**EMERGENCY RULES**  
**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 23-187—Filed September 1, 2023, 4:15 p.m., effective September 1, 2023, 4:15 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to open additional days of recreational crab seasons in Marine Area 7 North.

Citation of Rules Affected by this Order: Repealing WAC 220-330-04000K and 220-330-04000L; and amending WAC 220-330-040.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to adjust the recreational crab harvest season in Marine Area 7 North. Days are being added to compensate for a delay to the start of this fishery, which was originally scheduled for August 17 and was delayed until August 20 due to an abundance of crab in soft shell condition. Beginning on September 14, Marine Area 7 North will be open seven days per week through September 30, which will add four days to the season currently in place. This maintains the openings in the other marine areas listed to achieve the 50/50 harvest defined by the federal court order. Marine Area 12 south of a line projected due east from Ayock Point and Marine Area 13 will be closed. There is insufficient time to adopt permanent rules.
