Brief Description: Providing regulations for the disclosure of health care records.

HB 1828 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Prohibits the disclosure of health care information without the patient's written authorization.

Specifies some situations when a release of information may be permissible.

Specifies when information may be disclosed pursuant to a compulsory legal process or discovery.

Specifies requirements and procedures for a patient's examination and copying of health care records.

Provides for a request for correction or amendment of a record.

Specifies persons authorized to act for a patient.

Provides civil and criminal penalties.
