[Insurance Commissioner Matter R 2021-03—Filed August 17, 2021, 12:37 p.m.]

Original Notice.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: Section 2, chapter 22, Laws of 2021 (SHB 1037) necessitates resident adjusters have continuing education requirements, therefore, the commissioner is considering rule making to further clarify resident independent adjusters and public adjusters continuing education protocols.

The amended WAC simply include resident adjusters as requiring continuing education requirements.

Reasons Supporting Proposal: The intent is to match the National Association of Insurance Commissioners standard of 24 continuing education hours, including three hours of ethics, every two years. Having Washington state resident independent adjusters and public insurance adjusters have continuing education requirements is in alignment with other states. It is a benefit for our Washington state consumers to have a workforce that is continuing to receive updates on their profession. Finally, it will help our resident adjusters that work in other states find it easier to satisfy their continuing education requirements in those states if they are offered here in their home state.

Statutory Authority for Adoption: RCW 48.02.060, 48.17.005, and 48.17.150.

Statute Being Implemented: Section 2, chapter 22, Laws of 2021 (SHB 1037).

Rule is not necessitated by federal law, federal or state court decision.

This rule proposal, or portions of the proposal, is exempt from requirements of the Regulatory Fairness Act because the proposal:

Is exempt under RCW 19.85.030 (1)(a).

Explanation of exemptions: The proposed rule does not impose more than minor costs. See explanation following.

The proposed rule does not impose more-than-minor costs on businesses. Following is a summary of the agency's analysis showing how costs were calculated. RCW 19.85.030 (1)(a) states that " ... an agency shall prepare a small business economic impact state: (i) If the proposed rule will impose more than minor costs on businesses in an industry ... " An analysis conducted by the office of the insurance commissioner determined that this rule would not impose [impose] more than minor costs on businesses.

A survey was administered to resident independent and public adjuster business entities. The survey was used to determine how many individuals a business employed and how much the rule would cost. For one of the baseline questions, "How many people does your business employ?," we received 32 responses. Of those 32 responses, 25 (78 percent) were classified as small businesses as defined by RCW 19.85.020(3), " ... any business entity, including a sole proprietorship, corporation, partnership, or other legal entity, that is owned and operated independently from all other businesses, and that has fifty or fewer employees." The below table details anticipated annual cost to business entities based on the survey responses:

Table 1: Details on the analysis can be seen in the cost-benefit analysis. Figures are from a sample of 32 business entities.

Business Size	Average Number of Employees	Estimated Cost of Rule per Year
Small Businesses	5	\$471.43
Large Businesses	7,613	\$385.50
All Businesses Together	1,434	\$422.73

Small businesses are expected to pay slightly more annually than larger businesses based on our analysis. This is because generally large businesses where more likely to already reimburse resident adjusters for continuing education credits to comply with other states' requirements. The estimated cost of the rule per year on small businesses was used as the estimated cost of compliance when determining whether the cost was greater than the minor cost threshold. The following table details the cost and minor cost threshold for property and casualty insurance carriers and claims adjusters:

2017 Industry NAICS Code	Estimated Cost of Compliance	NAICS Code Title	Minor Cost Estimate	1% of Avg Annual Payroll	0.3% of Avg Annual Gross Business Income
524126	\$471.43	Direct Property and Casualty Insurance Carriers	\$33,951.09	\$33,951.09	\$2,571.20
524291	\$471.43	Claims Adjusting	\$4,302.81	\$4,302.81	\$2,779.17

Evidently, the estimated cost of compliance is below the minor cost threshold. The figures used for this calculation are drawn from the 2020 Washington State Employment Security Department's Quarterly Census of Employment and Wages.
