28 claimed by the taker-up. When the complaint is filed in the superior
29 court, the clerk thereof shall approve the security of the bond. The
30 bond shall be conditioned to pay such costs as shall be awarded to the
31 finder or taker-up of such ((~~scow, boat, skiff, canoe, or other water~~

12 safe carrying capacity in whitewater shall be considered as less than
13 the United States Coast Guard capacity rating for each ((watercraft))
14 vessel. This subsection shall not apply in cases of an unexpected
15 emergency on the river.

16 (4) Individuals licensed under chapter 77.32 RCW and acting as

4 (2) In addition to subsection (1) of this section, the commission
5 may at its discretion designate a marina as appropriate for
6 installation of a sewage pumpout or (~~sewage~~) dump (~~(station)~~) unit if
7 there is a demonstrated need for a sewage pumpout or (~~sewage~~) dump
8 (~~(station)~~) unit at the marina based on professionally conducted
9 studies undertaken by federal, state, or local government, or the
10 private sector; and it meets the following criteria:

14 on a heavily traveled route, as determined by the commission; or

15 (c) There is a lack of adequate sewage pumpout (~~(station)~~) or dump
16 unit capacity within a reasonable distance.

17 (3) Exceptions to the designation made under this section may be
18 made by the commission if no sewer, septic, water, or electrical
19 services are available at the marina.

20 (4) In addition to marinas, the commission may designate boat

30 The commission shall notify owners or operators of all designated
31 marinas and boat launches of the designation, and of the availability
32 of funding to support installation of appropriate sewage disposal
33 facilities. The commission shall encourage the owners and operators to
34 apply for available funding.

35 (2) The commission shall seek to provide the most cost-efficient
36 and accessible facilities possible for reducing the amount of boat
37 waste entering the state's waters. The commission shall consider

1 providing funding support for portable pumpout facilities in this
2 effort.

3 (3) The commission shall contract with, or enter into an
4 interagency agreement with another state agency to contract with,

6 (a)(i) Contracts may be awarded to publicly owned, tribal, or
7 privately owned marinas or boat launches.

8 (ii) Contracts may provide for state reimbursement to cover
9 eligible costs as deemed reasonable by commission rule. Eligible costs
10 include purchase, installation, or major renovation of the sewage
11 pumpout or ((sewage)) dump ((stations)) units, including sewer, water,
12 electrical connections, and those costs attendant to the purchase,
13 installation, and other necessary appurtenances, such as required pier
14 space, as determined by the commission.

15 (iii) Ownership of the sewage pumpout or ((sewage)) dump
16 ((station)) unit will be retained by the state through the commission
17 in privately owned marinas. Ownership of the sewage pumpout or
18 ((sewage)) dump ((station)) unit in publicly owned marinas will be held
19 by the public entity.

20 (iv) Operation, normal and expected maintenance, and ongoing
21 utility costs will be the responsibility of the ((marina or boat launch
22 operator)) contract recipient. The sewage pumpout or ((sewage)) dump
23 ((station—must)) unit shall be kept in operating condition and
24 available for public use at all times during operating hours of the
25 facility, excluding necessary maintenance periods.

26 (v) The ((marina owner)) contract recipient agrees to allow the

28 dump ((station)) unit by granting an ((easement)) irrevocable license
29 for a minimum of ten years at no cost ((for such purposes)) to the
30 commission.

31 (b) Contracts awarded pursuant to (a) of this subsection shall be
32 subject, for a period of at least ten years, to the following
33 conditions:

4 a fee for the use of the sewage pumpout or ((sewage)) dump ((station))
5 unit.

7 pay a reasonable fee for a periodic inspection of the sewage pumpout
8 ((facility)) or dump unit by the local health department or appropriate
9 authority.

10 (v) Use of a free sewage pumpout or ((sewage)) dump ((station))
11 unit by the boating public shall be deemed to be included in the term
12 "outdoor recreation" for the purposes of chapter 4.24 RCW.

16 shall, for initiation of the state-wide program only, develop criteria
17 for the design, installation, and operation of sewage pumpout and
18 ((sewage)) dump ((stations)) units, taking into consideration the ease
19 of access to the ((station)) unit by the boating public. The
20 department of ecology may adopt rules to administer the provisions of
21 this section.

11 recreation shall administer such funds as a competitive grants program.
12 The amounts provided for in this subsection shall be evenly divided
13 between state and local governments.
