Background: The International Marketing Program for Agricultural Commodities and Trade (IMPACT) at Washington State University was created by statute. The Legislature created the program on a provisional basis in 1984 and gave it "permanent" status in 1985. The bill granting it permanent status also placed the program on the list for review under the state's Sunset Act. As a part of that process, the program was given a termination date of June 30, 1990. In 1988, the termination date was extended to June 30, 1992. Absent legislative action, the IMPACT program and center will terminate on that date.

Summary: The sunset termination date for the IMPACT program and center at Washington State University under the Sunset Act is postponed until June 30, 1996.
