

1 6205 AMH TR H4498.1

2 **SB 6205 - H COMM AMD ADOPTED 03/03/94**

3 By Committee on Transportation

4

5 Strike everything after the enacting clause and insert the
6 following:

7 "NEW SECTION. **Sec. 1.** A new section is added to chapter 46.44 RCW
8 to read as follows:

9 The switch that controls the raising and lowering of the
10 retractable rear booster or tag axle on a ready-mix cement truck may be
11 located within the reach of the driver's compartment as long as the
12 variable control, used to adjust axle loadings by regulating air
13 pressure or by other means, is out of the reach of the driver's
14 compartment."

15 EFFECT: Technical changes are made to clarify original intent --
16 the provisions only apply to the retractable rear tag or booster axle.
17 Some new cement trucks are designed with a retractable lift axle
18 between the front and rear axles.

--- END ---
