STATE OF WASHINGTON
STATE BOARD FOR COMMUNITY COLLEGE EDUCATION
ADMINISTRATIVE ORDER NO. 39
SBCCE ORDER REGISTER

A resolution relating to the amendment of rules governing the assessment of tuition and fees for community college student enrollment.

BE IT RESOLVED by the State Board for Community College Education that it adopt Administrative Order No. 39 and the amended regulation, attached hereto and annexed by this reference, identified as WAC 131-28-025.

This resolution and the annexed amended rule after being first recorded as an Administrative Order in the Order Register of the State Board for Community College Education shall be forwarded to the Code Reviser for codification in the Washington Administrative Code.

Approved and adopted this 25th day of June, 1975.

Chairman, State Board for Community
College Education

WAC 131-28-025 METHOD OF ASSESSING TUITION AND FEE CHARGES.

(1) For academic and occupational regular or short courses, tuition and fees charged to students:

(a) shall be based upon the number of credits assigned to such courses as listed in the official and current catalog of the college, or for courses not given such credit designations, the number of credit equivalents as computed by the method for deriving such equivalents established by the State Board.

(b) shall be assessed on a per-credit basis at uniform rates for resident and for non-resident students, provided:

(i) that the respective maximums charged to any resident or non-resident student shall not exceed the amount specified in RCW 28B.15.500,

(ii) that the required non-resident differential is charged, and

(iii) that for such courses the district board of trustees may reduce, but not eliminate, the total combined tuition and fees charged if in its judgment such amount would constitute an exorbitant charge considering the nature and content of the course, special circumstances related to the cost of offering the course, or unique characteristics of the students for whom the course is intended.

(c) shall be assessed for part-time students, for each credit of registration or its equivalent, at the rate of one-tenth of the total combined tuition, operating, and services and activities fees charged to full-time students consistent with RCW 28B.15.500.

(2) The provisions of this section shall not apply to apprenticeship related training courses that meet the standards approved by the State Joint Apprenticeship Council pursuant to RCW 49.04.030, industrial first aid courses, designed to meet the requirements of the Washington Industrial Safety and Health Act of 1973, parent education courses offered in conjunction with cooperative pre-school education programs, and farm management courses that incorporate on-the-farm supervision, instruction, and work experience credit. Tuition and fees for such courses shall be those established by the district board of trustees subject to the approval of the State Board to the end that such charges shall be substantially uniform throughout the college system.

(3) For community service regular or short courses, fees charged to students:

(a) shall be designated as a special fee, all revenue from which shall be used for the general operations and maintenance of the college;

(b) shall be based upon the number of credits assigned to such courses as listed in the official current catalog of the college, or for courses not so listed or given such credit designations, the number of credit equivalents as computed by the method for deriving such equivalents established by the State Board; and

(c) shall be assessed at a uniform rate sufficient to defray the total direct and indirect costs of offering all such community service courses during any fiscal year, provided that the district board of trustees may reduce the

special fee for any specific community service course if in its judgment assessing such fee at the uniform rate would constitute an exorbitant charge considering the nature and content of the course, special circumstances related to the cost of offering the course, or unique characteristics of the students for whom the course is intended.

(4) Nothing herein shall be construed to be a restriction on the right of the district board of trustees to assess additional non-instructional fees and special fees to cover unique instructional costs or expendable instructional materials related to any course offered by a college district.

(5) Fees for courses and programs for federally indentured apprentices shall be set by the district board of trustees.
