Governor of the State of Washington	Secretary of State State of Washington		

ENGROSSED SUBSTITUTE HOUSE BILL 1877

AS RECOMMENDED BY THE CONFERENCE COMMITTEE

Passed Legislature - 1991 Regular Session

State of Washington 52nd Legislature 1991 Regular Session

By House Committee on Natural Resources & Parks (originally sponsored by Representatives Hargrove, Belcher, Jones, Phillips, Jacobsen, Sheldon, Basich and Rasmussen).

Read first time March 6, 1991.

- 1 AN ACT Relating to natural resource management research; amending
- 2 RCW 76.12.210; and adding new sections to chapter 76.12 RCW.
- 3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 4 <u>NEW SECTION.</u> **Sec. 1.** The legislature finds that conflicts
- 5 over the use of natural resources essential to the state's residents,
- 6 especially forest and ocean resources, have increased dramatically.
- 7 There are growing demands that these resources be fully utilized for
- 8 their commodity values, while simultaneously there are increased
- 9 demands for protection and preservation of these same resources. While
- 10 these competing demands are most often viewed as mutually exclusive,
- 11 recent research has suggested that commodity production and ecological
- 12 values can be integrated. It is the intent of the legislature to
- 13 foster and support the research and education necessary to provide
- 14 sound scientific information on which to base sustainable forest and

- 1 marine industries, and at the same time sustain the ecological values
- 2 demanded by much of the public.
- 3 **Sec. 2.** RCW 76.12.210 and 1989 c 424 s 4 are each amended to read 4 as follows:
- 5 $((\frac{1}{1}))$ The Olympic $(\frac{1}{1})$ The Olympic $(\frac{1}{1})$
- 6 research and education)) natural resources center is hereby created at
- 7 the University of Washington in the college of forest resources and the
- 8 <u>college of ocean and fishery sciences</u>. The ((institute)) <u>center</u> shall
- 9 ((be located)) maintain facilities and programs in the western portion
- 10 of the Olympic Peninsula. Its purpose shall be to demonstrate
- 11 innovative management methods which successfully integrate
- 12 environmental and economic interests into pragmatic management of
- 13 forest and ocean resources. The ((institute)) center shall combine
- 14 research and educational opportunities with experimental forestry,
- 15 oceans management, and traditional management knowledge into an overall
- 16 program which demonstrates that management based on sound economic
- 17 principles is made superior when combined with new methods of
- 18 management based on ecological principles. ((The institute shall be
- 19 jointly supported by the college of forest resources and the college of
- 20 ocean and fishery science.
- 21 (2) There is hereby appropriated from the general fund to the
- 22 University of Washington the sum of one hundred fifty thousand dollars,
- 23 or as much thereof as may be necessary, for the biennium ending June
- 24 30, 1991, for the purpose of preparing a development plan for the
- 25 institute. The development plan shall involve policy makers from
- 26 state, federal, tribal, business, and environmental interests in the
- 27 preparation of management plans and as it develops programs and shall
- 28 be guided by the recommendation of the old growth commission appointed

- 1 by the commissioner of public lands.)) The programs developed by the
- 2 center shall include the following:
- 3 (1) Research and education on a broad range of ocean resources
- 4 problems and opportunities in the region, such as estuarine processes,
- 5 ocean and coastal management, offshore development, fisheries and
- 6 shellfish enhancement, and coastal business development, tourism, and
- 7 recreation. In developing this component of the center's program, the
- 8 center shall collaborate with coastal educational institutions such as
- 9 Grays Harbor community college and Peninsula community college;
- 10 (2) Research and education on forest resources management issues on
- 11 the landscape, ecosystem, or regional level, including issues that
- 12 cross legal and administrative boundaries;
- 13 (3) Research and education that broadly integrates marine and
- 14 terrestrial issues, including interactions of marine, aquatic, and
- 15 terrestrial ecosystems, and that identifies options and opportunities
- 16 to integrate the production of commodities with the preservation of
- 17 ecological values. Where appropriate, programs shall address issues
- 18 and opportunities that cross legal and administrative boundaries;
- 19 (4) Research and education on natural resources and their social
- 20 and economic implications, and on alternative economic and social bases
- 21 for sustainable, healthy, resource-based communities;
- 22 (5) Educational opportunities such as workshops, short courses, and
- 23 continuing education for resource professionals, policy forums,
- 24 <u>information exchanges including international exchanges where</u>
- 25 appropriate, conferences, student research, and public education; and
- 26 (6) Creation of a neutral forum where parties with diverse
- 27 interests are encouraged to address and resolve their conflicts.
- 28 <u>NEW SECTION.</u> **Sec. 3.** The Olympic natural resources center
- 29 shall operate under the authority of the board of regents of the

- 1 University of Washington. It shall be administered by a director
- 2 appointed jointly by the deans of the college of forest resources and
- 3 the college of ocean and fishery sciences. The director shall be a
- 4 member of the faculty of one of those colleges. The director shall
- 5 appoint and maintain a scientific or technical committee, and other
- 6 committees as necessary, to advise the director on the efficiency,
- 7 effectiveness, and quality of the center's activities.
- 8 A policy advisory board consisting of eleven members shall be
- 9 appointed by the governor to advise the deans and the director on
- 10 policies for the center that are consistent with the purposes of the
- 11 center. Membership on the policy advisory board shall broadly
- 12 represent the various interests concerned with the purposes of the
- 13 center, including state and federal government, environmental
- 14 organizations, local community, timber industry, and Indian tribes.
- 15 Service on boards and committees of the center shall be without
- 16 compensation but actual travel expenses incurred in connection with
- 17 service to the center may be reimbursed from appropriated funds in
- 18 accordance with RCW 43.03.050 and 43.03.060.
- 19 <u>NEW SECTION.</u> **Sec. 4.** The center may solicit gifts, grants,
- 20 conveyances, bequests, and devises, whether real or personal property,
- 21 or both, in trust or otherwise, to be directed to the center for
- 22 carrying out the purposes of the center. The center may solicit
- 23 contracts for work, financial and in-kind contributions, and support
- 24 from private industries, interest groups, federal and state sources,
- 25 and other sources. It may also use separately appropriated funds of
- 26 the University of Washington for the center's activities.
- 27 <u>NEW SECTION.</u> **Sec. 5.** Sections 1, 3, and 4 of this act are
- 28 each added to chapter 76.12 RCW.

- 1 <u>NEW SECTION.</u> **Sec. 6.** If any provision of this act or its
- 2 application to any person or circumstance is held invalid, the
- 3 remainder of the act or the application of the provision to other
- 4 persons or circumstances is not affected.
