

1641-S

Sponsor(s): House Committee on Fisheries & Wildlife (originally sponsored by Representatives R. King, Schmidt, Basich, Padden, Zellinsky, Fuhrman, Wilson, Orr, Hochstatter and Day)

Brief Description: Protecting food fish resources by the department of fisheries.

HB 1641-S - DIGEST

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Establishes conditions for the consideration of an application by an owner of a single-family residence to construct a bulkhead or rock wall on the property.

Requires complete plans for the protection of fish life.

Authorizes an appeal process for persons dissatisfied with the issuance of a permit.
