Brief Description: Providing the right of access to cable television systems.

HB 2201 - DIGEST

Prohibits the discrimination in rental or other charges between tenants who subscribe to the services of a CATV system and those who do not.

Gives a tenant the right to request and receive CATV services.

Provides that an operator is liable to the landlord for any damages caused by the installation, operation, or removal of CATV facilities, and for any loss of value to the property.
