Staff: Barbara McLain (786-7153).

Background: When the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) was created in 1970, members' employment service under prior retirement systems was transferred to the LEOFF system. In addition, a five-year window, to March 1975, was created for members to restore contributions that they had withdrawn from the prior retirement system so they could receive service credit for that prior service. A similar window was created for members who had been employed as police officers or fire fighters under a prior system, but were not yet members of the system when LEOFF was created and therefore never had the opportunity to receive credit for that service. There

has never been an additional open window period to restore contributions in LEOFF.

Summary of Bill: Members of Plan I of the Law Enforcement Officers' and Fire Fighters' Retirement System (LEOFF) who cannot receive service credit for service under a pre-LEOFF retirement system because they withdrew their contributions under the pre-LEOFF system, have until June 30, 1993, to restore the contributions, with interest, and receive service credit under LEOFF I.

Members of LEOFF I whose pre-LEOFF service is not creditable because at the time of the service, the members employed as law enforcement officers or fire fighters but were not yet members of the pre-LEOFF system, have until June 30, 1993, to pay the employer and employee contributions, with interest, for the prior service in order to receive service credit under LEOFF I.
