10 animal, or animal product, produced by a person (including farmers,  
11 ranchers, vineyardists, plant propagators, Christmas tree growers,  
12 aquaculturists, floriculturists, orchardists, foresters, or other  
13 comparable persons) primarily for sale, consumption, propagation, or  
14 other use by people or animals.

1           (2) "Apparatus" means any type of ground, water, or aerial  
2 equipment, device, or contrivance using motorized, mechanical, or  
3 pressurized power and used to apply any pesticide on land and anything

5 shall not include any pressurized handsized household device used to  
6 apply any pesticide, or any equipment, device, or contrivance of which  
7 the person who is applying the pesticide is the source of power or  
8 energy in making such pesticide application, or any other small  
9 equipment, device, or contrivance that is transported in a piece of  
10 equipment licensed under this chapter as an apparatus.

11           (3) "Arthropod" means any invertebrate animal that belongs to the  
12 phylum arthropoda, which in addition to insects, includes allied

29 display the name and telephone number of the applicator or the

1 applicator's employer on any power application apparatus. The  
2 applicator shall also carry the material safety data sheet for each  
3 pesticide being applied.

4 (b) A certified applicator making a right of way application shall  
5 display the name and telephone number of the applicator or the  
6 applicator's employer and the words "VEGETATION MANAGEMENT APPLICATION"  
7 on any power application apparatus. The applicator shall also carry  
8 the material safety data sheet for each pesticide being applied.

9 (2) If a certified applicator receives a written request for  
10 information on a spray application, the applicator shall provide the  
11 requestor with the name or names of each pesticide applied and (a) a  
12 copy of the material safety data sheet for each pesticide; or (b) a  
13 pesticide fact sheet for each pesticide as developed or approved by the  
14 department.

15 (3) The director shall adopt rules establishing the size and  
16 lettering requirements of the apparatus display signs required under  
17 this section.

18 NEW SECTION. **Sec. 3.** A new section is added to chapter 17.21 RCW  
19 to read as follows:

20 (1) The department shall develop a list of pesticide-sensitive  
21 individuals. The list shall include any person with a documented  
22 pesticide sensitivity who submits information to the department on an  
23 application form developed by the department indicating the person's  
24 pesticide sensitivity.

25 (2) An applicant for inclusion on the pesticide-sensitive list may  
26 apply to the department at any time and shall provide the department,  
27 on the department's form, the name, street address, and telephone  
28 number of the applicant and of each property owner with property  
29 abutting the applicant's principal place of residence. The pesticide

1 sensitivity of an individual shall be certified by a physician who  
2 holds a valid license to practice medicine in this state. The lands  
3 listed on an application for inclusion on the pesticide-sensitive list  
4 shall constitute the pesticide notification area for that applicant.

5 (3) A person whose name has been included on the pesticide-  
6 sensitive list shall notify the department of a need to update the list  
7 as soon as possible after: (a) A change of address or telephone  
8 number; (b) a change in ownership of property abutting a pesticide-  
9 sensitive individual; (c) a change in the applicant's condition; or (d)  
10 the sensitivity is deemed to no longer exist.

11 (4) The pesticide-sensitive list shall expire on December 31 of  
12 each year. The department shall distribute application forms for the  
13 new list at a reasonable time prior to the expiration of the current  
14 list, including mailing an application form to each person on the  
15 current list at the address given by the person in his or her most  
16 recent application. Persons desiring to be placed on or remain on the  
17 list shall submit a new application each year.

18 (5) The department shall distribute the list by February 15 and  
19 June 15 of each year to all certified applicators likely to make  
20 landscape applications. The list shall provide multiple methods of  
21 accessing the information so that certified applicators making  
22 landscape applications or right of way applications are able to easily  
23 determine what properties and individuals require notification for a  
24 specific application. An updated list shall be distributed whenever  
25 deemed necessary by the department. Certified applicators may request  
26 a list of newly registered individuals that have been added to the list  
27 since the last distribution. Registered individuals shall receive  
28 verification that their name has been placed on the list.

1        NEW SECTION.    **Sec. 4.**    A new section is added to chapter 17.21 RCW  
2 to read as follows:

3        (1) A certified applicator making a landscape application or a  
4 right of way application to the pesticide notification area, as defined  
5 in section 3(2) of this act, of a person on the pesticide-sensitive  
6 list shall notify the listed pesticide-sensitive individual of the  
7 application. Notification shall be made at least two hours prior to  
8 the scheduled application, or in the case of an immediate service call,  
9 the applicator shall provide notification at the time of the  
10 application.

11        (2) Notification under this section shall be made in writing, in  
12 person, or by telephone, and shall disclose the date and approximate  
13 time of the application. In the event a certified applicator is unable  
14 to provide prior notification because of the absence or inaccessibility  
15 of the individual, the applicator shall leave a written notice at the  
16 residence of the individual listed on the pesticide-sensitive list at  
17 the time of the application. If a person on the pesticide-sensitive  
18 list lives in a multifamily dwelling such as an apartment or  
19 condominium, the applicator shall notify the person on the list or  
20 shall advise the manager or other property owner's representative to  
21 notify the person on the list of the application.

22        NEW SECTION.    **Sec. 5.**    A new section is added to chapter 17.21 RCW  
23 to read as follows:

24        (1) A certified applicator making a landscape application to:

25        (a) Residential property shall at the time of the application place  
26 a marker at the usual point of entry to the property. If the  
27 application is made to an isolated spot that is not a substantial  
28 portion of the property, the applicator shall only be required to place

1 a marker at the application site. If the application is in a fenced or  
2 otherwise isolated backyard, no marker is required.

3 (b) A golf course shall at the time of the application place a  
4 marker at the first tee and tenth tee or post the information in a  
5 conspicuous location such as on a central message board.

6 (c) A school shall at the time of the application place a marker at  
7 each primary point of entry to the school grounds.

8 (d) A park shall at the time of the application place a marker at  
9 each primary point of entry.

10 (2) The marker shall be a minimum of four inches by five inches.  
11 It shall have the words: "THIS LANDSCAPE HAS BEEN TREATED BY" as the  
12 headline and "FOR MORE INFORMATION PLEASE CALL" as the footer. The  
13 company name and service mark with the applicator's telephone number  
14 where information can be obtained shall be included between the  
15 headline and the footer on the marker. The letters and service marks  
16 shall be printed in colors contrasting to the background.

17 (3) The property owner or tenant shall remove the marker the day  
18 following the application. A commercial applicator is not liable for  
19 the removal of markers by unauthorized persons or removal outside the  
20 designated removal time.

21 (4) A certified applicator who complies with this section cannot be  
22 held liable for personal property damage or bodily injury resulting  
23 from markers that are placed as required.
