30 (1) The director shall determine, with the advice of the apiary
31 advisory committee, if a bee pest represents a significant threat to
32 the apiary industry in the state and may by rule establish maximum
33 allowable levels for these bee pests, for movement of colonies into or
34 within Washington and prescribe procedures for inspection, treatment,
35 or other mitigation measures if such tolerances are exceeded.

36 (2) The director may inspect apiaries for the presence of bee
37 pests. To support the general health of the apiary industry, the
38 director may investigate outbreaks of any bee disease or infestations

1 of other pests, or bee losses suspected of being caused by pesticides
2 and other chemicals; and conduct surveys for the presence of or levels
3 of a bee pest.

4 (3) It is the responsibility of every apiarist to perform or cause
5 to be performed any acts necessary to control regulated bee pests in
6 the apiarist's bees or bee equipment where levels exceed maximum
7 allowable limits set in rule. If the director finds a hive in an
8 apiary to be infected or infested beyond maximum allowable limits by
9 bee pests, the director may cause the apiary to be quarantined.

10 (a) The director shall plainly mark the hives containing regulated
11 bee pests and shall, in writing, notify the apiarist stating the
12 disease or pest found in each hive, identifying the hive by reference
13 to the mark placed upon it, and ordering eradication of such disease or
14 pest as prescribed by the director within a specified time. When the
15 apiarist cannot be contacted immediately, the notice shall be served by
16 placing it conspicuously in the apiary, or by mailing a copy to the
17 apiarist's registered address. If the apiarist fails to take action to
18 control the bee pest in accordance with the notice, the director may
19 control the bee pest or cause the bee pest to be controlled.

20 (b) When the apiarist cannot be determined, the notice shall be
21 served by posting the notice conspicuously in the apiary. Any apiary
22 presenting an immediate threat of infestation or infection to other
23 apiaries may be impounded by the director and moved to a location where
24 it no longer poses an immediate threat of infestation or infection to
25 other apiaries.

26 (c) The quarantine shall not be lifted until such time as the
27 director determines that the regulated bee pest has been controlled.
28 During the time the apiary is quarantined, no bees, honey, hives,
29 beekeeping equipment, or other material may be removed from the apiary
30 without written authorization from the director.

31 (4) A person who inspects an infected or infested hive or knowingly
32 comes in contact with a bee pest, shall, before proceeding to another
33 apiary, disinfect their person, clothing, gloves, tools, and beekeeping
34 equipment that have come in contact with infected or infested bees or
35 material.

36 (5) An apiarist whose apiary has been found to be infected or
37 infested by a regulated bee pest shall be entitled, upon written
38 request, to a scientific analysis of the infected or infested hive
39 before any action to control the bee pest is taken. The results of the

1 analysis shall be conclusive as to whether the apiary is infested or
2 infected with a regulated bee pest. The costs of scientific analysis
3 shall be paid by the apiarist if the apiary is found to be infested or
4 infected. If the apiary is found not to be infested or infected, the
5 department shall pay the cost of the scientific analysis. The
6 laboratory performing the scientific analysis shall be approved by the
7 director.

8 (6) Except as provided in subsection (5) of this section, the
9 apiarist shall be responsible for all costs of the department resulting
10 from the quarantine or impoundment of an apiary or the control of a bee
11 pest.

12 (7) A person aggrieved by an order issued or act taken by the
13 director pursuant to this section is, upon application, entitled to a
14 review of that order or act pursuant to RCW 34.05.479. The application
15 shall serve to stay any order or action, other than a quarantine order,
16 pending the adjudicative proceeding.

17 **Sec. 5.** RCW 15.60.020 and 1988 c 4 s 3 are each amended to read as
18 follows:

19 ~~((1) The director shall have authority to enter into reciprocal~~
20 ~~agreements with any and all states for the prevention or spread of~~
21 ~~diseases affecting bees or appliances. The director shall appoint one~~
22 ~~or more apiary inspectors as conditions may warrant, who shall, under~~
23 ~~his direction:~~

24 ~~(a) Have charge of the inspection of apiaries and bees;~~

25 ~~(b) Investigate outbreaks of bee diseases;~~

26 ~~(c) Investigate bee losses suspected of being caused by pesticides~~
27 ~~and other chemicals;~~

28 ~~(d) Investigate bee losses or economic losses as requested by~~
29 ~~industry;~~

30 ~~(e) Perform colony strength inspections;~~

31 ~~(f) Perform inspections for out-of-state movement of bees or~~
32 ~~appliances;~~

33 ~~(g) Inspect queen bee rearing apiaries;~~

34 ~~(h) Conduct surveys in support of this chapter;~~

35 ~~(i) Conduct the enforcement of quarantine regulations as may be~~
36 ~~promulgated by the department;~~

37 ~~(j) Conduct the enforcement of the provisions of this chapter in~~
38 ~~relation to the eradication and control of bee diseases; and~~

1 ~~(k) Perform any other such duties as the director may prescribe.~~

2 ~~(2) Such apiary inspector, or inspectors, shall be paid such~~
3 ~~reasonable compensation as may be fixed by the director while so~~
4 ~~employed and travel expenses incurred in the performance of their~~
5 ~~duties in accordance with RCW 43.03.050 and 43.03.060.~~

6 ~~(3) Services or inspections requested by industry shall only be~~
7 ~~performed for apiarists in compliance with this chapter. The director~~
8 ~~shall charge the person requesting the inspector's services all costs~~
9 ~~including per diem and travel expenses, with the proceeds to be placed~~
10 ~~in the apiary inspection fund within the agricultural local fund.)~~

11 (1) Whenever the director finds an abandoned hive, or a hive
12 wherein the combs or frames are immovable or that are so constructed as
13 to impede or hinder inspection, and if the hive constitutes a threat of
14 infestation or infection by a bee pest to bees, the director may
15 impound the hive and remove it to a place of safety.

16 (2) The director shall make a reasonable effort to identify the
17 owner of the hive. If the owner of the hive can be determined, the
18 director shall notify the owner that a violation of this chapter
19 exists. The notice shall be in the same manner as that provided for
20 bee pests and shall specify the actions that the owner must take to
21 eliminate the threat of infestation or infection by bee pests to bees
22 before the owner can take possession of the hive. Failure of the owner
23 to take the necessary action within the time specified in the notice
24 shall constitute abandonment, and the director may take any action
25 necessary to eliminate the threat of infestation or infection to bees.

26 (3) If the owner of the hive cannot be reasonably ascertained then
27 the director shall provide for notice by publication in a paper of
28 general circulation at least once each week for two consecutive weeks.
29 Notice by publication need not be provided where the cost of
30 publication exceeds the value of the hive.

31 (4) Whenever the owner of the hive cannot be determined, or can be
32 determined but fails to take possession of the hive, the director may
33 sell or otherwise dispose of the hive.

34 (5) The owner of an abandoned hive is liable for all costs of the
35 department resulting from the impounding or sale of a hive and any
36 action taken to eliminate the threat of infestation or infection by a
37 bee pest to bees.

38 (6) A person aggrieved by an order issued or act taken by the
39 director pursuant to this section is, upon application, entitled to a

1 review of that order or act pursuant to RCW 34.05.479. The
2 application shall serve to stay any order or action pending the
3 adjudicative proceeding.

4 **Sec. 6.** RCW 15.60.025 and 1988 c 4 s 4 are each amended to read as
5 follows:

6 ~~((There is created in the department the apiary advisory board,~~
7 ~~hereafter in this section referred to as the "board", consisting of six~~
8 ~~members appointed by the director. The members of the board shall be~~
9 ~~beekeepers representing the major geographical divisions of the~~
10 ~~beekeeping industry in the state. Such geographical divisions shall be~~
11 ~~determined by the director in accordance with the provisions of chapter~~
12 ~~34.05 RCW. In making the selection of the membership of the board, the~~
13 ~~director shall take into consideration the recommendations of the~~
14 ~~beekeeping industry.~~

15 ~~The term of office of the members of the board shall be three~~
16 ~~years. No person shall serve two successive terms as a member of the~~
17 ~~board.~~

18 ~~The director may appoint a department representative as the~~
19 ~~secretary of the board.~~

20 ~~The board shall be advisory to the director on all matters relating~~
21 ~~to the beekeeping industry and may make recommendations on all matters~~
22 ~~affecting the activities of the department in relation to the~~
23 ~~beekeeping industry.~~

24 ~~The board shall meet at the call of the director or at the request~~
25 ~~of any three members of the board. It shall meet at least once each~~
26 ~~year.~~

27 ~~Each member of the board shall serve without compensation, but~~
28 ~~shall be reimbursed for travel expenses incurred in attending meetings~~
29 ~~of the board and any other official duty authorized by the board and~~
30 ~~approved by the director in accordance with RCW 43.03.050 and~~
31 ~~43.03.060: PROVIDED, HOWEVER, That the board shall be compensated only~~
32 ~~if apiarists are charged a sufficient fee to cover the expenses of the~~
33 ~~apiary board.))~~

34 In addition to the powers conferred on the director under other
35 provisions of this chapter, the director shall have the power to adopt
36 rules with the advice of the apiary advisory committee and pursuant to
37 the administrative procedure act, chapter 34.05 RCW:

4 the state for pollination services;

5 (2) Establishing requirements for netting and other handling of
6 bees in transit;

11 and beekeeping equipment including but not limited to:

12 (a) Standards of colony strength for hives of bees for pollination
13 services;

15 (5) A beekeeper certification program that may provide for
16 decreased levels of inspection for those beekeepers whose apiaries
17 consistently have levels of disease within established tolerances;

18 (6) Establishing fees for inspection or certification services;

19 (7) Conducting such activities as may be otherwise necessary for
20 carrying out the purposes of this chapter.

21 **Sec. 7.** RCW 15.60.030 and 1988 c 4 s 5 are each amended to read as

26 ~~April 1st each year. A registration fee may be set by the department~~
27 ~~of agriculture in compliance with chapter 34.05 RCW for the purpose of~~
28 ~~covering the expenses of the apiary board, or otherwise at the request~~
29 ~~of the industry. The fees shall be placed in the apiary inspection~~
30 ~~fund of the department.~~

31 The director shall issue to each apiarist owning or operating more
32 than twenty five colonies in the state who is registered with the
33 department an apiarist identification number. Apiary locations shall
34 be identified by displaying the assigned identification number in at

8 agriculture, which shall be based on an official inspection, certifying
9 compliance with the requirements of this chapter and rules adopted
10 under this chapter. New equipment without bees shall not be regulated.

11 (2) A copy of the certificate shall be sent to the department by
12 mail or telefax prior to shipment of hives with or without bees, or
13 equipment into the state and a copy shall accompany the shipment.
14 Queens and packaged bees are exempt from this subsection. The
15 certificate shall verify that the hives in a shipment are in compliance
16 with the limits established in rule for regulated bee pests, the state
17 of origin, the number of hives or description of other regulated items
18 in the shipment, and the destination of the shipment, including the
19 name and complete address and phone number of the person in charge of
20 the apiary location at destination.

29 apiary inspection account established in RCW 15.60.040.

30 (5) A Washington registered apiarist who obtains a valid inspection
31 certificate and moves bees out of state for wintering shall be allowed
32 to return the bees to the state without an additional inspection
33 certificate provided that the bees are returned to the state prior to

3 hives containing diseased bees. The inspector shall, in writing,
4 notify the owner or person in charge or in possession of such apiary,
5 stating in the notice the nature of the disease found in each colony,
6 identifying such colony by reference to the mark placed upon the hive
7 thereof, and ordering eradication of such disease in accordance with
8 subsections (3) and (4) of this section or as prescribed by the
9 director within a specified time. When the owner or person in charge
10 or in possession of any apiary cannot be contacted immediately, the
11 notice shall be served by placing conspicuously in the apiary, or by
12 mailing a copy thereof to the owner's registered address.

13 (3) The owner or person in charge or in possession of any diseased
14 bees or hives must eradicate such disease within the time specified in

22 (b) Delivering the hive, comb intact, to a wax salvage plant or
23 fumigation chamber which has been authorized and designated by the
24 director as suitable for such purposes which shall disinfect the hive
25 by means approved by the director.

26 (5) Any apiary which is found infected with disease and to be
27 dangerous to the health of any apiary in this state may be summarily
28 quarantined by the department. Notice of the quarantine shall be
29 placed conspicuously in the apiary, and the owner notified of such
30 quarantine. The quarantine shall not be removed until the department
31 reasonably determines that no further infection exists. During the
32 quarantine period, no bees, honey, appliances, or other materials may

2 necessary costs of the complete inspection.

3 (7) The owner or operator of any colony of bees found to be
4 infected with American foulbrood shall upon his or her request be
5 entitled to a scientific analysis of such colony before it is declared

1 the actual and necessary costs of abatement, with the proceeds to be
2 placed in the apiary inspection fund of the department.

3 (3) Whenever the director finds that an apiary has been abandoned
4 and that the apiary constitutes a threat of disease to bees, the
5 director may seize and destroy the abandoned apiary. Before doing so,
6 however, the director shall make a reasonable effort to identify the
7 owner of the apiary and provide the owner with notice of the director's
8 intent to seize and destroy the apiary and with opportunity to take
9 possession of the apiary and eliminate the threat of disease. If
10 ownership cannot be readily ascertained and if the apiary is considered
11 to have value, then the director shall provide for notice by
12 publication. However, notice by publication need not be provided if

29 notice, when possible, of the inspection date. A copy of the
30 inspection certificate shall be sent to the person requesting the
31 inspection and the apiarist within forty-eight hours of the colony

21 The director shall have access at reasonable times to all apiaries
