28 for the most recent year such data is available: (i) A lumber and wood
29 products employment location quotient at or above the state average;
30 (ii) projected or actual direct lumber and wood products job losses of
31 one hundred positions or more, except counties having a population
32 greater than two hundred thousand but less than five hundred thousand
33 must have direct lumber and wood products job losses of one thousand
34 positions or more; or (iii) an annual unemployment rate twenty percent
35 or more above the state average; or

36 (b) Additional communities as the economic recovery coordinating
37 board, established in RCW 43.31.631, designates based on a finding by
38 the board that each designated community is socially and economically

1 integrated with areas that meet the definition of a timber impact area
2 under (a) of this subsection.

3 **Sec. 2.** RCW 43.160.060 and 1990 1st ex.s. c 17 s 73 are each
4 amended to read as follows:

5 The board is authorized to make direct loans to political
6 subdivisions of the state for the purposes of assisting the political
7 subdivisions in financing the cost of public facilities, including
8 development of land and improvements for public facilities, as well as
9 the ((~~acquisition~~)) construction, rehabilitation, alteration,
10 expansion, or improvement of the facilities. A grant may also be
11 authorized for purposes designated in this chapter, but only when, and
12 to the extent that, a loan is not reasonably possible, given the
13 limited resources of the political subdivision.

14 Application for funds shall be made in the form and manner as the
15 board may prescribe. In making grants or loans the board shall conform
16 to the following requirements:

17 (1) The board shall not make a grant or loan:

18 (a) For a project the primary purpose of which is to facilitate or
19 promote a retail shopping development or expansion.

20 (b) For any project that evidence exists would result in a
21 development or expansion that would displace existing jobs in any other
22 community in the state.

23 (c) For the acquisition of real property, including buildings and
24 other fixtures which are a part of real property.

25 (2) The board shall only make grants or loans:

26 (a) For those projects which would result in specific private
27 developments or expansions (i) in manufacturing, production, food
28 processing, assembly, warehousing, and industrial distribution; (ii)
29 for processing recyclable materials or for facilities that support
30 recycling, including processes not currently provided in the state,
31 including but not limited to, de-inking facilities, mixed waste paper,
32 plastics, yard waste, and problem-waste processing; (iii) for
33 manufacturing facilities that rely significantly on recyclable
34 materials, including but not limited to waste tires and mixed waste
35 paper; (iv) which support the relocation of businesses from
36 nondistressed urban areas to distressed rural areas; or (v) which
37 substantially support the trading of goods or services outside of the
38 state's borders.

1 (b) For projects which it finds will improve the opportunities for
2 the successful maintenance, establishment, or expansion of industrial
3 or commercial plants or will otherwise assist in the creation or
4 retention of long-term economic opportunities.

5 (c) When the application includes convincing evidence that a
6 specific private development or expansion is ready to occur and will
7 occur only if the grant or loan is made.

8 (3) The board shall prioritize each proposed project according to
9 the relative benefits provided to the community by the jobs the project
10 would create, not just the total number of jobs it would create after
11 the project is completed and according to the unemployment rate in the
12 area in which the jobs would be located. As long as there is more
13 demand for loans or grants than there are funds available for loans or
14 grants, the board is instructed to fund projects in order of their
15 priority.

16 (4) A responsible official of the political subdivision shall be
17 present during board deliberations and provide information that the
18 board requests.

19 Before any loan or grant application is approved, the political
20 subdivision seeking the loan or grant must demonstrate to the community
21 economic revitalization board that no other timely source of funding is
22 available to it at costs reasonably similar to financing available from
23 the community economic revitalization board.

24 **Sec. 3.** RCW 43.160.076 and 1991 c 314 s 24 are each amended to
25 read as follows:

26 (1) Except as authorized to the contrary under subsection (2) of
27 this section, from all funds available to the board for loans and
28 grants in a biennium, the board shall spend at least fifty percent for
29 grants and loans for projects in distressed counties or timber impact
30 areas. For purposes of this section, the term "distressed counties"
31 includes any county, in which the average level of unemployment for the
32 three years before the year in which an application for a loan or grant
33 is filed, exceeds the average state employment for those years by
34 twenty percent.

35 (2) If at any time during the last six months of a biennium the
36 board finds that the actual and anticipated applications for qualified
37 projects in distressed counties or timber impact areas are clearly
38 insufficient to use up the fifty percent allocation, then the board

1 shall estimate the amount of the insufficiency and during the remainder
2 of the biennium may use that amount of the allocation for loans and
3 grants for projects not located in distressed counties or timber impact
4 areas.

5 **Sec. 4.** RCW 43.160.077 and 1989 c 431 s 63 are each amended to
6 read as follows:

7 (1) ~~((Before))~~ When the board ~~((consideration of))~~ receives an
8 application from a political subdivision that includes a request for
9 assistance in financing the cost of public facilities to encourage the
10 development of a private facility to process recyclable materials, a
11 copy of the application shall be ~~((forwarded))~~ sent by the board to the
12 department of ecology.

13 ~~((The department of ecology shall submit a recommendation on
14 all applications related to processing recyclable materials to the
15 board for their consideration.~~

16 ~~((3) Upon receiving an application for assistance in financing the
17 cost of public facilities to encourage the development of a private
18 facility to process recyclable materials from the board, the department
19 of ecology shall, within thirty days, determine whether or not the
20 proposed assistance:~~

21 ~~((a) Has a significant impact on the residential and commercial
22 waste stream;~~

23 ~~((b) Results in a product that has a ready market;~~

24 ~~((c) Does not jeopardize any other planned market development
25 projects; and~~

26 ~~((d) Results in a product that would otherwise be purchased out-of-
27 state.~~

28 ~~((4) Upon completion of its determination of the factors contained
29 in subsection (3) of this section and any other factors it deems
30 pertinent, the department of ecology shall forward its recommended
31 approval, as submitted or amended, or recommended disapproval of the
32 proposed improvements to the board, along with any recommendation it
33 may wish to make concerning the desirability and feasibility of the
34 proposed market development. If the department of ecology recommends
35 disapproval of any proposed project, it shall specify its reasons for
36 recommending disapproval.~~

37 ~~((5))~~ The board shall notify the department of ecology of its
38 decision regarding any application made under this section.
