
HOUSE BILL 2564

State of Washington 53rd Legislature 1994 Regular Session

By Representatives Wolfe, Romero, Rust and Pruitt

Read first time 01/17/94. Referred to Committee on Health Care.

1 AN ACT Relating to the development of integrated pesticide
2 management programs; amending RCW 70.104.010, 70.104.020, 70.104.030,
3 70.104.060, and 70.104.090; adding a new section to chapter 28A.335
4 RCW; adding a new section to chapter 27.12 RCW; and adding a new
5 section to chapter 70.104 RCW.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7 **Sec. 1.** RCW 70.104.010 and 1991 c 3 s 356 are each amended to read
8 as follows:

9 (1) The department of health has responsibility to protect and
10 enhance the public health and welfare. As a consequence, it must be
11 concerned with both natural and artificial environmental factors which
12 may adversely affect the public health and welfare. Dangers to the
13 public health and welfare related to the use of pesticides require
14 specific legislative recognition of departmental authority and
15 responsibility in this area.

16 (2) To protect children and adults from excessive pesticide
17 exposure in public schools and libraries and other areas of high public
18 use, the department of health has a responsibility to provide guidance

1 and technical assistance in developing programs for integrated pest
2 management in such areas.

3 **Sec. 2.** RCW 70.104.020 and 1971 ex.s. c 41 s 2 are each amended to
4 read as follows:

5 ~~((For the purposes of this chapter pesticide means, but is not~~
6 ~~limited to:~~

7 ~~(1))~~ The words and phrases defined in this section shall have the
8 meanings indicated when used in this chapter unless the context clearly
9 requires otherwise.

10 (1) "Department" means the department of health.

11 (2) "Integrated pest management" means the selection and
12 implementation of the pest control strategy least hazardous to human
13 health and the environment, that consists of:

14 (a) Prevention of pest problems;

15 (b) Monitoring and evaluation of pests, damage, and results of
16 treatment;

17 (c) Acknowledgement of population levels of pests that can be
18 tolerated based on legal, economic, health, or aesthetic thresholds;

19 (d) Use of natural control agents in an ecosystem;

20 (e) Reliance to the maximum extent possible on nonhazardous
21 biological, mechanical, and cultural treatment of pests;

22 (f) Application of pesticides in a manner that minimizes damage to
23 the ecosystem's natural controls and integrity;

24 (g) Use of least toxic pesticides only after other methods have
25 been evaluated; and

26 (h) Selection of treatment methods that are most cost-effective in
27 the short and long-term.

28 (3) "Library" means a free public library supported in whole or in
29 part with money derived from taxation.

30 (4) "Pesticide" includes:

31 (a) Any substance or mixture of substances intended to prevent,
32 destroy, control, repel, or mitigate any insect, rodent, nematode,
33 snail, slug, fungus, weed and any other form of plant or animal life or
34 virus, except virus on or in living man or other animal, which is
35 normally considered to be a pest or which the director of agriculture
36 may declare to be a pest; or

37 ~~((2))~~ (b) Any substance or mixture of substances intended to be
38 used as a plant regulator, defoliant or desiccant; or

1 (~~(3)~~) (c) Any spray adjuvant, such as a wetting agent, spreading
2 agent, deposit builder, adhesive, emulsifying agent, deflocculating
3 agent, water modifier, or similar agent with or without toxic
4 properties of its own intended to be used with any other pesticide as
5 an aid to the application or effect thereof, and sold in a package or
6 container separate from that of the pesticide with which it is to be
7 used; or

8 (~~(4)~~) (d) Any fungicide, rodenticide, herbicide, insecticide, and
9 nematocide.

10 (5) "Public schools" shall have the definition under RCW
11 28A.150.010.

12 **Sec. 3.** RCW 70.104.030 and 1991 c 3 s 357 are each amended to read
13 as follows:

14 (1) The department of health shall investigate all suspected human
15 cases of pesticide poisoning and such cases of suspected pesticide
16 poisoning of animals that may relate to human illness. The department
17 shall establish time periods by rule to determine investigation
18 response time. Time periods shall range from immediate to forty-eight
19 hours to initiate an investigation, depending on the severity of the
20 case or suspected case of pesticide poisoning.

21 In order to adequately investigate such cases, the department shall
22 have the power to:

23 (a) Take all necessary samples and human or animal tissue specimens
24 for diagnostic purposes: PROVIDED, That tissue, if taken from a living
25 human, shall be taken from a living human only with the consent of a
26 person legally qualified to give such consent;

27 (b) Secure any and all such information as may be necessary to
28 adequately determine the nature and causes of any case of pesticide
29 poisoning.

30 (2) The department shall, by rule adopted pursuant to the
31 Administrative Procedure Act, chapter 34.05 RCW, with due notice and a
32 hearing for the adoption of permanent rules, establish procedures for
33 the prevention of any recurrence of poisoning and the department shall
34 immediately notify the department of agriculture, the department of
35 labor and industries, and other appropriate agencies of the results of
36 its investigation for such action as the other departments or agencies
37 deem appropriate. The notification of such investigations and their

1 results may include recommendations for further action by the
2 appropriate department or agency.

3 (3) The department shall adopt rules on or before June 30, 1995,
4 requiring each public school district and each library to adopt an
5 integrated pest management program to protect children and adults from
6 excessive pesticide exposure. The rules shall include a model
7 integrated pest management program that could be adopted in whole or in
8 part by public school districts and libraries. The department shall
9 consult with the center for sustaining agriculture and natural
10 resources of the Washington State University, the Washington State
11 University cooperative extension service, the office of the
12 superintendent of public instruction, the pesticide incident review
13 panel, the department of agriculture, and other agencies with expertise
14 and interested members of the public in the development of the rules.
15 The rules shall provide a period for phasing compliance with the rule
16 requirements over no less than three years from the effective date of
17 the rules.

18 (4) The department shall coordinate with the Washington State
19 University cooperative extension service to provide technical
20 assistance to all public school districts and libraries in the adoption
21 of integrated pest management programs. The department and the
22 Washington State University cooperative extension service shall also
23 provide technical assistance to other public or private entities
24 operating facilities for public use, in the development of integrated
25 pest management programs.

26 **Sec. 4.** RCW 70.104.060 and 1991 c 3 s 362 are each amended to read
27 as follows:

28 In order effectively to prevent human illness due to pesticides and
29 to carry out the requirements of this chapter, the department of health
30 is authorized to provide technical assistance and consultation
31 regarding health effects of pesticides to physicians, public schools,
32 libraries, and other agencies, and is authorized to operate an
33 analytical chemical laboratory and may provide analytical and
34 laboratory services to physicians and other agencies to determine
35 pesticide levels in human and other tissues, and appropriate
36 environmental samples.

1 **Sec. 5.** RCW 70.104.090 and 1991 c 3 s 364 are each amended to read
2 as follows:

3 The responsibilities of the review panel shall include, but not be
4 limited to:

5 (1) Establishing guidelines for centralizing the receipt of
6 information relating to actual or alleged health and environmental
7 incidents involving pesticides;

8 (2) Reviewing and making recommendations for procedures for
9 investigation of pesticide incidents, which shall be implemented by the
10 appropriate agency unless a written statement providing the reasons for
11 not adopting the recommendations is provided to the review panel;

12 (3) Monitoring the time periods required for response to reports of
13 pesticide incidents by the departments of agriculture, health, and
14 labor and industries;

15 (4) At the request of the chair or any panel member, reviewing
16 pesticide incidents of unusual complexity or those that cannot be
17 resolved;

18 (5) Identifying inadequacies in state and/or federal law that
19 result in insufficient protection of public health and safety, with
20 specific attention to advising the appropriate agencies on the adequacy
21 of pesticide reentry intervals established by the federal environmental
22 protection agency and registered pesticide labels to protect the health
23 and safety of farmworkers. The panel shall establish a priority list
24 for reviewing reentry intervals, which considers the following
25 criteria:

26 (a) Whether the pesticide is being widely used in labor-intensive
27 agriculture in Washington;

28 (b) Whether another state has established a reentry interval for
29 the pesticide that is longer than the existing federal reentry
30 interval;

31 (c) The toxicity category of the pesticide under federal law;

32 (d) Whether the pesticide has been identified by a federal or state
33 agency or through a scientific review as presenting a risk of cancer,
34 birth defects, genetic damage, neurological effects, blood disorders,
35 sterility, menstrual dysfunction, organ damage, or other chronic or
36 subchronic effects; and

37 (e) Whether reports or complaints of ill effects from the pesticide
38 have been filed following worker entry into fields to which the
39 pesticide has been applied; and

1 (6) Reviewing and approving an annual report prepared by the
2 department of health to the governor, agency heads, and members of the
3 legislature, with the same available to the public. The report shall
4 include, at a minimum:

5 (a) A summary of the year's activities;

6 (b) A synopsis of the cases reviewed;

7 (c) A separate descriptive listing of each case in which adverse
8 health or environmental effects due to pesticides were found to occur;

9 (d) A tabulation of the data from each case;

10 (e) An assessment of the effects of pesticide exposure in the
11 workplace;

12 (f) The identification of trends, issues, and needs; and

13 (g) Any recommendations for improved pesticide use practices.

14 (7) Reviewing and making recommendations on rules by the department
15 for the development of integrated pest management programs by public
16 school districts and libraries.

17 NEW SECTION. Sec. 6. A new section is added to chapter 28A.335
18 RCW to read as follows:

19 Within one year of the effective date of the department of health
20 rules on integrated pest management programs required by RCW
21 70.104.030(3), each school district board of directors shall adopt an
22 integrated pest management program to protect children and adults from
23 excessive pesticide exposure in schools. The board may form an
24 advisory committee to assist in developing the integrated pest
25 management program, and shall hold a public hearing on the draft
26 program.

27 NEW SECTION. Sec. 7. A new section is added to chapter 27.12 RCW
28 to read as follows:

29 Within one year of the effective date of the department of health
30 rules on integrated pest management programs required by RCW
31 70.104.030(3), the board of trustees of a library or library district
32 shall adopt an integrated pest management program to protect children
33 and adults from excessive pesticide exposure in libraries. The board
34 may form an advisory committee to assist in developing the integrated
35 pest management program, and shall hold a public hearing on the draft
36 program.

1 NEW SECTION. **Sec. 8.** A new section is added to chapter 70.104 RCW
2 to read as follows:

3 The department shall award grants, to the extent funds are
4 available, to school districts or libraries for the development of
5 integrated pest management plans under section 6 and 7 of this act.
6 The department shall by rule establish grant award and allocation
7 criteria.

--- END ---
