

FINAL BILL REPORT

EHB 1185

C 133 L 92
Synopsis As Enacted

Brief Description: Requiring certain federal liens to be filed with the department of licensing.

By Representatives Appelwick, Paris and Wineberry.

Senate Committee on Law & Justice
Senate Committee on Ways & Means

Background: Generally, security interests on personal property are centrally filed with the Department of Licensing. However, a different rule applies to some federal liens on personal property. Some federal liens on personal property must be recorded with the county auditor.

In 1988, the Legislature enacted the Uniform Federal Lien Registration Act. Notices affecting federal tax liens or other federal liens are covered by this act. Notices of federal liens upon real property must be recorded in the county where the property is located.

Notices of federal liens upon personal property, however, must be recorded as follows: (1) liens against corporations or partnerships whose principle executive offices are in the state must be filed with the Department of Licensing; (2) in all other cases, liens must be filed in the county of residence of the person against whom the lien applies.

The Department of Licensing is authorized to charge fees to cover the costs of filings.

In 1989, the Legislature amended the Uniform Federal Lien Registration Act to provide that all federal liens on personal property are to be filed with the Department of Licensing. However, the governor vetoed this legislation (HB 1096 from 1989). Even though the bill provided for fees to cover the costs of filings, the governor's veto message indicated that the fiscal impact on the department was unacceptable.

Summary: The same legislation relating to filing federal liens that was vetoed in 1989 is enacted.

All notices of federal liens on personal property are to be filed with the Department of Licensing. The department is

to enter federal lien filings in the uniform commercial code filing system. Fees may be charged to cover the costs of filings.

Votes on Final Passage:

House	91	0	
Senate	44	1	(Senate amended)
House	97	0	(House concurred)

Effective: July 1, 1992
