

2640-S

Sponsor(s): House Committee on Environmental Affairs (originally sponsored by Representatives R. Johnson, Rust, Kremen, Roland, Heavey, Rasmussen and Spanel)

Brief Description: Requiring the department of ecology to establish a comprehensive sludge management program.

HB 2640-S.E - DIGEST

(DIGEST AS ENACTED)

Requires the department to implement a comprehensive sludge management program to conform with federal requirements.

Requires agencies and private entities to establish beneficial uses for municipal sewage sludge.

Provides penalties for violations of the act.

Authorizes the delegation of powers to issue and enforce permits to a local health department.
