Background: In 1991, the Legislature enacted a law requiring the registration of athlete agents with the Department of Licensing. This act made it a criminal offense for an athlete agent to: induce a student athlete to enter into an agent contract or professional sport services contract; enter into an agreement whereby the athlete agent offers anything of value to an employee of a school in return for the referral of a student athlete; or offer money or any valuable consideration to a student athlete to induce the student athlete to enter into a professional sports services contract. "Athlete agent" is defined as an individual registered under this chapter.

"Professional athlete" is defined in the act as a person who is under contract to a professional sports team and is no longer enrolled in an institution of higher education as an undergraduate student. References in the act to employment "with a professional sport team or as a professional athlete," therefore, are redundant.

Summary of Bill: Technical changes are made to the athlete agent registration statute.

"Athlete agent" is defined as an individual required to be registered under this chapter.

Redundant references to employment "with a professional sport team or as a professional athlete," are stricken.

Fiscal Note: Not requested.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Testimony For: The Department of Licensing has no objection to the bill. The bill makes technical clarifications.

Testimony Against: None.
