Each year, the board submits a list of projects to the Legislature for approval. The Legislature may delete a project from the list but may not add any projects or change the order of the project priorities.

Summary of Bill: Sixty-five public works projects totaling \$51,900,000 are recommended by the Public Works Board for fiscal year 1991. The appropriation for these projects was included in the 1989-91 capital budget.

Six additional public works projects totaling \$7,351,667 are also recommended for fiscal year 1991. An appropriation from the public works trust fund account is made to cover these six projects.

In total, 71 projects totaling \$59,251,667 are recommended by the public works board for fiscal year 1991.
