[Filed June 21, 2023, 5:17 p.m.]

Subject of Possible Rule Making: The department of social and health services (DSHS) is planning to amend WAC 388-418-0005 How will I know what changes to report?, 388-470-0005 How do resources affect my eligibility for cash assistance and basic food?, 388-470-0045 How do my resources count toward the resource limits for cash assistance?, and 388-470-0070 How vehicles are counted toward the resource limit for cash assistance, and other related rules as appropriate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 74.04.005, 74.04.050, 74.04.055, 74.04.057, 74.04.770, and 74.08.090.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Effective February 1, 2024, planned amendments will expand resource exemptions for community services division cash programs and increase the cash resource limit from \$6,000 to \$12,000. These amendments are necessary to implement 2SHB 1447 (chapter 418, Laws of 2023).

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Not applicable.

Process for Developing New Rule: DSHS welcomes the public to take part in developing the rules. Anyone interested should contact the staff person identified below. At a later date, DSHS will file a proposal with the office of the code reviser with a notice of proposed rule making. PREPROPOSAL STATEMENT OF INQUIRY
WASHINGTON STATE PATROL
[Filed June 22, 2023, 6:28 a.m.]

Subject of Possible Rule Making: WAC 204-21-120 Cornering lamps.
Statutes Authorizing the Agency to Adopt Rules on this Subject:
RCW 46.37.005 and 46.37.320.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: A cornering lamp function provided by the original equipment manufacturer (OEM) is typically a function within the headlamp or using an existing lamp (such as a fog lamp). FMVSS 108 requires headlamps to be mounted not less than 22 inches, nor more than 54 inches, from the ground, measured from the center of the lamp. The cornering lamp mounting height limitation of 30 inches in the current Washington regulation does not accommodate for some SUVs or higher vehicles which have the headlamp mounted above 30 inches, yet still within the FMVSS limit of 54 inches. This prohibits the OEM the ability of offering a cornering lamp function within a headlamp or at the same height as a headlamp on higher vehicles that is compliant with federal rules and allowable in all other states.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: National Highway Traffic Safety Administration.

Process for Developing New Rule: The Washington state patrol (WSP) welcomes the public to take part in developing the rules. Anyone interested should contact the staff person identified below. At a later date, WSP will file a proposed rule making (CR-102) with the office of the code reviser. A copy of the proposal will be sent to anyone who requests a copy.

PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF ECOLOGY

[Order 23-01—Filed June 26, 2023, 8:30 a.m.]

Subject of Possible Rule Making: In 2021, the Washington legislature passed the Climate Commitment Act (CCA), which established a cap-and-invest program to help Washington meet greenhouse gas (GHG) emission limits by 2050. To align with the requirements of the CCA, this rule making will adopt amendments to chapter 173-441 WAC, Reporting of emissions of greenhouse gases, and chapter 173-446 WAC, Climate Commitment Act program rule.

The purpose of these updates is to identify and establish compliance obligations for entities importing electricity to Washington state from centralized electricity markets. Supporting changes to the reporting of emissions of GHGs rule (chapter 173-441 WAC) will ensure that appropriate data are available.

The centralized electricity markets to be addressed in the rule making include the energy imbalance market, the extended day ahead market, and the markets+ initiative underway by the Southwest Power Pool. The rule may also address other issues related to reporting of GHG emissions for entities importing electricity to Washington.

Statutes Authorizing the Agency to Adopt Rules on this Subject: GHG emissions cap and invest program, program coverage, RCW 70A.65.080 (1)(c); GHG emissions cap and invest program, Adoption of rules, RCW 70A.65.220; Washington Clean Air Act, Classification of air contaminant sources—Registration—Fee—Registration program defined—Adoption of rules requiring persons to report emissions of greenhouse gases, RCW 70A.15.2200(5).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: This rule making is required by RCW 70A.65.080 (1)(c). Specifically, this rule making will address electricity imported into the state from centralized electricity markets as covered emissions in the cap-and-invest program. Additionally, this rule making will allow centralized electricity market operators to put the necessary data infrastructure in place to track importing entities.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Pursuant to RCW 70A.65.080 (1)(c), ecology is required to conduct this rule making in consultation with the department of commerce and the utilities and transportation commission. The Federal Energy Regulatory Commission (FERC) also has a regulatory role in these markets, but interaction with FERC on this topic is handled through the market operator organization (e.g., the California Integrated System Operator) and not through the state.

Process for Developing New Rule: Ecology will follow the standard process for the adoption of rules under the Administrative Procedure Act (chapter 34.05 RCW).

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Gopika Patwa, Department of Ecology, Air Quality Program, P.O. Box 47600, Olympia, WA 98504-7600, Washington relay service or TTY call 711 or 877-833-6341, email gopika.patwa@ecy.wa.gov, website <https://ecology.wa.gov/Regulations-Permits/Laws-rules-rulemaking/Rulemaking/WAC-173-441-446>.

Additional comments: Interested parties can stay informed about the rule making and public involvement opportunities as described

above. Ecology will extend an offer for government-to-government consultation with tribal governments during each phase of rule development.

Subject of Possible Rule Making: Chapter 468-550 WAC, Safety oversight of rail fixed guideway system rules.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 35.21.228, 35A.21.300, 36.01.210, 36.57.120, 36.57A.170, 81.104.015, 81.104.115, 81.112.180.

PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF HEALTH

[Filed July 5, 2023, 9:10 a.m.]

Subject of Possible Rule Making: Establishing licensing standards for the new behavioral health support specialist (BHSS) profession in Title 246 WAC. The department of health (department) is considering establishing rules for the new BHSS profession created by SSB 5189 (chapter 270, Laws of 2023). The department will consider establishing requirements for application, education, curriculum, experience, continuing education, and fees. In collaboration with partners, the University of Washington, and other interested parties, the department may also consider any other rules appropriate to establish and regulate the BHSS profession.

Statutes Authorizing the Agency to Adopt Rules on this Subject: SSB 5189 (chapter 270, Laws of 2023).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: During the 2023 legislative session, the legislature passed SSB 5189 to create the new BHSS profession, establish its scope of practice, and direct the department to collaborate with the University of Washington on rules implementing the new profession by January 1, 2025. SSB 5189 also authorizes the secretary of health to adopt any rules necessary to implement the new profession, fees, forms and procedures, certifications, examinations, continuing education, and appeal procedures. In addition to fulfilling the intent of SSB 5189, creating rules for this profession will allow the department to consistently uphold standards that protect patient safety.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The department will collaborate with the University of Washington as required by SSB 5189.

Additionally, SSB 5189 directs the health care authority and office of the insurance commissioner to ensure that the services of the BHSS profession are covered by the state medicaid plan and other insurance carriers. The department will coordinate with both agencies throughout rule making.

There are also multiple professions that may supervise or interact with a BHSS, potentially including physicians under the Washington medical commission and the board of osteopathic medicine and surgery, psychologists under the examining board of psychology, and other professions. The department will invite potentially impacted professions to learn about the new BHSS credential and participate in rule making.

Process for Developing New Rule: Collaborative.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Brandon Williams, P.O. Box 47850, Olympia, WA 98504-7850, phone 360-236-4611, TTY 711, email brandon.williams@doh.wa.gov, website www.doh.wa.gov.
