AMENDATORY SECTION (Amending Order 81-10, filed 12/18/81)

WAC 196-24-060 RENEWAL FEES. (1) Renewals are issued on an annual basis. The director of the department of licensing has determined that all licenses for individuals registered as a professional engineer and/or professional land surveyor shall expire on the licensee's birth date. It shall be the licensee's responsibility to submit payment of the prescribed renewal fee to the department of licensing on or before the date of expiration.

(2) Under the staggered license renewal system the late payment penalty provision will be applied as follows: Before the expiration date of the individual's license the director of the department of licensing shall mail a notice for renewal of license to the last known address of every person holding a current license. The licensee must return such notice along with current renewal fees prior to the expiration of said license. Regardless of whether a renewal notice is received by the licensee, said license shall become invalid if the required fee is not paid by the date of expiration. If the licensee fails to pay the prescribed renewal fees within ninety days after the expiration date of the license, then the renewal fee will be the current fee plus an amount equal to one year's renewal fee.

(3) The renewal fee for engineers, land surveyors, engineering corporations and engineering partnerships are determined by the director of the department of licensing.
