Brief History:

Reported by House Committee on:
Health Care, February 28, 1991, DPS;
Passed House, March 13, 1991, 97-0.

**HOUSE COMMITTEE ON
HEALTH CARE**

Majority Report: *That Substitute House Bill No. 2048 be substituted therefor, and the substitute bill do pass.*
Signed by 11 members: Representatives Braddock, Chair; Day, Vice Chair; Moyer, Ranking Minority Member; Casada, Assistant Ranking Minority Member; Cantwell; Edmondson; Franklin; Morris; Paris; Prentice; and Sprenkle.

Staff: John Welsh (786-7133).

Background: Currently, a physician or physician assistant must hold a license to practice medicine which must be renewed annually upon the payment of an annual renewal registration fee.

There is no authority for the secretary to issue a license to a physician or physician assistant who is retired and desires to practice only intermittently.

Summary of Bill: The board by rule is authorized to establish a "retired active license" for retired physicians or physician assistants who wish to practice medicine on an emergent or intermittent basis. The secretary of health is to establish a reduced renewal fee for this license. The license is conditioned upon the meeting of continuing

education requirements, and the license holder is subject to the Uniform Disciplinary Act.

This license however may not be given to any person who has entered into an agreement with any disciplinary authority to retire from active practice.

Fiscal Note: Requested February 22, 1991.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: It is important to retain qualified physicians in practice, even if they desire to practice only intermittently when they retire. Currently there is no authority for the board to grant this privilege to retired physicians and physician assistants at reduced license fees.

Testimony Against: None.

Witnesses: Jan Polek, Medical Disciplinary Board (pro); and William Robertson, Washington State Medical Association (pro).
