EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 23-188—Filed September 1, 2023, 4:25 p.m., effective September 2, 2023]

Effective Date of Rule: September 2, 2023.

Purpose: The purpose of this emergency rule is to open commercial gillnet and purse seine seasons in Puget Sound Salmon Management and Catch Reporting Areas 7 and 7A and commercial reef net seasons in Area 7.

Citation of Rules Affected by this Order: Amending WAC 220-354-120 and 220-354-160.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to schedule openings for commercial purse seine and gillnet fisheries in Puget Sound Management and Catch Reporting Areas 7 and 7A and commercial reefnet fisheries in Area 7. Prosecuting these fisheries has been authorized by the Fraser River Panel as part of the Pacific Salmon Treaty. In-season information indicates that there are harvestable pink salmon available for United States fisheries. There is insufficient time to adopt permanent rules.
