3 On page 11, beginning on line 18, strike "The public project  
4 labor" and insert "The civic improvement tasks"

5 On page 11, beginning on line 21, strike "Project labor" and  
6 insert "Civic improvement tasks"

7 On page 11, on line 22, after "entity." Insert "The civic  
8 improvement tasks shall have minimal negative impact on existing  
9 private industries or the labor force in the county where the  
10 service or labor is performed. The civic improvement tasks shall  
11 not affect employment opportunities for people with developmental  
12 disabilities contracted through sheltered workshops as defined in  
13 RCW 82.04.385. In case any dispute arises as to a civic  
14 improvement task having more than minimum negative impact on  
15 existing private industries or labor force in the county where  
16 their service or labor is performed, the matter shall be referred  
17 by an interested party, as defined in RCW 39.12.010 (4), for  
18 arbitration to the director of the department of labor industries  
19 of the state."

EFFECT: Clarifies that the projects authorized to be done by offender work crews will not be in conflict with existing private industries, the labor force in the county, or developmentally disabled groups working in sheltered workshops. The Director of Labor and Industries is given the authority to resolve conflicts when labor or private industry feel they are being negatively impacted by the tasks conducted by the work crews.
