting requirements in the law. Section 12 of the Patient Bill of Rights legislation (RCW 43.70.235) requires the Department of Health to adopt rules "providing a procedure and criteria for certifying" IROs. Additional requirements involving IROs are contained in section 11 of the legislation, which is part of the Insurance Code (RCW 48.43.535).

Prior to passage of this legislation, similar reviews of Washington disputes occurred, but there was no state regulation of the reviews or the organizations conducting them. In 1999 the Association of Washington Health Plans announced that all of its member plans would begin voluntarily imple-

menting a binding independent review process. Some plans executed contracts with IROs for that purpose. Medicare also contracts nationwide with a single IRO, the Center for Health Dispute Resolution, to conduct binding reviews of disputes related to denial of coverage involving Medicare beneficiaries enrolled in health maintenance organizations.

Nationwide, independent reviews are conducted by a number of organizations. Many are part of or affiliated with broader utilization and clinical review organizations.

The Patient Bill of Rights Act is a legislative response to low consumer confidence in receiving expert, unbiased determinations from health plans on coverage issues. The benefits to the public from these rules are related to the statutory intent that health plan enrollees "have access to a quick and impartial process for appealing plan decisions" (RCW 48.43.500). A November 1998 study by the Kaiser Family Foundation¹ stressed the importance of maintaining confidence in the independence and expertise of the IRO process in order to attain desired goals.

The burden of complying with IRO regulations falls upon the IROs that seek or receive Washington state certification. By statute (RCW 48.43.535), IROs will charge health plans for the costs of reviews themselves. Since Washington's statute has no provisions for price regulation, competitive bidding of IRO status, or health plan (carrier) negotiation about price, health plans are "price takers" and certified IROs are able to pass on costs of business, including regulatory compliance.

The volume of independent reviews that will be referred to IROs under Washington's law is unknown, but based on the experience of other states, will be a very small proportion in relation to the number of health plan enrollees. The 1998 Kaiser Family Foundation study reports between one and thirty-seven independent reviews per million health plan enrollees covered by various state laws. This is equivalent to between one and fifteen reviews per million state residents (using United States Census population projections for 2000). New York state, whose mandatory independent review program was initiated in July 1999, reports a first-year volume of 1200 appeals, which is about seventy-seven per million state population.² New York attributes their higher rate to specific features of New York's law and to vigorous publicity. Based on the rates of appeals per gross population in New York, Washington might experience four hundred fifty reviews per year. Based on rates per population in six other states, Washington would expect under one hundred reviews.

Discussions with representatives of IROs and others familiar with the industry strongly suggest that it would be difficult for an organization to be a going concern if its only line of business were to accept its rotational³ share of Washington state independent reviews. It is unknown how many IROs will seek or receive certification, but the smallest-volume IROs handle over one hundred cases per year (see below). We are aware of no party exploring the creation of a new business exclusively to handle Washington independent reviews.

Is an SBEIS necessary? Yes. Under the Regulatory Fairness Act (chapter 19.85 RCW), a small business economic impact statement (SBEIS) is required whenever a regulation imposes "more than minor" costs on a regulated business.

economic impact statement (SBEIS) is required whenever a regulation imposes "more than minor" costs on a regulated business.

We could not find a Standard Industrial Classification (SIC) code that directly corresponds to IROs. However, the closest approximation is probably SIC 641, Insurance Agents, Brokers and Services, which includes claims adjusters not employed by insurance companies and contracted medical insurance claims processing.⁴ The Washington State Business Assistance Center has developed a "more than minor" threshold for SIC code 641 of \$221. While costs to comply with this rule have not been quantified, the department expects they will exceed \$221.

Does the proposed rule affect both large and small businesses? Yes. The Regulatory Fairness Act defines a business as "...[any] entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, that has the purpose of making a profit...." The act also defines a small business as one that employs less than fifty individuals.

The Department of Health sent a survey to all organized IROs⁵ identified from accreditation lists, other national listings, contracting processes of the national Medicare program and Washington health plans, and other contacts made in the course of rule development. The department followed up at least once with each IRO that responded to requests for comment on rule development, but did not send in a survey. The IROs following rule development are the most likely to be affected by the rule, because they are the most likely to apply for certification in Washington.

The survey asked questions about the economic scale of each IRO. Ten organizations (out of 11 respondents) supplied information requested for classification in relation to the "small business" threshold. Of the ten, seven (70%) were "small" organizations (fifty or fewer full-time equivalent employees) and three (30%) were "large" organizations. Six of the organizations do other types of clinical review as well as independent reviews. In this analysis, the distinction between "small" and "large" is based on the entire organization because the IRO sub-division of a larger organization, by itself, is not "owned and operated independently from all other businesses" as specified in the statutory definition of "small business." See the table below.

	<i>Portion of entity that does (or will do) independent reviews</i>	
Entire Organization	SMALL: 9 organizations or sub-divisions, with 0 to 40 FTE employees (mean 11)	LARGE: 1 organizational sub-division, with 70 FTE employees
SMALL: 7 organizations, with 1 to 40 FTE employees (mean 17)	7 (of which 4 are IROs only and 3 have other lines of review business)	Logical impossibility

PROPOSED

LARGE: 3 organizations, with 65 to over 700 FTE employees (mean 313)	2 (both IRO plus other lines of review business)	1 (IRO plus other lines of review business)
---	--	---

Only two of the potentially interested IROs are located in Washington - one a "large" organization which would be setting up a new and small IRO program, and the other a "small" organization which now conducts a different type of independent clinical review.

Note that all IROs contract with expert reviewers who are not employees. "Small" IROs reported a mean of 202 contracted reviewers, while "large" IROs reported a mean of 327. Among "small" IROs, the number of independent reviews per year ranges from somewhat over 100 (in two) to around 20,000 (in two). Among the three "large" IROs, review volume ranged from around 160 to 43,000. Business revenues also vary widely. In general, the variability of volume indicators within each category ("small" and "large") is more striking than the fact that the means are higher in the "large" firms.

In summary, there are both "small" and "large" IROs as defined in statute, but the distinction is somewhat weak as a proxy for other aspects of business scale.

Does the proposed rule impose disproportionate cost on small businesses? It is very difficult to quantify the cost of this rule on the regulated parties, but there may be a higher cost impact on small IROs due to the ability of large IROs to spread fixed costs, such as the preparation of an application and revision of policies, over more units of service. Even if accurate data on compliance impacts were available, previous comments on business "scale" in IROs suggest that the number of employees may not be the most appropriate basis for "spreading" costs in order to quantify any disproportionate impact. This analysis assumes a small but unquantifiable disproportionate impact.

In developing this rule, the Department of Health builds upon a number of legislative requirements from RCW 43.70.235. The rule has a distinct impact on cost only where discretion exists to implement in more than one way, differing in impact. Furthermore, the cost impact can be disproportionate for small businesses only if it is a fixed cost (that must be spread over fewer employees or service units) or if it is a variable cost of a type that is systematically higher for small businesses.

In addition, the legislature has directed that "In adopting rules for this section, the department shall take into consideration standards for independent review organizations adopted by national accreditation organizations" (RCW 43.70.-235(9)). This indicates a preference, but not a requirement, for implementation approaches that are consistent with accreditation standards.

The department's rule proposal directly parallels standards of national accreditation organizations in many regards. The table below shows that small IROs who returned the survey are as likely as large IROs to already have accreditation from URAC, the Utilization Review Accreditation Commission⁶ (or, in one case, to already have plans to

seek it). Small IROs are also as likely to view accreditation as a market requirement, rather than a regulatory requirement lacking market significance.

	Small IROs (7)	Large IROs (3)
Have URAC accreditation?	5 (71%)	2 (67%)
Have IMQ ⁷ accreditation?	2 (29%)	1 considering
Believe some accreditation is becoming a market requirement?	5 (71%)	2 (67%)

This evidence shows that rule-making requirements that closely parallel URAC standards are not *prohibitive* for small IROs, and that most small IROs appear *willing* to achieve certification. The evidence also suggests that, *as a class*, small IROs are not disproportionately impacted by compliance costs of proposed regulatory standards that also are URAC accreditation requirements - because 70% of small IROs already must meet those standards as a result of prior decisions, and small IROs are as likely to be meeting them already as large IROs. However, regulatory requirements paralleling those of URAC still may have a disproportionate impact on *individual* small IROs.

Costs imposed by the proposed rules are almost exclusively in the areas of staff effort and contracted reviewers' time. The department is not aware of any equipment that would be required under the rules that is not already present in all IROs (such as fax machines, copy machines, PCs, and secure filing areas for confidential information).

Examination of specific standards in the rules suggests that requirements for the conduct of each review are less likely to have disproportionate impact on small IROs than requirements for policies or practices which have a fixed one-time or annual impact. Examples of standards affecting each review include requirements for the composition of review panels, acceptance of supplementary information on the case, application of Washington-specific criteria and decision-making procedures, and the maintenance of case files and logs.

Examples of standards with one-time or annual impact include application requirements, annual self-assessment of compliance, developing internal policies to assure that Washington-specific conflict of interest and provider credentialing qualification requirements are met, creating logs, filing annual statistical reports, and having a medical director.

A final category of potential impact deals with enforcement of requirements. There is no reason to think that small IROs are more likely to face investigation or enforcement sanctions, so disproportionate impact of enforcement provisions of the rules (WAC 246-305-100 and 246-305-110) is unlikely and assumed to be zero.

Proper estimation of disproportionate impact excludes costs directly attributable to the statutory language. It also *may* properly exclude costs for standards that URAC-accredited IROs already meet, but this cannot be claimed with confidence. ***This analysis assumes a small but unquantifiable disproportionate impact.***

PROPOSED

Steps taken by the agency to reduce the disproportionate cost of the rule on small businesses or justification for not doing so. The Regulatory Fairness Act requires state agencies to take steps to reduce the disproportionate burden a regulation places on small businesses where "legal and feasible."

The Department of Health has taken a number of steps to reduce the impact of regulations on *all* IROs, including those that are small businesses:

- The rules build on national accreditation standards in many particulars. In addition to the expression of legislative interest in this approach, the department's survey verified that meeting national accreditation standards has not been a prohibitive to the majority of small IROs. As previously noted, it is unclear whether disparate impact exists for small IROs to comply with standards that also exist in URAC accreditation requirements. Paralleling accreditation standards, where relevant and appropriate, has the added benefit of avoiding duplicative requirements that address the same concerns in slightly different ways. Most IROs, large and small alike, operate in a number of states and are potentially subject to multiple regulatory requirements. Avoiding duplicative or conflicting requirements is particularly favorable to small IROs, because duplication imposes costs for applications, policy development, and recordkeeping which have heightened impact on small businesses because there are fewer units of business over which to spread the fixed costs.
- While providing evidence of accreditation may be a cost-effective way for some IROs to demonstrate that they meet many certification standards, the rules do not require accreditation. Applicants have the option of independently demonstrating that they meet standards in the rules, thus avoiding direct and indirect costs of accreditation.
- In choosing among rule-making alternatives, approaches with lower burden on IROs were generally selected where possible. Examples: Not requiring participation of an attorney in reviews of health plan coverage provisions. Specifying required competencies for reviews, rather than number of reviewers. Clarification in rules that, in considering standards of practice in Washington as required by statute, reviewers may use national standards, absent evidence that the Washington standard is different.

Every approach taken to reduce fixed costs reduces the potential for disproportionate impact on small businesses. However, disproportionate impacts may remain.

The department has determined that it would not be legal and feasible to further mitigate any remaining disproportionate impact of this rule on small businesses.

- **Legal barriers to further mitigation:** Many requirements are statutory and cannot be mitigated for small IROs without departing from legislative direction. Examples: Statute requires IROs to file an application and specifies many requirements. Statute sets stringent time frames for completing

reviews. Statute specifies stringent conflict of interest requirements, which have been clarified through rules to reduce costs related to uncertainty about interpretation, but cannot be further mitigated. Statute requires IROs to have the capacity to review health plan coverage provisions as well as medical necessity and appropriateness; even though this may impose a new fixed cost of staffing or consultation retainers on some IROs, it cannot be removed as a requirement for certification.

- **Methods of mitigation that are not feasible:** In some cases agencies can mitigate the impact of rules on small businesses through variation of fees or compliance timetables. Neither of these methods is possible in the case of the proposed rule. There is no legislative authority for fees for IRO certification, and deferring compliance for small IROs is inconsistent with the nature of a front-end certification review (lacking ongoing inspections).
- **Other legal and feasibility barriers to further mitigation:** The remaining regulatory standards are necessary to assure the competence of reviews and maintain public trust in their independence and impartiality. Further mitigation would jeopardize the intended public benefit of having quick, impartial, expert reviews.

Two special circumstances related to IROs, both previously noted, will reduce the practical significance of any unmitigated disproportionate impact.

- The statutory distinction between "small" and "large" businesses based on number of employees can be (and has been) applied to IROs. However, the number of employees is not a good proxy for other aspects of business scale, such as volume of reviews or number of contracted reviewers.
- Health plans must pay IROs their charges and have no choice over what IRO is assigned a case involving their enrollee (RCW 48.43.535). The price charged by an IRO also has no bearing on the number of independent review cases assigned (rotationally) by the insurance commissioner. Therefore, any disproportionate impact of the rules on small IROs can be recovered through pricing without loss of business volume.

Other Mandates of the Regulatory Fairness Act

State efforts to involve businesses when developing the proposed rule. The department contacted all known IROs and offered them several forms of involvement. As previously documented, most IROs are "small" by the statutory definition in the Regulatory Fairness Act.

- In June 2000 the IROs were sent a letter bringing the new statute to their attention and asking them to respond to nine questions about implementation of the law. IROs, along with other interested parties, were asked to identify anticipated implementation difficulties, models for implementation from other states, accreditation standards that should or should

not be included in Washington's rules, and other recommendations or concerns.

- During July and August department staff attended four public forums in Seattle, Spokane, Vancouver and Yakima sponsored by the Office of the Insurance Commissioner to obtain comment on how to implement a variety of provisions of the Health Care Patient Bill of Rights of 2000 (including its provisions related to independent review).
- In August the department also sponsored two public meetings in SeaTac and Spokane. The SeaTac meeting was attended by representatives of three IROs, two of them "small" by the statutory definition. Substantive discussion of appropriate regulatory standards occurred.
- In September 2000 a structured issue paper was distributed for comment, which identified statutory requirements, tentative implementation directions of the department, and additional options and questions. At this time IROs also were sent the survey previously mentioned.
- In November all stakeholders which had provided the department with e-mail addresses (including IROs) were provided with an opportunity to comment on a draft of the proposed rule.
- Additional opportunities for formal comment in writing or at the rule hearing will occur during December and early January.

What are the reporting, record-keeping, and other compliance requirements? The proposed rule requires IROs to apply for certification, including documentation of meeting standards (WAC 246-305-080). They must update filings if there is a material change (WAC 246-305-090).

IROs are required to maintain case files; summary case logs; and complaint logs. They must maintain a quality assurance program including a written plan, and action plans to correct identified problems (WAC 246-305-070).

IROs must conduct annual self-assessments of compliance with certification requirements (WAC 246-305-090).

IROs must file an annual statistical report with the department summarizing reviews conducted, including volumes, types of cases, compliance with timeframes, number and nature of complaints, and compliance with conflict of interest rules (WAC 246-305-090).

Will the proposed rule cause affected industries to lose business? The proposed rule will not cause affected industries to lose business. RCW 43.70.235 and 48.43.535 (the independent review sections of the Health Care Patient Bill of Rights of 2000) will increase the number of independent reviews originating in Washington by making them mandatory when requested by enrollees, following exhaustion of the health plan's internal appeals. RCW 48.43.535 requires certification as a condition of accepting referral of independent review cases from the insurance commissioner. Without these rules, there would be no way for an IRO to become eligible for additional business in Washington state.

³ RCW 48.43.535 directs the Insurance Commissioner to use a "rotational registry system" for the assignment of a certified IRO to each dispute.

⁴ SIC Major Group 80, Health Services, is focused on direct clinical services. Within Health Services, the most appropriate classification would be SIC 809, Health and Allied Services Not Elsewhere Classified, which includes (in-person) insurance physical examination services. However, IROs conduct paper reviews focused on the effectiveness, appropriateness, and contractual coverage of treatments, rather than examinations of patients to determine a diagnosis, a plan of care, or eligibility and rates for insurance.

⁵ Some listings of resources for independent review, such as the referral list maintained by the state of Arizona, include individual physicians or other health practitioners. Individual practitioners were not surveyed because it is extremely unlikely they could meet statutory requirements for certification in Washington.

⁶ URAC also is called the American Accreditation HealthCare Commission.

⁷ IMQ, the Institute for Medical Quality, is a second accreditation organization for IROs. Originally established to approve IROs under a California law, its accreditation also is accepted for a number of other purposes. Two of the URAC-accredited IROs shown on the table also have IMQ accreditation, and one is undecided about whether to seek it.

RCW 34.05.328 applies to this rule adoption. The proposed rule is "significant" as defined in RCW 34.05.028 [34.05.328]. It adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction. It also establishes standard for the issuance, suspension, and revocation of state certification for IROs. Finally, it also adopts a new regulatory program.

PROPOSED

Chapter 246-305 WAC

CERTIFICATION OF INDEPENDENT REVIEW ORGANIZATIONS

NEW SECTION

WAC 246-305-001 Purpose and scope. (1) Purpose. These rules are adopted by the Washington state department of health to implement the provisions of RCW 43.70.235 regarding the certification of independent review organizations. Certified independent review organizations are qualified to receive referrals from the insurance commissioner under RCW 48.43.535 to make binding determinations related to health care coverage and payment disputes between health insurance carriers and their enrollees.

(2) Other applicable rules. Independent review also is subject to rules of the insurance commissioner implementing RCW 48.43.535.

(3) Applicability. These rules apply to independent review cases originating in Washington state under RCW 48.43.535, and to independent review organizations conducting these reviews.

NEW SECTION

WAC 246-305-010 Definitions. For the purpose of this chapter, the following words and phrases shall have the following meanings unless the context clearly indicates otherwise.

(1) "Adverse determination" means a decision by a health carrier to deny, modify, reduce, or terminate coverage of or payment for a health care service for an enrollee.

(2) "Applicant" means a person or entity seeking to become a Washington certified IRO (independent review organization).

(20) "Material financial affiliation" means any financial interest including employment, contract or consultation which generates more than five percent of total annual revenue or total annual income of an IRO or an individual director, officer, executive or reviewer of the IRO. This includes a consulting relationship with a manufacturer regarding technology or research support for a specific product.

(21) "Referral" means receipt by an IRO of notification from the insurance commissioner that a case has been assigned to that IRO under provisions of RCW 48.43.535.

NEW SECTION

WAC 246-305-020 General requirements for certification. In order to qualify for certification, an IRO must:

(1) Demonstrate expertise and a history of reviewing health care in terms of medical necessity, appropriateness, and the application of other health plan coverage provisions.

(2) Demonstrate the ability to handle a full range of review cases occurring in Washington. Certified IROs may contract with more specialized review organizations; however, the certified IRO must ensure that each review conducted meets all the requirements of this chapter.

(3) Demonstrate capability to review administrative and contractual coverage issues, as well as medical necessity and effectiveness and the appropriateness of experimental and investigational treatments.

(4) Comply with all conflict of interest provisions in WAC 246-305-030.

(5) Maintain and assign qualified expert reviewers in compliance with WAC 246-305-040.

(6) Conduct reviews, reach determinations and document determinations consistent with WAC 246-305-050 and 246-305-060.

(7) Maintain administrative processes and capabilities in compliance with WAC 246-305-070.

(8) File an application for certification meeting the requirements of WAC 246-305-080.

NEW SECTION

WAC 246-305-030 Conflict of interest. (1) An IRO:

(a) Must not be a subsidiary of, or in any way owned or controlled by, a carrier or an association of health care providers or carriers;

(b) Must provide information to the department on its own organizational affiliations and potential conflicts of interest at the time of application and when material changes occur;

(c) Must immediately turn down a case referred by the insurance commissioner if accepting it would constitute an organizational conflict of interest; and

(d) Must ensure that reviewers are free from any actual or potential conflict of interest in assigned cases.

(2) An IRO, as well as its reviewers, must not have any material professional, familial, or financial affiliation, as defined in WAC 246-305-010, with the health carrier, enrollee, enrollee's provider, that provider's medical or practice group, the facility at which the service would be provided, or the developer or manufacturer of a drug or device under review. An affiliation with any director, officer or executive of an IRO shall be considered to be an affiliation with the IRO.

(3) The following do not constitute violations of this section:

(a) Staff affiliation with an academic medical center or National Cancer Institute-designated clinical cancer research center;

(b) Staff privileges at a health facility;

(c) Maintaining a provider contract with a carrier which provides no more than five percent of the provider's or clinical group's annual revenue; or

(d) An IRO's receipt of a carrier's payment for independent reviews assigned by the insurance commissioner under RCW 48.43.535.

(4) Notwithstanding the provisions of subsection (3) of this section, a provider who is a member of a standing committee of a facility, a health plan or a provider network that contracts with a health plan, shall be considered to have a conflict of interest with regard to that facility or health plan, regardless of revenue from that source.

(5) A conflict of interest may be waived only if both the enrollee and the health plan agree in writing after receiving full disclosure of the conflict, and only if:

(a) The conflict involves a reviewer, and no alternate reviewer with necessary special expertise is available; or

(b) The conflict involves an IRO and the insurance commissioner determines that seeking a waiver of conflict is preferable to reassigning the review to a different IRO.

NEW SECTION

WAC 246-305-040 Expert reviewers. (1) Each IRO must maintain an adequate number and range of qualified expert reviewers in order to:

(a) Make determinations regarding the full range of independent review cases occurring in Washington under RCW 48.43.535; and

(b) Meet timelines specified in WAC 246-305-050 including those for expedited review.

(2) All reviewers shall be health care providers with the exception of contract specialists.

(3) IROs must maintain policies and practices that assure that all clinical reviewers:

(a) Hold a current, unrestricted license, certification, or registration in Washington, or current, unrestricted credentials from another state with substantially comparable requirements, as determined by the department and outlined in the 2000 recent edition of the department of health publi-

cation, *Health Care Professional Credentialing Requirements*;

(b) Have at least five years of recent clinical experience;

(c) Are board-certified in the case of a medical doctor, a doctor of osteopathy, a podiatrist, or a member of another profession in which board certification exists as determined by the department of health; and

(d) Have the ability to apply scientific standards of evidence in judging research literature pertinent to review issues, as demonstrated through relevant training or professional experience.

(4) Contract specialists must be knowledgeable in health insurance contract law, as evidenced by training and experience, but do not need to be an attorney or have any state credential.

(5) Assignment of appropriate reviewers to a case.

(a) An IRO shall assign one or more expert reviewer to each case, as necessary to meet requirements of this subsection.

(b) Any reviewer assigned to a case must comply with the conflict of interest provisions in WAC 246-305-030.

(c) The IRO shall assign one or more clinical reviewers to each case. Among them, the clinical reviewers must meet each of the following requirements, but a single reviewer may meet multiple requirements:

(i) Have expertise to address each of the issues that are the source of the dispute;

(ii) Be a clinical peer of the attending provider;

(iii) Have the ability to evaluate alternatives to the proposed treatment.

(d) All clinical reviewers assigned must have at least five years of recent clinical experience dealing with the same health conditions under review or similar conditions. Exceptions may be made to this requirement in unusual situations when the only experts available for a highly specialized review are in academic or research life and do not meet the clinical experience requirement.

(e) If contract interpretation issues must be addressed, a contract specialist must be assigned to the review.

(f) Each IRO must have a policy specifying the number and qualifications of reviewers to be assigned to each case. The number of expert reviewers should be dictated by what it takes to meet the requirements of this subsection.

(i) The number of expert reviewers should reflect the complexity of the case, the goal of avoiding unnecessary cost, and the need to avoid tie votes.

(ii) The IRO may consider, but shall not be bound by, recommendations regarding complexity from the carrier or attending provider.

(iii) Special attention should be given to situations such as review of experimental and investigational treatments that may benefit from an expanded panel.

NEW SECTION

WAC 246-305-050 Independent review process. (1) Information for review.

(a) IROs must request as necessary, accept and consider the following information as relevant to a case referred:

(i) Information that the carrier is required to submit to the IRO under WAC 284-43-630, including information identified in that section that is initially missing or incomplete as submitted by the carrier.

(ii) Other medical, scientific, and cost-effectiveness evidence which is relevant to the case. For the purposes of this section, medical, scientific, and cost-effectiveness evidence has the meaning assigned in WAC 246-305-010.

(b) After referral of a case, an IRO must accept additional information from the enrollee, the carrier, or a provider acting on behalf of the enrollee or at the enrollee's request, provided the information is submitted within seven calendar days of the referral or, in the case of an expedited referral, within twenty-four hours. The additional information must be related to the case and relevant to statutory criteria.

(2) Completion of reviews: Once the insurance commissioner refers a review, the IRO must proceed to final determination unless requested otherwise by both the carrier and the enrollee.

(3) Time frames for reviews.

(a) An IRO must make its determination within the following time limits:

(i) If the review is not expedited, within fifteen days after receiving necessary information, or within twenty days after receiving the referral, whichever is earlier. In exceptional circumstances where information is incomplete, the determination may be delayed until no later than twenty-five days after receiving the referral.

(ii) If the review is expedited, within seventy-two hours after receiving all necessary information, or within eight days after receiving the referral, whichever is earlier. Expedited time frames apply when a condition could seriously jeopardize the enrollee's health or ability to regain maximum function, as determined consistent with WAC 284-43-620. If information on whether a referral is expedited is not provided to the IRO, the IRO may presume that it is not an expedited review, but IRO has the option to seek clarification from the insurance commissioner.

(b) An IRO must provide notice to enrollees and the carrier of the result and basis for the determination, consistent with subsection (5) of this section, within two business days of making a determination in regular cases and immediately in expedited cases.

(c) As used in this subsection, a day is a calendar day, except that if the period ends on a weekend or an official Washington state holiday, the time limit is extended to the next business day. A business day is any day other than Saturday, Sunday or an official Washington state holiday.

(4) Decision-making procedures.

(a) The independent review process is intended to be neutral and independent of influence by any affected party or by state government. The department may conduct investigations under the provisions of this chapter but the department has no involvement in the disposition of specific cases.

(b) Independent review is a paper review process. These rules do not establish a right to in-person participation or attendance by the enrollee, the health plan, or the attending provider nor to reconsideration of IRO determinations.

(c) An IRO shall present cases to reviewers in a way that maximizes the likelihood of a clear, unambiguous determina-

PROPOSED

tion. This may involve stating or restating the questions for review in a clear and precise manner that encourages yes or no answers.

(d) If more than one reviewer is used, the IRO shall:

(i) Provide an opportunity for the reviewers to exchange ideas and opinions about the case with one another, if requested by a reviewer. This shall be done in a manner that avoids pressure on reviewers to take a position with which they do not agree and preserves a dissenting reviewer's opportunity to document the rationale for dissent in the case file.

(ii) Accept the majority decision of the clinical reviewers in determining clinical issues.

(e) When a case requires an interpretation regarding the application of health plan coverage provisions, that determination shall be made by a reviewer or reviewers who are qualified as contract specialists.

(f) An IRO may uphold an adverse determination if the patient or any provider refuses to provide relevant medical records that are available and requested, or may overturn the adverse determination if the carrier refuses to provide such records.

(g) If reviewers are deadlocked, the IRO may add another reviewer if time allows.

(h) If all pertinent information has been disclosed and reviewers are unable to make a determination, the IRO shall decide in favor of the enrollee.

(5) Notification and documentation of determinations. An IRO must notify the enrollee and the carrier of the result and clinical basis for the determination within the time frame in subsection (3)(b) of this section.

(a) Documentation of the basis for the determination shall include references to support evidence, and if applicable, the rationale for any interpretation regarding the application of health plan coverage provisions.

(b) If the determination overrides the health plan's medical necessity or appropriateness standards, the rationale should document why the health plan's standards are unreasonable, inconsistent or unsound.

(c) The written report shall include the qualifications of reviewers but shall not disclose the identity of the reviewers.

(d) Notification of the determination shall be provided initially by phone, e-mail or fax, followed by a written report by mail. In the case of expedited reviews the initial notification shall be immediate and by phone.

NEW SECTION

WAC 246-305-060 Criteria and considerations for independent review determinations. (1) General criteria and considerations.

(a) An IRO's determination must use fair procedures and be consistent with the standards in RCW 43.70.235, 48.43.535, and this chapter.

(b) The expert reviewers from a certified IRO will make determinations regarding the medical necessity or appropriateness of, and the application of health plan coverage provisions to, health care services for an enrollee.

(c) The IRO must ensure that determinations are consistent with the scope of covered benefits as outlined in the medical coverage agreement.

(i) Clinical reviewers may override the health plan's medical necessity or appropriateness standards if the standards are determined upon review to be unreasonable or inconsistent with sound, evidence-based medical practice.

(ii) Reviewers may make determinations about the application of general health plan coverage provisions to specific issues concerning health care services for an enrollee. For example, whether a specific service is excluded by more general benefit exclusion language may require independent interpretation.

(2) Medical necessity and appropriateness—Criteria and considerations. Only clinical reviewers may determine whether a service, which is the subject of an adverse decision, is medically necessary and appropriate. These determinations must be based upon their expert clinical judgment, after consideration of relevant medical, scientific, and cost-effectiveness evidence, and medical standards of practice in the state of Washington.

(a) Medical standards of practice include the standards appropriately applied to physicians or other health care providers, as pertinent to the case.

(b) In considering medical standards of practice within the state of Washington:

(i) Clinical reviewers may use national standards of care, absent evidence presented by the health plan or enrollee that the Washington standard of care is different.

(ii) A health care service or treatment should be considered part of the Washington standard of practice if reviewers believe that failure to provide it would be inconsistent with that degree of care, skill and learning expected of a reasonably prudent health care provider acting in the same or similar circumstances.

(c) Medical necessity may not be the only factor in the IRO's decision.

(3) Health plan coverage provisions—Criteria and considerations. The following requirements shall be observed when a review requires making determinations about the application of health plan coverage provisions to issues concerning health care services for an enrollee.

(a) These determinations shall be made by one or more contract specialists meeting the requirements of WAC 246-305-040(4), except that a clinical determination of medical necessity or appropriateness, by itself, is not an interpretation of the scope of covered benefits and does not require a contract specialist.

(b) If necessary, the IRO shall request additional provisions from the health plan coverage agreement in effect during the relevant period of the enrollee's coverage, in order to have an adequate context for determinations.

(c) In general, the IRO and its contract specialists may assume that the contractual health plan coverage provisions themselves are lawful, absent information to the contrary. Primary responsibility for determining the legality of a health insurance contract, when at issue, rests with the insurance commissioner.

(4) No provision of this chapter should be interpreted to establish a standard of medical care, or to create or eliminate any cause of action.

NEW SECTION

WAC 246-305-070 Administrative processes and capabilities of independent review organizations. (1) An IRO must maintain written policies and procedures covering all aspects of review.

(2) An IRO must ensure the confidentiality of medical records received for use in independent reviews, in accordance with applicable federal and state laws.

(3) An IRO must have a quality assurance mechanism that ensures the timeliness, quality of review and communication of determinations to enrollees and carriers. The mechanism must also ensure the qualifications, impartiality, and freedom from conflict of interest of the organization, its staff, and expert reviewers.

(a) The quality assurance program must include a written plan addressing scope and objectives, program organization, monitoring and oversight mechanisms, and evaluation and organizational improvement of IRO activities.

(b) Quality of reviews includes use of appropriate methods to match the case, confidentiality, and systematic evaluation of complaints for patterns or trends. Complaints must be recorded on a log, including nature of complaint and how resolved. The department reserves the right to examine both the complaints and the log.

(c) Organizational improvement efforts must include the implementation of action plans to improve or correct identified problems, and communication of the results of action plans to staff and reviewers.

(4) An IRO must maintain case logs and case files with full documentation of referrals, reviewers, questions posed, information considered (including sources of the information and citations of studies or criteria), determinations and their rationale, and key dates in the process, for at least two years following the review.

(5) An IRO must maintain a training program for staff and expert reviewers, addressing at least:

- (a) Confidentiality;
- (b) Neutrality and conflict of interest;
- (c) Appropriate conduct of reviews;
- (d) Documentation of evidence for determination; and
- (e) In the case of contract specialists, principles of health contract law and any provisions of Washington law determined to be essential.

(6) An IRO must maintain business hours, methods of contact (including by telephone), procedures for after-hours requests, and other relevant procedures to ensure timely availability to conduct expedited as well as regular reviews.

(7) An IRO shall not disclose reviewers' identities. The department will not require reviewers' identities as part of the certification application process but may examine identified information about reviewers as part of enforcement activities.

(8) An IRO shall promptly report any attempt at interference by any party, including a state agency, to the department.

(9) An IRO shall have a medical director who holds a current unrestricted license as a medical doctor or osteopathic physician and has had experience in direct patient care. The medical director shall provide guidance for medical aspects of the independent review process and oversee medical aspects of the IRO's quality assurance and credentialing programs.

NEW SECTION

WAC 246-305-080 Application for certification as an independent review organization. (1) To be certified as an independent review organization under this chapter, an organization must submit to the department an application in the form required by the department. The application must include:

(a) For an applicant that is publicly held, the name of each stockholder or owner of more than five percent of any stock or options;

(b) The name of any holder of bonds or notes of the applicant that exceed one hundred thousand dollars;

(c) The name and type of business of each corporation or other organization that the applicant controls or is affiliated with and the nature and extent of the affiliation or control;

(d) The name and a biographical sketch of each director, officer, and executive of the applicant and any entity listed under (c) of this subsection and a description of any relationship the named individual has with:

- (i) A carrier;
- (ii) A utilization review agent;
- (iii) A nonprofit or for-profit health corporation;
- (iv) A health care provider;

This will allow more participants to be involved in the program and provide even more opportunities in assisting people towards the goal of self-sufficiency.

Statutory Authority for Adoption: RCW 74.04.050, 74.08.090, 74.08A.220.

Statute Being Implemented: RCW 74.08A.220.

Rule is not necessitated by federal law, federal or state court decision.

The state will match two dollars for every one dollar the client saves up to a maximum of six thousand dollars (\$2000 maximum for client, state will match with \$4000 maximum). Individual development accounts will give the recipient an opportunity to become financially self-sufficient by setting money aside to purchase a 1st home, pay for postsecondary education or use for self-employed business expenses.

NEW SECTION

WAC 388-310-2000 Individual development accounts (IDA). (1) What are individual development accounts?

Individual development accounts (IDAs) are special savings accounts for people eligible for or receiving TANF or SFA. The IDA's will help families save money for qualified purchases that will help them become financially self-sufficient. Your IDA account may only be used for the following qualified purchase: Acquisition cost for a first home, post-secondary education expenses, or business expenses for self-employment. You may only deposit income that you have earned through work into an IDA, the state matches those funds, helping you reach your goal more quickly.

(2) Who helps you set up an IDA?

The state office of trade and economic development (OTED) administers the IDA program. OTED contracts with local nonprofit agencies to enroll participants in the IDA program, monitor account activity and provide training and other support services while you are enrolled.

(3) Who can enroll in the IDA program?

To enroll in the IDA program, you must receive (or be eligible to receive) TANF or SFA assistance, or post TANF families with income below one hundred seventy-five percent of the federal poverty level. You may remain enrolled in the program for three years from the date of opening your IDA account.

(4) What happens once you enroll in the IDA program?

Once you've enrolled, your IDA contractor will help you develop an individual savings plan that identifies the steps you must take to earn the match. To earn the match you must:

(a) Attend financial skills classes to learn how to manage your personal finances.

(b) Open your savings account at a financial institution that is participating in the IDA program through an agreement with the IDA contractor.

PROPOSED

(c) Deposit savings from earned income into your account on at least a quarterly basis.

(5) How are your IDA matching funds handled?

Your matching funds are held in a separate account until you are ready to make a qualified purchase. The IDA contractor provides you with monthly statements showing the amount of matching funds you have earned.

(6) How much money can you save with an IDA?

The state will give you up to two dollars for every dollar you save, up to a maximum match of four thousand dollars. So, if you save two thousand dollars (the maximum amount allowed), you could earn four thousand dollars in match, for a total of six thousand dollars.

(7) When can you withdraw money from your account?

When you have an IDA, you really have two types of accounts: your own savings account and a trust account holding your match funds.

(a) You can withdraw your own savings at any time - it's your money; but you will forfeit any match that was earned on those funds and could jeopardize your ability to stay in the program. You also need to report any withdrawals to your DSHS case manager if you are receiving any type of public assistance benefits.

(b) You cannot withdraw your match until you are ready to purchase your asset and have met all of the requirements in your individual savings plan. At that time, the IDA contractor will withdraw the matching funds and pay them directly to the person or organization that you are purchasing your asset from (such as the mortgage company, college, or bank).

(8) Will having an IDA affect your eligibility for other public assistance programs?

The funds held in your IDA cannot be taken into consideration when determining if you qualify for TANF, Social Security, Food Stamps, or Medicaid. However, if you withdraw savings from your IDA other than to purchase your asset, or if you leave the IDA program early, your eligibility could be affected. See WAC 388-470-0065 for more details about how IDAs affect your eligibility for other types of public assistance benefits.

another card room, begins working for an additional card room or is terminated. The notification process is being simplified and automated. Now only the employer will notify the commission of changes in CREs, rather than both the card room operator and CRE. Furthermore, currently, a CRE must wait fifteen days from when they submit their application to when they may begin working. Due to a new automated system the waiting period will be reduced from fifteen days to ten days.

PROPOSED RULES
OFFICE OF THE
INSURANCE COMMISSIONER**

[Insurance Commissioner Matter No. R 2000-03—Filed November 22, 2000, 11:24 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 00-12-085.

Title of Rule: These rules set standards for the mandatory offering of prescription drug benefits and maternity care under individual health plans and set conforming standards for similar benefits under group plans.

Purpose: Various provisions of the insurance code prohibit discrimination against insurance consumers. E2SSB 6067 requires prescription drug benefits and maternity coverage to be included in individual health plans. These rules provide guidance in the design and offering of these benefits

by prohibiting unfair discrimination. In addition, standards for such benefits are extended to group plans to ensure uniform treatment of such benefits in all health plans.

Statutory Authority for Adoption: RCW 48.02.060, 48.20.450, 48.20.460, 48.30.010, 48.44.020, 48.44.022, 48.44.023, 48.44.050, 48.44.080, 48.46.030, 48.46.060, 48.46.064, 48.46.066, 48.46.200, 48.46.243, 48.92.140.

Statute Being Implemented: ESSB 6067 and RCW 48.43.041, 48.44.020, and 48.46.060.

Summary: Prescription drug benefits required for individual health plans under E2SSB 6067 and offered in group health plans may not be designed to discriminate on the basis [of] sex, race, marital status, national origin, or the presence of any sensory, mental, or physical disability. Maternity benefits required for individual health plans under E2SSB 6067 and offered in group health plans may not exclude pregnancy related services and may not limit coverage in a manner that is not [no information supplied by agency].

Reasons Supporting Proposal: Various provisions of the insurance code prohibit discrimination against insurance consumers. E2SSB 6067 requires prescription drug benefits and maternity coverage to be included in individual health plans. These rules provide guidance in the design and offering of these benefits by prohibiting unfair discrimination. In addition, standards for such benefits are extended to group plans to ensure uniform treatment of such benefits in all health plans.

Name of Agency Personnel Responsible for Drafting and Implementation: William J. Hagens, P.O. Box 40255, Olympia, WA, (360) 586-5597; and Enforcement: Carol Sureau, P.O. Box 40259, Olympia, WA (360) 407-0048.

Name of Proponent: Deborah Senn, Insurance Commissioner, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: Health carriers offering or issuing an individual or group health plan providing coverage for maternity services cannot exclude medically necessary consultations, examinations, radiology, laboratory, anesthesia, hospitalization and medical care for pregnancy-related health conditions. Carriers may not impose limitations on maternity coverage that are not imposed for other health services. Health carriers offering or issuing prescription drug benefits in the group market cannot discriminate in the development of drug formularies on the basis of sex, race, marital status, national origin, or the presence of any sensory, mental, or physical disability, nor may a carrier develop a drug formulary in a manner which has the effect of excluding health conditions that the carrier is otherwise prohibited by law from excluding. This requirement would specifically require carriers to cover prescription contraceptives; since, to exclude such contraceptives would be impermissible sex discrimination. Together these rules are intended to prevent unfair discrimination and in particular, discrimination against women.

Proposal does not change existing rules.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

PROPOSED

Small Business Economic Impact Statement

Overview: On March 23, 2000, Governor Locke signed E2SSB 6067, the "Individual Health Insurance Market Bill." The legislation was codified at chapter 79, laws of 2000. The new law requires the commissioner to adopt rules on a wide variety of subjects and provides authority to adopt rules on additional subjects. On June 6, 2000, the commissioner filed a CR-101 announcing her intention to begin the rule-making process to implement the new law. This rule making is intended to begin the process of implementing E2SSB 6067 by two of the subject areas. Section 26 of the bill, codified at RCW 48.43.041, requires that carriers offering individual plans include maternity services and a prescription drug benefit.

Is the rule required by federal law or federal regulation? This rule is not required by federal law or regulation.

What industry is affected by the proposed rule? The industry codes affected by the proposed rules include Hospital and Medical Service Plans, industry code #6324 and health plans offered by Accident and Health Insurers, industry code #6321. In Washington, hospital and medical service plans are called health care service contractors (HCSCs) and health maintenance organizations (HMOs).

List the specific parts of the proposed rule which may impose a cost to business: The rule as proposed has four new sections:

Proposed WAC 284-43-821 Maternity benefits in individual plans, this proposed section restates and clarifies the recently enacted RCW 48.43.041 regarding cost-sharing requirements. This does not mandate a benefit but merely clarifies services that are included when medically necessary in a maternity benefit. Since these services are only to be provided when medically necessary and only when the carrier offers a maternity benefit, it is unlikely that the subsection will actually incur any costs. It is believed that carriers already provide these medically necessary services when they provide a maternity benefit. In some instances, a maternity benefit that did not provide the medically necessary services might be considered deceptive or illusory.

Proposed WAC 284-43-822 Nondiscrimination in prescription drug benefits in individual plans, discrimination is prohibited in the insurance code (for examples, see RCW 48.30.300 and with respect to AIDs specifically WAC 284-90-010). This section clarifies the application of this concept in regards to the prescription drug benefit. It also clarifies the application of cost-sharing agreements. It is not anticipated that costs will result since carriers are not currently allowed to discriminate and the proposed rule allows for cost sharing to the same extent as other covered prescriptions.

Proposed WAC 284-43-823 Maternity benefits in group plans, this section provides parallel language to the medically necessary clarifications in proposed WAC 284-43-821.

Proposed WAC 284-43-824 Nondiscrimination in prescription drug benefits in group plans, this section provides parallel language to the nondiscrimination clarifications in proposed WAC 284-43-821.

What percentage of the industries in the four-digit standard industrial classification will be affected by the

rule? The proposed rule would affect 100% of the health plans subject to regulation by the Insurance Commissioner.

Will the rule impose a disproportionately higher economic burden on small businesses within the four-digit classification? The OIC does not believe that any of the regulated entities impacted by these rules are small businesses for the purposes of chapter 19.85 RCW. Nevertheless, the commissioner is committed to keeping costs proportionate for the smaller carriers. The proposed rules do not impose disproportionately higher costs on smaller carriers.

Can mitigation be used to reduce the economic impact of the rule on small businesses and still meet the objectives of the proposed rule? The rule does not include any mitigatory tactics to reduce the specific anticipated costs to small business. The mitigatory measures considered in this rule making apply equally to all carriers. The commissioner encourages any suggestions that can accomplish the goals in a more cost-efficient manner and encourages dialogue with all carriers.

What steps will the commissioner take to reduce the costs of the rule on small businesses? The rule-drafting process will continue and small businesses are invited to comment on any proposed section of the rule and offer suggestions or alternatives. The rule drafters will continue to discuss the proposed rules with industry representatives to discuss methods to reduce any potential costs on smaller carriers. Additionally, the commissioner will provide technical assistance to aid all carriers in understanding and implementing the new rules.

Which mitigation techniques have been considered and incorporated into the proposed rule? The rules are being proposed as early as possible and with a delayed effective date to enable industry to comment on the proposal and have adequate time to prepare any systemic changes necessary to comply with the rules and laws. The rule drafters will continue to discuss the proposed rules with industry representatives to discuss methods to reduce any potential costs.

Which mitigation techniques were considered for incorporation into the proposed rule but were rejected, and why? No mitigation techniques were considered for incorporation and then rejected.

Briefly describe the reporting, record-keeping, and other compliance requirements of the proposed rule: There are no new reporting or record-keeping requirements. Carriers must provide medically necessary services in connection to a maternity benefit if they offer such a benefit that should not expand the benefits currently offered. Carriers cannot discriminate. Carriers are allowed to use the cost sharing arrangements allowed by RCW 48.43.041. These provisions should not create substantive costs due to the rule.

List the kinds of professional services that a small business is likely to need in order to comply with the reporting, record-keeping, and other compliance requirements of the proposed rule: It is not apparent that the rules will occasion the need for any additional staffing or professional services. If carriers or small carriers believe that additional staffing or services are needed due to these rules (and not the underlying statutes), they are encouraged to cite the

PROPOSED

section that would require the staffing and recommend methods to ameliorate the need if at all possible.

The commissioner will seek to provide whatever technical assistance is necessary to enable any carriers, including the smaller carriers to understand and implement the rule.

Analyze the cost of compliance including, specifically: *Cost of equipment:* There is no anticipated additional cost of equipment.

Cost of supplies: There is no anticipated cost of supplies attributable to the rule. The disclosure provisions are required by statute.

Cost of labor: It is not anticipated that the rule will be responsible for additional cost of labor. There are always costs associated with reading and comprehending any rule changes but it is believed that these costs are nominal. The OIC does not expect that any additional staff will be required as a result of this rule.

Cost of increased administration: There is no significant anticipated increased cost of administration attributable to the rules. There are no additional filings required. No parallel administrative systems are required to track plans or benefits. The rules should not alter arrangements established in statute and current practice.

Compare the cost of compliance for small business with the cost of compliance for the largest business in the same four-digit classification: The cost of compliance for small business will be proportional for all carriers, large and small. As noted, costs, if any, are traceable to the underlying laws, not these rules. The rules drafters will consider any suggested alternatives that accomplish the goals of the rules while mitigating the costs of compliance, particularly those costs incurred by small businesses.

Have businesses that will be affected been asked what the economic impact will be? The rule drafters have been in on-going discussions with affected carriers regarding implementation since the passage of the law. The rule drafters will continue to discuss the proposed rules with industry representatives to ascertain methods to reduce any potential costs.

How did the commissioner involve small business in the development of the proposed rule? All affected carriers were notified of the beginning of formal rule making by the CR-101, which was mailed to impacted and interested parties in June and posted on the commissioner's website. Comments were solicited in the CR-101.

How and when were affected small businesses advised of the proposed rule? As noted above, the CR-101 for this rule was filed on June 6, 2000. It was mailed to affected and interested parties and posted on the commissioner's website.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

Overview: The rule making on this chapter began with the commissioner's regulatory improvement program. Provisions of the chapter were nominated as regulatory schemes or rules that may need to be altered. The passage of the Bal-

PROPOSED

anced Budget Act of 1997 (BBA) and subsequent federal legislation including the Balanced Budget Refinement Act of 1999 (PL 106-113) and the Ticket to Work and Incentives Improvement Act (PL 106-170) necessitated additional conforming changes. The National Association of Insurance Commissioners (NAIC) worked with the states, the Health Care Financing Administration of the federal government as well as industry and interested parties to develop a model regulation to implement the evolving federal requirements. In summer of 2000, the NAIC model was revised again and states were asked to come into accord to ensure compliance with the federal laws and regulations. This NAIC model provides the basis for the great majority of proposed changes.

Is the rule required by federal law or federal regulation? Yes, the great majority of the provisions of this rule are required by federal law or regulation. Some technical changes are required by changes in state statute. All changes are required by either the federal or state legislation. The changes in federal legislation are due to the Balanced Budget Act of 1997 (PL 105-33) and subsequent federal changes. In 1999, the Balanced Budget Refinement Act of 1999 (PL 106-113) and the Ticket to Work and Incentives Improvement Act (PL 106-170) made additional changes to the federal Medicare supplement regulatory scheme.

What industry is affected by the proposed rule? Carriers that offer Medicare supplement policies are impacted by the proposed rules. The industry codes that would be affected by the proposed rules include Accident and Health Insurers, industry code #6321, Hospital and Medical Service Plans #6324.

List the specific parts of the proposed rule, which may impose a cost to business: The great majority of any and all costs associated with the regulation are directly traceable back to the underlying federal law. The changes associated with state law should not occasion any incurred costs.

Proposed WAC 284-66-030, a federal definition of "Medicare+Choice Plan" is added.

WAC 284-66-063, a new subsection (1)(e)(iii) is added. Subsection (2)(e) is amended, as is subsection (3)(h) to comply with federal law

Proposed WAC 284-66-066, is amended to include high deductible "F" and "J" plans.

Proposed WAC 284-66-077, is amended to include federal language to allow for the possibility of certain enrollment options that may not be provided for under state law.

Proposed WAC 284-66-092, is amended to correspond to the addition of high deductible "F" and "J" plans.

Proposed WAC 284-66-110, technical changes corresponding to the update of the NAIC model regulation.

Proposed WAC 284-66-120, technical change corresponding to the update of the NAIC model regulation.

Proposed WAC 284-66-142 and 284-66-170, technical change to update for changed state law.

What percentage of the industries in the four-digit standard industrial classification will be affected by the rule? The proposed rule would affect 100% of the Medicare supplement plans offered in Washington. That will affect 100% of the carriers in the industrial codes that offer these plans.

Will the rule impose a disproportionately higher economic burden on small businesses within the four-digit classification? No. The proposed rules should not impose any burdens that are not directly traceable to the underlying laws. Any change or increase in economic burdens should be proportionate across industry.

Can mitigation be used to reduce the economic impact of the rule on small businesses and still meet the objectives of the proposed rule? The majority of the changes are based on the NAIC model to implement the changes in federal law. The NAIC model was developed with the goal of mitigating costs while complying with the federal law. The model changes have been made in the discussions with industry and consumer groups to reduce the costs prior to the adoption of the NAIC model. The commissioner welcomes any suggestions that can meet the federal requirements without limiting possible access for Washington citizens in a more cost-efficient manner and encourages dialogue with all carriers.

What steps will the commissioner take to reduce the costs of the rule on small businesses? The commissioner is unaware of any possible mitigating steps that she can take. She welcomes and will consider any and all suggestions that might reduce costs.

Which mitigation techniques have been considered and incorporated into the proposed rule? The NAIC model was developed with the goal of mitigating costs while complying with the changed federal law. Beyond that, the commissioner is unaware of possible mitigating steps. The commissioner is receptive to any suggestions that can accomplish the goals in a more cost-efficient manner and encourages dialogue with all insurers and carriers.

Which mitigation techniques were considered for incorporation into the proposed rule but were rejected, and why? No mitigation techniques were considered for incorporation and then rejected. The commissioner welcomes any suggestions to lessen economic impacts while protecting Washington residents.

Briefly describe the reporting, record-keeping, and other compliance requirements of the proposed rule: The proposed rules do not change the reporting or record-keeping requirements on carriers. There are some changes in compliance requirements due to federal mandates.

List the kinds of professional services that a small business is likely to need in order to comply with the reporting, record-keeping, and other compliance requirements of the proposed rule: A small business is not likely to need any additional professional services because of the proposed rules. The commissioner will seek to provide whatever technical assistance is necessary to enable the smaller carriers to understand and implement the rule.

Analyze the cost of compliance including, specifically: Cost of equipment: There is no anticipated additional cost of equipment.

Cost of supplies: There is no anticipated additional cost of equipment.

Cost of labor: There is always some minimal costs associated with reading, comprehending and implementing a rule but the changes are federal requirements and state conforming changes. It is not expected that the rules will incur any unique costs that can be avoided.

Cost of increased administration: There may be some administrative costs traceable back to the federal law, it is not believed that the rules impose costs.

Compare the cost of compliance for small business with the cost of compliance for the largest business in the same four-digit classification: As noted, the majority if not all of the costs associated with the [them] are traceable back to the underlying federal law, not to these rules. Nevertheless, it is believed that the cost of compliance with the rules should be proportionate for all businesses.

The rules drafters will consider any alternatives that accomplish the goals of the rules while mitigating the costs of compliance, particularly those costs incurred by small businesses.

Have businesses that will be affected been asked what the economic impact will be? The NAIC model to implement the federal law was developed in consultation with industry and the federal government with a goal of mitigating costs while complying with the federal law. The changes in the NAIC model have evolved in discussions over months and years. The commissioner is receptive to any suggestions [that] comply with federal and state law in a more cost-efficient manner and encourages dialogue with all insurers and carriers.

How did the commissioner involve small business in the development of the proposed rule? The CR-101 for this rule was filed on June 16, 1998. It was mailed to the commissioner's interested parties' mailing list and posted on the commissioner's website.

How and when were affected small businesses advised of the proposed rule? The CR-101 for this rule was filed on June 16, 1998. It was mailed to the commissioner's interested parties' mailing list and posted on the commissioner's website.

AMENDATORY SECTION (Amending Matter No. R 96-2, filed 4/11/96, effective 5/12/96)

WAC 284-66-063 Benefit standards for policies or certificates issued or delivered on or after July 1, 1992. Only Medicare supplement policies or certificates meeting the requirements of this chapter may be delivered or issued for delivery in this state on or after July 1, 1992. After that date, no policy or certificate may be advertised, solicited, delivered, or issued for delivery in this state as a Medicare supplement policy or certificate unless it complies with these benefit standards.

(1) General standards. The following standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this regulation.

(a) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than three months from the effective date of coverage because it involved a preexisting condition. The policy or certificate may not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within three months before the effective date of coverage.

(b) No Medicare supplement policy or certificate shall provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(c) Each Medicare supplement policy shall be guaranteed renewable and:

(i) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual; and

(ii) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or material misrepresentation.

(iii) If the Medicare supplement policy is terminated by the group policy holder and is not replaced as provided under (c)(v) of this subsection, the issuer shall offer certificateholders an individual Medicare supplement policy which (at the option of the certificateholder) provides for continuation of the benefits contained in the group policy, or provides for such benefits as otherwise meets the requirements of this subsection.

(iv) If an individual is a certificateholder in a group Medicare supplement policy and the individual terminates membership in the group, the issuer shall offer the certificateholder the conversion opportunity described in (c)(iii) of this subsection, or at the option of the group policyholder, offer the certificateholder continuation of coverage under the group policy.

(v) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(d) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss which commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be conditioned upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or payment of the maximum benefits.

(e)(i) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificateholder for the period (not to exceed twenty-four months) in which the policyholder or certificateholder has applied for and is determined to be entitled to medical assistance under Title XIX of the Social Security Act, but only if the policyholder or certificateholder notifies the issuer of such policy or certificate within ninety days after the date the individual becomes entitled to such assistance.

(ii) If such suspension occurs and if the policyholder or certificateholder loses entitlement to such medical assistance, such policy or certificate shall be automatically reinstated (effective as of the date of termination of such entitlement) as of the termination of such entitlement if the policyholder or certificateholder provides notice of loss of such entitlement within ninety days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of such entitlement.

(iii) Each Medicare supplement policy shall provide that benefits and premiums under the policy shall be suspended (for the period provided by federal regulation) at the request of the policyholder if the policyholder is entitled to benefits under Section 226(b) of the Social Security Act and is covered under a group health plan (as defined in Section 1862(b)(1)(A)(v) of the Social Security Act). If suspension occurs and if the policyholder or certificateholder loses coverage under the group health plan, the policy shall be automatically reinstated (effective as of the date of loss of coverage) if the policyholder provides notice of loss of coverage within ninety days after the date of such loss and pays the premium attributable to the period, effective as of the date of termination of entitlement.

(iv) Reinstatement of such coverages;

(A) Shall not provide for any waiting period with respect to treatment of preexisting conditions;

(B) Shall provide for coverage which is substantially equivalent to coverage in effect before the date of such suspension; and

(C) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificateholder as the premium classification terms that would have applied to the policyholder or certificateholder had the coverage not been suspended.

(2) Standards for basic ("core") benefits common to all benefit plans. Every issuer shall make available a policy or certificate including only the following basic "core" package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic "core" package, but not in lieu thereof.

(a) Coverage of Part A Medicare eligible expenses for hospitalization to the extent not covered by Medicare from the sixty-first day through the ninetyth day in any Medicare benefit period;

(b) Coverage of Part A Medicare eligible expenses incurred for hospitalization to the extent not covered by Medicare for each Medicare lifetime inpatient reserve day used;

For purposes of this benefit, "emergency care" shall mean care needed immediately because of an injury or an illness of sudden and unexpected onset.

AMENDATORY SECTION (Amending Matter No. R 96-2, filed 4/11/96, effective 5/12/96)

WAC 284-66-077 Open enrollment. (1) No issuer shall deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state, nor discriminate in the pricing of such a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is sixty-five years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an insurer shall be made available to all applicants who qualify under this subsection without regard to age.

(2) Except as provided in WAC 284-66-170, subsection (1) of this section shall not be construed as preventing the exclusion of benefits under a policy, during the first three months, based on a preexisting condition for which the policyholder or certificateholder received treatment or was other-

wise diagnosed during the three months before the coverage became effective.

(3) The issuance of a Medicare supplement policy or certificate shall provide the broadest opportunity for enrollment. Access shall be offered to applicants through subsections (1) and (4) of this section.

(4)(a)(i) Eligible persons are those individuals described in subsection (b) who, subject to subsection (b)(ii)(B), apply to enroll under the policy not later than sixty-three days after the date of the termination of enrollment described in subsection (b), and who submit evidence of the date of termination or disenrollment with the application for a Medicare supplement policy.

(ii) With respect to eligible persons, an issuer shall not deny or condition the issuance or effectiveness of a Medicare supplement policy described in subsection (c) that is offered and is available for issuance to new enrollees by the issuer, shall not discriminate in the pricing of such a Medicare supplement policy because of health status, claims experience, receipt of health care, or medical condition, and shall not impose an exclusion of benefits based on a preexisting condition under such a Medicare supplement policy.

(b) Eligible persons - An eligible person is an individual described in any of the following paragraphs:

(i) The individual is enrolled under an employee welfare benefit plan that provides health benefits that supplement the benefits under Medicare; and the plan terminates, or the plan ceases to provide all such supplemental health benefits to the individual;

(ii)(A) The individual is enrolled with a Medicare+Choice organization under a Medicare+Choice plan under Part C of Medicare, and any of the following circumstances apply, or the individual is sixty-five years of age or older and is enrolled with a Program of All-Inclusive Care for the Elderly (PACE) provider under Section 1894 of the Social Security Act, and there are circumstances similar to those described below that would permit discontinuance of the individual's enrollment with such provider if such individual were enrolled in a Medicare+Choice plan:

(I) The certification of the organization or plan under this part has been terminated, or the organization or plan has notified the individual of an impending termination of such certification; or

(II) The organization has terminated or otherwise discontinued providing the plan in the area in which the individual resides, or has notified the individual of an impending termination or discontinuance of such plan;

(III) The individual is no longer eligible to elect the plan because of a change in the individual's place of residence or other change in circumstances specified by the secretary, but not including termination of the individual's enrollment on the basis described in Section 1851 (g)(3)(B) of the federal Social Security Act (where the individual has not paid premiums on a timely basis or has engaged in disruptive behavior as specified in standards under Section 1856), or the plan is terminated for all individuals within a residence area;

(IV) The individual demonstrates, in accordance with guidelines established by the secretary, that:

(1) The organization offering the plan substantially violated a material provision of the organization's contract under

this part in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the plan or the failure to provide such covered care in accordance with applicable quality standards; or

(2) The organization, or agent or other entity acting on the organization's behalf, materially misrepresented the plan's provisions in marketing the plan to the individual; or

(V) The individual meets such other exceptional conditions as the secretary may provide.

(B)(I) An individual described in subparagraph (4)(b)(ii)(A) of this section may elect to apply subsection (4)(a) of this section by substituting, for the date of termination of enrollment, the date on which the individual was notified by the Medicare+Choice organization of the impending termination or discontinuance of the Medicare+Choice plan if offers in the area in which the individual resides, but only if the individual disenrolls from the plan as a result of such notification.

(II) In the case of an individual making the election in subparagraph (B)(I) above, the issuer involved shall accept the application of the individual submitted before the date of termination of enrollment, but the coverage under subsection (4)(a) of this section shall only become effective upon termination of coverage under the Medicare+Choice plan involved.

(iii)(A) The individual is enrolled with:

(I) An eligible organization under a contract under Section 1876 (Medicare risk or cost);

(II) A similar organization operating under demonstration project authority, effective for periods before April 1, 1999;

(III) An organization under an agreement under Section 1833 (a)(1)(A) (health care prepayment plan); or

(IV) An organization under a Medicare Select policy; and

(B) The enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under subsection (4)(b)(ii) of this section.

(iv) The individual is enrolled under a Medicare supplement policy and the enrollment ceases because:

(A)(I) Of the insolvency of the issuer or bankruptcy of the nonissuer organization; or

(II) Of other involuntary termination of coverage or enrollment under the policy;

(B) The issuer of the policy substantially violated a material provision of the policy; or

(C) The issuer, or an agent or other entity acting on the issuer's behalf, materially misrepresented the policy's provisions in marketing the policy to the individual;

(v)(A) The individual was enrolled under a Medicare supplement policy and terminates enrollment and subsequently enrolls, for the first time, with any Medicare+Choice organization under a Medicare+Choice plan under Part C of Medicare, any eligible organization under a contract under Section 1876 (Medicare risk or cost), any similar organization operating under demonstration project authority, any PACE program under Section 1894 of the Social Security Act, an organization under an agreement under Section 1833

PROPOSED

(a)(1)(A) (health care prepayment plan), or a Medicare Select policy; and

(B) The subsequent enrollment under (v)(A) of this subsection is terminated by the enrollee during any period within the first twelve months of such subsequent enrollment (during which the enrollee is permitted to terminate such subsequent enrollment under Section 1851(e) of the federal Social Security Act); or

(vi) The individual, upon first becoming eligible for benefits under Part A of Medicare at age sixty-five, enrolls in a Medicare+Choice plan under Part C of Medicare, or in a PACE program under Section 1894, and disenrolls from the plan or program by not later than twelve months after the effective date of enrollment.

(c) Products to which eligible persons are entitled.

The Medicare supplement policy to which eligible persons are entitled under:

(i) Subsection (4)(b)(i), (ii), (iii) and (iv) of this section is a Medicare supplement policy which has a benefit package classified as Plan A, B, C, or F offered by any issuer.

(ii) Subsection (4)(b)(iv) of this section is the same Medicare supplement policy in which the individual was most recently previously enrolled, if available from the same issuer, or, if not so available, a policy described in subsection (4)(c)(i) of this section.

(iii) Subsection (4)(b)(vi) of this section shall include any Medicare supplement policy offered by any issuer.

(d) Notification provisions.

(i) At the time of an event described in subsection (b) of this section because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the policy, or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subsection (a) of this section. Such notice shall be communicated contemporaneously with the notification of termination.

(ii) At the time of an event described in subsection (b) of this section because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subsection (4)(a) of this section. Such notice shall be communicated within ten working days of the issuer receiving notification of disenrollment.

* Once you have been billed \$100 of Medicare-approved amounts for covered services (which are noted with an asterisk), your Part B deductible will have been met for the calendar year.

** This high deductible plan pays the same or offers the same benefits as Plan J after one has paid a calendar year [\$1,500] deductible. Benefits from high deductible Plan J will not begin until out-of-pocket expenses are [\$1,500]. Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. This includes the Medicare deductibles for Part A and Part B, but does not include the plan's separate prescription drug deductible or the plan's separate foreign travel emergency deductible.

(3) Except in the case of a direct response issuers, delivery of the Guide shall be made to the applicant at the time of application and acknowledgement of receipt of the Guide shall be obtained by the issuer. Direct response issuers shall deliver the Guide to the applicant upon request but not later than at the time the policy is delivered.

(4) The Guide shall be reproduced in a form that is substantially identical in language, format, type size, type proportional spacing, bold character, and line spacing to the Guide developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration.

WAC 284-66-142 Form of replacement notice.

**NOTICE TO APPLICANT REGARDING REPLACEMENT OF
MEDICARE SUPPLEMENT INSURANCE**

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE
FUTURE.

According to [your application] [information you have furnished], you intend to terminate existing Medicare supplement insurance and replace it with a policy to be issued by [Company name] Insurance Company. Your new policy will provide thirty days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision, you should terminate your present Medicare supplement coverage. You should evaluate the need for other disability coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY ISSUER, AGENT [BROKER OR OTHER REPRESENTATIVE]:

I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare supplement policy will not duplicate your existing Medicare supplement coverage because you intend to terminate your existing Medicare supplement coverage. The replacement policy is being purchased for the following reason(s) (check one):

- Additional benefits.
- No change in benefits, but lower premiums.
- Fewer benefits and lower premiums.
- Other. (please specify)

1. If you have had your current Medicare supplement policy less than ~~((six))~~ three months, health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) to the extent such time was spent (depleted) under original policy.

3. If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. [If the policy or certificate is guaranteed issue, this paragraph need not appear.]

Do not cancel your present policy until you have received your new policy and are sure that you want to keep it.

WAC 284-66-170 Prohibition against preexisting conditions, waiting periods, elimination periods, and probationary periods in replacement policies or certificates.

(1) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate, the replacing issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods and probationary periods in the new Medicare supplement policy or certificate to the extent such time was spent under the original policy.

(2) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate which has been in effect for at least ~~((six))~~ three months, the replacing policy shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods.

PROPOSED RULES
UTILITIES AND TRANSPORTATION
COMMISSION

[Commission Docket No. TR-981102—Filed November 22, 2000, 11:56 a.m.]

Original Notice.

Preproposal statement of inquiry was filed as WSR 99-08-053.

Title of Rule: Chapter 480-62 WAC, Railroad company—Operations; regulating standards for (1) maintenance, repair, modification, blocking, and safety of operations at railroad grade crossings; (2) reporting operational information; and (3) procedures for requesting changes in train speed limits.

Purpose: To provide clear, objective standards for addressing issues at railroad grade crossings to ensure safer crossings and greater communication between railroad companies and the communities through which they operate, as well as to provide communities and railroad companies with clear procedures for requesting changes in train speed limits, and streamlined reporting requirements to allow for more efficient exchange of information with railroad companies.

Statutory Authority for Adoption: RCW 80.01.040, 81.04.160, 81.24.010, 81.28.010, 81.28.290, 81.40.110, 81.44.010, 81.44.020, 81.44.101 - [81.44.]105, chapters 81.48, 81.53, 81.54, 81.60, and 81.61 RCW.

Statute Being Implemented: Section 2, chapter 239, Laws of 2000.

Summary: See Explanation of Rule below.

Reasons Supporting Proposal: See Explanation of Rule below.

Name of Agency Personnel Responsible for Drafting: Ahmer Nizam, Policy Research Specialist, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, (360) 664-1345; **Implementation and Enforcement:** Carole J. Washburn, Secretary, 1300 South Evergreen Park S.W., Olympia, WA 98504, (360) 664-1174.

Name of Proponent: Washington Utilities and Transportation Commission, governmental.

Rule is not necessitated by federal law, federal or state court decision.

Explanation of Rule, its Purpose, and Anticipated Effects: These rules address how the WUTC regulates railroad company operating practices concerning maintenance, repair, modification, and blocking of railroad grade crossings, use of traffic control devices and flaggers when performing construction at grade crossings, safety of passenger carrying vehicles, procedures for requesting changes in train speed limits, providing notice to communities, and various reporting requirements. The proposed rules would incorporate and formalize existing policies, would eliminate obsolete rules, and would add some substantive provisions as discussed further below. The proposed rules establish standards for railroad companies and communities to follow when operating, maintaining, repairing, or blocking railroad crossings, including providing notice of planned events that might disrupt travel over crossings. The rules also require railroad companies to report certain information to the WUTC for use

by rail section employees. The proposed permanent rule concerning flaggers is in compliance with section 1, chapter 239, Laws of 2000, requiring the WUTC, as well as other agencies, to adopt rules to reduce dangers to flaggers from behind.

Proposal Changes the Following Existing Rules: Existing Rules: The proposal recommends repealing all existing rules in order to organize the chapter more effectively. However, the proposal does recommend eliminating several rules which seem to have no present day application, have been preempted by rules issued by the Federal Railroad Administration (FRA), or with which the WUTC has not worked in a number of years, WAC 480-62-010 and 480-62-100. Rules governing locomotive speedometers and bridge safety have been preempted by the FRA, and are no longer applicable. A rule governing train operations at a particular crossing in Tacoma is no longer necessary, as the statute addressing the issue, RCW 81.48.050, sufficiently covers the crossing, WAC 480-62-120. A rule governing exemptions from the use of traffic control devices has been incorporated into a new rule addressing the application of the chapter, former WAC 480-62-020 to proposed WAC 480-62-230. Changes to the rules addressing traffic control devices, passenger carrying vehicles, annual reports, accident reports, and hazardous materials regulations involve the use of different language and format. Changes to the flagger rule, former WAC 480-62-030 to proposed WAC 480-62-230, are primarily taken from draft rules developed by the Department of Labor and Industries, and are intended to address the requirements of section 2, chapter 239, Laws of 2000.

Additional Rules: The proposal recommends that a number of new rules be included in chapter 480-62 WAC. Some are general rules, common to all chapters of commission rules. These rules include sections for definitions, application of rules, exemptions from rules, and severability. Other rules address safety of railroad operations generally and at grade crossings, procedures for requesting changes in train speed limits, and providing notice to the community of planned events, and finally, a number of operational reporting requirements.

Specifically, the proposal includes a number of FRA safety rules for adoption by reference to allow commission staff to enforce the requirements as a part of the FRA's state safety participation program, as well as to apply federal crossing signal circuitry rules to logging and industrial railroads. The proposal includes rules designed to provide standards and procedures for railroad companies and communities concerning improvement to crossings and signals, maintenance and repair of crossing surfaces, and blocking of railroad grade crossings. The proposal includes a rule requiring railroads to ensure the safety of on-track equipment operated by the railroad, or others, when approaching and passing railroad grade crossings.

The proposal sets forth a requirement that railroad companies notify communities of planned events that may disrupt traffic flow at crossings in the community. In addition, the proposal sets forth procedures for communities and railroad companies when requesting changes in train speed limits. This provision is intended to advise communities of the limits to the commission's authority for ordering changes in train

speed and the guidelines the commission will follow in considering such changes.

Finally, the proposal identifies several streamlined operational reporting requirements for railroad companies, concerning such issues as annual reports, accidents, remote controlled operations, railroad police officers deputized within the state, and other operational information to be used by WUTC rail section employees.

A small business economic impact statement has been prepared under chapter 19.85 RCW.

Small Business Economic Impact Statement

1. Introduction: In March 1999, the Washington Utilities and Transportation Commission (commission) initiated a review of the rules in chapter 480-62 WAC regarding railroad company operations. The commission initiated this review in Docket No. TR-981102 pursuant to Executive Order 97-02, which requires agencies to review existing rules for readability and content with attention being paid to clarity, intent, statutory authority, need, effectiveness, efficiency, coordination, cost, and fairness. Commission staff also considered whether new rules should be developed to address the following issues: Standards for maintenance, repair and modification of highway-rail grade crossings, blocking crossings, safety of operations at crossings, reporting operational information, and procedures for requesting changes in train speed limits.

Over the last year and a half, commission staff held four workshops with interested persons to discuss draft rule language, receive comments, and explore options. At the last workshop, held on October 2, 2000, staff advised participants that the commission would mail a survey to interested persons to assist staff in preparing a small business economic impact statement (SBEIS). The SBEIS is intended to evaluate any disproportionate impacts of the rule making on small businesses.

2. Regulatory Fairness Act Requirements: Administrative rules implemented by state agencies can have a disproportionate impact on small businesses, compared to large business, simply because of the size of those businesses. This disproportionate impact may affect competition, innovation, employment, economic growth, and threaten the very existence of some small businesses. Thus, the Regulatory Fairness Act, chapter 19.85 RCW, was enacted with the intent of reducing any disproportionate impact of state administrative rules on small businesses. The Regulatory Fairness Act requires agencies to review and provide mitigation for rules which have an economic impact on more than 20% of the businesses of all industries or more than 10% of the businesses in any one industry. Agencies must consider mitigation measures to minimize the economic impact of regulations on small businesses.

3. Objective: Pursuant to chapter 19.85 RCW, staff determined that it was necessary to prepare an SBEIS in Docket No. TR-981102 to investigate whether the proposed rules might impose significant regulatory costs on small railroad companies or short-lines compared to large railroad companies. Therefore, staff has prepared this SBEIS to examine the anticipated impact on small businesses of the

proposed rules for chapter 480-62 WAC, and to propose plausible mitigation strategies, if necessary, based on the magnitude of economic impacts.

4. Study Procedure: In order to determine whether or not the proposed rules would impose a disproportionate economic impact on small railroad companies relative to large railroad companies, staff prepared a survey instrument and mailed it to small and large railroad companies, including logging and industrial railroads, operating in the state of Washington. Staff mailed out eighteen surveys and received two in return from small railroads, i.e., short line railroads. As sixteen of the surveys were sent to short line railroads and logging and industrial railroads, the commission received responses from approximately 13% of these companies. While logging and industrial railroads may have a small number of employees that appears to place them in the category of small businesses, these railroads are a part of large companies that do not qualify as small businesses, i.e., the Simpson Tacoma-Kraft Company.

Under the statute governing preparation of an SBEIS, RCW 19.85.040, an agency must compare the costs of compliance with the proposed rule for large and small businesses, and then consider how to mitigate the disproportionate impact on small businesses. Because agencies are not required to mitigate the impact of the rule on large businesses, there is little incentive for the larger companies to respond to the survey instrument or to provide accurate information. Neither the large railroad companies nor logging and industrial railroads responded to the survey. Thus, the analysis primarily relied on information provided by small, or short-line, railroad companies.

Many of the proposed rules in Docket No. TR-981102 are existing rules rewritten in clearer language. Only eleven of the proposed rules in Docket No. TR-981102 impose new requirements on railroad companies operating in Washington state. These rules are as follows:

- Crossing signal circuitry (WAC 480-62-210);
- Blockage of public grade crossings (WAC 480-62-220);
- Crossing surfaces (WAC 480-62-225);
- Flaggers (WAC 480-62-235);
- Passenger carrying vehicles (WAC 480-62-240 & 480-62-245);
- On track equipment (WAC 480-62-250);
- Railroad community notice requirements (WAC 480-62-305);
- Accident reports (WAC 480-62-310);
- Miscellaneous reporting requirements (WAC 480-62-315);
- Remote controlled operations (WAC 480-62-320); and
- Railroad police officers (WAC 480-62-325).

Many of these proposed rules require railroads to report to the commission about various activities, and thus impose only moderate administrative costs on railroad companies. Other proposed rules require railroads to act consistently with their own internal rules or other state and federal rules, i.e., blockage of crossings, crossing surfaces, and railroad police officers, and do not impose additional requirements for railroad companies operating in the state.

Only the rule dealing with inspection and maintenance of crossing signal circuitry requires more than administrative expenses and relatively higher expenses for some railroads. Most railroad companies must already comply, and do comply, with federal crossing signal circuitry requirements by implementing regularly scheduled inspection and maintenance activities. Only logging and industrial railroads operating in the state will be affected by the proposed rule governing crossing signal circuitry, as these railroads are not currently required to comply with the federal requirements.

Assuming that logging and industrial railroads are not currently incurring any costs for crossing signal inspection and maintenance, the magnitude of costs incurred as a result of the implementation of the rules contained in Docket No. TR-981102 will be equal to the expenses necessary to bring logging and industrial railroad companies into compliance with FRA signal maintenance standards. However, the data provided by logging and industrial railroads was not tangible for use in an in-depth analysis of the economic impact of the rules on those railroads.

5. Results of the Analysis: A total of sixteen questionnaires were sent to short-line railroad and logging and industrial railroad companies operating within the state of Washington, i.e., all railroad companies except for the Burlington Northern Santa Fe and Union Pacific Railroad companies. (See Appendix A-Questionnaire). Of these companies, very few (13%, two out of sixteen) responded to the survey instrument.

A business is categorized as "small" under the Regulatory Fairness Act if the business employs fifty or fewer employees. The commission surveyed the same businesses in 1999 during a rule making to review other rules, i.e., the walkway rule, affecting railroad companies in chapter 480-60 WAC. The survey results in that rule-making proceeding, Docket No. TR-981101, indicated that the average number of employees of small, or short line, railroad companies was twenty-two. Therefore, the present study assumed that the same number of employees would hold true for the average small railroad companies that need to implement rules included under chapter 480-62 WAC.

Due to lack of adequate data from the short-line railroad companies and logging and industrial railroads, it was necessary to explore and utilize data from literature, information reported to the commission, the prior survey results from Docket No. TR-981101, as well as the knowledge and experience of commission staff. In order to undertake the analysis, the following key assumptions were made regarding the cost structure of an average small railroad company:

1. The average number of employees per railroad company is about twenty-two;
2. Based on the annual reports of the most recent year, the average mileage of tracks owned and operated per railroad company in Washington is about eighty-six miles;
3. Gross operating revenue and costs for railroad companies are proportional to the number of employees;
4. Administrative costs are proportional to operation and maintenance costs, and maintenance costs are proportional to general and administrative costs;

5. The average number of signalized crossings per railroad company was 25.4;

6. Spending due to the proposed rules does not require major investment, and that inspection, maintenance, and reporting need to be implemented within a short period of time. It is assumed that the costs related to these rules will be distributed over a period of three years. That is, all small companies will be expected to comply with the rule within three years.

7. The average cost of inspection is estimated at \$250/month, or \$3000/year. Maintenance costs are estimated based on information contained in the annual reports submitted by the short lines. The cost of reporting is calculated based on the assumption that it will take about two hours/month or twenty-four hours/year of a professional paid @ \$20/hr (\$38400/year). The cost of reporting is about .083% of General and Administration costs.

The result of the analysis in this SBEIS is, therefore, based on (i) data from the annual reports of small railroad companies, (ii) results of the SBEIS previously prepared in Docket No. TR-981101 for chapter 480-60 WAC, and (iii) the assumptions listed above.

From the companies' perspective, the costs incurred to comply with regulations can be viewed as money that could have been invested in activities that bring greater earnings. This analysis is intended to examine the economic implication of the proposed rules from the companies' perspective as opposed to from societal perspective. Therefore, companies have the choice of using their own money, borrowed money, or a combination to implement the proposed rules. In doing so, they have to compare earnings from spending equal to the regulatory compliance cost of "X" dollars. In order to capture the volatility in earnings from alternative forms of investment, ranges of discount factors (9%, 10%, 10.5% and 11%) were used to estimate the present value of the estimated regulatory cost spending by the company in order to comply with the rules.

Review of literature with respect to the economic impact of regulation indicated that if the increased (additional) cost exceeds approximately 2% of the total operating expenses of a business, the cost of regulation is likely to be significant. This data or value (i.e., 2%) was used as a benchmark to draw conclusions about the magnitude of impact of implementing the proposed rules contained in Docket No. TR-981102.

The preliminary results of the SBEIS are presented in Tables 1 and 2. The results of the present analysis, on average, shows in Table 1 that the impact is significant for small railroads not already complying with federal crossing signal circuitry requirements. However, as noted above, logging and industrial railroads are not necessarily small businesses, and the impact on such logging and industrial railroads is not likely to be significant. For those small railroads already complying with Federal crossing signal circuitry requirements, Table 2 shows that the additional administrative costs for reporting requirements are not significant.

Using a discount factor of 9%, the percentage of the present value of the cost of implementing the rules with respect to the present value of gross operating revenue (GOR) is about 2.3% for those that are not in compliance with federal crossing signal circuitry requirements (Table 1), and

.02% for those that are in compliance (Table 2). On the other hand, the cost imposed due to the rules under Docket No. TR-981102 as a percent of total operating expense (TOE) is about 2.8% and .02% for compliant and noncompliant railroad

companies respectively. The cost of the rules per employee and per mile of track are approximately \$264 and \$67 for railroad companies that are not in compliance, and \$2.19 and \$0.56 for those that are in compliance.

Total cost of rules/employee	\$2.19	\$2.08	\$1.90	\$2.15	\$2.08
Total cost of rules/mile of track	\$0.56	\$0.53	\$0.49	\$0.55	\$0.53

The analysis is based on data from records, experience, and plausible assumptions. Therefore, the estimates derived are considered to be an order-of-magnitude estimate. The literature on engineering-economics indicates that order-of-magnitude estimates are accurate within ±40%. The preliminary estimates indicate that, on average, the costs imposed as a result of these rules is in fact within ±40% of the 2% rule of thumb obtained from the literature with respect to the economic impact of regulations. There is no data on the largest railroads, including logging and industrial railroads, related to these rules. Therefore, it is difficult to compare and conclude whether or not the proposed rules impose a disproportionate economic impact on small businesses compared to large businesses.

The benefit of implementing these rules is primarily related to improved public safety and the possible reduction in the numbers of injuries or fatalities at highway-rail grade crossings. There is no empirical estimate of the magnitude of these benefits. Furthermore, the costs are borne by private companies while the benefits primarily accrue to the general public. Therefore, it would not be appropriate to compare the estimated costs and benefits. Instead, staff suggests the use of mitigation measures to minimize the economic impact of these rules as described below in section 6.

6. Proposed Mitigation Measures: As discussed above, most of the rules imposing new requirements require additional reporting requirements on all railroad companies. During rule-making workshop sessions, staff included railroad company suggestions into the proposed rules to mitigate

the impact of the rules. For example, staff incorporated requests by the railroads to modify how the railroads must report certain miscellaneous information in WAC 480-62-315. The railroads requested that the proposed rule allow railroads to provide certain information upon request of the commission rather than semi-annually and also that the information be made available electronically. Incorporating these changes allows railroads to incur the expense of reporting certain information only when asked by commission staff.

The proposed rule requiring railroads to comply with federal requirements for crossing signal circuitry imposes a new requirement only for logging and industrial railroads operating within the state. All other railroads, including short-line railroads, must already comply, and do comply, with the federal requirements. As discussed above, logging and industrial railroads are not small businesses, but are part of large businesses. However, if a small railroad were not already in compliance with federal crossing circuitry requirements, and if logging and industrial railroads are considered small businesses, the overall cost of implementing the additional proposed rules (i.e., inspection, maintenance and reporting) is about \$6000 per railroad, a significant cost. Given there appears to be no significant impact of the rule on small businesses, that the federal crossing signal requirements are safety standards, and that compliance is intended to reduce accidents at highway-railroad grade crossings, staff does not believe that mitigation of the new compliance requirement is necessary or appropriate.

7. Conclusions and Recommendations: The objective of the SBEIS is to examine whether implementing the proposed rules would result in disproportionate economic impact on small railroad companies relative to large railroad companies. It is difficult to conclude whether implementing the proposed rules will cause a disproportionate economic impact, as the commission did not obtain sufficient data from both small and large companies, including logging and industrial railroads. Some of the rules formalize the present activities of short-lines, others modify the reporting formats and/or schedules, and only one would require inspection and maintenance (crossing signals). Other than logging and industrial railroads, all other railroad companies operating in the state are in compliance with the federal crossing signal circuitry requirements. If a small railroad company were not already in compliance with federal crossing circuitry requirements, and if logging and industrial railroads are considered small businesses, the overall cost of implementing the additional proposed rules (i.e., inspection, maintenance and reporting) is about \$6000 per railroad. This translates into total costs of \$264 and \$67 per employee and track mile respectively. Given that the cost of the proposed rules does not appear to impose significant costs on small, or short-line railroad companies, staff does not recommend any mitigation measures in this SBEIS. However, as noted above, staff has incorporated certain mitigation measures into the reporting rules upon the railroads' request.

In the event that implementation of these rules imposes undue financial burden compared to the results obtained from the present SBEIS, staff recommends that small railroad companies be given opportunity to request financial and/or

operational mitigation measures. Methods of mitigating the economic impact of the proposed rules include, but are not limited to, reducing or modifying the regulatory requirements, simplifying, reducing, or eliminating reporting requirements, reducing the frequency of inspections, and delaying compliance timetables. Companies are expected to file a formal request with the commission in order to benefit from mitigation. The approval of a particular mitigation measure would depend on the information provided by railroad companies.

NEW SECTION

WAC 480-62-130 Application of this chapter. The rules in this chapter apply within certain cities and to any railroad company subject to the jurisdiction of the commission under RCW 81.04.010 and chapters 81.04, 81.24, 81.28, 81.36, 81.40, 81.44, 81.48, 81.52, 81.53, 81.54, 81.60, and 81.61 RCW, as set forth below:

(1) To all Class I, II, and III railroad companies operating within the state of Washington, with the exceptions noted in subsections (2), (3), and (4) of this section.

(2) To and within first class cities except for WAC 480-62-145, 480-62-150, 480-62-155, and 480-62-225.

(3) To and within cities with a population of more than 400,000 except for WAC 480-62-145, 480-62-150, 480-62-155, 480-62-225, 480-62-230, and 480-62-235.

(4) To logging and industrial railroads except for WAC 480-62-200, 480-62-205, 480-62-215, 480-62-240, 480-62-245, 480-62-250, 480-62-300, the portions of WAC 480-62-310 that do not involve grade crossing accidents, WAC 480-62-315 (2), (4) and (5), and WAC 480-62-325.

NEW SECTION

WAC 480-62-135 Additional requirements. (1) These rules do not relieve any railroad company from any of its duties and obligations under the laws of the state of Washington.

(2) The commission retains the authority to impose additional or different requirements on any railroad company in appropriate circumstances, consistent with the requirements of law.

NEW SECTION

WAC 480-62-140 Exemptions from rules. (1) The commission may grant an exemption from the provision of any rule in this chapter, when doing so in chapter 480-62 WAC is consistent with the public interest, the purposes underlying regulation, and applicable statutes.

(2) To request a rule exemption, a person must file with the commission a written request identifying the rule for which an exemption is sought, giving a full explanation of the reason the exemption is requested.

(3) The commission will assign the request a docket number, if it does not arise in an existing docket, and will schedule the request for consideration at one of its regularly scheduled open meetings or, if appropriate under chapter 34.05 RCW, in an adjudication. The commission will notify the person requesting the exemption, and other affected persons, of the date of the hearing or open meeting when the commission will consider the request.

(4) In determining whether to grant the request, the commission may consider whether application of the rule would impose undue hardship on the petitioner, of a degree or a kind different from hardships imposed on other similarly situated persons, and whether the effect of applying the rule would be contrary to the purposes of the rule.

(5) The commission will enter an order granting or denying the request or setting it for hearing, pursuant to chapter 480-09 WAC.

NEW SECTION

WAC 480-62-145 Commission proceedings. The commission's rules governing administrative practices and procedures are in chapter 480-09 WAC. When a rule in this chapter conflicts with a rule in chapter 480-09 WAC, the rule in this chapter applies.

NEW SECTION

WAC 480-62-150 Grade crossing petitions. (1) Whenever a railroad company, city, county, the department of transportation, the parks and recreation commission, or the commission seeks to take any of the following actions at a railroad-highway grade crossing, it must file a petition with the commission seeking approval under RCW 81.53.020 and 81.53.060:

(a) Opening a railroad-highway crossing at-grade, or by constructing an overcrossing or undercrossing;

(b) Closing a railroad-highway crossing;

(c) Constructing supplemental safety measures under RCW 81.48.015(1), including, but not limited to, median barriers;

(d) Realigning highway or railroad tracks;

(e) Widening highways;

(f) Constructing multiple tracks; or

(g) Changes to crossing surfaces that alter:
 - The dimensions of an existing surface;
 - The angle at which the tracks intersect a highway; or
 - The vertical alignment of a crossing (i.e., to accommodate track superelevation, or changes in railroad or roadway grade).

(2) Whenever a railroad company, city, county, the department of transportation, the parks and recreation commission, or the commission seeks to take any of the following actions at a railroad-highway grade crossing, it must file a petition with the commission seeking approval under RCW 81.53.261:

(a) Modifying or upgrading warning signals or devices;
 (b) Adding a crossing signal;
 (c) Adding gates to a crossing signal;
 (d) Modifying or upgrading circuitry for a warning signal; or
 (e) Installing an intertie between railroad crossing signals and highway traffic signals.

(3) This rule applies to all railroad companies, including logging and industrial railroads, however, it does not apply to crossings within the limits of first class cities, unless federal funding is used at the crossing.

NEW SECTION

WAC 480-62-155 Procedure to set train speed limits.

(1) **Scope of commission authority.** The commission's authority to regulate the speed of trains is established in RCW 81.48.030 but limited by federal law. Under RCW 81.48.030, the commission has the power to "fix and regulate" the speed of trains within the limits of any city and town, other than a first class city and at grade crossings outside the limits of cities and towns. However, under section 205 of the Federal Railroad Safety Act, 49 U.S.C. §20106, states are limited to actions which are "necessary to eliminate or reduce an essentially local safety hazard." Accordingly, the commission will act to limit train speeds below those set by the United States Secretary of Transportation only where it finds that there exists such a local safety hazard and that reduction of the train speed is necessary to eliminate or reduce that hazard. Information about Title 49 U.S.C. regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(2) **Procedure for setting train speed limits.** The commission will consider whether to set train speed limits below those authorized by the United States Secretary of Transportation either upon petition or upon its own motion.

(a) Petition process.

(i) Any person who seeks to have the commission set a train speed limit different from the federally set speed limit or modify an existing limit set by the commission must file with the commission a petition. Such petition must contain the following information:

(A) Name and address of the petitioner;
 (B) Specific location and length of track over which the speed limit is sought;
 (C) Reasons for the speed limit;
 (D) If the petitioner seeks a speed limit different from the federally set speed limit, a detailed explanation of why there

exists an "essentially local safety hazard" and why that speed limit is necessary to eliminate or reduce the hazard; and

(E) Any other information the petitioner deems relevant.

(ii) Upon receipt of the petition, the commission will serve the petition on the railroad company; the governing body of any local government within which the proposed speed limit is intended to apply; and the secretary of the department of transportation. The commission will ask for responses from those persons. The commission will set the matter for consideration at a regularly scheduled or special open meeting or, in its discretion, for a formal adjudicatory proceeding under chapter 34.05 RCW.

(b) **Commission-initiated process.** After investigation, the commission may also initiate a proceeding to set a train speed limit. Such a proceeding will be initiated by serving a notice on the railroad company or companies; the chief executive officer of any local government within which the proposed speed limit is intended to apply; and the secretary of the department of transportation. The notice will contain the information described in (a)(i)(A) through (E) of this subsection, the time for filing responses to the notice and the date, time, and place at which the commission will consider the matter. Such consideration may be at a regular or special open meeting or, in the commission's discretion, in a formal adjudicatory proceeding under chapter 34.05 RCW.

(3) **Evidence of what constitutes an "essentially local safety hazard."** In determining whether a train speed limit, lower than authorized by federal law, is necessary to eliminate or reduce an essentially local safety hazard, the commission will include in its consideration the following:

(a) Whether the local situation is one that is covered by or is capable of being adequately covered by uniform national standards;

(b) Whether there exist unusual local geographic or other natural conditions which contribute to the existence of the hazard;

(c) The history of accidents or potential for accidents at the location; and

(d) Whether there exist alternate means to reduce or eliminate any hazard that can be included as conditions to an order setting a train speed.

NEW SECTION

WAC 480-62-160 Compliance policy. (1) The commission encourages voluntary compliance with state statutes, rules, and commission orders through the following:

(a) A program emphasizing education and technical assistance; and

(b) A compliance program including inspections and investigation of railroad company operations:

(i) For compliance with state statutes, rules, and commission orders;

(ii) For compliance with Federal Railroad Administration (FRA) rules through the State Safety Participation Program, 49 CFR Part 212. Information about Title 49 CFR regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(2) The commission may pursue administrative actions, including, but not limited to, issuing defect notices to railroad companies, reports and recommendations to the FRA, warnings, sanctions, and penalty assessments.

NEW SECTION

WAC 480-62-165 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected.

NEW SECTION

WAC 480-62-170 Resolving disputes about the meaning of these rules. If the interpretation of any rule in this chapter is questioned by a railroad company, a request for clarification may be filed with the commission.

(3) All violations of the above incorporated rules and statutes will be submitted to the Federal Railroad Administration for enforcement action pursuant to the State Safety Participation Program, 49 CFR Part 212.

NEW SECTION

WAC 480-62-205 Track safety standards. (1) Rules governing track safety standards are prescribed by the United

States Department of Transportation in Title 49, Part 213, of the Code of Federal Regulations, along with appendices. Information about Title 49 CFR regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(2) All violations of the above incorporated rules will be submitted to the Federal Railroad Administration for enforcement action pursuant to the State Safety Participation Program, 49 CFR Part 212.

NEW SECTION

WAC 480-62-210 Crossing signal circuitry. (1) Rules governing grade crossing signal system safety are prescribed by the United States Department of Transportation in Title 49 of the Code of Federal Regulations, Part 234 along with appendices. Information about Title 49 CFR regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(2) All violations of the above incorporated rules will be submitted to the Federal Railroad Administration for enforcement action pursuant to the State Safety Participation Program, 49 CFR Part 212.

(3) Violations involving all other railroad companies will be enforced pursuant to WAC 480-62-160, Compliance policy.

NEW SECTION

WAC 480-62-215 Hazardous materials regulations. (1) Rules governing hazardous materials are prescribed by the United States Department of Transportation in Title 49, Code of Federal Regulations, Parts 171 through 174, and Parts 178 and 179, and the appendices to Title 49. Information about Title 49 CFR regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(2) All violations of the above incorporated rules and statutes will be submitted to the Federal Railroad Administration for enforcement action pursuant to the State Safety Participation Program, 49 CFR Part 212.

NEW SECTION

WAC 480-62-220 Blockage of public grade crossings. (1) Railroad companies must not block a grade crossing for more than ten consecutive minutes, if reasonably possible.

(2) A blocked grade crossing must be cleared immediately by the fastest available method, if the train movement will not violate rules issued by the Federal Railroad Administration, upon the request of law enforcement or other emergency services personnel, or when the engineer becomes aware that the crossing is being approached by a law enforcement or other emergency services vehicle with its emergency lights flashing or that such a vehicle is stopped with its emergency lights flashing at the crossing blocked by the train.

(3) A grade crossing is "blocked" if any part of a stopped train occupies the crossing or causes warning devices to be activated.

NEW SECTION**WAC 480-62-225 Crossing surfaces. (1) Areas of responsibility.**

(a) Highway authorities must maintain and keep in repair the surfaces and the subgrades of the roadway approaches up to one foot from the outside of either rail at a grade crossing with one track. At crossings involving more than one track, the highway authority must maintain and keep in repair the roadway approaches up to one foot from the outside of each of the two outside rails.

(b) At a grade crossing with one track, railroad companies must maintain and keep in repair the crossing surfaces between the rails and for a distance of one foot on the outside of either rail. At crossings involving more than one track, railroad companies must maintain and keep in repair the crossing surfaces and the roadway for the entire area between the outermost rails at the crossing, and for a distance of one foot outside of the two outermost rails.

(c) If tracks at a crossing involving more than one track are owned by different railroad companies, each company must maintain and keep in repair the crossing surfaces and roadway within its right of way that is within the area specified in (b) of this subsection.

(2) Crossing surfaces.

(a) Crossing surfaces include shoulders and pedestrian walkways immediately adjacent to a roadway or shoulder. If reasonably possible, roadways and adjacent shoulders and pedestrian walkways must be continued through a crossing without narrowing the roadway, shoulder or walkway.

(b) The subgrade to a crossing surface must be maintained in a manner which minimizes damage to the crossing surface, taking into account the effects of topography, water tables, weather, and the types of vehicular traffic generally using the crossing.

(3) Roadways.

(a) Roadways between tracks at crossings involving more than one set of tracks, including the roadway subgrade, must be of the same quality as the roadway approaches to the crossing unless the highway authority and the railroad company agree to a higher quality.

(b) Roadway approaches must be constructed and maintained so that the transition between the roadway and crossing surface is on the same plane and smooth.

(c) At grade crossings where track superelevation exists, roadway approaches must be constructed and maintained so that the transition between the roadway and crossing surface is as smooth as practicable.

(4) Standards for surface maintenance and repair. Crossing surfaces must be convenient and safe for passage. Some factors in determining compliance with this general standard are:

(a) Whether crossing surfaces and the adjacent roadways are level with the top of the rails on the plane created by each set of tracks.

(b) Whether crossing surfaces are broken or loose.

(c) The existence of potholes.

(d) The existence of curled or rolled asphalt.

(e) Whether traffic generally slows to traverse the crossing.

(f) Citizen complaints.

(5) Notice requirements.

(a) Whenever a highway authority plans to perform maintenance that will affect a crossing, it must notify the railroad company at least ten days before performing the maintenance. Whenever a railroad company plans to perform maintenance that will affect a crossing, it must notify the highway authority at least ten days before performing the maintenance.

(b) Whenever a railroad company plans to perform maintenance that involves changing the type of material used as a grade crossing surface, it must also notify the commission at least ten days prior to performing the replacement, however, this rule is not intended to include situations that would be deemed an immediate safety hazard or an emergency.

NEW SECTION

WAC 480-62-230 Traffic control devices. (1) Whenever a railroad company performs any construction, maintenance or repairs at a grade crossing or grade separated crossing, the company must install and maintain traffic control devices adequate to protect the public and railroad employees. Flaggers must also be provided where necessary to adequately protect the public and railroad employees.

(2) The rules governing traffic control devices are prescribed in the Manual on Uniform Traffic Control Devices and chapter 468-95 WAC. Information about the Manual on Uniform Traffic Control Devices and chapter 468-95 WAC regarding the versions adopted and where to obtain them is set out in WAC 480-62-999.

(3) Any traffic control device must be used only as long as the device is needed or applicable. Any device that is no longer needed or applicable must be immediately removed or inactivated so as to prevent confusion.

(4) All barricades, signs, and similar devices must be constructed and installed in a workmanlike manner.

(5) Bushes, weeds, or any other material or object must not be allowed to obscure any traffic control devices.

(6) All signs, barricades, and other control devices intended for use during hours of darkness must be adequately illuminated or reflectorized, with precautions taken to protect motorists from glare.

NEW SECTION

WAC 480-62-235 Flaggers. (1) The rules in this section apply whenever a railroad company engages in the maintenance, repair, or construction of a grade crossing or grade separated crossing; however, they do not apply when flaggers are provided only because of a crossing signal malfunction or only because of inspections or repairs to a crossing signal system. The latter circumstances are covered by 49 CFR, Part 234. In addition, 49 CFR Part 234.5 recommends that railroad companies follow the requirements of Part VI of the Federal Highway Administration's Manual on Uniform Traffic Control Devices (MUTCD) to the extent possible. The commission further recommends that railroads also abide by the following rules to the extent possible in situations covered by 49 CFR Part 234.

(2) Except as otherwise required in this section, traffic control devices, signs, barricades, and signaling methods must be set up and used by individuals trained in and familiar with the provisions of and according to the guidelines in the Manual on Uniform Traffic Control Devices, Part VI.

(3) Flaggers are to be used only when other reasonable means of control will not adequately control traffic in work zones. It may be reasonable in some cases to close the road on which the crossing is located, but only if agreed to by the public authority responsible for the roadway.

(4) Standards for high-visibility safety apparel.

(a) While flagging during daylight hours, a flagger must, at a minimum, wear:

- A high-visibility safety garment designed according to Class 2 specifications in ANSI/ISEA 107-1999, American National Standard for High-Visibility Safety Apparel, specifically, a garment containing at least seven hundred seventy-five square inches of background material and two hundred one square inches of retroreflective material; and

- A high-visibility hard hat.

(b) While flagging at night, a flagger must, at a minimum, wear:

- A high-visibility safety garment designed according to Class 2 specifications in ANSI/ISEA 107-1999 over white coveralls, or other coveralls or trousers designed according to ANSI/ISEA 107-1999 standards; and

- A high-visibility hard hat that is marked with at least twelve square inches of reflectorized material providing three hundred sixty degrees of visibility.

(c) While flagging during inclement weather, yellow rain gear, white rain gear, or rain gear designed according to ANSI/ISEA 107-1999 may be substituted for white coveralls.

(5) Railroad companies must develop and use a method to ensure that whenever there is any potential hazard associated with motor vehicles, construction equipment, or on-track equipment that flaggers have adequate warning of objects approaching from behind the flagger.

Note: The following are some nonmandatory examples of methods that may be used to adequately warn flaggers:

- Mount a mirror on the flagger's hard hat;
- Use a motion detector with audible warning; or
- Use a spotter.

(6)(a) Railroad companies must conduct an on-site safety briefing for flaggers each time a flagger reports for duty, and also when job site conditions change significantly. The briefing must include applicable portions of the traffic control plan and any changes applicable during the flagger's shift. If not covered in the traffic control plan, the briefing must also include:

- The flagger's role and location of the job site;
- Motor vehicles and equipment in operation at the site;
- Job site traffic patterns;
- Communications and signals to be used between flaggers and equipment operators;
- Expected train and other on-track equipment movements;
- On-foot escape route; and
- Other hazards specific to the job site.

(b) When flaggers are used on a job site at a roadway allowing speeds of forty-five mph or more and the job will

last more than one day, the railroad company must keep on the site a current site-specific traffic control plan. The purpose of this plan is to help move traffic through or around the construction zone in a way that protects the safety of the traveling public, pedestrians and workers. The plan must include, but is not limited to, such items as:

- Sign use and placement;
- Application and removal of pavement markings;
- Construction;
- Scheduling;
- Methods and devices for delineation and channelization;
- Placement and maintenance of devices;
- Placement of flaggers;
- Roadway lighting;
- Traffic regulations; and
- Surveillance and inspection.

(7)(a) Where flaggers are used on roads allowing speeds of at least forty-five mph, the railroad company must provide an additional warning sign marked "BE PREPARED TO STOP."

(b) This sign is in addition to those required by Part VI of the Manual on Uniform Traffic Control Devices. It should be placed between the last two warning signs in the series or on the opposite side of the road when used on undivided roads.

(c) This additional sign does not increase the required advance warning area.

(d) The purpose of this additional sign is to clearly point out that a flagger will be encountered and the driver should be prepared to stop.

(8) To protect flaggers, railroad companies must ensure that:

(a) Flagger workstations are illuminated at night and during inclement weather by floodlights. It is important to adequately illuminate the workstation without creating glare in the eyes of approaching drivers. The adequacy and proper placement of floodlights can best be determined by driving through and observing the workstation from each direction on the roadway.

(b) Warning signs reflect the actual condition of the work zone. When not in use, warning signs should either be taken down or covered.

(c) Flaggers are not assigned other duties while engaging in flagging activities.

NEW SECTION

WAC 480-62-245 Passenger carrying vehicles—Operation. (1) **General.** All passenger carrying motor vehicles must be operated in compliance with state law no matter where the vehicle is operated. Drivers must operate vehicles in a careful and prudent manner and at reasonable and proper speeds, with due regard to circumstances and to the use of highways by others.

(2) **Minimum age, skill, and physical condition of drivers.** Drivers of passenger carrying vehicles must be at least eighteen years old. Before being allowed to drive or operate a passenger carrying vehicle, drivers must have demonstrated the physical capability of handling the controls of the vehicle with ease. Before driving a vehicle, drivers or operators must obtain either a valid Washington state driver's license or a valid license from the state of the driver's residence. The driver must carry the license at all times while operating a vehicle. If the passenger carrying vehicle is a type for which the state of Washington requires an extraordinary license or endorsement, the driver must have such license or endorsement.

(3) **Driver's daily hours of service.** No driver of any passenger carrying motor vehicle may drive for more than ten hours without resting afterward for a minimum of eight consecutive hours.

(4) **Refueling.** No driver or any employee of a railroad company operating within the state may:

(a) Fuel a passenger carrying vehicle with the engine running;

(b) Smoke or expose any flame in the vicinity of a vehicle being fueled;

(c) Fuel a passenger carrying vehicle unless the nozzle of the fuel hose is continuously in contact with the intake pipe of the fuel tank;

(d) Insofar as practicable, permit any other person to engage in activities that might result in a fire or explosion. Except on buses, all occupants of the vehicle, except the driver and those within the operating cab, must dismount and stand clear while the vehicle is being refueled.

(5) Driving rules.

(a) Drivers must bring vehicles to a complete stop not less than fifteen feet from the nearest rail of any at-grade crossing before crossing the track except:

- Where traffic is controlled by a police officer or a duly authorized flagger;
- Where traffic is regulated by a traffic control signal;
- Where traffic is controlled by crossing gate arms or an alternately flashing light signal intended to give warning of the approach of a train;
- Where an official traffic control device as designated by the commission pursuant to RCW 81.53.060 (i.e., an "EXEMPT" sign, specified as R15-3 by the Manual on Uniform Traffic Control Devices) gives notice that the stopping requirement imposed by this section does not apply. Information about the Manual on Uniform Traffic Control Devices regarding the version adopted and where to obtain it is set out in WAC 480-62-999.

(b) Drivers must not change gears while crossing any railroad tracks.

(c) No driver may drink intoxicating liquors while on duty, or drive while affected by the use of intoxicating liquor or other substance which might impair the ability to drive.

(d) No driver may proceed down a grade with the gears in neutral or the clutch disengaged.

(e) At the beginning of his or her use of a vehicle, the driver must perform a brake test immediately before, and immediately after, the vehicle begins moving to ensure that the brakes are functioning properly.

(6) Loading and carrying of passengers. Drivers are in charge of the vehicle and must require passengers to observe vehicle rules. Passengers may not enter or exit from the vehicle while it is in motion, or ride on running boards, fenders, bumpers, tops of cabs, or with any part of their body projecting beyond the sides or the ends of the vehicle. When equipment or tools are carried inside the vehicle, they must be stored in enclosed racks or boxes that are secured to the vehicle in a manner that prevents employees from being struck in the event of sudden starts, stops, or turns. The driver must assure that tools and materials are properly secured before moving the vehicle.

(7) Limitation on transportation of explosives, gasoline, and other hazardous materials on passenger carrying vehicles. Explosives other than track torpedoes and fuses may not be carried in or on any vehicle while the vehicle is being used to transport crew members in a passenger compartment. If track torpedoes or fuses are carried in a passenger carrying vehicle, they must be carried in a separate compartment or container provided for that purpose. Gasoline, or other hazardous materials, must not be carried in either the cab or in the passenger compartment; however,

oxygen or acetylene cylinders may be carried if gauges and regulators have been removed with caps in place before loading. Passenger carrying vehicles may be used to carry flammable materials when they are located outside of and isolated from the passenger carrying area, and are stored in containers approved by the Underwriters Laboratories, Inc. Containers for fuel must be vented in a manner that prevents the hazardous concentration of fumes. All tools and equipment, including cylinders, containers, or drums, must be properly secured where they will not interfere with the use of any exit. A passenger carrying vehicle containing hazardous materials must not be parked within three hundred feet of an open fire. Smoking is prohibited within fifty feet of a vehicle carrying explosive or flammable materials.

Rule is not necessitated by federal law, federal or state court decision.

Proposal Changes the Following Existing Rules: The proposal recommends repealing all existing rules in order to allow the chapter to be more effectively organized. The proposal also recommends elimination of rules that have no present day application. In addition, new rules have been added to ensure clear communication of policies, processes, and procedures or to provide complete information important to regulated companies and the customers they serve. The proposal also recommends adoption of new rules in the chapter that incorporate information formerly contained in various other sources.

Administrative or General Rules New to Chapter 480-70 WAC: WAC 480-70-001, 480-70-006, 480-70-011, 480-70-021, 480-70-126, 480-70-031, 480-70-036, and 480-70-051, the objective of these rules is to make the chapter more informative for users. The rules contain information referred to in other sources such as, but not limited to: Statutes, commission policies, commission orders, and interpretive statements. These sources are not always easily available to the public. Adopting rules in this chapter makes the information readily available. Cross-references to the other sources makes it easier for users to research issues further should they wish to do so.

Operational Rules New to Chapter 480-70 WAC: The objective of rules WAC 480-70-046, 480-70-061, 480-70-056, 480-70-096, 480-70-101, 480-70-121, and 480-70-156 is to clearly define for regulated companies what their responsibilities are on specific issues. PROPOSED

name or trade name, makes application for new authority, or enters into service agreements with third-party waste brokers.

Existing Rules Amended for Reasons in Addition to Clarity:

- The definition sections were greatly expanded from the current rule, with many more terms and phrases added. The objective is to ensure that terms and phrases used in the chapter are clearly defined.
- Various rules were updated to include information regarding administrative sanctions, technical assistance, and other measures that may result from failure to voluntarily comply with laws, rules, and policies.
- Rules dealing with tariffs and leases were updated to provide sample forms, thus facilitating compliance.

New Rules Added Chapter 480-70 WAC Include:

- Establishment of process and procedures for expedited processing of applications for short-term temporary authority in specific circumstances.
- Implementation of recent legislation related to city annexation or incorporation.
- A clear description of the commission's compliance policy.
- A clear description of the commission's policy when dealing with companies transporting solid waste without having first obtained required certificates.

Tariff and Filing Rules Added Chapter 480-70 WAC:

The proposals in part seven (tariffs, rates, and rate filings) contain provisions which:

- Incorporate provisions currently published in chapter 480-149 WAC, the standard tariff format, and a brochure containing filing policies into chapter 480-70 WAC.
- Define notice periods for various types of filings.
- Define an expanded customer notice rule, including specific information on the required content of those notices.
- Make less restrictive the process under which companies may request expedited handling of filings, allowing flexibility in filing format.
- Clarify processes for filing tariffs containing reduced rates allowed under RCW 81.28.080.
- Define requirements related to fuel expenses during rate filings.
- Define requirements related to tracking recycling commodity credits and debits.

Consumer Rules: Most of the consumer rules contained in this proposal are amendments of current rules recommended for the sake of clarity. In addition, proposals:

- Define timelines for responding to customer inquiries.
- Define educational and program information that must be provided to consumers facilitating the consumer in making fully informed choices relating to solid waste service options.
- Reduce burden on companies by reducing the number of contacts that must be made before service may be discontinued.

- Establish provisions allowing companies to offer credits as compensation in consumer complaints or problems.
- Allow companies to accept payment via debit cards and credit cards in addition to payment methods previously authorized.
- Establish processes for requiring prepayment by certain customers, under specific circumstances.
- Define fair use of customer information.

Medical Waste Rules: The proposed rules in this section are, for the most part, clarifications or redrafts of existing rules. Other objectives of the rules in this section include:

- Defining the chapters of federal regulations adopted by the commission relating to the transportation of medical waste.
- Communication of a policy regarding entering into cooperative agreements with other agencies if doing so will enhance compliance, avoid duplication of efforts, or make better use of expertise and resources.

Hazardous Waste Rules: The rules proposed in this section define the purpose behind adopting rules relating to the transportation of hazardous waste and identify the chapters of federal regulations adopted by the commission related to the transportation of hazardous waste.

No small business economic impact statement has been prepared under chapter 19.85 RCW. Commission staff contacted companies seeking data regarding whether the proposed rules would impose increased costs. The responses indicate that affected companies have not identified such increased costs. The commission analyzed the rules to identify those that impose requirements that are new or differ from current requirements. The commission analysis identified only minor costs.

RCW 34.05.328 does not apply to this rule adoption. The commission is not an agency to which RCW 34.05.328 applies.

Hearing Location: Commission Hearing Room 206, 2nd Floor, Chandler Plaza Building, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504-7250, on December 27, 2000, at 9:30 a.m.

WAC 480-70-006 Application. (1) Except for those operations described in WAC 480-70-011, these rules apply to any solid waste collection company in the business of transporting solid waste for collection and/or disposal from points in the state of Washington, for compensation, over the public highways.

(2) Cases of erroneous or doubtful interpretation of these rules by a solid waste collection company or customer are subject to appeal to the commission by any interested and proper party affected.

(3) Upon proper showing of any solid waste collection company, the commission may waive or modify as to that solid waste collection company, the provisions of any rule in this chapter except when such provisions are fixed by statute.

(4) No deviation from these rules will be permitted without written authorization by the commission. Violation will be subject to the penalty provisions of chapter 81.04 RCW.

(5) A company in the business of transporting solid waste for collection and/or disposal from points in the state of Washington is not exempt from commission regulation under the provisions of:

(a) The Interstate Commerce Act. Commission regulation of solid waste collection companies includes regulation of the collection and transportation of solid waste between points in the state of Washington and from points in the state of Washington to out-of-state disposal locations; or

(b) The Federal Aviation Administration Authorization Act (FAAAA) of 1994. The FAAAA preempted state regulation of rates, routes and services of property carriers, but did not affect state regulation of solid waste collection companies.

NEW SECTION

WAC 480-70-011 Exempt operations. (1) The following collection and hauling operations are not regulated by the commission:

(a) The operations of a company conducted under a contract for solid waste collection service with a city or town (refer to RCW 81.77.020);

(b) The operations of a city or town that itself provides solid waste collection service (refer to RCW 81.77.020);

(c) The operations of a company conducted under a contract with any county, city or town for the collection or transportation of source-separated recyclable materials from residences (refer to RCW 81.77.130);

(d) The operations of any city or town that itself provides collection and transportation of source-separated recyclable materials from residences (refer to RCW 81.77.130);

(e) The operations of a recycling company or nonprofit entity collecting and transporting recyclable materials from a buy-back center, drop box, or from a commercial or industrial generator of recyclable materials when those recyclable materials are being transported for use other than landfill disposal or incineration, or under agreement with a solid waste collection company (refer to RCW 81.77.140);

(f) The operations of a commercial or industrial generator of commercial recyclable materials in selling, conveying, or arranging for transportation of recyclable materials to a recycler for reuse or reclamation (refer to RCW 81.77.140);

(g) The operations of private carriers who, in their own vehicles, transport solid waste purely as an incidental adjunct to some other established private business owned or operated by them in good faith. This private-carrier exemption does not include persons transporting solid waste from residential sources, such as apartment houses or mobile home parks, in vehicles designed or used primarily for the transport of solid waste;

(h) The operations of carriers using special equipment to transport sewage or cesspool wastes as an incidental part of a septic tank or cesspool cleaning service; or

(i) The operations of carriers transporting loads either from a transfer station to a disposal site or between disposal sites are exempt from regulation by the commission under the provisions of RCW 36.58.050.

(2) The following collection and hauling operations are not regulated by the commission as solid waste:

(a) The operations of a carrier operating under a permit issued by the commission under chapter 81.80 RCW (motor freight) that occasionally transports to a disposal site, but whose primary business is not the collection of solid waste. This exemption does not apply if the carrier holds itself out to the public as a transporter of solid waste. Examples of this type of operation include, but are not limited to:

(i) A dump truck operator, who as a part of performing dump truck operations in conjunction with building or construction projects, hauls an occasional load to a disposal site; or

(ii) A household goods carrier who transports to a disposal site the used packing materials from a shipment of household goods that the carrier transported.

(b) A carrier collecting or transporting recyclable materials from a drop box or recycling buy-back center, or collecting or transporting recyclable materials by or on behalf of a commercial or industrial generator of recyclable materials to a recycler for use or reclamation. This type of operation is

PROPOSED

regulated under chapter 81.80 RCW as transportation of general commodities.

(3) A carrier transporting commercially salable earth which is used as fill, road ballast, or aggregate is regulated under chapter 81.80 RCW as a transporter of general commodities.

NEW SECTION

WAC 480-70-016 Determination of authority required to transport specific commodities or provide specific services. (1) Chapter 81.77 RCW is intended to cover operations of carriers whose primary business is transporting solid waste for collection and/or disposal. Persons holding permits issued by the commission under the provisions of chapter 81.80 RCW, whose primary business is not the collection of solid waste, normally do not need to obtain a certificate of public convenience and necessity.

(2) In some instances carriers may be engaged extensively in both motor freight and solid waste collection operations. In cases where such operations are separable, carriers may be required to hold both a solid waste certificate under the provisions of chapter 81.77 RCW and a motor carrier permit under the provisions of chapter 81.80 RCW in order to continue both services. In each case it is within the discretion of the commission to determine whether a carrier is required to hold both a motor carrier permit and a solid waste certificate.

(3) In some instances, transportation of a specific commodity may be subject to commission regulation under the provisions of chapter 81.80 RCW, or as solid waste under the provisions of chapter 81.77 RCW, depending on the circumstances involved in the transportation of that commodity. For example, if soil is transported to a landfill to become part of the cover of the landfill, the transportation is subject to regulation as a motor carrier under the provisions of chapter 81.80 RCW. However, if the soil is being transported to a landfill merely for disposal, the transportation is subject to regulation as a solid waste collection company under the provisions of chapter 81.77 RCW.

(4) In determining whether operations require a solid waste certificate or a motor carrier permit, the commission will consider factors including, but not limited to:

- (a) The intent of the shipper;
- (b) The intended destination of the shipment;
- (c) The actual destination of the shipment;
- (d) Special handling or conditions placed on the shipment by the shipper and/or receiver;
- (e) The value of the commodity being transported;
- (f) Whether the carrier is primarily engaged in the business of providing solid waste collection or is primarily engaged in the business of providing a service other than the collection of solid waste; and

(g) Whether the carrier holds itself out to the public as a transporter of solid waste.

NEW SECTION

WAC 480-70-021 Additional requirements. (1) These rules do not relieve any solid waste collection company from

any of its duties and obligations under the laws of the state of Washington.

(2) The commission retains the authority to impose additional or different requirements on any solid waste collection company in appropriate circumstances, consistent with the requirements of law.

NEW SECTION

WAC 480-70-026 Severability. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected.

NEW SECTION

WAC 480-70-031 Resolving disputes about the meaning of these rules. If the interpretation of any rule in this chapter is questioned by a company, a customer, or an applicant, a request for clarification may be filed with the commission.

NEW SECTION

WAC 480-70-036 Rules of practice and procedure. Commission rules governing administrative practices and procedures are in chapter 480-09. If a rule in this chapter conflicts with a rule in chapter 480-09 WAC, the rule in this chapter applies. Copies of chapter 480-09 WAC are available on request to the commission records center.

PART 2—ACCOUNTING REQUIREMENTS, REPORTING REQUIREMENTS AND REGULATORY FEES

NEW SECTION

WAC 480-70-066 Accounting requirements. (1) The commission publishes a uniform system of accounts (USOA) for solid waste collection companies. The commission supplies copies of the USOA on request.

(a) The USOA defines accounting, financial, and other procedures the commission uses to determine if rates are fair, just, reasonable, and sufficient.

(b) The USOA contains accounting definitions, listings, and explanations of balance sheet and income statement accounts.

(2) The commission recommends companies maintain their financial and accounting records in concurrence with the USOA. Regardless of what accounting system a company uses, the company must maintain its books and records in a manner sufficient to complete the commission-issued annual report form, using figures that reconcile with the USOA.

NEW SECTION

WAC 480-70-071 Reporting requirements. (1) **Annual reports.** An annual report is an end-of-the-year summary of financial and operational activity that each regulated company is required to file with the commission.

(a) Each year the commission provides an annual report form and instructions to each company at its address of record. Failure to receive the form does not relieve a company of its obligation to complete and file its annual report. A company that does not receive an annual report form must contact the commission to request a copy of the form.

(b) A company must file a complete, accurate annual report showing all requested information by May 1 of the

succeeding year. Information provided on the annual report must agree with source documents maintained at company offices.

(c) The commission may grant an extension of time allowing the company to file its annual report after the May 1 due date if the commission receives a request for extension before May 1.

(d) The commission may issue penalty assessments or take action to suspend or cancel a certificate if a company fails to file its required annual report.

(e) A company selling, canceling, transferring, or in some other manner discontinuing operations must submit an annual report for that portion of the year in which the company operated.

(2) **Other reports.** The commission may require a company to file periodic or other special reports.

NEW SECTION

WAC 480-70-076 Regulatory fees. A regulatory fee is an annual assessment paid by each company to cover the costs of regulating the solid waste industry.

(1) The maximum regulatory fee is set by statute at one percent of gross intrastate operating revenue. Each year, the commission may set the regulatory fee at an amount less than the statutory maximum. The minimum fee can be no less than one dollar.

(2) A company must pay its regulatory fee by April 1 of each year.

(3) The commission does not grant extensions for payment of regulatory fees.

(4) If a company does not pay its regulatory fee by April 1, the commission will assess an automatic late fee of two percent of the amount due, plus one percent interest for each month the fee remains unpaid.

(5) The commission may issue penalty assessments, or take action to suspend or cancel a certificate, if a company fails to pay its regulatory fee.

PART 3—CERTIFICATES

(3) **Display.** A company must keep the original of its certificate on file at its main office subject to inspection by

PROPOSED

any customer, law enforcement officer, commission compliance officer, or other authorized commission representative who asks to see it.

(4) **Replacement.** The commission will replace a lost or destroyed original certificate at no charge.

(5) **Description of certificated authority.** When a company's certificated authority is described using boundaries such as streets, avenues, roads, highways, townships, ranges or other descriptions, those descriptions or boundaries are established in the certificate as they existed at the time the commission granted the authority.

(6) **Operating within certificated authority.**

(a) A company must operate strictly within the authority described in its certificate.

(b) The commission may institute administrative sanctions against a company operating outside its certificated authority. Refer to WAC 480-70-216 for information regarding administrative sanctions.

The commission is authorized to administer and enforce laws and rules relating to solid waste collection companies. The commission delegates authority to the commission staff to inspect equipment, drivers, records, files, accounts, books, and documents. The commission also delegates to its staff authority to arrest without warrant or to issue citations to any person found violating this chapter in the presence of its staff.

(2) The commission encourages voluntary compliance with statutes, rules, and commission orders.

(3) The commission will enforce statutes, rules, and commission orders through:

(a) A program emphasizing education and technical assistance.

(b) A compliance program including:

(i) Investigation and resolution of complaints;

(ii) Safety compliance reviews of drivers and equipment;

(iii) Economic compliance audits including, but not limited to, rates, charges, and billing practices;

(iv) Coordinated roadside enforcement; and

(v) Cooperative agreements with other agencies to enable effective enforcement and appropriate use of resources.

(4) Where necessary to ensure compliance with statutes, rules, and commission orders, the commission will pursue:

(b) Suspension or cancellation of a company's certificate:

(i) When the commission believes education and penalties have not been, or will not be, effective to secure compliance;

(ii) For willful violations of legal requirements; or

(iii) For serious actions including, but not limited to, misrepresentation;

(c) Enforcement action against violators based on information collected by commission staff; or

WAC 480-70-221 Sanctions for operating without a valid certificate. (1) Operations without a certificate.

(a) A company that operates as a solid waste collection company without a certificate from the commission is subject to citation if observed or contacted by a representative of the commission or other law enforcement agency.

(b) If the commission receives information that a solid waste collection company is operating without a certificate, and a commission representative or other law enforcement agency has not observed those operations, the commission may:

(i) Issue a citation through the court; or

(ii) Contact the solid waste collection company and provide education and technical assistance concerning applicable regulations. This includes supplying the company with a copy of the applicable laws, rules, and certificate application forms.

(c) If the solid waste collection company continues to operate without a certificate after commission education and technical assistance is offered, the commission may institute an administrative proceeding to classify the company. If, as a result of that proceeding, the commission formally classifies the company as a solid waste collection company operating without the required certificate, the commission will issue a cease and desist order pursuant to RCW 81.04.510.

(d) If a company operates in violation of a commission order, the commission may impose penalties and/or take legal action in court.

(2) **Operating while certificate is suspended.** A company that operates after the commission suspends the company's certificate is subject to:

(a) Misdemeanor or gross misdemeanor citations, for which the company must appear in district court;

PART 7—TARIFFS, RATES, AND RATE FILINGS

NEW SECTION

WAC 480-70-226 Tariffs, definitions used in. (See WAC 480-70-041 for definition of general solid waste terms.) Unless the language or context indicates that a different meaning is intended, the following words, terms and phrases have the following meanings:

"Bale" means material compressed by machine and securely tarped or banded.

"Bulky materials" means empty carriers, cartons, boxes, crates, etc., or materials offered for disposal, all of which may be readily handled without shoveling.

"Commercial billing" means solid waste collection service:

Billed to a commercial customer; or

Billed to, and paid for, by a property manager or owner rather than a residential tenant.

"Compacted material" means material which has been compressed by any mechanical device either before or after it is placed in the receptacle handled by the collector.

"Loose material" means material not set out in bags or receptacles, including materials which must be shoveled.

"Pass-through fee" means a fee collected by a solid waste collection company on behalf of a third party when the fee is billed directly to the customer without markup or markdown.

"Permanent service" means container and drop-box service provided at the customer's request for a period of more than ninety days.

"Rate" means a price per unit or per service. A rate is multiplied times the number of units transported or the number of times a service is performed to determine a charge.

"Rate design" and **"rate structure"** mean the relationship between rates charged for different solid waste service options offered to customers within the same class (residential, commercial or drop box). Neither of the terms includes setting specific rates for specific services.

"Residential billing" means solid waste collection service billed to and paid for by the resident.

"Solid waste receptacle." This term includes the following items, with the following meanings:

- **"Automated cart"** means a cart designed to be picked up and emptied by mechanical means. The specific type and size are to be defined in rate items.

- **"Can"** means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A can holds more than twenty gallons, but not more than thirty-two gallons or four

cubic feet. The maximum weight of an empty and filled can will be established in each company's tariff.

- **"Cart"** means a wheeled plastic container. A cart may also be referred to as a toter. If supplied by a customer, a cart must be compatible with the collector's equipment. The size and type of cart that is compatible will be established in each company's tariff.

- **"Container"** means a detachable receptacle (normally designed to hold at least a cubic yard of solid waste) from which materials are collected by mechanically lifting the receptacle and emptying the contents into the company's vehicle.

- **"Drop box"** means a detachable receptacle used to provide solid waste collection service by the receptacle being placed on the collector's vehicle by mechanical means and transported to a disposal site.

- **"Drum"** means a metal or plastic container of approximately fifty-gallon capacity, generally used for oils or solvents. The maximum weight allowed in a drum will be established in each company's tariff.

- **"Litter receptacle"** means a container not over sixty-gallon capacity, generally placed in shopping centers and along streets or highways for litter. The maximum weight allowed in a litter receptacle will be established in each company's tariff.

- **"Micro-mini can"** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A micro-mini can may not hold more than ten gallons. The maximum weight allowed in a micro-mini can will be established in each company's tariff.

- **"Mini can"** means a can made of durable, corrosion-resistant, nonabsorbent material that is watertight and has a close-fitting cover. A mini can may not hold more than twenty gallons. The maximum weight allowed in a mini can will be established in each company's tariff.

- **"Recycling bin or container"** means a bin or container designed or designated for the collection of recyclables. The size and type of recycling bin or container will be established in each company's tariff.

- **"Toter"** means a wheeled plastic container. A toter may also be referred to as a cart. If supplied by customer, a toter must be compatible with the collector's equipment. The size and type of toter that is compatible will be established in each company's tariff.

- **"Unit"** means a receptacle made of durable, corrosion-resistant, nonabsorbent material, that is watertight, and has a close-fitting cover and two handles. A unit holds more than twenty gallons, but not more than thirty-two gallons or four cubic feet. The maximum weight of an empty and filled unit will be established in each company's tariff.

Where agreed on between the company and the customer, and where allowable under local ordinance, a box, carton, cardboard barrel or other suitable container may be substituted for a solid waste can, for a single pick-up that includes removal of the container, if it meets the size and weight limits established in the carrier's tariff.

- **"Yardwaste bin or container"** means a bin or container specifically designed or designated for the collection of

yardwaste. Each carrier's tariff will refer to a specific type of yardwaste bin or container to be used by customers in a service area. The type, size, weight, etc., of this type of bin or container will often be set by local government plans or ordinances.

"**Special pick-up**" means a pick-up requested by the customer at a time other than the regularly scheduled pick-up time, but which does not involve the special dispatch of a truck. If a special dispatch is required, the company will assess time rates established in the company's tariff.

"**Temporary service**" means providing container or drop-box service at the customer's request, for a period of ninety days or less.

PERMANENT RULES
DEPARTMENT OF REVENUE
 [Filed November 1, 2000, 3:42 p.m.]

Date of Adoption: November 1, 2000.

Purpose: This rule explains the retail sales tax exemptions provided by RCW 82.08.0266 and 82.08.02665 for sales of watercraft to nonresidents. It also explains the conditions under which a nonresident bringing watercraft into Washington for personal enjoyment and/or repair is not subject to use tax.

The department has traditionally followed the registration statutes administered by the Department of Licensing with respect to watercraft for the purposes of administering the use tax exemption provided by RCW 82.12.0251 to nonresidents "temporarily" using property within Washington. RCW 88.02.030 was revised to extend the period of time a nonresident individual may use a vessel within Washington without being required to register the vessel. The department is amending WAC 458-20-238 to incorporate this change. The amended rule also explains that tax-exempt sales to nonresidents may be documented using the department's "Buyer's Retail Sales Tax Exemption Certificate." This multi-use certificate replaces the exemption certificate and affidavit of out-of-state residency currently provided in this rule.

Citation of Existing Rules Affected by this Order: Amending WAC 458-20-238 Sales of watercraft to nonresidents.

Statutory Authority for Adoption: RCW 82.32.300.

Adopted under notice filed as WSR 00-18-007 on August 24, 2000.

Changes Other than Editing from Proposed to Adopted Version: Description of changes from proposed Rule 238 to adopted Rule 238:

Subsection (4)(c) - Editing changes for clarification.

Proposed language: (c) Watercraft temporarily brought into this state by nonresidents exclusively for repair, alteration, or reconstruction are exempt from the use tax if removed from this state within sixty days.

Adopted language: (c) Watercraft (~~temporarily brought into this state~~) owned by nonresidents and in this state exclusively for repair, alteration, or reconstruction are exempt from the use tax if removed from this state within sixty days.

Subsection (5)(d) - The language provided in this subsection/example was changed to clearly indicate that the time watercraft is in Washington exclusively for repair does not count against the period of time the nonresident is considered to be "temporarily" using the yacht in Washington for personal enjoyment.

Proposed language: (d) Mr. Smith, a resident of ((~~California~~)) British Columbia, Canada, brings his yacht into Washington ((~~for~~)) with the intention of temporarily using the yacht for personal enjoyment. The yacht experiences mechanical difficulty requiring repair. Extensive repairs and testing require the yacht to remain in Washington waters for ((~~ninety~~)) two hundred seventy days. Mr. Smith obtains the required identification issued by the department of licensing entitling him to use the yacht within Washington for six

months in a twelve-month period. Mr. Smith then extends the exemption period by filing a "Nonresident Out-of-State Vessel Repair Affidavit" with the department of revenue prior to end of the initial ((~~sixty-day~~)) six-month exemption period. An employee of the repair facility is on board the yacht during all testing, and there is no personal use by Mr. Smith during this period. Upon completion of the repairs and testing, Mr. Smith takes delivery at the repair facility and promptly removes the yacht from Washington waters.

Mr. Smith has not incurred a use tax liability on his yacht. The conditions and requirements exempting the yacht from use tax during the period of repair and testing have been met. ((~~However,~~)) Retail sales tax is due, and must be paid, however, on all charges for repair parts and labor. The exemption from sales tax for purchases of vessels does not extend to repairs.

Adopted language: (d) Mr. Smith, a resident of ((~~California~~)) British Columbia, Canada, brings his yacht into Washington ((~~for repair~~)) with the intention of temporarily using the yacht for personal enjoyment. Mr. Smith obtains the required identification document issued by the department of licensing. After four months of personal use, the yacht experiences mechanical difficulty. ((Extensive repairs and testing require the yacht to remain in Washington waters for ninety days. Mr. Smith extends the exemption period by filing a "Nonresident Out-of-State Vessel Repair Affidavit" with the department of revenue prior to end of the initial sixty-day exemption period.)) The yacht is taken to a repair facility and due to the extensive nature of the damage the yacht remains at the repair facility for six months. As explained in subsection (4)(c) above, Mr. Smith makes a timely filing of each required "Nonresident Out-of-State Vessel Repair Affidavit." An employee of the repair facility is on board the yacht during all testing, and there is no personal use by Mr. Smith during this period. Upon completion of the repairs and testing, Mr. Smith takes delivery at the repair facility ((~~and promptly removes the yacht from Washington waters~~)).

((~~Mr. Smith has not incurred a use tax liability on his yacht. The conditions and requirements exempting the yacht from use tax during the period of repair and testing have been met. However,~~)) Mr. Smith may personally use the yacht in Washington waters for up to two months after taking delivery of the repaired yacht. He will not incur liability for use tax because the instate use of the yacht for personal enjoyment will not exceed six months in a twelve-month period. The time the yacht is at the repair facility exclusively for repair does not count against the period of time Mr. Smith is considered to be "temporarily" using the yacht in Washington for personal enjoyment. Retail sales tax is due, and must be paid, however, on all charges for repair parts and labor. The exemption from sales tax for purchases of vessels does not extend to repairs.

AMENDATORY SECTION (Amending WSR 95-24-103, filed 12/6/95, effective 1/6/96)

WAC 458-20-238 Sales of watercraft to nonresidents.

(1) **Introduction.** This ~~((section))~~ rule explains the retail sales tax exemption provided by RCW 82.08.0266 for sales to nonresidents of watercraft requiring United States Coast Guard ~~((registration or))~~ documentation or state registration. It also explains the retail sales tax exemption provided by RCW 82.08.02665 for sales of watercraft to residents of foreign countries ~~((, which became effective July 25, 1993. (See chapter 119, Laws of 1993.)))~~. These statutes provide the exclusive authority for granting a retail sales tax exemption for sales of such watercraft when delivery is made within Washington. This ~~((section))~~ rule explains the requirements ~~((which must))~~ to be met, and the documents which must be preserved, to substantiate a claim of exemption. It also discusses use tax exemptions for nonresidents bringing watercraft into Washington for enjoyment and/or repair.

This ~~((section))~~ rule primarily deals with the retail sales and use taxes where delivery takes place in Washington. ~~((Purchasers of watercraft should also be aware that there is a watercraft excise tax which may apply to the purchase or use of watercraft in Washington. (See chapter 82.49 RCW.)))~~ Sellers should refer to WAC 458-20-193 if they deliver the vessel to the purchaser at an out-of-state location. Purchasers also should be aware that there is a watercraft excise tax which may apply to the purchase or use of watercraft in Washington. (See chapter 82.49 RCW.) In addition, purchasers of commercial vessels may have annual liability for personal property tax. (See RCW 84.08.065.)

(2) **Business and occupation tax.** Retailing B&O tax is due on all sales of watercraft to consumers if delivery is made within the state of Washington, ~~((notwithstanding))~~ even though the sale may qualify for an exemption from the retail sales tax. If the seller is also the manufacturer of the vessel, the seller must ~~((generally))~~ report under both the ~~(("production" (extracting and/or)) manufacturing((3)) and ("selling" (4))wholesaling or retailing((3))~~ classifications of the B&O tax, and claim a ~~((tax credit under the))~~ multiple activities tax credit ((system)) (MATC). Manufacturers should also refer to WAC 458-20-136 (Manufacturing, processing for hire, fabricating) and WAC 458-20-19301 (Multiple activities tax credits).

(3) **Retail sales tax.** The retail sales tax generally applies to the sale of watercraft to consumers when delivery is made within the state of Washington. ~~((However,))~~ Under certain conditions, however, retail sales tax exemptions are available for sales of watercraft to nonresidents of Washington, even when delivery is made within Washington.

(a) ~~((Sales to residents of other states.))~~ **Exemptions.** RCW 82.08.0266 provides an exemption from the retail sales tax for sales of watercraft to residents of states other than Washington for use outside this state, even when delivery is made within Washington. ~~((This specific exemption does not apply to sales of watercraft to Canadian or other foreign country residents. The retail sales tax exemption which is available for sales of watercraft to Canadian or other foreign country residents is explained in (b) of this subsection.))~~

(i)) The exemption provided by RCW 82.08.0266 is limited to ~~((the following:~~

(A) ~~Sales of watercraft which are required to obtain United States Coast Guard documentation; and~~

(B)) sales of watercraft requiring ~~((registration by the))~~ United States Coast Guard documentation or registration with the state in which the vessel will be principally used, but only when that state has assumed the registration and numbering function under the Federal Boating Act of 1958.

~~((ii) The following requirements must be met to perfect any claim for exemption:~~

(A) ~~The watercraft must leave Washington waters within forty-five days of delivery;~~

(B) ~~The seller must examine acceptable proof that the buyer is a resident of a state other than the state of Washington; and~~

(C) ~~The seller, at the time of the sale, must retain as a part of its records a completed exemption certificate. (See subsection (4) of this section.)~~

~~((b) Sales to residents of foreign countries.))~~ RCW 82.08.02665 provides a retail sales tax exemption for sales of vessels to residents of foreign countries for use outside this state, even when delivery is made in Washington. This exemption ~~((became effective July 25, 1993. (See chapter 119, Laws of 1993.))~~

(i)) is not limited to the types of watercraft qualifying for the exemption provided by RCW 82.08.0266. The term "vessel," for the purposes of ~~((this subsection))~~ RCW 82.08.02665, means every watercraft used or capable of being used as a means of transportation on the water, other than a seaplane. ~~((This exemption is not limited to the types of watercraft qualifying for the exemption discussed in (a) of this subsection.))~~

(ii)) (b) **Exemption requirements.** The following requirements must be met to perfect any claim for exemption under RCW 82.08.0266 and 82.08.02665:

~~((A))~~ (i) The watercraft must leave Washington waters within forty-five days of delivery;

~~((B))~~ (ii) The seller must examine acceptable proof that the buyer is a resident of another state or a foreign country; and

~~((C))~~ (iii) The seller, at the time of the sale, must retain as a part of its records a completed exemption certificate ~~((See subsection (4) of this section.))~~ to document the exempt

nature of the sale. This requirement may be satisfied by using the department's "buyer's retail sales tax exemption certificate," or another certificate with substantially the information as it relates to the exemption provided by RCW 82.08.0266 and 82.08.02665. The certificate must be completed in its entirety, and retained by the seller. A blank certificate can be obtained via the Internet at http://dor.wa.gov, by facsimile by calling Fast Fax at (360) 786-6116 or (800) 647-7706 (using menu options), or by writing to: Taxpayer Services, Washington State Department of Revenue, P.O. Box 47478, Olympia, Washington 98504-7478. The seller should not accept an exemption certificate if the seller becomes aware of any information prior to the completion of the sale which is inconsistent with the purchaser's claim of residency, such as a Washington address on a credit application.

(c) (~~Watercraft qualifying for exemption under RCW 82.08.0266 and 82.08.02665.~~) **Component parts and repairs.** The exemptions provided by RCW 82.08.0266 and 82.08.02665 apply only to sales of watercraft. For the purposes of these exemptions, the term "watercraft" includes component parts which are installed in or on the watercraft prior to ~~((the watercraft being delivered to and accepted))~~ delivery to and acceptance by the buyer, but only when these parts are sold by the seller of the watercraft. "Component part" means tangible personal property which is attached to ~~((the watercraft))~~ and used as an integral part of the operation of the watercraft, even if the item is not required mechanically for the operation of the watercraft. Component parts include, but are not necessarily limited to, ~~((boat))~~ motors, navigational equipment, radios, depth~~((-))~~finders, and winches, whether themselves permanently attached to the watercraft or held by brackets which are permanently attached. If held by brackets, the brackets must be permanently attached to the watercraft in a definite and secure manner.

These exemptions do not extend to the sale of boat trailers, repair parts, or repair labor~~((, etc.))~~. ~~((Nor do they))~~ These exemptions also do not extend to a separate seller of unattached component parts, even though these parts may be manufactured specifically for the watercraft and/or permanently installed in or on the watercraft prior to the watercraft being delivered to and accepted by the buyer.

(4) (~~Exemption certificate.~~ The exemption certificate must be completed in its entirety, and retained by the seller at the time of sale. The seller is required to review one piece of identification substantiating the nonresident status of the customer, and to indicate on the certificate the type of identification examined. This one piece of identification must either be a valid driver's license from the jurisdiction in which out-of-state residency is claimed, or a valid identification document which has a photograph of the holder and is issued by the out-of-state jurisdiction. If the customer is a partnership, corporation, limited liability company, association, or any other person who is not a natural person, the seller should refer to subsection (5) of this section for an explanation of what constitutes acceptable proof of the customer's nonresident status.

The seller should not accept an exemption certificate if the seller becomes aware of any information prior to completion of the sale which is inconsistent with the purchaser's

claim of residency, such as a Washington address on a credit application. The exemption certificate must be substantially in the following form:

EXCEPTION CERTIFICATE

Seller's Name
Buyer's Name
Address of Buyer
State or Foreign Country of Residence
Date of Sale
Make and Model of Vessel
Serial Number of Vessel

I certify that (a) the vessel described above will be registered or documented with the United States Coast Guard or the state of principal use; or (b) I am a resident of a foreign country and the vessel has been purchased for use outside the state of Washington. I further certify that this vessel will leave Washington state waters within forty-five days of delivery, and the purchase of this vessel is exempt from Washington state retail sales tax under the provisions of either RCW 82.08.0266 or 82.08.02665. This certificate is given with full knowledge of, and subject to, the legally prescribed penalties for fraud and tax evasion.

Signature of buyer or buyer's representative

CERTIFICATION BY SELLER

I hereby certify that I have personally examined one of the following items of documentary evidence submitted by the above purchaser to establish residency in the state or country of.....:

... Driver's License (list license number and date of expiration)

... Identification Card (list card number and date of expiration)

Signature of seller or agent of seller

~~(5) Sales to residents of other states or countries who are not natural persons.~~ The types of identification described in subsection (4) of this section are not applicable for establishing the residency of partnerships, corporations, limited liability companies, or other persons who are not natural persons. Because many of the types of documentation which would establish the nonresident status of these persons contain confidential information (e.g., federal income tax returns), the seller may satisfy its requirement to examine and record documentary evidence by retaining at the time of sale a completed affidavit substantially in the following form:

AFFIDAVIT OF OUT-OF-STATE RESIDENCY

(This affidavit for use only by purchasers who are not natural persons, such as corporations.)

Name of buyer
Address

PERMANENT

State or foreign country of residency

Registration #

Type of entity (e.g., corporation, partnership, etc.)

I certify that ... (buyer's name) ... is a resident of ...
 (state or foreign country)....

Name of buyer's representative (printed)

Signature of buyer's representative

The affidavit of out of state residency may only be accepted and used for establishing the nonresident status of persons who are not natural persons. It may not be used as documentary evidence for sales to natural persons. The seller must at the time of sale retain this affidavit as well as the exemption certificate described in subsection (4) of this section. A partnership, corporation, limited liability company, or other person who is not a natural person is a "nonresident" for the purposes of exemption under RCW 82.08.0266 or 82.08.02665 if that person's principal place of business is not in Washington, and that person is not incorporated in Washington.

(6)) Deferred retail sales or use tax. If Washington retail sales tax has not been paid, persons using watercraft on Washington waters are ((generally subject to the)) required to report and remit to the department such sales tax (commonly referred to as deferred retail sales tax) or use tax ((if Washington retail sales tax has not been paid)), unless ((such)) the use is specifically ((exempted)) exempt by law ((from the use tax)). A credit against Washington's use tax is allowed for retail sales or use tax previously paid by the user or the user's bailor or donor with respect to the property to any other state of the United States, any political subdivision thereof, the District of Columbia, and any foreign country or political subdivision thereof, prior to the use of the property in Washington. RCW 82.12.035. See also WAC 458-20-178.

(a) ((The deferred retail sales tax or use)) Tax is due on the use by any nonresident of watercraft purchased from a Washington vendor and first used within this state for more than forty-five days if retail sales or use tax has not been paid by the user. Tax is due notwithstanding the watercraft qualified for retail sales tax exemption at the time of purchase.

(b) Use tax does not apply to the temporary use or enjoyment of watercraft brought into this state by nonresidents ((for their use and enjoyment)) while temporarily within this state ((are exempt from the use tax)). ((However)) Except as otherwise provided in this rule, it will be presumed that ((usage)) use within Washington ((which exceeds more than)) exceeding sixty days in any twelve-month period is more than temporary ((usage)) use and use tax is due.

Effective January 1, 1998, nonresident individuals (whether residents of other states or foreign countries) may temporarily bring watercraft into this state for their use or enjoyment without incurring liability for the use tax if such use does not exceed a total of six months in any twelve-month period. To qualify for this six-month exemption period, the watercraft must be issued a valid number under federal law or by an approved authority of the state of principal operation, be documented under the laws of a foreign country, or have a valid United States customs service cru-

ing license. The watercraft must also satisfy all identification requirements under RCW 88.02.030 for any period after the first sixty days. Failure to meet the applicable documentation and identification requirements will result in a loss of the exemption. Prior to January 1, 1998, the temporary use exemption period was limited to sixty days for all nonresident users of watercraft.

(c) Watercraft ((temporarily brought into this state)) owned by nonresidents and in this state exclusively for repair, alteration, or reconstruction are exempt from the use tax if removed from this state within sixty days. If repair, alteration, or reconstruction cannot be ((made)) completed within this period, the exemption may be extended by ((completing and)) filing with ((this)) the department of revenue compliance division an affidavit as required by RCW 88.02.030 verifying the vessel is located upon the waters of this state exclusively for repair, alteration, reconstruction, or testing. This ((affidavit)) document, titled "Nonresident Out-of-State Vessel Repair Affidavit," is effective for sixty days. If additional extensions of the exemption period are needed, additional affidavits ((may)) must be ((completed. The affidavit should be)) sent to the department ((of revenue compliance division)). ((This affidavit is the affidavit which is required under RCW 88.02.030, and)) Failure to ((complete)) file this affidavit can also result in requiring that the vessel be registered in Washington and subject to the use tax.

((7)) (5) Examples. The following examples identify a number of facts and then state a conclusion. These examples should be used only as a general guide. The tax results of other situations must be determined after a review of all ((of the)) facts and circumstances. In all examples, retailing B&O tax is due from the seller for all sales of watercraft and parts, and all charges for repair parts and labor.

(a) ((Company A sells a vessel to Jane Smith, a Canadian resident. Company A examines Jane Smith's driver's license to verify Jane to be a resident of Canada, and retains the proper exemption certificate at the time of sale. Delivery is made in Washington and Jane removes the vessel from Washington waters within forty-five days of delivery. The sale of the vessel is not subject to the retail sales tax because all requirements for exemption under RCW 82.08.02665 have been satisfied.)) Mr. Kelley, a resident of California, pilots his cabin cruiser which is registered in that state into Puget Sound for his enjoyment. On the sixtieth day of his stay, Mr. Kelley obtains an identification document for the cabin cruiser under RCW 88.02.030 for the boat from the department of licensing. To further extend his stay in Washington waters, he applies for a second identification document within the prescribed period. In the middle of his fifth month on Puget Sound, Mr. Kelley departs and returns the craft to its home port in California. The stay would not subject Mr. Kelley to use tax. On the other hand, if Mr. Kelley were a resident of Vancouver, British Columbia, bringing a vessel registered in Canada, he would also have to timely obtain and display the appropriate identification document required by RCW 88.02.030 to allow his temporary use of the watercraft in Washington.

(b) Company A sells a yacht to John Doe, an Oregon resident, who takes delivery in Washington. The yacht is

PERMANENT

required to be registered by the state of Oregon (~~which has assumed the registration and numbering function under the Federal Boating Act of 1958~~). The vessel is removed from Washington waters within forty-five days of delivery. Company A examines a driver's license confirming John Doe to be an Oregon resident, and records this information in the sales file. Company A does not complete and retain the required exemption certificate.

The sale of the yacht is subject to the retail sales tax. The exclusive authority for granting a retail sales tax exemption for this sale is provided by RCW 82.08.0266. Completion of an exemption certificate is a statutorily imposed condition for obtaining this exemption. Company A has not satisfied the conditions and requirements necessary to grant an exemption under this statute. The exemption provisions under RCW 82.08.0273 for sales to nonresidents of states having less than three percent retail sales tax can not be used for purchases of vessels which require United States Coast Guard (~~registration or~~) documentation, or registration in the state of principal use. If the exemption certificate had been properly completed at the time of sale, this sale would have qualified for retail sales tax exemption.

(c) Mr. Jones, a California resident, contracts Company B to manufacture a pleasure yacht. Mr. Jones purchases a boat motor from Company Y with instructions that delivery be made to Company B for installation on the yacht. The yacht is required to be registered with the state of California, which has assumed the registration and numbering function under the Federal Boating Act of 1958. Company B examines Mr. Jones' driver's license to verify Mr. Jones is a nonresident of Washington, and retains the proper exemption certificate at the time of sale. Delivery is made in Washington, and Mr. Jones removes the vessel from Washington waters within forty-five days of delivery.

The sale of the yacht by Company B to Mr. Jones is not subject to the retail sales tax, as the requirements and conditions for exemption have been satisfied. Retail sales tax does, however, apply to the sale of the motor by Company Y to Mr. Jones. The exemption provided by RCW 82.08.0266 does not extend to a separate seller of unattached component parts, even though the parts are installed in the watercraft prior to delivery.

(d) Mr. Smith, a resident of (~~California~~) British Columbia, Canada, brings his yacht into Washington (~~for repair~~) with the intention of temporarily using the yacht for personal enjoyment. Mr. Smith obtains the required identification document issued by the department of licensing. After four months of personal use, the yacht experiences mechanical difficulty. (Extensive repairs and testing require the yacht to remain in Washington waters for ninety days. Mr. Smith extends the exemption period by filing a "Nonresident Out-of-State Vessel Repair Affidavit" with the department of revenue prior to end of the initial sixty-day exemption period.) The yacht is taken to a repair facility and due to the extensive nature of the damage the yacht remains at the repair facility for six months. As explained in subsection (4)(c) above, Mr. Smith makes a timely filing of each required "Nonresident Out-of-State Vessel Repair Affidavit." An employee of the repair facility is on board the yacht during all testing, and there is no personal use by Mr. Smith during this period.

Upon completion of the repairs and testing, Mr. Smith takes delivery at the repair facility (~~and promptly removes the yacht from Washington waters~~).

~~(Mr. Smith has not incurred a use tax liability on his yacht. The conditions and requirements exempting the yacht from use tax during the period of repair and testing have been met. However,)~~ Mr. Smith may personally use the yacht in Washington waters for up to two months after taking delivery of the repaired yacht. He will not incur liability for use tax because the in-state use of the yacht for personal enjoyment will not exceed six months in a twelve-month period. The time the yacht is at the repair facility exclusively for repair does not count against the period of time Mr. Smith is considered to be "temporarily" using the yacht in Washington for personal enjoyment. Retail sales tax is due, and must be paid, however, on all charges for repair parts and labor. The exemption from sales tax for purchases of vessels does not extend to repairs.

Subsection (13)(b)(i) The contractor/provider may review, comment, and provide any additional information

PERMANENT

(b) Managed care contractors as described in chapter 388-538 WAC.

(2) Subject to the limitations in subsection (1) of this section, the following definitions apply to this section:

(a) **"Contractor/provider"** means any person or organization that has a signed core provider agreement with the medical assistance administration (MAA) to provide services to eligible clients.

(b) **"Extrapolation"** means the methodology of estimating an unknown value by projecting, with a calculated precision (i.e., margin of error), the results of a probability sample to the universe from which the sample was drawn.

(c) **"Probability sample"** means the standard statistical methodology in which a sample is selected based on the theory of probability (a mathematical theory used to study the occurrence of random events).

(3) MAA may audit an MAA contractor/provider who furnishes medical or other covered services to eligible clients. See WAC 388-502-0220 for rate appeals. See WAC 388-502-0230 for dispute appeals involving provider review, termination and appeal. See WAC 388-502-0260 for contract appeals, other than those contained in core provider.

(4) MAA conducts audits as necessary to identify benefits or payments to which contractor/providers are not entitled.

(5) The Washington state health professions quality assurance commissions serve in an advisory capacity to MAA in conducting audits.

(6) An MAA audit includes the following:

(a) An examination of provider records, by either an on-site or desk audit. See subsections (7) and (8) of this section;

(b) A draft audit report, which contains preliminary findings and recommendations. See subsection (13) of this section;

(c) A dispute conference, if the contractor/provider requests it. See subsection (14) of this section;

(d) A final audit report. See subsection (15) of this section; and

(e) The right to an administrative appeal, if the contractor/provider requests it. See subsections (15) and (16) of this section.

(7) MAA audits providers who furnish medical and other services as authorized by chapter 74.09 RCW. An audit:

(a) Determines whether providers are:

(i) Complying with the rules and regulations of the program;

(ii) Meeting the community standard of practice; and

(iii) Billing allowable costs; or

(b) Investigates any of the following:

(i) Complaints/allegations;

(ii) Actions taken regarding Medicare or medical assistance; or

(iii) Actions taken by the health profession's quality assurance commissions.

(8) As part of the audit:

(a) MAA examines provider records.

(i) MAA examines those records, or portion thereof, that were reimbursed by MAA.

(ii) MAA examines records as necessary to verify usual and customary charges and payable and receivable accounts to verify third party liability.

(iii) MAA may remove copies of, but not original, records from the provider's premises.

(b) MAA gives a provider twenty days advance notice that it is going to audit paid claims or patient medical records for compliance with program rules, standards, or the community standard of practice. See subsection (16) of this section to request an extension of this notification period. This notice does not:

(i) Apply to providers who are suspected of fraudulent or abusive practices;

(ii) Apply to providers whose practices MAA considers may present a risk of imminent danger to medical assistance clients;

(iii) Include names of patient files that MAA will review; and

(iv) Apply to medical assistance provider business and financial records and patient financial records when they are reviewed as part of a third-party liability compliance audit.

(c) Whenever possible, MAA works with the provider to minimize inconvenience and disruption of health care delivery during the audit.

(d) MAA destroys all copies of identified client medical records made during an audit, after all appeal rights are exhausted.

(9) MAA may audit on a claim-by-claim basis, or using a probability sample.

(10) When MAA conducts a probability sample audit, all of the following apply:

(a) The sample claims are selected on the basis of recognized and generally accepted sampling methods;

(b) The sample claims are examined for compliance with relevant federal and state laws and regulations, department billing instructions, and numbered memoranda; and

(c) When projecting the overpayment, MAA uses a sample that is sufficient to ensure a minimum ninety-five percent confidence level.

(11) MAA uses probability sampling as described in subsection (10) of this section.

(a) If the audit findings demonstrate that MAA has made an overpayment to a Washington state Title XIX or other medical program provider(s), MAA recovers those statistically calculated overpayments.

(b) When calculating the amount to be recovered, MAA ensures that all overpayments and underpayments reflected in the probability sample are totaled and extrapolated to the universe from which the sample was drawn.

(c) MAA does not consider nonbilled services or supplies when calculating underpayments or overpayments.

(12) When MAA uses the results of a probability sample to extrapolate the amount to be recovered as described in subsection (11) of this section, the provider may request a description of all of the following:

(a) The universe from which MAA drew the sample;

(b) The sample size and method that MAA used to select the sample; and

(c) The formulas and calculation procedures MAA used to determine the amount to be recovered.

(13) Upon completion of the audit, MAA identifies for the contractor/provider those files or records that are necessary for the audit, but were not located at the time of the audit.

(a) MAA allows the contractor/provider thirty calendar days from the date of completion of the on-site audit to locate and provide the missing files or records. Undocumented services will be considered as program overpayments; and

(b) At the end of this thirty day period, MAA issues the draft audit report. At this time:

(i) The contractor/provider may review, comment, and provide any additional information related to the draft audit report, that the contractor/provider wants considered. This information must be submitted within forty-five days of the date the contractor/provider received the draft audit report. See subsection (16) of this section to request an extension of this time period;

(ii) MAA works with the contractor/provider to resolve areas of disagreement; and

(iii) If necessary, MAA issues a revised draft audit report.

(14) A contractor/provider who wants to dispute draft audit findings must request a dispute conference.

(a) The contractor/provider must submit a written request for a dispute conference within forty-five calendar days of the date the draft audit report was received by the contractor/provider. MAA may grant an additional thirty day extension of the forty-five day limit as long as the contractor/provider requests the time extension in writing within the forty-five day limit and states the reason for the request.

(b) The dispute request must:

(i) Specify which finding(s) the contractor/provider is disputing; and

(ii) Supply documentation to support the contractor/provider's position.

(c) MAA acknowledges each request for a dispute conference.

(d) MAA responds to each disputed item in writing.

(e) If MAA and the contractor/provider reach an agreement during the dispute conference process, MAA issues the final audit report and the recommendations are binding.

(f) If MAA and the contractor/provider cannot reach an agreement during the dispute conference process, and the contractor/provider has had the opportunity to raise all concerns related to the audit findings, MAA may close the dispute conference process and issue a final audit report. After MAA issues the final audit report, the contractor/provider may request an audit appeal hearing per subsection (15) of this section.

(15) After MAA issues the final audit report, the contractor/provider may appeal findings in the report and request an audit appeal hearing. When the contractor/provider requests an audit appeal hearing, and when any part of the audited time period falls on or before June 30, 1998, the following process applies. This hearing is not governed by the Administrative Procedure Act (chapter 34.05 RCW).

(a) The request for an audit appeal hearing must meet all of the following:

(i) Be in writing;

(ii) Be submitted within twenty-eight calendar days of the date of delivery of the final audit report, by certified mail.

(Contact the office of financial recovery to request an extension of this time period.) Send the request to:

Office of Financial Recovery/DSHS

POB 45862

Olympia, WA 98504-5862

(iii) Include a copy of the final audit report cover letter;

(iv) State the contractor/provider's name, address, and contract number (DSHS contract number or core provider agreement number);

(v) State the audit time period's beginning and ending dates; and

(vi) Provide additional documentation, limited to the issues identified in the audit, that the contractor/provider requests to be considered within the hearing.

(b) The audit appeal hearing consists of an administrative review of all documents submitted for consideration by the contractor/provider and MAA. DSHS appoints a hearing officer to conduct such a review. At the hearing officer's discretion, the review may be conducted as a telephone conference, as an in-person meeting in Olympia, Washington, or as a combination thereof.

(c) The decision made by the hearing officer serves as the final agency action and is binding.

(d) The office of financial recovery collects any amount the provider is ordered to repay.

(16) A contractor/provider may request an extension of the time periods in this section by sending a request to MAA that contains all of the following. The request must:

(a) Be in writing;

(b) Be received by MAA before the applicable time period has elapsed;

(c) Include the reason(s) for the request; and

(d) Include the date the contractor/provider expects to submit or respond to requested information.

(17) When a contractor/provider requests an audit appeal hearing, and the entire audit period falls on or after July 1, 1998, the audit hearing is governed by the process in RCW 43.20B.675.

(18) MAA considers that a contractor/provider has abandoned the dispute, if the provider fails to identify and attempt to resolve disputed audit findings as provided in this section, has abandoned the dispute. MAA proceeds with issuing and/or implementing the final audit report.

(19) Based on the findings of an audit, MAA may order the provider to repay excess benefits or payments received, as follows:

(a) MAA may assess civil penalties as provided for in chapter 74.09 RCW;

(b) The amount of civil penalties may not exceed three times the amount of excess benefits or payments the provider received; and

(c) The repayment includes interest on the amount of excess benefits or payments, per RCW 43.20B.695.

(20) When MAA imposes a civil penalty or suspends or terminates a provider from the program, written notice of the action taken is given to the appropriate licensing agency, disciplinary commission, and/or other entity requiring a report.

(21) When an audit shows that a provider has demonstrated a significant noncompliance with the provisions of the

medical care program, MAA may refer that provider to the appropriate disciplinary commission.

(22) Where MAA finds evidence of or has reason to suspect fraud, those contractors/providers are referred to the appropriate prosecuting authority for possible criminal action.

(b) In all appeals subject to the provisions of the Washington Industrial Safety and Health Act, the department shall initially introduce all evidence in its case-in-chief.

(c) After the party with the initial burden has presented his or her case-in-chief, the other parties may then introduce the evidence necessary to their cases-in-chief. In the event there is more than one other party, they may either present their cases-in-chief successively or may join in their presentation. Rebuttal evidence shall be received in the same order. Witnesses may be called out of turn in contravention of this rule only by agreement of all parties.

(3) **Objections and motions to strike.** Objections to the admission or exclusion of evidence shall be in short form, stating the legal grounds of objection relied upon. Extended argument or debate shall not be permitted.

A party to an appeal or a witness who has made a motion to quash a subpoena to appear at board related proceedings, may within five working days of receiving an adverse ruling from an industrial appeals judge request a review (~~(of such ruling)~~) by a chief industrial appeals judge or his or her designee. Such request for review shall be in writing and shall be accompanied by an affidavit in support (~~(thereof)~~) of the request and setting forth the grounds (~~(therefor)~~) for the request, including the reasons for the necessity of an immediate review during the course of conference or hearing proceedings. Within ten working days of receipt of the written request, the chief industrial appeals judge, or designee, may decline to review the ruling based upon the written request and supporting affidavit; or, after such review as he or she deems appropriate, may either affirm or reverse the ruling, or refer the matter to the industrial appeals judge for further consideration.

(b) Failure to request review of an interlocutory ruling shall not constitute a waiver of the party's objection, nor shall an unfavorable response to the request preclude a party from subsequently renewing the objection whenever appropriate.

(c) No conference or hearing shall be interrupted for the purpose of filing a request for review of the industrial appeals judge's rulings; nor shall any scheduled proceedings be canceled pending a response to the request.

(7) **Recessed hearings.** Where, for good cause, all parties to an appeal are unable to present all their evidence at the time and place originally set for hearing, the industrial appeals judge may recess the hearing to the same or a different location so as to insure that all parties have reasonable opportunity to present their respective cases. No written "notice of hearing" shall be required as to any recessed hearing.

(8) **Failure to present evidence when due.** If any party is due to present certain evidence at a hearing or recessed hearing and, for any reason on its part, fails to appear and present such evidence, the industrial appeals judge may conclude the hearing and issue a proposed decision and order on the record, or recess or set over the proceedings for further hearing for the receipt of such evidence.

(9) **Evidence by deposition.** When a hearing is recessed or set over pursuant to (~~WAC 263-12-115~~) subsection (7) or (8) of this section, or if a party volunteers or desires to take the testimony of any witness in a proceeding by deposition, or if the admission of evidence cannot otherwise be accomplished in a reasonably timely manner, the industrial appeals judge may permit or require the perpetuation of testimony by

deposition regardless of the witness' availability to testify at the hearing or at a future recessed hearing. Such ruling may only be given after the industrial appeals judge gives due consideration to: (a) The complexity of the issues raised by the appeal, (b) the desirability of having the witness' testimony presented at a hearing, (c) the costs incurred by the parties in complying with the ruling, and (d) the fairness to the parties in complying with the ruling. The industrial appeals judge may require that depositions be taken and published within prescribed time limits, ~~((with each party bearing its own costs;))~~ which time limits may be extended by the industrial appeals judge for good cause. Each party shall bear its own costs, except when appropriate and requested by a party the industrial appeals judge may allocate costs to parties or their representatives. The deposition must be transcribed in a reproducible format or it may be excluded from the record.

(10) **Procedure at deposition.** Unless the parties stipulate or the industrial appeals judge determines otherwise, all depositions permitted to be taken for the perpetuation of testimony shall be taken subject to the following conditions: (a) That all motions and objections, whether to form or otherwise, shall be raised at the time of the deposition, and if not raised at such time shall be deemed waived; (b) that all exhibits shall be marked and identified at the time of the deposition and, if offered into evidence, appended to the deposition; (c) that the deposition be published, without necessity of further conference or hearing, at the time it is received by the industrial appeals judge; (d) that all motions and objections raised at the time of the deposition shall be ruled upon by the industrial appeals judge in the proposed decision and order; and (e) that the deposition may be appended to the record as part of the transcript, and not as an exhibit, without the necessity of being re-typed into the record.

(11) **Offers of proof in colloquy.** When an objection to a question is sustained an offer of proof in question and answer form shall be permitted unless the question is clearly objectionable on any theory of the case.

If a party desires to present rebuttal evidence to any evidence so presented, he must make application therefor immediately following the conclusion of such evidence. Such application will be granted by recessing the hearing to a time and place for taking such rebuttal evidence. AMENDATORY SECTION (Amending WSR 00-04-094, filed 2/2/00, effective 3/4/00)

WAC 460-44A-504 Exemption for limited offers and sales of securities not exceeding \$1,000,000 to not more than twenty purchasers. (1) Exemption. Offers and sales of securities by an issuer in compliance with the Securities Act of 1933, Regulation D, Rules 230.501 through 230.504 and 230.508 as made effective in Release No. 33-6389, and as amended in Release Nos. 33-6437, 33-6663, 33-6758, 33-6825, 33-6863, 33-6949, 33-6996, 33-7300, and 33-7644, or in compliance with the Securities Act of 1933, Rule 230.147 as made effective in Release No. 33-5450, that satisfy the conditions in subsections (2) and (3) of this section shall be exempt under RCW 21.20.320(9).

(2) General conditions to be met. To qualify for exemption under this section, offers and sales must satisfy all the terms and conditions of WAC 460-44A-501 through 460-44A-503 and 460-44A-508.

(3) Specific conditions to be met.

(a) Limitation on aggregate offering price. The aggregate offering price for an offering of securities under this section, as defined in WAC 460-44A-501(3), shall not exceed \$1,000,000, within or without this state, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities under this section in reliance on any exemption under RCW 21.20.320(9) or sections 3(a) (11) or 3(b) of the Securities Act of 1933 or in violation of RCW 21.20.140 or section 5(a) of the Securities Act of 1933.

(b) No commissions. No commission, fee, or other remuneration shall be paid or given, directly or indirectly, to any person for soliciting any prospective purchaser in the state of Washington.

(c) Limitation on number of purchasers. There are no more than or the issuer reasonably believes that there are no more than twenty purchasers of securities in this state from the issuer in any offering in reliance on this section.

(d) In all sales to nonaccredited investors in this state under this section the issuer and any person acting on its behalf shall have reasonable grounds to believe and after making reasonable inquiry shall believe that, as to each purchaser, one of the following conditions, (i) or (ii) of this subsection, is satisfied:

(i) The investment is suitable for the purchaser upon the basis of the facts, if any, disclosed by the purchaser as to his other security holdings and as to his financial situation and needs. For the purpose of this condition only, it may be presumed that if the investment does not exceed ten percent of the purchaser's net worth, it is suitable. This presumption is rebuttable; or

(ii) The purchaser either alone or with his purchaser representative(s) has such knowledge and experience in financial and business matters that he is or they are capable of evaluating the merits and risks of the prospective investment.

(e) Disqualifications. No exemption under this section shall be available for the securities of any issuer if any of the parties described in the Securities Act of 1933, Regulation A, Rule 230.262 is disqualified for any of the reasons listed in WAC 460-44A-505 (2)(d) unless inapplicable or waived as set forth in WAC 460-44A-505 (2)(d)(vi) and (vii).

(f) Notice filing. The issuer shall file a notice, with a consent to service of process, and pay a filing fee as set forth in WAC 460-44A-503.

(g) Advice about the limitations on resale.

The issuer, at a reasonable time prior to the sale of securities, shall advise each purchaser of the limitations on resale in the manner contained in WAC 460-44A-502 (4)(b).

(4) Transactions which are exempt under this section may not be combined with offers and sales exempt under any other rule or section of the Securities Act of Washington, however, nothing in this limitation shall act as an election. Should for any reason the offer and sale fail to comply with all of the conditions for the exemption of this section, the issuer may claim the availability of any other applicable exemption.

(5) WAC 460-44A-504 is not the exclusive method by which issuers may make offerings under Securities and Exchange Commission Rules 504 and 147. For example, offers and sales of an issuer in compliance with Securities and Exchange Commission Rule 504 or Rule 147 may also be registered by qualification under chapter 21.20 RCW. An issuer that qualifies may elect to register an offering pursuant to the Small Company Offering Registration (SCOR) program as set out in chapter 460-17A WAC.

(6) Issuers are reminded that nothing in these rules alters their obligation under RCW 21.20.010. RCW 21.20.010(2) renders it unlawful "to make any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they are made, not misleading..." In addition, issuers must otherwise comply with the anti-fraud provisions of the federal and state securities laws. No format for disclosure is prescribed. However, issuers may wish to consider the question and answer disclosure format of the SCOR Form of chapter 460-17A WAC in determining the disclosure they make. If the SCOR form is used, the issuer should indicate that the Form is being used for an exempt offering under this section rather than in an offering registered under (~~chapter 21.20 RCW and chapter 460-17A WAC.~~) chapter 21.20 RCW and chapter 460-17A WAC.

AMENDATORY SECTION (Amending WSR 98-09-023, filed 4/8/98, effective 5/9/98)

WAC 308-93-440 Ownership in doubt. ((When an applicant is unable to provide an acceptable release of interest as defined in WAC 308-93-460 from the owner(s) of record for a vessel, the applicant may:

(1) Petition any district or superior court of any county of this state to receive a judgment awarding ownership of the vessel. Such judgment is required if ownership of the vessel is contested after the applicant makes application for ownership in doubt and before the three-year ownership in doubt period has lapsed; or

(2) Apply for registration only or bonded certificate of ownership as described in this rule if a judgment is unnecessary as described in subsection (1) of this section. The applicant shall:

(a) Provide evidence of ownership of the vessel such as, but not limited to, a bill of sale;

(b) Make a reasonable effort to determine ownership of the vessel by writing to the agency that issued the last known certificate of ownership or registration. For purposes of this section, an individual purchaser or transferee of a vessel may request the name and address of the owner(s) of record for

that vessel from the department by satisfying (b)(i) or (ii) of this subsection and completing a form approved by the department. When satisfied the request is for obtaining proper release of interest, the department may disclose the name(s) and address of the last owner(s) of record for that vessel.

(i) If a record is found, the applicant shall send a certified or registered letter, return receipt requested, to each owner and secured party of record at the address shown on the last record. The letter shall contain information regarding the sender's claim to ownership or a notarized or certified release of interest.

(ii) If no record is found, or the previous owner did not respond within fifteen days after acknowledged receipt or the letter was returned unclaimed, the applicant shall provide an affidavit of Request for Bonded Title or Registration without Title form explaining how the vessel was acquired.

(e) Determine whether to bond the vessel and apply for a certificate of ownership or apply for registration only. A bond is required if the seller of the vessel is a Washington state vessel dealer or in lieu of the judgment described in subsection (1) of this section if there is evidence of a security agreement on the last record as found in (b) of this subsection. A bond shall be for a period of three years from the date of application and be in the amount of one and one-half times the value of the vessel as determined by one of the following:

(i) A statement from a vessel dealer showing the average retail value of that year, make and model of the vessel in average condition; or

(ii) Information provided by any guide book or other publication of recognized standing in the vessel industry; or

(iii) An agreement reached between the applicant and an authorized department agent or employee.

(d) Apply to the department after the three-year bond or registration only period has lapsed, or submit the proper endorsement on the certificate of ownership or a satisfactory release of interest. The department shall, upon proper application, issue a certificate of ownership without the bond notation.

(e) Upon transferring ownership during the three-year ownership in doubt period, provide the transferee with a notarized or certified release of interest. The new owner may either provide a judgment as described in subsection (1) of this section or shall apply to the department for ownership in doubt as described in subsection (2) of this section and complete the time remaining on the previous ownership in doubt period.)) **(1) What do I do if I am unable to provide an acceptable release of interest as defined in WAC 308-93-460 from the owner(s) of record for a vessel? (b) Apply for "registration only" as described in subsection (2) of this section;

(c) Apply for bonded certificate of ownership as described in subsection (3) of this section.

PERMANENT

(2) What is "registration only"? It is a term used to describe registration of a vessel when a certificate of ownership is not issued because ownership is in doubt. When satisfied, the request is for obtaining proper release(s) of interest, the department may disclose the name and address of the last owner(s) of record for that vessel.

(6) What do I do once I know the name(s) and address(s) of the last known registered and legal owner(s)? If a record of the vessel is found, you must send a certified or registered letter, return receipt requested, to each owner and secured party of record at the address shown on the last record. The letter shall contain information regarding the sender's claim to ownership and a request for the released certificate of ownership or a notarized or certified release of interest on an approved department form.

If the vessel was last registered or titled in another state or jurisdiction you must write to the agency that issued the last known certificate of ownership or registration requesting owners of record, so information may be requested as in subsection (4)(b) of this section.

(7) What do I do if no record of the vessel is found or the previous owner(s) did not respond to the certified or registered letter? You must provide an affidavit or request for bonded title or registration without title form provided or approved by the department explaining how the vessel was acquired if:

(a) No record is found; or

(c) Ownership of the vessel is contested after you make application for ownership in doubt and before the existing three-year ownership in doubt period has ended; or

(d) If you desire to have a certificate of ownership issued for the vessel.

(9) How long is the duration of the bond? A bond shall be for a period of three years from the date of application.

(b) A value that is agreeable to the applicant and verifiable by authorized department of licensing, department of revenue, Washington vessel licensing agent, subagent or employee.

(11) If I have a bonded certificate of ownership for my vessel, how can I get a certificate of ownership without the bonded notation? To get a certificate of ownership without the bonded notation, you may apply for a certificate of ownership by submitting one of the following, in addition to other required documentation:

(a) A judgment from any district or superior court of any county of this state awarding ownership of the vessel as described in subsection (1) of this section; or

(b) The properly endorsed most previous (current) certificate of ownership or a satisfactory release of interest from the previous registered and legal owner(s); or

(c) An application to remove the bonded notation on the vessel certificate of ownership after the three-year ownership in doubt period has elapsed.

NEW SECTION

WAC 180-51-003 Intent of graduation requirements.

(1) The state board of education is responsible for establishing minimum high school graduation requirements that appropriately balance:

(a) Statewide public expectations for all graduating students;

(b) High, meaningful, and fair requirements every student can meet;

(c) The unique characteristics of and differing resources among the two hundred ninety-six school districts and over three hundred high schools in Washington; and

(d) Recognition that some students' educational plans may not include college or may include application for admission to a postsecondary institution one year or more after being granted a high school diploma.

(2) In order to support the continuing refinement of the standards and performance-based system of education, encourage and facilitate local innovation, and realize the vision under WAC 180-51-001, it is the intent of the state board of education to enact changes that will:

(a) Align the statewide minimum high school graduation requirements with the goal of the basic education act under RCW 28A.150.210 and the mission of the common school system under WAC 180-40-210;

(b) Allow districts the optional discretion to define and award high school credit based on demonstrated performance that is not tied to a state minimum number of hours of instruction or instructional activities;

(c) Assure that the essential academic learning requirements developed under RCW 28A.655.060 (3)(a) and 28A.655.070(2) are taught in the high school curriculum;

(d) Assure that students are aware of the connection between their education and possible career opportunities as referenced in RCW 28A.150.210(4) and WAC 180-57-090; and

(e) Assure that students are provided the opportunity to effectively prepare for the secondary Washington assessment of student learning and earn the certificate of mastery required under RCW 28A.655.060 (3)(c), recognizing that the certificate of mastery, along with other state and local requirements, represents attainment of the knowledge and skills that are necessary for high school graduation.

(3) It is the state board's view that the creative development and application of integrated curriculum within existing resources will significantly facilitate the implementation of the graduation requirements under WAC 180-51-061. The board strongly encourages districts to:

(a) Implement curriculum that includes courses that incorporate the best applied, theoretical, academic or vocational features as authorized under RCW 28A.230.010;

(b) Emphasize the integration of academic and vocational education in educational pathways as required under RCW 28A.655.060 (3)(c); and

AMENDATORY SECTION (Amending WSR 98-07-002, filed 3/5/98, effective 4/5/98)

WAC 182-25-020 BHP benefits. (1) The administrator shall design and from time to time may revise BHP benefits, according to the requirements of chapter 70.47 RCW, as amended. These benefits will include physician services, prescription drugs and medications, and inpatient and outpatient hospital services, limited mental health care services, limited chemical dependency services, limited organ transplant services, and all services necessary for prenatal, postnatal and well-child care, and will emphasize proven preventive and primary care services. The Medicaid scope of benefits may be provided by BHP as the BHP plus program through coordination with DSHS for children under the age of nineteen, who are found to be Medicaid eligible. BHP benefits may include co-payments, waiting periods, limitations and exclusions which the administrator determines are appropriate and

consistent with the goals and objectives of the plan. BHP benefits will be subject to a ~~((three-month))~~ nine-month waiting period for preexisting conditions. Exceptions (for example, maternity, prescription drugs, services for a newborn or newly adopted child) are outlined in the schedule of benefits. Similar coverage includes BHP; all DSHS programs administered by the medical assistance administration which have the Medicaid scope of benefits; the DSHS program for the medically indigent; Indian health services; most coverages offered by health carriers; and most self-insured health plans. (2) In designing and revising BHP benefits, the administrator will consider the effects of particular benefits, co-payments, limitations and exclusions on access to necessary health care services, as well as the cost to the enrollees and to the state, and will also consider generally accepted practices of the health insurance and managed health care industries.

(3) Prior to enrolling in BHP, each applicant will be given a written description of covered benefits, including all co-payments, waiting periods, limitations and exclusions, and be advised how to access information on the services, providers, facilities, hours of operation, and other information descriptive of the managed health care system(s) available to enrollees in a given service area.

(4) BHP will mail to all subscribers written notice of any changes in the amount and scope of benefits provided under BHP, or policy changes regarding premiums and co-payments at least thirty days prior to the due date of the premium payment for the month in which such revisions are to take effect. The administrator may make available a separate schedule of benefits for children, eighteen years of age and younger, for those dependent children in the plan.

NEW SECTION

WAC 388-533-0400 Maternity care and newborn delivery. (1) The following definitions and abbreviations and those found in WAC 388-500-0005 apply to this chapter. Defined words and phrases are bolded the first time they are used in the text.

(a) **"Birthing center"** means a specialized facility licensed as a childbirth center by the department of health (DOH) under chapter 246-349 WAC.

(b) **"Bundled services"** means those services that are integral to a major procedure that may be bundled with the major procedure for the purposes of reimbursement. Under this chapter, certain bundled services must be billed separately (unbundled) when the services are provided by different providers.

(c) **"Facility fee"** means that portion of MAA's reimbursement that covers the hospital or birthing center charges. This does not include MAA's reimbursement for the professional fee defined below.

(d) **"Global fee"** means the fee MAA pays for total obstetrical care. Total obstetrical care includes all bundled antepartum care, delivery services and postpartum care.

(e) **"High-risk"** pregnancy means any pregnancy that poses a significant risk of a poor birth outcome.

(f) **"Professional fee"** means that portion of MAA's reimbursement that covers the services that rely on the provider's professional skill or training, or the part of the reimbursement that recognizes the provider's cognitive skill. (See WAC 388-531-1850 for reimbursement methodology).

(2) MAA covers full scope maternity care and newborn delivery services to its clients who qualify for categorically needy (CN) or medically needy (MN) scope of care (see WAC 388-462-0015 for client eligibility).

(3) MAA does not provide full scope maternity care and delivery services to its clients who qualify for medically indigent (MI) scope of care (see WAC 388-462-0015 for client eligibility). Clients who qualify for MI scope of care have hospital delivery coverage only.

(4) MAA does not provide maternity care and delivery services to its clients who are eligible for:

(a) Family planning only (a pregnant client under this program should be referred to the local office for eligibility review); or

(b) Any other program not listed.

(5) MAA requires providers of maternity care and newborn delivery services to meet all of the following. Providers must:

(a) Be currently licensed by the state of Washington's department of health (DOH) and/or department of licensing;

(b) Have signed core provider agreements with MAA;

(c) Be practicing within the scope of their licensure; and

(d) Have valid certifications from the appropriate federal or state agency, if such is required to provide these services (e.g., federally qualified health centers (FQHCs), laboratories certified through the Clinical Laboratory Improvement Amendment (CLIA), etc.).

(6) MAA covers total obstetrical care services (reimbursed under a **global fee**). Total obstetrical care includes all of the following:

(a) Routine antepartum care that begins in any trimester of a pregnancy;

(b) Delivery (intrapartum care/birth) services; and

(c) Postpartum care. This includes family planning counseling.

(7) When an eligible client receives all the services listed in subsection (6) of this section from one provider, MAA reimburses that provider in one of the following ways:

(a) Through a global obstetrical fee; or

(b) Through separate fees in any combination:

- (i) First trimester antepartum care;
- (ii) Second trimester antepartum care;
- (iii) Third trimester antepartum care;
- (iv) Delivery services (intrapartum care); and
- (v) Postpartum care.

(8) When an eligible client receives services from more than one provider, MAA reimburses each provider for the services furnished. The separate services that MAA reimburses appear in subsection (7)(b) of this section.

(9) MAA reimburses for antepartum care services in one of the following two ways:

- (a) Under a global fee (for total obstetrical care); or
- (b) Under separate trimester care fees.

(10) MAA's fees for antepartum care include all of the following:

- (a) An initial and any subsequent patient history;
- (b) All physical examinations;
- (c) Recording and tracking the client's weight and blood pressure;
- (d) Recording fetal heart tones;
- (e) Routine chemical urinalysis (including all urine dipstick tests); and
- (f) Maternity counseling.

(11) MAA covers certain antepartum services in addition to the **bundled services** listed in subsection (10) of this section. MAA reimburses separately for any the following:

(a) A prenatal assessment fee for a pregnant client (limited to one prenatal assessment fee per pregnancy per provider);

(b) An enhanced prenatal management fee (a monthly fee for medically necessary increased prenatal monitoring). MAA provides a list of diagnoses and/or conditions that MAA identifies as justifying more frequent monitoring visits. MAA reimburses for either (b) or (c) of this subsection, but not both;

(c) A prenatal management fee for "**high-risk**" maternity clients. This monthly fee is payable to either a physician or a certified nurse midwife. MAA reimburses for either (b) or (c) of this subsection, but not both;

(d) Necessary prenatal laboratory tests except routine chemical urinalysis, including all urine dipstick tests, as described in subsection (10)(e) of this section; and/or

(e) Treatment of medical problems that are not related to the pregnancy. MAA pays these fees to physicians or advanced registered nurse practitioners.

(12) MAA covers high-risk pregnancies. MAA considers a pregnant client to have a high-risk pregnancy when the client:

- (a) Has any high-risk medical condition (whether or not it is related to the pregnancy); or
- (b) Has a diagnosis of multiple births.

(13) MAA covers delivery services for clients with high-risk pregnancies, described in subsection (12) of this section, when the delivery services are provided in a hospital.

(14) MAA covers the **facility fee** for delivery services in the following settings:

- (a) Inpatient hospital; or
- (b) Birthing centers.

(15) MAA covers the **professional fee** for delivery services in the following settings:

(a) Hospitals, to a provider who meets the criteria in subsection (5) of this section and who has privileges in the hospital;

(b) Planned home birth settings for providers who are participating in MAA's home birth pilot project; or

(c) **Birthing centers**, as described in WAC 388-533-0600.

(16) MAA covers hospital delivery services for an eligible client as defined in subsections (2), (3), and (4)(b) of this section. MAA's bundled reimbursement for the professional fee for hospital delivery services include:

- (a) The admissions history and physical examination;
- (b) The management of uncomplicated labor (intrapartum care);
- (c) The vaginal delivery of the newborn (with or without episiotomy or forceps); and
- (d) Cesarean delivery of the newborn.

(17) MAA pays only a labor management fee to a provider who begins intrapartum care and unanticipated medical complications prevent that provider from following through with the birthing services.

(18) In addition to the MAA reimbursement for professional services in subsection (16) of this section, MAA may reimburse separately for services provided by any of the following professional staff:

(a) A stand-by physician in cases of high risk delivery and/or newborn resuscitation;

(b) A physician assistant when delivery is by cesarean section;

(c) A registered nurse - "first assist" when delivery is by cesarean section;

(d) A physician, advanced registered nurse practitioner, or licensed midwife for newborn examination as the delivery setting allows; and/or

(e) An obstetrician/gynecologist specialist for external cephalic version and consultation.

(19) In addition to the professional delivery services fee in subsection (16) or the global/total fees (i.e., those that include the hospital delivery services) in subsections (6) and (7) of this section, MAA allows additional fees for any of the following:

(a) High-risk vaginal delivery;

(b) Multiple vaginal births. MAA's typical reimbursement covers delivery of the first child. For each subsequent child, MAA reimburses at fifty percent of the provider's usual and customary charge, up to MAA's maximum allowable fee; or

(c) High-risk cesarean section delivery.

(20) MAA does not reimburse separately for any of the following:

(a) More than one child delivered by cesarean section during a surgery. MAA's cesarean section surgery fee covers one or multiple surgical births;

(b) Post-operative care for cesarean section births. This is included in the surgical fee. Post-operative care is not the same as or part of postpartum care.

NEW SECTION

(c) Have current, written, and appropriate plans for consultation, emergency transfer and transport of a client and/or newborn to a hospital;

WAC 388-544-1010 Definitions. "Expedited prior authorization" (EPA) means a process designed by MAA to eliminate the need for written prior authorization (see definition for "prior authorization"). If the provider determines the client meets the criteria, the provider creates the authorization number using the specific MAA-established codes.

"FM systems" means a hearing device that uses a frequency modulated radio signal. FM systems are sometimes referred to as radio frequency (RF) aids.

"Limitation extension" (LE) means prior authorization from MAA to exceed the service limits (quantity, frequency, or duration) set in WAC or in MAA billing instructions.

"Maximum allowable fee" means the maximum dollar amount that MAA will reimburse a provider for specific services, supplies, and equipment.

"Prior authorization" means MAA and/or department of health approval for certain medical services, equipment, or supplies, before the services are provided to clients, as a precondition for provider reimbursement. Expedited prior authorization and limitation extension are forms of prior authorization.

(4) HIV/AIDS case management providers must:

The provider must have a valid authorization on file for the months that case management services are billed to MAA (see RCW 70.02.030). (a) Providers must initiate a comprehensive assessment within two working days of the client's referral to HIV/AIDS case management services. Providers must complete the assessment before billing for ongoing case management services. If the assessment does not meet these requirements, the provider must document the reason(s) for failure to do so. The assessment must include the following elements as reported by the client:

(i) Demographic information (e.g., age, gender, education, family composition, housing.);

(ii) Physical status, the identity of the client's primary care provider, and current information on the client's medications/treatments;

(iii) HIV diagnosis (both the documented diagnosis at the time of assessment and historical diagnosis information);

(iv) Psychological/social/cognitive functioning and mental health history;

(v) Ability to perform daily activities;

(vi) Financial and employment status;

(vii) Medical benefits and insurance coverage;

(viii) Informal support systems (e.g., family, friends and spiritual support);

(ix) Legal status, durable power of attorney, and any self-reported criminal history; and

(x) Self-reported behaviors which could lead to HIV transmission or re-infection (e.g., drug/alcohol use).

(b) Providers must develop, monitor, and revise the client's individual service plan (ISP). The ISP identifies and documents the client's unmet needs and the resources needed to assist in meeting the client's needs. The case manager and

the client must develop the ISP within two days of the comprehensive assessment or the provider must document the reason this is not possible. An ISP must be:

- (i) Signed by the client, documenting that the client is voluntarily requesting and receiving MAA reimbursed HIV/AIDS case management services; and
- (ii) Reviewed monthly by the case manager through in-person or telephone contact with the client. Both the review and any changes must be noted by the case manager:
 - (A) In the case record narrative; or
 - (B) By entering notations in, initialing and dating the ISP.

- (i) Be entered in chronological order and signed by the case manager;
- (ii) Document the reason for the case manager's interaction with the client; and

(a) Comprehensive assessment - The assessment must cover the areas outlined in WAC 388-539-0300(1) and (5).

MAA reimburses only one full-month case management fee per client in any one month.

(c) HIV/AIDS case management, partial-month - Providers may request the partial-month reimbursement for any month in which the criteria in WAC 388-539-0300 have been met and the case manager has an ISP in place for fewer than twenty days in that month. Using the partial-month reimbursement, MAA may reimburse two different case management providers for services to a client who changes from one provider to a new provider during that month.

(2) MAA limits reimbursement to HIV/AIDS case managers when a client becomes stabilized and no longer needs an ISP with active service elements. MAA limits reimbursement for monitoring to ninety days past the time the last

(2) **What do the vessel decals look like that are issued by the department?** In accordance with 33 Code of Federal Regulations (CFR), vessel decals are approximately three inches square. The years in which validation decals expire must be indicated by the colors blue, international orange, green, and red, in rotation beginning with blue for decals that expired in 1985.

(3) **Which vessel decal shall be displayed?** To legally own or operate your vessel on Washington waters, you must only display the decal that shows your vessel is registered for the current registration year. ~~((The current decal must be placed inline and within six inches of the aft of the registration number.))~~

Vessels documented by the United States Coast Guard are prohibited from displaying the registration number.

(2) **What are vessel registration numbers?** Vessel registration numbers are configured in accordance with 33 CFR 174.23 and:

(a) Uniquely identify ((the)) a vessel ((similar to license plate numbers for vehicles)) (the same way license plate numbers identify a vehicle);

(b) Are assigned by the department when you apply for initial registration for your vessel or when a vessel owner is

retaining the registration number issued by the United States Coast Guard prior to July 1984;

(c) Are printed on your registration certificate and certificate of ownership;

~~((d) The department does not provide any physical material for you to apply to your vessel.))~~

(3) How do I display the assigned vessel registration number on my vessel? The registration number assigned ~~((shall))~~ must:

(a) Be painted on or permanently attached to each side of the forward half of the vessel and easily visible for law enforcement except as allowed by subsection (6) of this section or required by subsection ~~((8))~~ (9) of this section and must be on a vertical surface;

(4) Are vessel registration numbers transferable from vessel to vessel? Vessel registration numbers are not transferable between vessels. Once assigned, a vessel registration number cannot be reassigned to another vessel.

(5) Does a Washington licensed dealer need to display registration numbers and decals when demonstrating or testing a vessel held for sale? Washington licensed vessel dealers ~~((shall))~~ must display dealer registration numbers and decals assigned and issued by the department. Dealer registration numbers and decals ~~((shall))~~ must be displayed in the following manner:

(c) The backing plate ~~((shall))~~ must be attached to the forward half of the vessel so that the number is visible from each side of the vessel when observed from outside the vessel.

(6) How do I display my vessel registration number if my vessel's hull or superstructure is configured so that the vessel registration number would not be easily visible? In this case, the vessel registration number must be painted on or permanently attached to backing plates that are attached to the forward half of the vessel so that the number is visible from the outside of the vessel.

(7) Are any numbers other than those issued by an issuing authority allowed on the front half of my vessel? No person may use a vessel on the waters of this state that has any number that is not issued by an issuing authority for that vessel on its forward half.

(8) Are there any letters that may not be used in the configuration of a vessel registration number? Yes, the

letters I, O, and Q. Registration numbers that currently contain I, O, and Q will be reassigned by the department upon registration renewal due on or after July 1, 2000.

(9) Is a tender as described in chapter 88.02 RCW required to display a vessel registration number? (Example ~~((+))~~ a) WN 5678 EF 1 or WN-5678-EF-1. The second tender vessel registration number will be the next consecutive number. (Example ~~((2))~~ b) WN 5678 EF 2 or WN-5678-EF-2.

PERMANENT

AMENDATORY SECTION (Amending WSR 00-05-105, filed 2/16/00, effective 3/18/00)

WAC 16-483-001 Grape virus quarantine—Establishing quarantine. The production of wine grapes, juice grapes, and grape planting stock are important industries in the state of Washington. The director has determined that these industries are threatened by the introduction and establishment of the virus diseases known as leafroll, fanleaf(~~(:)~~) and corky bark(~~(, and stem pitting)~~) that are not known to occur in the state of Washington. The presence of these virus diseases cannot be determined by the most rigorous visual examination of dormant grape planting stock. The introduction and establishment of these virus diseases would entail great economic loss to the grape industries of the state. To minimize this risk, the director, under the authority provided in chapter 17.24 RCW, has established a quarantine setting forth rules for the importation of grape planting stock into the state of Washington.

AMENDATORY SECTION (Amending WSR 00-05-105, filed 2/16/00, effective 3/18/00)

WAC 16-483-030 Grape virus quarantine—Regulations. Grape planting stock will be admitted into the state of Washington provided the following provisions are complied with:

(1) The grape planting stock has been certified in accordance with the regulations of an official grapevine certification program that includes inspection and testing by methods approved by the director for fanleaf, leafroll(~~(, stem pitting)~~) and corky bark virus diseases. An official certificate issued by the plant protection organization of the state of origin certifying that the grapevines meet the requirements of this chapter must accompany the grape planting stock into the state.

(2) All shipments of grape planting stock must be plainly marked with the contents on the outside of the package or container.

(3) Persons shipping or transporting grape planting stock into this state from areas under quarantine shall notify the department by mail or telefacsimile prior to shipment. The notification must include the nature of the grape planting stock (such as live plants, hardwood cuttings, softwood cuttings, rootstocks, or other similar categories), the quantity in each shipment, the expected date of arrival, the name of the intended receiver and the destination. The person to whom the articles are shipped shall hold the articles until the grape planting stock is inspected and/or released by the department.

WAC 16-478-010 (~~(Pest.)~~) Establishing quarantine for European corn borer. European corn borer(~~(, pyrausta)~~) (*Ostrinia nubilalis* (~~(hubn.)~~)) is a nonnative, invasive insect which has infested most of North America since its introduction in the early 1900's. Its host range constitutes a wide range of plants, including important food and nursery crops grown in this state. The director of agriculture, pursuant to authorities in chapter 17.24 RCW, has determined that the exclusion of European corn borer at all stages of its life cycle is necessary to protect the environmental quality and agricultural crops of the state of Washington.

AMENDATORY SECTION (Amending Order 90-18, filed 1/10/91, effective 2/12/91)

WAC 296-115-025 Vessel inspection and licensing.

(1) The department ~~((shall))~~ must inspect all vessels to ensure they are safe and seaworthy at least once each year. The department may also inspect a vessel if requested to do so by the owner, operator, or master of the vessel, and after an explosion, fire, or any other accident involving the vessel.

(2) The department may inspect a vessel upon receipt of a complaint from any person or, ~~((it))~~ at the discretion of the department, at any other time.

(3) The department ~~((shall))~~ will charge the owner of a vessel a fee for each certification or recertification inspection. This fee ~~((shall))~~ will be determined by the director. (See WAC 296-115-120 for fee schedule.)

(4) After the department has inspected a vessel and it is satisfied the vessel is safe and seaworthy, the department ~~((shall))~~ will issue a certificate of inspection for that vessel. The certificate ~~((shall))~~ will be valid for one year after the date of inspection.

(5) The certificate ~~((shall))~~ must set forth the date of the inspection, the names of the vessel and the owner, the number of lifeboats and life preservers required, the number of passengers allowed, and any other information the department may by rule require.

(6)(a) If at any time a vessel is found to be not safe or seaworthy, or not in compliance with the provisions of this chapter, the department may refuse to issue a certificate of inspection until the deficiencies have been corrected and may cancel any certificate of inspection currently issued.

(b) The department ~~((shall))~~ must give the owner of the vessel a written statement of the reason(s) the vessel was found to be unsafe, unseaworthy, or not in compliance with the provisions of this chapter, including a specific reference to the statute or rule with which the vessel did not comply.

(7) An inspector of the department may, upon the presentation of his or her credentials to the owner, master, operator, or agent in charge of a vessel, board the vessel without delay to make an inspection. The inspector ~~((shall))~~ must inform the owner, master, operator, or agent in charge that his or her intent is to inspect the vessel.

(8) During the inspection, the inspector ~~((shall))~~ must have access to all areas of the vessel. The inspector may question privately the owner, master, operator, or agent in charge of the vessel, or any crew member of or passenger on the vessel.

(9) If any person refuses to allow an inspector to board a vessel for an inspection, or refuses to allow access to any areas of the vessel, the department may request a warrant

from the superior court for the county in which the vessel is located. The court ~~((shall))~~ will grant the warrant:

(a) If there is evidence that the vessel has sustained a fire, explosion, unintentional grounding, or has been involved in any other accident;

(b) If there is evidence that the vessel is not safe or seaworthy; or

(c) Upon a showing that the inspection furthers a general administrative plan for enforcing the safety requirements of the act.

(10) The owner or master of a vessel ~~((shall))~~ must post the certificate of inspection behind glass in a conspicuous area of the vessel.

(11) No person ~~((shall))~~ will operate a passenger vessel if the vessel does not have a valid certificate of inspection.

(4) Stability.

(a) All vessels subject to the provisions of this section ((~~shall~~)) must have a stability test, except that the director may dispense with the requirements for a test if he deems that a test is not required, on the basis of sufficient evidence provided by the owner that the vessel's stability is satisfactory for the service for which it is intended. ((~~Refer to 46 CFR 179.05-1.~~))

(b) A letter stating that the vessel has met the stability requirements of this part ((~~shall~~)) must be posted in the pilot-house of each vessel. ((~~Refer to 46 CFR 179.20.~~))

AMENDATORY SECTION (Amending WSR 00-14-052, filed 7/1/00, effective 7/1/00)

WAC 296-17-855 Experience modification. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the losses which would be expected for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to mitigate the effects of losses which may be considered catastrophic or of doubtful statistical significance, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification shall be calculated from the formula:

$$\text{MODIFICATION} = \frac{\text{Ap} + \text{WAe} + (1 - \text{W}) \text{Ee} + \text{B}}{\text{E} + \text{B}}$$

The components Ap, WAe, and (1-W) Ee are values which shall be charged against an employer's experience record. The component, E, shall be the expected value of these charges for an average employer reporting the same exposures in each classification. The meaning and function of each symbol in the formula is specified below.

"Ap" signifies "primary actual losses." For each claim the primary actual loss is defined as that portion of the claim which is considered completely rateable for all employers and which is to enter the experience modification calculation at its full value. For each claim in excess of ~~((\\$10,504))~~ \\$10,936 the primary actual loss shall be determined from the formula:

$$\text{PRIMARY LOSS} = \frac{((26,260)) 27,340}{\text{Total loss} + ((45,756)) 16,404} \times \text{total loss}$$

Primary actual losses for selected claim values are shown in Table I. For each claim less than ~~((\\$10,504))~~ \\$10,936 the full value of the claim shall be considered a primary loss.

"Ae" signifies "excess actual losses." For each claim the excess actual loss is defined as that portion of the claim which is not considered completely rateable for all employers. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss.

"W" signifies "W value." For each employer, the W value determines the portion of the actual excess losses which shall be included in the calculation of his experience modification, due consideration being given to the volume of his experience. This amount is represented by the symbol

"WAe" in the experience modification formula. W values are set forth in Table II.

"E" signifies "expected losses." An employer's expected losses shall be determined by multiplying his reported exposure in each classification during the experience period by the classification expected loss rate. Expected loss rates are set forth in Table III.

"Ee" signifies "expected excess losses." Expected losses in each classification shall be multiplied by the classification "D-Ratio" to obtain "expected primary losses." Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses. Each employer shall have a statistical charge included in the calculation of his experience modification, said charge to be actuarially equivalent to the amount forgiven an average employer because of the exclusion of a portion of his excess actual losses. This charge is represented by "(1-W) Ee" in the experience modification formula. D-Ratios are set forth in Table III.

"B" signifies "B value" or "ballast." In order to limit the effect of a single severe accident on the modification of a small employer, a stabilizing element (B value) shall be added to both actual and expected losses. B values are set forth in Table II.

[Filed November 22, 2000, 9:36 a.m.]

Date of Adoption: November 22, 2000.

Purpose: This rule, WAC 458-20-264 National Uniform Tobacco Settlement, explains the reporting requirements arising from the Model Tobacco Settlement Act, chapter 70.157 RCW. Adopted under notice filed as WSR 00-20-023A on September 26, 2000.

Changes Other than Editing from Proposed to Adopted Version: The following change was made to the second paragraph in subsection (3): The report must include the information listed below with respect to units sold that were ~~obtained from~~ manufactured by a nonparticipating tobacco product manufacturer. This change was made to correspond with information later obtained from the National Association of Attorneys General regrading data to be provided by them to help distinguish sales of product that must be reported.

Legislation and Policy

NEW SECTION

WAC 458-20-264 National Uniform Tobacco Settlement. (1) **Introduction.** In 1998 the state of Washington entered into an agreement with cigarette manufacturers called

the Master Settlement Agreement. Subsequent to entering into that agreement, the Legislature enacted chapter 393, Laws of 1999, codified as chapter 70.157 RCW. The statute requires the department of revenue (department) to promulgate regulations to ascertain the amount of excise tax paid by certain tobacco product manufacturers on "cigarettes" as that term is defined in RCW 70.157.010 and as set forth below. The department will do that by determining the number of cigarettes sold in Washington that were manufactured by nonparticipating tobacco product manufacturers. This rule explains the information to be reported to the department by retailers of tobacco products purchased from a person who is not required to file in Washington the report required by this rule, tobacco products distributors, and cigarette wholesalers. These reporting requirements are in addition to any other tax-reporting requirements.

(2) **Definitions.** For the purposes of WAC 458-20-264 the following definitions apply unless the context requires otherwise.

(a) "Affiliate" means a person who directly or indirectly owns or controls, is owned or controlled by, or is under common ownership or control with, another person. Solely for purposes of this definition, the terms "owns," "is owned" and "ownership" mean ownership of an equity interest, or the equivalent thereof, of ten percent or more, and the term "person" means an individual, partnership, committee, association, corporation or any other organization or group of persons.

(b) "Cigarette" means any product that contains nicotine, is intended to be burned or heated under ordinary conditions of use, and consists of or contains:

(i) Any roll of tobacco wrapped in paper or in any substance not containing tobacco; or

(ii) Tobacco, in any form, that is functional in the product, which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette; or

(iii) Any roll of tobacco wrapped in any substance containing tobacco which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette described in clause (i) of this definition.

The term "cigarette" includes "roll-your-own" tobacco (i.e., any tobacco which, because of its appearance, type, packaging, or labeling is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes). For purposes of this definition of "cigarette," 0.09 ounces of "roll-your-own" tobacco shall constitute one individual "cigarette."

(c) "Cigarette wholesaler" means any person who is licensed pursuant to chapter 82.24 RCW.

(d) "Master Settlement Agreement" means the settlement agreement (and related documents) entered into on November 23, 1998, by the state and leading United States tobacco product manufacturers.

(e) "Nonparticipating manufacturer" means any manufacturer of cigarettes or "roll-your-own" tobacco who is not a signatory to the Master Settlement Agreement. A manufac-

turer ceases to be a nonparticipating manufacturer upon entering into the Master Settlement Agreement.

(f) "Tobacco products distributor" means any person who meets the definitions found in RCW 82.26.010(3).

(g) "Tobacco product manufacturer" means an entity that after May 18, 1999, directly (and not exclusively through any affiliate):

(i) Manufactures cigarettes anywhere that such manufacturer intends to be sold in the United States, including cigarettes intended to be sold in the United States through an importer (except where such importer is an original participating manufacturer (as that term is defined in the Master Settlement Agreement) that will be responsible for the payments under the Master Settlement Agreement with respect to such cigarettes as a result of the provisions of subsections II(mm) of the Master Settlement Agreement and that pays the taxes specified in subsection II(z) of the Master Settlement Agreement, and provided that the manufacturer of such cigarettes does not market or advertise such cigarettes in the United States);

(ii) Is the first purchaser anywhere for resale in the United States of cigarettes manufactured anywhere that the manufacturer does not intend to be sold in the United States; or

(iii) Becomes a successor of an entity described in paragraph (i) or (ii) of this definition.

The term "tobacco product manufacturer" does not include an affiliate of a tobacco product manufacturer unless such affiliate itself falls within any of (i) through (iii) above.

(h) "Units sold" means the number of individual cigarettes sold and each 0.09 ounces of "roll-your-own" tobacco sold in the state by the applicable tobacco product manufacturer (whether directly or through a distributor, retailer or similar intermediary or intermediaries) during the year in question, as measured by excise taxes collected by the state on packs bearing the excise tax stamp of the state or "roll-your-own" tobacco containers.

(3) **Report required.** Every person who sells at retail tobacco products purchased from a person who is not required to file in Washington the report required by this subsection, every tobacco products distributor, and every cigarette wholesaler must file a report in a form and manner requested by the department. The report must be filed within the twenty-five days after the end of the month in which the sales were made. Mail the report to Department of Revenue, Special Programs Division, P.O. Box 47477, Olympia, WA 98504-7477.

The report must include the information listed below with respect to units sold that were manufactured by a nonparticipating tobacco product manufacturer.

(a) The number of units sold;

(b) The brand of the unit;

(c) The name and address of the person from whom each unit was purchased;

(d) The name and address of the manufacturer of the unit, if known; and

(e) The name and address of the importer of the unit, if known, and whether that importer is the exclusive importer of the unit, if known.

Example: A retailer may need to file the report required in subsection (3) when purchasing roll-your-own tobacco over the Internet or through a catalog from a vendor located outside of Washington, from an enrolled member of an Indian tribe located on a reservation in Washington, or in person from a vendor located in another state.

(4) **Recordkeeping requirement.** Every person who sells at retail tobacco products purchased from a person who is not required to file in Washington the report required by the rule, every tobacco products distributor, and every cigarette wholesaler, must maintain complete and accurate records to support the data supplied pursuant to paragraph (3) of this section.

(5) **Confidentiality.** The data filed pursuant to this rule is confidential taxpayer information and subject to the protection provided in RCW 82.32.330.

DEPARTMENT OF HEALTH

(Surgical Technologist Program)

[Filed November 22, 2000, 10:05 a.m.]

Date of Adoption: September 19, 2000.

Purpose: WAC 246-939-010 Who can delegate to a surgical technologist?, 246-939-030 Who needs to be registered as a surgical technologist?, and 246-939-050 Are there tasks a surgical technologist is not allowed to do? The rules define who can delegate to a surgical technologist; give examples of typical tasks to identify who needs to register and to protect public safety since there is no advisory committee relating to surgical technologists; lists activities that are prohibited so that surgical technologists can be informed.

Statutory Authority for Adoption: Chapter 18.215 RCW.

Other Authority: RCW 18.130.050.

Adopted under notice filed as WSR 00-11-167 on May 24, 2000.

Changes Other than Editing from Proposed to Adopted Version: A change has been made to WAC 246-939-030 to clarify that stapling is allowed only for "skin stapling" and not "deep tissue" stapling. This is because, when directed by the surgeon by placing the stapler or approximating the skin, skin stapling does not need the use of judgment on the part of the surgical technologist. The law relating to surgical technologists does not require education or examination. Also clarified the definition of surgical setting so that it would be clear who really needs to register under this law.

Changes Other than Editing from Proposed to Adopted Version: **1 - Page 7 - WAC 246-101-015(3)**

Based upon the evaluation in subsection (2), the board will assess results of the evaluation after the particular condition is notifiable or the requirement for laboratories to submit specimens indicative of infections had been in place for no longer than forty months. The board will determine based upon the results of the evaluation whether the provisionally notifiable condition or the requirement for laboratories to submit specimens indicative of infections should be:

- (a) Permanently notifiable in the same manner as the provisional notification requirement;
- (b) Permanently notifiable in a manner that would use the evaluation results to redesign the notification requirements; or
- (c) Deleted from the notifiable conditions system.

Effect: Clarifies that provisional notification may last for a shorter period of time if there is clear indication and conclusion of the value of notification for a particular condition in a shorter time.

2 - Page 8 - WAC 246-101-015(8)

(f) Herpes simplex (initial genital infection, only) (through August, 2004); and

(g) Streptococcus, Group A (invasive disease only - indicated by blood, spinal fluid or other normally sterile site) (through August, 2004), and

(h) Birth defects—Abdominal Wall Defects (through August, 2004).

Effect and Finding: Designates abdominal wall birth defects as a provisional rather than a permanently notifiable condition. The rationale is that current research does not yet support the concept of abdominal wall defects (gastroschisis and omphalocele) as preventable in the same manner as other structural birth defects. There is some literature that suggests that tobacco use by expectant mothers is a cause of abdominal wall defects however. This proposal will allow abdominal wall defects to [be] reportable for a period of up to four years to determine whether it should be a permanently notifiable condition.

~~(a) A standard electronic data interchange occurs between the health carrier or third party payor or the health information clearinghouse, and the data interchange consists of a standard electronic claims form approved for use by regulation of the United States Department of Health and Human Services;~~

~~(b) The department has developed the capacity to receive copies of the standard electronic claims form;~~

Change reference from: Birth Defects - Abdominal wall defects (inclusive of gastroschisis and omphalocele) to Birth Defects - Abdominal wall defects (inclusive of gastroschisis and omphalocele) (provisional through August, 2004).

Effect and Finding: Designates abdominal wall birth defects as a provisional rather than a permanently notifiable condition. The rationale is that current research does not yet support the concept of abdominal wall defects (gastroschisis and omphalocele) as preventable in the same manner as other structural birth defects. There is some literature that suggests that tobacco use by expectant mothers is a cause of abdominal wall defects however. This proposal will allow abdominal wall defects to [be] reportable for a period of up to four years to determine whether it should be a permanently notifiable condition.

Effect and Finding: Limits which Enterohemorrhagic *E. coli* infections are notifiable to only those with most serious health implications.

tions notifiable within three work days and monthly notifiable conditions if:

(a) ~~A standard electronic data interchange occurs between the health carrier or third party payor or the health information clearinghouse, and the data interchange consists of a standard electronic claims form approved for use by regulation of the United States Department of Health and Human Services;~~

(b) ~~The department has developed the capacity to receive copies of the standard electronic claims form;~~

(c) ~~The health care facility has arranged for the health carrier or third party payor or the health information clearinghouse to deliver a copy of the standard electronic claims form to the department;~~

(d) ~~The information for each case or suspected case includes substantially the same information described in subsection (1); and~~

(e) ~~The information is received by the department within time periods specified in WAC 246-101-310.~~

Effect and Finding: Removes the provision that would allow for standard electronic data interchange of claims information as an alternative means of receiving required notifications from health care facilities. This is being done because rules for standard electronic claims transactions are not finalized at the federal level.

(9) The local health department may negotiate alternate arrangements for meeting the reporting requirements under this chapter through cooperative agreement between the local health department and any health care provider, laboratory or health care facility.

Effect: Clarifies that the local health department can create alternative mechanisms for reporting with a given reporter if the system works better for both the reporter and the local health department.

NOTIFIABLE CONDITIONS

NEW SECTION

WAC 246-101-001 Provisions of general applicability. WAC 246-101-005, 246-101-010, and 246-101-015 are applicable throughout this chapter.

NEW SECTION

WAC 246-101-005 Purpose of notifiable conditions reporting. The purpose of notifiable conditions reporting is to provide the information necessary for public health officials to protect the public's health by tracking communicable diseases and other conditions. These data are critical to local health departments and the departments of health and labor and industries in their efforts to prevent and control the spread of diseases and other conditions. Public health officials take steps to protect the public, based on these notifications. Treating persons already ill, providing preventive therapies for individuals who came into contact with infectious agents, investigating and halting outbreaks, and removing harmful health exposures are key ways public health officials protect the public. Public health workers also use these data to assess broader patterns, including historical trends and geographic clustering. By analyzing the broader picture, officials are able to take appropriate actions, including outbreak investigation, redirection of program activities, or policy development.

NEW SECTION

WAC 246-101-015 Provisional condition notification. This section describes how conditions can become notifiable; what period of time conditions are provisionally notifiable; what analyses must be accomplished during provisional notification status; the transition of provisionally notifiable conditions to permanent notification or deletion of notification requirements. The department's goal for provisionally notifiable conditions is to collect enough information to determine whether requiring notification improves public health.

(1) The state health officer may:

(a) Request reporting of cases and suspected cases of disease and conditions in addition to those required in Tables HC-1, Lab-1, and HF-1 on a provisional basis for a period of time less than forty-eight months when:

(i) The disease or condition is newly recognized or recently acknowledged as a public health concern;

(ii) Epidemiological investigation based on notification of cases may contribute to understanding of the disease or condition;

(iii) There is reason to expect that the information acquired through notification will assist the state and/or local health department to design or implement intervention strategies that will result in an improvement in public health; and

(iv) Written notification is provided to all local health officers regarding:

(A) Additional reporting requirements; and

(B) Rationale or justification for specifying the disease or condition as notifiable.

(b) Request laboratories to submit specimens indicative of infections in addition to those required in Table Lab-1 on a provisional basis for a period of time less than forty-eight months, if:

(i) The infection is of public health concern;

(ii) The department has a plan for using data gathered from the specimens; and

(iii) Written notification is provided to all local health officers and all laboratory directors explaining:

(A) Actions required; and

(B) Reason for the addition.

(2) Within forty months of the state health officer's designation of a condition as provisionally notifiable in subsection (1) of this section, or requests for laboratories to submit specimens indicative of infections in subsection (2) of this section, the department will conduct an evaluation for the notification requirement that:

(a) Estimates the societal cost resulting from the provisionally notifiable condition;

(i) Determine the prevalence of the provisional notifiable condition; and

(ii) Identify the quantifiable costs resulting from the provisionally notifiable condition; and

(iii) Discuss the qualitative costs resulting from the provisionally notifiable condition.

(b) Describes how the information was used and how it will continue to be used to design and implement intervention strategies aimed at combating the provisionally notifiable condition;

(c) Verifies the effectiveness of previous intervention strategies at reducing the incidence, morbidity, or mortality of the provisional notifiable condition;

(d) Identifies the quantitative and qualitative costs of the provisional notification requirement;

(e) Compares the costs of the provisional notification requirement with the estimated cost savings resulting from the intervention based on the information provided through the provisional notification requirement;

(f) Describes the effectiveness and utility of using the notifiable conditions process as a mechanism to collect these data; and

(g) Describes that a less burdensome data collection system (example: biennial surveys) would not provide the information needed to effectively establish and maintain the intervention strategies.

(3) Based upon the evaluation in subsection (2) of this section, the board will assess results of the evaluation after the particular condition is notifiable or the requirement for laboratories to submit specimens indicative of infections has been in place for no longer than forty months. The board will determine based upon the results of the evaluation whether the provisionally notifiable condition or the requirement for laboratories to submit specimens indicative of infections should be:

(a) Permanently notifiable in the same manner as the provisional notification requirement;

(b) Permanently notifiable in a manner that would use the evaluation results to redesign the notification requirements; or

(c) Deleted from the notifiable conditions system.

(4) The following conditions are provisionally notifiable through the date indicated:

(a) Autism (through August, 2004);

(b) Cerebral palsy (through August, 2004);

(c) Fetal alcohol syndrome/Fetal alcohol effects (through August, 2004);

(d) Hepatitis B, chronic - Initial diagnosis, and previously unreported prevalent cases (through August, 2004);

(e) Hepatitis C - Initial diagnosis, and previously unreported prevalent cases (through August, 2004);

(f) Herpes simplex (initial genital infection, only) (through August, 2004);

(g) Streptococcus, Group A (invasive disease only - indicated by blood, spinal fluid or other normally sterile site) (through August, 2004); and

(h) Birth defects - Abdominal wall defects (through August, 2004).

(5) The department shall have the authority to declare an emergency and institute notification requirements under the provisions of RCW 34.05.350.

NEW SECTION

WAC 246-101-101 Notifiable conditions and the health care provider. This section describes the conditions that Washington's health care providers must notify public health authorities of on a state-wide basis. NEW SECTION

WAC 246-101-105 Duties of the health care provider. Health care providers shall:

(1) Notify the local health department where the patient resides (in the event that patient residence cannot be determined, notify the local health department where the health care providers practice) regarding:

(a) Cases or suspected cases of notifiable conditions specified as notifiable to local health departments in Table HC-1;

(b) Cases of conditions designated as notifiable by the local health officer within that health officer's jurisdiction;

(d) Known barriers which might impede or prevent compliance with orders for infection control or quarantine; and

(e) Name, address, and other pertinent information for any case, suspected case or carrier refusing to comply with prescribed infection control measures.

(2) Notify the department of health of conditions designated as notifiable to the local health department when:

(a) A local health department is closed or representatives of the local health department are unavailable at the time a case or suspected case of an immediately notifiable condition occurs;

(3) Notify the department of pesticide poisoning that is fatal, causes hospitalization or occurs in a cluster.

(4) Notify the department as specified in Table HC-1 regarding cases of notifiable conditions specified as notifiable to the department.

(5) Assure that positive cultures and preliminary test results for notifiable conditions of specimens referred to laboratories outside of Washington for testing are correctly notified to the local health department of the patient's residence or the department as specified in Table Lab-1. This requirement can be satisfied by:

(a) Arranging for the referral laboratory to notify either the local health department, the department, or both; or

(b) Forwarding the notification of the test result from the referral laboratory to the local health department, the department, or both.

(6) Cooperate with public health authorities during investigation of:

(a) Circumstances of a case or suspected case of a notifiable condition or other communicable disease; and

(b) An outbreak or suspected outbreak of disease.

(7) Provide adequate and understandable instruction in disease control measures to each patient who has been diagnosed with a case of a communicable disease, and to contacts who may have been exposed to the disease.

(8) Maintain responsibility for deciding date of discharge for hospitalized tuberculosis patients.

(9) Notify the local health officer of intended discharge of tuberculosis patients in order to assure appropriate outpatient arrangements are arranged.

NEW SECTION

PERMANENT RULES

GAMBLING COMMISSION

[Order 392—Filed November 22, 2000, 11:35 a.m., effective January 1, 2001]

Date of Adoption: November 17, 2000.

Purpose: Currently, this rule requires all changes in management positions to be reported to the commission. This enables staff to conduct background investigations on people involved in the management of a gambling operation. This amendment specifically lists which positions must be reported to the commission when changes are made to the management structure. By listing specific positions, redundancies are removed, i.e. persons who have already obtained a gambling license will not have to be reported, as they have already passed the background investigations and qualified for a gambling licensee.

Citation of Existing Rules Affected by this Order: Amending WAC 230-04-330.

PERMANENT

AMENDATORY SECTION (Amending Order 67, filed 3/11/77)

WAC 230-04-330 Change of management. (~~No licensee shall make, or allow, a change in the~~) Changes made to an organization's management, directors, officers, or any other person holding a position ((with that licensee wherein he)) that makes any management decision directly affecting the operation of any licensed gambling activity ((without notifying the commission in writing not more than thirty days following such change: Provided, That with respect to bona fide charitable or bona fide nonprofit organizations only, notice need not be given of change in officers until the required renewal date(s) for a particular license(s), or an additional license is applied for, whichever is sooner.

~~Each such change is subject to the approval of the commission.~~

~~Together with a notice of such change, the commission shall be supplied with all of the information which, by law or under the rules of the commission, would have been required to be supplied to the commission respecting such director or officer, or other person in a managerial position, with the licensee had he been in such capacity at the time the application for the license was originally submitted to the commission)) shall be reported to commission staff in writing.~~

Notification.

(1) Commercial business licensees. Within thirty days, after making the following management changes:

(a) Board of directors, if any;

(b) Officers; and

(c) All persons, whether licensed or not, designated as the overall manager of one or more of the following licensed gambling activities:

(i) Amusement games;

(ii) Punch boards/pull-tabs; or

(iii) Public card room.

(d) Persons that have applied for or hold a current card room employee license are not required to notify commission staff if they change positions, unless they perform one or more of the managerial duties listed in (c) of this subsection.

(2) Charitable or nonprofit organization licensees. When renewing their annual license, after making the following management changes:

(a) Highest ranking officer or official; and

(b) Treasurer or equivalent.

(3) Each notice shall be submitted on forms provided by the commission. The forms and all attachments must be completed fully and submitted in accordance with the time periods listed above.

AMENDATORY SECTION (Amending Order 93-03, filed 8/20/93, effective 9/20/93)

WAC 173-400-040 General standards for maximum emissions. All sources and emissions units are required to meet the emission standards of this chapter. Where an emission standard listed in another chapter is applicable to a specific emissions unit, such standard will take precedent over a general emission standard listed in this chapter. When two or more emissions units are connected to a common stack and the operator elects not to provide the means or facilities to sample emissions from the individual emissions units, and the relative contributions of the individual emissions units to the common discharge are not readily distinguishable, then the emissions of the common stack must meet the most restrictive standard of any of the connected emissions units. Further, all emissions units are required to use reasonably

available control technology (RACT) which may be determined for some sources or source categories to be more stringent than the applicable emission limitations of any chapter of Title 173 WAC. Where current controls are determined to be less than RACT, ecology or the authority shall, as provided in (~~section 8, chapter 252, Laws of 1993~~) RCW 70.194.154, define RACT for each source or source category and issue a rule or regulatory order requiring the installation of RACT.

(1) Visible emissions. No person shall cause or permit the emission for more than three minutes, in any one hour, of an air contaminant from any emissions unit which at the emission point, or within a reasonable distance of the emission point, exceeds twenty percent opacity except:

(a) When the emissions occur due to soot blowing/grate cleaning and the operator can demonstrate that the emissions will not exceed twenty percent opacity for more than fifteen minutes in any eight consecutive hours. The intent of this provision is to permit the soot blowing and grate cleaning necessary to the operation of boiler facilities. This practice, except for testing and trouble shooting, is to be scheduled for the same approximate times each day and ecology or the authority be advised of the schedule.

(b) When the owner or operator of a source supplies valid data to show that the presence of uncombined water is the only reason for the opacity to exceed twenty percent.

(c) When two or more sources are connected to a common stack, ecology or the authority may allow or require the use of an alternate time period if it is more representative of normal operations.

(d) When an alternate opacity limit has been established per RCW 70.94.331 (2)(c).

(2) Fallout. No person shall cause or permit the emission of particulate matter from any source to be deposited beyond the property under direct control of the owner(s) or operator(s) of the source in sufficient quantity to interfere unreasonably with the use and enjoyment of the property upon which the material is deposited.

(3) Fugitive emissions. The owner or operator of any emissions unit engaging in materials handling, construction, demolition or any other operation which is a source of fugitive emission:

(a) If located in an attainment area and not impacting any nonattainment area, shall take reasonable precautions to prevent the release of air contaminants from the operation.

(b) If the emissions unit has been identified as a significant contributor to the nonattainment status of a designated nonattainment area, shall be required to use reasonable and available control methods, which shall include any necessary changes in technology, process, or other control strategies to control emissions of the contaminants for which nonattainment has been designated.

(4) Odors. Any person who shall cause or allow the generation of any odor from any source which may unreasonably interfere with any other property owner's use and enjoyment of his property must use recognized good practice and procedures to reduce these odors to a reasonable minimum.

(5) Emissions detrimental to persons or property. No person shall cause or permit the emission of any air contaminant from any source if it is detrimental to the health, safety,

or welfare of any person, or causes damage to property or business.

(6) Sulfur dioxide.

No person shall cause or permit the emission of a gas containing sulfur dioxide from any emissions unit in excess of one thousand ppm of sulfur dioxide on a dry basis, corrected to seven percent oxygen for combustion sources, and based on the average of any period of sixty consecutive minutes, except:

When the owner or operator of an emissions unit supplies emission data and can demonstrate to ecology or the authority that there is no feasible method of reducing the concentration to less than one thousand ppm (on a dry basis, corrected to seven percent oxygen for combustion sources) and that the state and federal ambient air quality standards for sulfur dioxide will not be exceeded. In such cases, ecology or the authority may require specific ambient air monitoring stations be established, operated, and maintained by the owner or operator at mutually approved locations. All sampling results will be made available upon request and a monthly summary will be submitted to ecology or the authority.

(7) Concealment and masking. No person shall cause or permit the installation or use of any means which conceals or masks an emission of an air contaminant which would otherwise violate any provisions of this chapter.

(8) Fugitive dust sources.

(a) The owner or operator of a source of fugitive dust shall take reasonable precautions to prevent fugitive dust from becoming airborne and shall maintain and operate the source to minimize emissions.

(b) The owner(s) or operator(s) of any existing source(s) of fugitive dust that has been identified as a significant contributor to a PM-10 nonattainment area shall be required to use reasonably available control technology to control emissions. Significance will be determined by the criteria found in WAC 173-400-113(3).

AMENDATORY SECTION (Amending Order 98-04, filed 7/21/98, effective 8/21/98)

WAC 173-400-060 Emission standards for general process units. General process units are required to meet all applicable provisions of WAC 173-400-040 and, no person shall cause or permit the emission of particulate material from any general process operation in excess of 0.23 gram((s)) per dry cubic meter at standard conditions (0.1 grain/dscf) of exhaust gas. EPA test methods from 40 CFR Parts 51, 60, 61, and 63 and any other approved test procedures which are contained in ecology's "Source Test Manual - Procedures For Compliance Testing" as of July 12, 1990, will be used to determine compliance.

AMENDATORY SECTION (Amending Order 98-04, filed 7/21/98, effective 8/21/98)

WAC 173-400-070 Emission standards for certain source categories. Ecology finds that the reasonable regulation of sources within certain categories requires separate standards applicable to such categories. The standards set

forth in this section shall be the maximum allowable standards for emissions units within the categories listed. Except as specifically provided in this section, such emissions units shall not be required to meet the provisions of WAC 173-400-040, 173-400-050 and 173-400-060.

(1) Wigwam burners.

(a) All wigwam burners shall meet all provisions of WAC 173-400-040 (2), (3), (4), (5), (6), and (7).

(b) All wigwam burners shall use RACT. All emissions units shall be operated and maintained to minimize emissions. These requirements may include a controlled tangential vent overfire air system, an adequate underfire system, elimination of all unnecessary openings, a controlled feed and other modifications determined necessary by ecology or the authority.

(c) It shall be unlawful to install or increase the existing use of any burner that does not meet all requirements for new sources including those requirements specified in WAC 173-400-040 and 173-400-050, except operating hours.

(d) Ecology may establish additional requirements for wigwam burners located in sensitive areas as defined by chapter 173-440 WAC. These requirements may include but shall not be limited to:

(i) A requirement to meet all provisions of WAC 173-400-040 and 173-400-050. Wigwam burners will be considered to be in compliance if they meet the requirements contained in WAC 173-400-040(1). An exception is made for a startup period not to exceed thirty minutes in any eight consecutive hours.

(ii) A requirement to apply BACT.

(iii) A requirement to reduce or eliminate emissions if ecology establishes that such emissions unreasonably interfere with the use and enjoyment of the property of others or are a cause of violation of ambient air standards.

(2) Hog fuel boilers.

(a) Hog fuel boilers shall meet all provisions of WAC 173-400-040 and 173-400-050(1), except that emissions may exceed twenty percent opacity for up to fifteen consecutive minutes once in any eight hours. The intent of this provision is to permit the soot blowing and grate cleaning necessary to the operation of these units. This practice is to be scheduled for the same specific times each day and ecology or the authority shall be notified of the schedule or any changes.

(b) All hog fuel boilers shall utilize RACT and shall be operated and maintained to minimize emissions.

(3) Orchard heating.

(a) Burning of rubber materials, asphaltic products, crankcase oil or petroleum wastes, plastic, or garbage is prohibited.

(b) It is unlawful to burn any material or operate any orchard-heating device that causes a visible emission exceeding twenty percent opacity, except during the first thirty minutes after such device or material is ignited.

(4) Grain elevators.

Any grain elevator which is primarily classified as a materials handling operation shall meet all the provisions of WAC 173-400-040 (2), (3), (4), and (5).

(5) Catalytic cracking units.

(a) All existing catalytic cracking units shall meet all provisions of WAC 173-400-040 (2), (3), (4), (5), (6), and (7) and:

(i) No person shall cause or permit the emission for more than three minutes, in any one hour, of an air contaminant from any catalytic cracking unit which at the emission point, or within a reasonable distance of the emission point, exceeds forty percent opacity.

(ii) No person shall cause or permit the emission of particulate material in excess of 0.46 grams per dry cubic meter at standard conditions (0.20 grains/dscf) of exhaust gas.

(b) All new catalytic cracking units shall meet all provisions of WAC 173-400-115.

(6) Other wood waste burners.

(a) Wood waste burners not specifically provided for in this section shall meet all provisions of WAC 173-400-040.

(b) Such wood waste burners shall utilize RACT and shall be operated and maintained to minimize emissions.

(7) Sulfuric acid plants.

No person shall cause to be discharged into the atmosphere from a sulfuric acid plant, any gases which contain acid mist, expressed as H_2SO_4 , in excess of 0.15 pounds per ton of acid produced. Sulfuric acid production shall be expressed as one hundred percent H_2SO_4 .

(8) **Sewage sludge incinerators.** Standards for the incineration of sewage sludge found in 40 CFR Part 503 subparts A (General Provisions) and E (Incineration) in effect on July 1, 1997, are adopted by reference.

(9) Municipal solid waste landfills constructed, reconstructed, or modified before May 30, 1991. A municipal solid waste landfill (MSW landfill) is an entire disposal facility in a contiguous geographical space where household waste is placed in or on the land. A MSW landfill may also receive other types of waste regulated under Subtitle D of the Federal Resource Conservation and Recovery Act including the following: Commercial solid waste, non-hazardous sludge, conditionally exempt small quantity generator waste, and industrial solid waste. Portions of an MSW landfill may be separated by access roads. A MSW landfill may be either publicly or privately owned. A MSW landfill may be a new MSW landfill, an existing MSW landfill, or a lateral expansion.

(a) Applicability. These rules apply to each existing MSW landfill constructed, reconstructed, or modified before May 30, 1991. (See WAC 173-400-115(2) for MSW landfills constructed, reconstructed, or modified on or after May 30, 1991.)

(b) Exceptions. Any physical or operational change to an existing MSW landfill made solely to comply with these rules is not considered a modification or rebuilding.

(c) Recordkeeping and reporting. All existing MSW landfills must follow the recordkeeping and reporting requirements in 40 CFR 60.757 (submittal of an initial design capacity report) and 40 CFR 60.758 (recordkeeping requirements). Exceptions to these requirements are located in 40 CFR 60.24.

(d) Test methods and procedures.

(i) All existing MSW landfills must calculate the landfill nonmethane organic compound (NMOC) emission rates following the procedures listed in 40 CFR 60.754.

(ii) Gas collection and control systems must meet the requirements in 40 CFR 60.752 (b)(2)(ii) through the following procedures:

(A) The systems must follow the operational standards in 40 CFR 60.753.

AMENDATORY SECTION (Amending Order 93-40, filed 3/22/95, effective 4/22/95)

WAC 173-400-104 Registration fees. (1) Registration fee determination. In counties without an active local air pollution control authority, ecology shall establish registration fees based on workload using the process outlined below. The fees collected shall be sufficient to cover the direct and indirect costs of administering the registration program within ecology's jurisdiction.

(2) Budget preparation. Ecology shall conduct a workload analysis projecting resource requirements for administering the registration program. Workload estimates shall be prepared on a biennial basis and shall estimate the resources required to perform registration program activities listed in WAC ((173-400-097)) 173-400-099(2). Ecology shall prepare a budget for administering the registration program using workload estimates identified in the workload analysis for the biennium.

(3) Registration fee schedule. Ecology's registration program budget shall be distributed to sources located in its jurisdiction according to the following:

(a) Sources requiring periodic registration and inspections shall pay an annual registration fee of four hundred dollars.

(b) Sources requiring annual registration and inspections shall pay a registration fee comprised of the following three components:

(i) Flat component. This portion of a source's fee shall be calculated by the equal division of thirty-five percent of the budget amount allocated to annual registration sources by the total number of sources requiring annual registration.

(ii) Complexity component. Each source is assigned a complexity rating of 1, 3, or 5 which is based on the estimated amount of time needed to review and inspect the source. This portion of the fee is calculated by dividing forty percent of the budget amount allocated to annually registered sources by the total complexity of sources located in ecology's jurisdiction. The quotient is then multiplied by an individual source's complexity rating to determine that source's complexity portion of the fee.

(iii) Emissions component. This portion of a source's fee is calculated by dividing twenty-five percent of the budget amount allocated to annually registered sources by the total billable emissions from those sources. The quotient is then multiplied by an individual source's billable emissions to determine that source's emissions portion of the fee. Billable emissions include all air pollutants except carbon monoxide and total suspended particulate.

(4) Regulatory orders. Owners or operators registering a source as a synthetic minor must obtain a regulatory order which limits the source's emissions. The owner will be required to pay a fee based on the amount of time required to research and write the order multiplied by an hourly rate of sixty dollars.

(5) Fee reductions for pollution prevention initiatives. Ecology may reduce registration fees for an individual source if that source demonstrates the use of approved pollution prevention measures or best management practices beyond those required of the source.

(6) Fee reductions for economic hardships. If a small business owner believes the registration fee results in an extreme economic hardship, the small business owner may request an extreme hardship fee reduction. The owner or operator must provide sufficient evidence to support a claim of an extreme hardship. The factors which ecology may consider in determining whether an owner or operator has special economic circumstances and in setting the extreme hardship fee include: Annual sales; labor force size; market conditions which affect the owner's or operator's ability to pass the cost of the registration fee through to customers; average annual profits, and cumulative effects of multiple site ownership. In no case will a registration fee be reduced below two hundred dollars.

(7) Fee payments. Fees specified in this section shall be paid within thirty days of receipt of ecology's billing statement. All fees collected under this regulation shall be made payable to the Washington department of ecology. A late fee surcharge of fifty dollars or ten percent of the fee, whichever is more, may be assessed for any fee not received after the thirty-day period.

(8) Dedicated account. All registration fees collected by ecology shall be deposited in the air pollution control account.

(9) Tracking revenues, time, and expenditures. Ecology shall track revenues collected under this subsection on a source-specific basis. Ecology shall track time and expenditures on the basis of ecology budget functions.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order:
Amending WAC 220-56-285.

Statutory Authority for Adoption: RCW 77.12.047.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order:
Repealing WAC 220-40-03100A; and amending WAC 220-40-031.

Statutory Authority for Adoption: RCW 77.12.047.

DEPARTMENT OF
FISH AND WILDLIFE**

[Order 00-237—Filed November 14, 2000, 1:49 p.m., effective November 14, 2000, 4:00 p.m.]

Date of Adoption: November 13, 2000.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-04600E; and amending WAC 220-52-046.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of

notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The closures in this emergency rule are necessitated by state/tribal allocation imbalances in Crab Management Regions 1 and 2 East. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES
GAMBLING COMMISSION
 [Filed November 17, 2000, 3:33 p.m.]

Date of Adoption: November 17, 2000.

Purpose: In December 1999, the commission adopted fee increases for licensees (WSR 99-24-099). I-722 recently passed by a vote, however, it has been challenged and is currently under review. Because of this, there is a cloud of uncertainty regarding the proper amount licensing fees should be set at. It is felt this is confusing for licensees; therefore, this filing is being made to readopt the licensing fee amounts established with the filing of WSR 99-24-099.

At the July 2000 meeting, the commission adopted housekeeping changes to WAC 230-04-203, under WSR 00-15-039, to become effective January 1, 2001. These changes were merely housekeeping and did not change licensing fees. Changes to WAC 230-04-203 adopted at the July meeting are indicated with underlining and strike-throughs. The commission filed this version of WAC 230-04-203 so these housekeeping changes will not have to be made again later.

Citation of Existing Rules Affected by this Order: Amending WAC 230-04-202, 230-04-203, and 230-04-204.

Statutory Authority for Adoption: RCW 9.46.070 and 34.05.350.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Those permanent rules, during Management Week 48, include an extended five days per week chum salmon gill net and purse seine opening in Area 7B, a one day per week chum salmon gill net and purse seine opening in Area 8, a three day per week chum salmon gill net and purse seine opening in Area 8A, a three day per week chum salmon gill net and purse seine opening in Area 8D, a one day opening for gill nets and purse seines in Areas 10 and 11, and an Area 12C opening dependent upon sufficient chum remaining in the nontreaty net share. In-season run sizes have been downgraded from preseason expectations. Conservation measures are being taken to prevent overharvest, and consistent with in-season run size updates, Areas 8, 8A, 8D, 10, 11, and 12C are being closed. Due to escapement concerns in the Nook-sack River, Area 7B is being reduced to three days next week. All other rules are consistent with agreements reached at the PFMC meeting. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 00-239—Filed November 17, 2000, 4:28 p.m., effective November 19, 2000, 11:59 p.m.]

Date of Adoption: November 17, 2000.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-47-711.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The above Puget Sound purse seine and gill net openings are part of the final agreements reached at the April 7, 2000, meeting of the Pacific Fishery Management Council (PFMC) in Portland, Oregon. Those agreements were drafted into regulatory format and filed with

EMERGENCY RULES DEPARTMENT OF FISH AND WILDLIFE

[Order 00-242—Filed November 17, 2000, 4:30 p.m., effective November 20, 2000, 12:01 a.m.]

Date of Adoption: November 17, 2000.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-61900J; and amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Skokomish River hatchery production programs for chum salmon are usually backed up by transferring chum eggs from Hoodspport Hatchery, as needed. This year, Hoodspport Hatchery is under an IHN disease quarantine and special treatment is necessary for any eggs being transferred out of the station. Due to limited capacity of the treatment process, only six million Hoodspport chum eggs can be treated and moved to the Skokomish facilities, so the Skokomish River stations must get 14,000 chum spawners back to meet their scheduled chum salmon program. As of November 6, only 1200 spawners had returned, far below the normal return rate at that date, and it is unlikely that they will achieve the needed 14,000 return. Discussions between state and Skokomish tribal biologists have produced an agreement for a closure of treaty and recreational fishing for chum salmon in the river to maximize the return to the

Skokomish River facilities. Additionally, the tribe will close commercial chum fishing in marine waters of Area 12C, except in front of Hoodspport Hatchery. There is insufficient time to promulgate permanent rules.

Reasons for this Finding: There will be unmarked hatchery steelhead returning to the Hoh River again this winter (2000/2001). Only 44.4% of the 94,100 hatchery steelhead smolts planted into the Hoh River in 1998 were adipose fin clipped because of difficulties encountered by the United States Fish and Wildlife Services. We calculate that about eight hundred fifty-six adult steelhead will return, in 2000/2001, from the 94,100 smolts planted in 1998. About four hundred eighty of those will be unmarked. There is insufficient time to promulgate permanent rules.

INTERPRETIVE OR POLICY STATEMENT
WASHINGTON STATE LOTTERY

[Filed November 3, 2000, 4:35 p.m.]

The Washington State Lottery has recently adopted or revised the following policies:

POL 110.552 - Wednesday and Saturday Daily Keno, Daily Game, Quinto, Lucky for Life, and Lotto Drawings (Revision)

Clarified that: Broadcast times are approximate; if the LDO or LSO has not arrived by 4:10, the on-duty official contacts the back-up official; verification of Daily Keno usually takes place before the live drawings (unless LDO determines otherwise); when a drawing official is not performing tasks specific to own duties, he/she is aware of what the other officials are doing; when the LDO identifies a set of tests has rejected before completing all tests, the original set of tests is completed before performing the additional tests. The camera operator and announcer have until 5:45 (not 5:35) before the LDO will attempt to notify a back-up.

Added that for fouls in pre- and post-tests where a ball fails to reach or remain at the top and the ball is identifiable,

MISC.

the LSO, with close observation of the LDO and external auditor, removes the identified ball from the mixing chamber. The LSO replaces the ball before the next test draw.

The LDO and external auditor must walk up to each machine to write down, or verify they have correctly written down, the balls drawn - after the live drawing only.

The headquarters drawing official (HDO) is now required to read all game numbers entered (even electronically-transferred Daily Keno numbers) during the computer verification process to the LDO; the LDO and external auditor confirm they are correct.

All conversations between the LDO and HDO are held over the speaker phone and verified by the external auditor.

Other minor housekeeping changes.

Signed 8/28/00.

POL 110.555 - Monday, Tuesday, Thursday, Friday and Sunday Daily Keno, Daily Game, and Lucky for Life Drawings (Revision)

Added that Lucky for Life will be performed every day, beginning October 8. Incorporated other changes, as listed above for POL 110.552, except that drawing official back-ups are not called until 5:35.

Signed 8/24/00.

POL 130.004 - Security Systems (Revision)

Long-term interns and temporary employees may now be issued security tools if the employee's manager and the security chief determine the tool is needed for the employee to effectively perform his/her duties and the length of employment justifies issuing the tool(s).

Spelled out acceptable and unacceptable ways for employees to safeguard their security tools.

Signed 8/23/00.

POL 130.014 - Conducting Background Investigations on Vendors/Contractors (New)

Documents that the lottery conducts background investigations on contractors that provide sensitive goods or services to the lottery. The following individuals are subject to a background investigation: Corporate officers, owners, partners or limited liability company members, key employees, and employees who will perform work at a lottery facility. The policy defines "sensitive goods or services" and "key employees," specifies how the background information is submitted, how the scope of the investigation is determined, sets out "qualifying background criteria," and specifies which vendors/contractors will receive a vendor/contractor identification badge.

Signed 8/11/00.

POL 230.007 - Instant Ticket Partial Pack Returns (Revision)

Changes specify that district sales representatives (DSRs) keep tickets in a secure location until the return is

verified with the regional designee. Upon return to the office, ensures that the DSR and a regional designee verify all tickets returned agree with the form documenting the return, then they seal the envelope with tape and sign the tape. The regional sales managers handle any discrepancies found, including any necessary notification to lottery security. Regions retain partial packs until they have not had any questions regarding them for ninety days, then seal the box, sign the taped seal, and send to the central warehouse.

Signed 8/17/00.

POL 240.008 - On-Line Retailer Change of Ownership (Revision)

When determining a new owner will not receive a lottery license, rather than pinning a machine and leaving it until the appeal period has expired, the terminal is removed as soon as the on-line vendor can schedule removal. If the retailer wins an appeal, the lottery pays to reinstall the phone line.

Clarified that chain account mergers, acquisitions and changes of ownership are not pinned if the licensing process is not complete at the time of ownership change.

Signed 8/29/00.

POL 320.001 - Closing/Auditing Scratch Games/Destroying Tickets

The marketing product manager no longer determines game closing dates - instead recommends closing dates to the director. The lottery now strives to have at least twenty scratch games available to players at all times, and to have nonshelf games available to players for twenty-five weeks. The policy lists reasons for deviating from this norm.

If the administrative services manager believes obsolete inventory is a burden to manage, the marketing product manager may approve destroying a game's inventory before the official closing dates.

Lottery security staff no longer witness destruction of ticket stock - the destruction agent sends certification of destruction. Security does spot checks.

Signed 8/10/00.

POL 320.060 - Build a Stadium Second Chance Drawing (for Consumers) (New)

This new policy establishes guidelines for selecting and awarding prizes to consumers who submit \$6 worth of valid nonwinning scratch tickets for game 313 (\$2 - Build a Football Stadium from Scratch).

Signed 8/22/00.

POL 320.061 - Build a Stadium Retailer Promotion (New)

This new policy establishes guidelines for awarding prizes to retailers for purchasing (activating) packs of instant game number 313 (\$2 - Build a Football Stadium from Scratch) from September 5 through October 6, 2000.

Signed 8/22/00.

POL 320.062 - "Mystery Shopper" Program (Build a Stadium) (New)

This policy establishes the process for rewarding retail clerks for displaying point of sale materials relating to the build a stadium promotion (for consumers).

Signed 8/24/00.

POL 440.003 - Copyrighted Software

Added information regarding shareware and freeware - lottery information services (IS) must authorize and perform the installation. IS ensures the shareware/freeware is registered to the lottery, does not interfere with other official business software, and does not contain a security "window" that allows access to lottery systems. IS will also inventory all software in writing. Users must sign the written inventory signifying agreement with the inventory, knowledge of this policy, and agreement not to add to or subtract from the software inventory.

Signed 8/1/00.

POL 440.012 - Remote Access to the Local Area Network (LAN)

All remote users must justify the need for the access and get director, deputy director or designee approval. IS must determine that equipment is available (home computers cannot be used). Users no longer record each use. Deleted instructions on how to use the remote access - training on access is provided by IS customer support.

Signed 7/16/00.

POL 440.013 - Accessing TRAC, LAN and PRO:SYS

All systems are now approved at the same level - by a manager. Added the information services monitors/prompts LAN password changes every ninety days.

Signed 9/1/00.

POL 440.017 - Web Site Privacy Notice

This new policy ensures that visitors to the lottery's Internet web site can link to the lottery's privacy notice before entering any personally identifiable information. The link informs the user of the type of information we collect, how we use it, etc.

Signed 7/25/00.

To receive a copy of any of these policies, contact Becky Zopolis, Washington State Lottery, P.O. Box 43000, Olympia, WA 98504-3000, phone (360) 664-4816, fax (360) 664-4817.

RCW 48.05.190 and 48.30.050 require a company to identify itself by the individual company name in its advertisements, contracts, and correspondence, both to the general public and to this agency. Many companies have fallen into a pattern of identifying themselves by the "group" name rather than as the specific company within that "group." This may lead to confusion for insureds and impact the efficiency and efficacy of the Office of Insurance Commissioner.

Companies may comply with these statutes by identifying the specific company in the signature line on a letter or other document. It is also allowable to provide a list of companies under a group name and identify which entity is involved.

There is no objection to a company identifying itself as a part of a group or to the use of the group name for brand identification or general purposes, but specific product lines must be identified with the individual company name.

Should you have any questions please contact staff counsel, Mary Cotter, (360) 407-0604, MaryC@oic.wa.gov.

See below the recodification of three chapters from Title 275 WAC to Title 388 WAC.

There are also several sections from chapter 440-44 WAC that are being migrated to more than one section of Title 388 WAC. This is because chapter 440-44 WAC was a general chapter for the entire agency, but is now being used by only two program areas. The staff from each of the programs decided to move these sections into the body of their particular program rules. Please call Kelly Cooper at 664-6094 if you have any questions.

NAME _____

ADDRESS _____

THE WASHINGTON STATE REGISTER, published under RCW 34.08.020, is distributed on the first and third Wednesdays of each month. The Register contains the full text of proposed, emergency, and permanently adopted rules of state agencies, executive orders of the governor, notices of public meetings of state agencies, rules of the state supreme court, summaries of attorney general opinions, and juvenile disposition standards that have been filed in the code reviser's office before the closing date for that issue of the Register. A cumulative table of existing sections of the Washington Administrative Code (WAC) affected by a particular agency action guides the user to the proper issue of the Register.

The code reviser's office has established an annual subscription price of \$195 for a Register subscription, and single copies cost \$8.00. Sales tax of 8.0% applies to all sales other than to state agencies. State law requires payment in advance. To subscribe to the Register, please complete the order form above and forward it to the address indicated, accompanied by your check or money order in the amount of \$210.60 (\$195 for state agencies) payable to the code reviser's office.
