EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 22-146—Filed July 21, 2022, 1:00 p.m., effective July 21, 2022, 1:00 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to open additional coastal and Puget Sound recreational halibut seasons.

Citation of Rules Affected by this Order: Amending WAC 220-314-030.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to open additional all-depth recreational halibut retention days in Marine Areas 1 through 10. Severe inclement weather on previously scheduled halibut days precluded or significantly reduced fishing effort. Substantial quota remains and adding dates in August and September supports progress towards attaining the Washington sport quota. The National Marine Fisheries Service has adopted regulations for Pacific halibut fisheries in 2022, including the additional season dates described here. This emergency rule revises state rules to conform to federal regulations. There is insufficient time to adopt permanent rules.
