Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: Training requirements for all long-term care workers are regulated by the same policies. Long-term care workers who work in home environments are regulated under chapter 388-71 WAC, while workers in assisted living facilities, enhanced services facilities, and adult family homes are regulated under chapter 388-112A WAC. As a result of many years of amendments and additions to rules that were not done in concert between the two chapters, the language between chapters 388-71 and 388-112A WAC have diverged, resulting in significant differences. These differences cause unnecessary confusion. The modifications contained in this proposal will not change policy or practice, but will reconcile the differences, update language, and create more current and uniform policies for long-term care workers. Amendments fall under the following categories: Changing numbers over 10 to numbers rather than words; adding rules to chapter 388-71 WAC that are already in place in chapter 388-112A WAC, but should be in both training sections; moving rules to new, more logical locations; clarifying language suggested by stakeholders; making wording between chapters more consistent; gender equity changes; consolidating several redundant rules into a single rule; changing "70-hour long-term care basic training" to "70-hour home care aide basic training"; correction of typographical and other unintended errors; and anticipation of a future department of health rule change related to the date of hire.
