

**WSR 24-15-037  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE**

[Order 24-125—Filed July 11, 2024, 10:42 a.m., effective July 13, 2024]

Effective Date of Rule: July 13, 2024.

Purpose: The purpose of this emergency rule is to adjust the Chinook portion of the daily limit in Areas 3 and 4 to allow up to two Chinook to be retained daily.

Citation of Rules Affected by this Order: Repealing WAC 220-313-07500W; and amending WAC 220-313-075.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The purpose of this rule is to allow retention of up to two Chinook in Areas 3 and 4. Sufficient Chinook guideline remains in these areas to expand Chinook retention without risking early fishery closure. These rules are adopted at the recommendation of the Pacific Fisheries Management Council, in accordance with preseason fishing plans, and have been adopted for federal waters by the National Oceanic and Atmospheric Administration. There is insufficient time to adopt permanent rules.
