5 Strike everything after the enacting clause and insert the
6 following:

7 "NEW SECTION. **Sec. 1.** The legislature finds that the long-term
8 health of the state and its citizens depends upon the availability of
9 family-wage jobs, the flexibility and innovativeness of business firms,
10 the skills and capacity of the work force, local communities that are
11 strong and adaptive, the availability of affordable housing, local and
12 regional planning to anticipate and plan for changing circumstances,
13 and infrastructure to support local social and economic needs, human
14 services, and safe communities. These factors are tied to one another
15 and are all critical to maintaining the state's quality of life and
16 economic health in the face of changing circumstances.

17 The legislature finds that as a result of the rapid pace of social
18 and economic change, maintaining the quality of life and standard of
19 living for the citizens of the state will require new and inventive
20 responses by communities, businesses, nonprofit institutions, and
21 individuals. The state can play a role in assisting such efforts by
22 reorganizing state assistance efforts to form partnerships with the
23 private and nonprofit sectors, requiring new partnerships at the local
24 level, and facilitating new relations within industries.

25 The legislature further finds that it is in the interest of the
26 state to create one agency to coordinate and assist self-sufficiency
27 programs for individuals, communities, and industries. The
28 consolidation of the department of trade and economic development and
29 the department of community development into one department will
30 improve the efficiency and effectiveness with which state services are
31 delivered to build the skill and capacity of our citizens, businesses,
32 and local communities to respond to economic change. Such a
33 consolidation will increase accountability to the public, the
34 executive, and the legislature for the performance of community and
35 economic development functions.

1 It is the intent of the legislature in consolidating the two
2 agencies that the community and economic development functions be
3 merged in a manner that allows the new department to direct state
4 resources of significant scope and scale to (1) communities or groups
5 of communities with the greatest relative economic need and the fewest
6 resources and (2) targeted sectors of the economy that have the
7 greatest potential for either wealth generation through value-added
8 production, or for negative economic impact on the state or its
9 communities. The legislature intends through this consolidation to
10 encourage state actions to build and diversify the economy to encourage
11 long-term, family-wage employment and promote and assist in providing
12 the physical and social infrastructure needed to support the creation
13 and maintenance of such employment. It is also the intent of the
14 legislature to support economic growth that is environmentally
15 sustainable and employment that is derived from maintaining the
16 environment and from sustainable use of natural resources.

17 It is the further intent of the legislature in this consolidation
18 to maximize the use of local expertise and local community resources in
19 the delivery of economic and community development services, and to
20 ensure that the services offered are the ones desired by the state's
21 community and business customers. The community services and community
22 development services of the department, such as growth management,
23 community services block grants, early childhood education, and the
24 housing trust fund shall be administered in accord with their
25 implementing legislation.

26 NEW SECTION. **Sec. 2.** (1) The purpose of this chapter is to

34 each party, without penalty, from the provisions of the agreement.
35 Clients shall be immediately released from a counseling agreement with
36 the Pacific Northwest export assistance project, without penalty, if a
37 client wishes to switch to a private export management service and

22 costs and benefits to the state from creating the project. The
23 president of the small business export finance assistance center shall
24 design an appropriate methodology for biennial assessments in
25 consultation with the director of the department of ~~((trade))~~ community
26 and economic ~~((development))~~ resources and the director of the
27 Washington state department of agriculture. The department of revenue
28 and the employment security department shall provide data necessary to
29 complete this biennial evaluation, if the data being requested is

11 loan or to pay or assist in paying any amount under a loan guarantee
12 agreement. Debts of the center shall be center debts only and may be
13 satisfied only from the resources of the center. The state of
14 Washington shall not in any way be liable for such debts.

15 (4) The Pacific Northwest export assistance project shall make
16 every effort to seek nonstate funds to supplement its operations.

17 (5) The Pacific Northwest export assistance project shall take
18 whatever steps are necessary to provide its services, if requested, to
19 the states of Oregon, Idaho, Montana, Alaska, and the Canadian
20 provinces of British Columbia and Alberta. Interstate services shall
21 not be provided by the Pacific Northwest export assistance project
22 during its first biennium of operation. The provision of services may

33 appropriate legislative oversight committees, and the small business
34 export finance assistance center's board of directors.

35 (6) The small business export finance assistance center may receive
36 such gifts, grants, and endowments from public or private sources as
37 may be made from time to time, in trust or otherwise, for the use and
38 benefit of the purposes of the Pacific Northwest export assistance

1 project and expend the same or any income therefrom according to the
2 terms of the gifts, grants, or endowments.

3 (7) The president of the small business export finance assistance
4 center, in consultation with the board of directors, may use the
5 following formula in determining the number of clients that can be
6 reasonably served by the Pacific Northwest export assistance project
7 relative to its appropriation. Divide the amount appropriated for
8 administration of the Pacific Northwest export assistance project by
9 the marginal cost of adding each additional Pacific Northwest export
10 assistance project client. For the purposes of this calculation, and
11 only for the first biennium of operation, the biennial marginal cost of
12 adding each additional Pacific Northwest export assistance project
13 client shall be fifty-seven thousand ninety-five dollars. The biennial
14 marginal cost of adding each additional client after the first biennium
15 of operation shall be established from the actual operating experience
16 of the Pacific Northwest export assistance project.

17 (8) All receipts from the Pacific Northwest export assistance

26 legislature to consolidate fire protection services into a single state
27 agency and to create a state board with the responsibility of (1)

30 economic resources and the director of fire protection on matters
31 relating to their duties under state law. It is also the intent of the
32 legislature that the fire protection services program created herein
33 will assist local fire protection agencies in program development
34 without encroaching upon their historic autonomy.

17 establish procedures for administering them;

18 (6) Promote mutual aid and disaster planning for fire services in
19 this state;
