PERMANENT RULES

DEPARTMENT OF HEALTH

[Filed August 29, 2024, 11:36 a.m., effective October 1, 2024]

Effective Date of Rule: October 1, 2024.

Purpose: J-1 physician visa waiver rules in chapter 246-562 WAC. The department of health (department) amended the chapter for an overall rewrite of rule language for organization, clarity, and modernization. The adopted amendments better reflect the purpose and intent of the J-1 visa waiver program and clarify the changes in physician practice and the need for physicians across Washington state.

The adopted amendments address the applicant criteria, the application review process, and the need for more available specialists waivers slots earlier in the fiscal year. The rule adoption implements a scoring methodology to allow the department to prioritize waiver placements based on physician practices, employers, and communities that are in highest need across the state. The department created two new sections in the rule adoption to include requirements for requesting letters attestation and letters of completion.

Citation of Rules Affected by this Order: New WAC 246-562-015, 246-562-095, 246-562-115, 246-562-125, 246-562-135 and 246-562-145; repealing WAC 246-562-040, 246-562-050, 246-562-075, 246-562-085, 246-562-090, 246-562-100, 246-562-130, 246-562-140, 246-562-150 and 246-562-160; and amending WAC 246-562-010, 246-562-020, 246-562-060, 246-562-070, 246-562-080, and 246-562-120.

Statutory Authority for Adoption: RCW 70.185.040.

Adopted under notice filed as WSR 24-13-113 on June 20, 2024.

Changes Other than Editing from Proposed to Adopted Version: The department clarified the definition of "direct patient care" to include illness or disability to the purpose of providing care to patients. WAC 246-562-010(4): "Direct patient care" means providing care to patients for the purpose of prevention, diagnosis, treatment, and monitoring of disease, illness, or disability.

The department has added the original definition of "integrated health care system" back into the adopted rule to provide an understanding of the term and reduce confusion. This changed the numbering of definitions in the section.

WAC 246-562-010 (10) (a) (b): "Integrated health care system" means an organized system in which more than one health care entity participates, and in which the participating entities:

(a) Hold themselves out to the public as participating in a joint arrangement; and

(b) Participate in joint payment activity, such as clinics where a physician group charges a professional fee and a hospital charges a facility fee.

The department clarified the requirement for an unrestricted medical license in two different sections of the adopted rule to reflect the intent to require an active license without restrictions due to disciplinary action.

WAC 246-562-080(7): The physician must have an active ~~and unre-~~restricted medical license under chapter 18.71 or 18.57 RCW without any pending enforcement action cases and without any restrictions due to disciplinary action or unprofessional conduct.

WAC 246-562-135(3): The physician named in the request must have an active ~~and unre-~~restricted medical license under chapter 18.71 or 18.57 RCW without any pending enforcement action cases and without any

restrictions due to disciplinary action or unprofessional conduct to receive a letter of attestation from the department.

The department removed the time frame to make additional criteria publicly available to allow the department flexibility to share and identify criteria before the application review period.

WAC 246-562-115(7): In the event the department identifies any additional criteria, this criteria will be made publicly available at ~~least 90 days~~ prior to the applicable application review period.

The department identified a listing in department decision that was not relevant to the section it was in and removed it.

WAC 246-562-120 (2)(h): (2) The department may deny a visa waiver request or, prior to U.S. Department of State approval, may withdraw a visa waiver recommendation for cause, when the department finds the applicant has engaged in conduct contrary to the intent of the J-1 visa waiver program identified in WAC 246-562-015 including, but not limited to, the following: [...]

(f) Misrepresentation; ~~((e))~~

(g) Violation of Washington state laws and rules related to charity care; ~~or.~~

~~(h) Status of medical license.~~

The department clarified the requirements for an active medical license for letters of attestation requests to align with the requirements of the J-1 visa waiver program.

WAC 246-562-135(3): The physician named in the request must have an active medical license under chapter 18.71 or 18.57 RCW without any pending enforcement action cases without any restrictions due to disciplinary action or unprofessional conduct to receive a letter of attestation from the department. The physician named in the request for an attestation letter for the United States Department of Health and Human Services Waiver Program may substitute a copy of the license application and request an exception if the application was submitted to the Washington medical commission or Washington state board of osteopathic medicine and surgery prior to submission of the request for the attestation letter.
