EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 21-100—Filed June 18, 2021, 1:20 p.m., effective June 20, 2021]

Effective Date of Rule: June 20, 2021.

Purpose: Opens the recreational nonspot shrimp fisheries for Marine Area 7 East.

Citation of Rules Affected by this Order: Repealing WAC 220-330-07000G; and amending WAC 220-330-070.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This regulation is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and ensure conservation. This regulation opens the recreational nonspot shrimp fisheries for Marine Area 7 East and previously announced seasons in 8-1, 8-2, 9, 11, and 13 only. The nonspot shrimp fisheries have maximum depth restrictions specific to each area to limit capture and handling of spot shrimp. Spot shrimp must be immediately released unharmed during nonspot shrimp seasons. There is insufficient time to adopt permanent rules.
