EMERGENCY RULES

DEPARTMENT OF

SOCIAL AND HEALTH SERVICES

(Developmental Disabilities Administration)

[Filed March 14, 2022, 10:08 a.m., effective March 16, 2022]

Effective Date of Rule: March 16, 2022.

Purpose: WAC 388-823-0510 Developmental disabilities administration (DDA) is clarifying from whom it accepts a written statement indicating a person's autism prevents the person from completing a full-scale intellectual quotient (FSIQ) test.

Citation of Rules Affected by this Order: Amending WAC 388-823-0510.

Statutory Authority for Adoption: RCW 71A.12.030, 71A.12.120.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule expands the list of professionals qualified to provide a written statement that a person's autism prevents them from completing FSIQ testing. This change prevents disruption in service for DDA clients whose statement from a professional does not meet currently enacted requirements. A more comprehensive list of qualified professionals assists applicants for DDA services. This change reduces the potential impact to hospitals, law enforcement agencies, and behavioral health institutes by preserving the person's current living situation in the community. DDA eligibility and access to DDA services support both the client and the care system by providing predictable, stable services. Enacting this emergency rule prevents potential harm brought by disruption to services, or inability to access services.

This is the second emergency filing on this section. This subsequent filing is necessary to keep the amendments in effect until DDA can complete the permanent rule-making process. The department filed a CR-101 Preproposal under WSR 21-24-017.
