ENGROSSED SENATE BILL 5675

AS AMENDED BY THE HOUSE

Passed Legislature - 1992 Regular Session

State of Washington 52nd Legislature 1991 Regular Session

By Senators Metcalf, McMullen, Anderson and Bailey.

Read first time February 14, 1991. Referred to Committee on
Environment & Natural Resources.

1 AN ACT Relating to Skagit river salmon; and creating new sections.

2 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

3 NEW SECTION. **Sec. 1.** The director of fisheries shall prepare
4 a salmon recovery plan for the Skagit river. The plan shall include
5 strategies for employing displaced timber workers to conduct salmon
6 restoration and other tasks identified in the plan. The plan shall
7 incorporate the best available technology in order to achieve maximum
8 restoration of depressed salmon stocks. The plan must encourage the
9 restoration of natural spawning areas and natural rearing of salmon but
10 must not preclude the development of an active hatchery program.

12 *NEW SECTION. **Sec. 2.** *The director shall present the recovery*
13 *plan to the legislature on or before December 31, 1992. The plan shall*

- 1 *include funding requirements for salmon hatchery programs and natural*
- 2 *spawning programs.*
- 3 ***Sec. 2 was vetoed, see message at end of chapter.**

Passed the Senate March 10, 1992.

Passed the House March 5, 1992.

Approved by the Governor March 26, 1992, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State March 26, 1992.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, Engrossed Senate Bill No. 5675 entitled:

"AN ACT Relating to Skagit river salmon."

Engrossed Senate Bill No. 5675 calls for the Department of Fisheries to prepare a salmon recovery plan for the Skagit River. Section 2 directs that the plan be completed by December 31, 1992.

No funding was provided for the development of the salmon recovery plan. Therefore, the time-frame established in section 2 cannot be met. I am, however, directing the Department of Fisheries, within its budget, to complete a salmon recovery plan for the Skagit River by December 31, 1993.

For this reason, I have vetoed section 2 of Engrossed Senate Bill No. 5675.

With the exception of section 2, Engrossed Senate Bill No. 5675 is approved."
