Brief Description: Providing for disclosure of the cost of hospital health care services.

**HB 2341-S - DIGEST**

(AS OF HOUSE 2ND READING 2/11/92)

Requires hospitals to establish a procedure for disclosing to health care providers the charges for all in-house health care services to be ordered for their patients.

Requires these charges to be posted on the patient's chart.

Requests the state hospital association to develop a protocol that establishes a standardized system of disclosure of charges.
