

**WSR 21-18-018
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 21-154—Filed August 20, 2021, 3:23 p.m., effective August 20, 2021]

Effective Date of Rule: August 20, 2021.

Purpose: The purpose of this emergency rule is to increase the Chinook portion of the salmon daily limit in Marine Area 2.

Citation of Rules Affected by this Order: Repealing WAC 220-313-07500C; and amending WAC 220-313-075.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule is needed to increase the Chinook portion of the salmon daily limit in Marine Area 2. Sufficient quota remains available in the fishery to allow retention of two Chinook salmon per angler per day while still meeting the Pacific Coast Salmon Fishery Management Plan goal of continuing recreational salmon fishing into September. This rule is also adopted at the recommendation of the Pacific Fisheries Management Council and has been adopted for federal waters by the National Oceanic and Atmospheric Administration. There is insufficient time to adopt permanent rules.
