WAC 16-218-010 SCHEDULE OF FEES FOR PHYSICAL GRADING. The schedule of fees, payable to the department for certification of hops pursuant to the standards established by the Federal Grain Inspection Service of the United States department of agriculture as authorized by the Agricultural Marketing Act of 1946, as amended, shall be as follows:

(1) Lot inspection. Seventy-five cents per bale in each lot, minimum charge shall be fifteen dollars.

(2) Sample inspection. Fifteen dollars per unofficial sample submitted.

(3) Supplemental certificates. Two dollars per certificate.

(4) Appeal inspection. Charges for appeal inspections will be made by the Federal Grain Inspection Service, Portland, Oregon, and payment for appeal inspections shall be made to them.

(5) Retyping certificates. A charge of two dollars will be made for retyping certificates if through no fault of the inspection service the information is submitted incorrectly.

~~((6))~~ (6) Extra copies. A charge of fifty cents per set will be made for typing extra copies of a certificate when requested by the original applicant or other financially interested party.

~~((6))~~ (7) Extra time and mileage charges. If through no fault of the inspection service, lots of hops cannot be sampled at the time such sampling has been requested by the applicant or there is an undue delay in making a lot of hops available for sampling, extra time and mileage charges shall be assessed. Fees for hourly wages and mileage rates will be in accordance with current applicable fees charged by the department.

To be considered available for sampling and certification, it is necessary that each and every bale in the lot of hops be readily accessible so that each bale may be properly stenciled and samples drawn from those bales selected by the inspector.
