- (b) Pesticide Dealers selling the high volatile ester formulations of 2,4-D, 2,4,5-T, and MCP in broken case lots, containing packages of one gallon or less, must maintain a ledger which shall be signed by any purchaser of such high volatile esters showing that such purchaser is a commercial producer or commercial applicator and that such high volatile esters will not be used for home and garden purposes. This ledger must contain the following: specific name of the pesticide, amount purchased, date of purchase, and name and address of purchaser. The Director of Agriculture shall have access to these records at any reasonable time.

Regulation 2. There is hereby added to Order 862 the following new regulation.

No registrations of pesticides sold for home or garden use will be accepted if the labeling bears statements such as "Safe", "Non-Toxic", "Non-Poisonous", or similar wording, unless it is followed immediately by the wording "When used as directed", in the same style and size of print as the words "Safe", "Non-Toxic", "Non-Poisonous".

I hereby certify that the foregoing is a true and correct copy of the regulations promulgated by the Department of Agriculture.
