17 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

18 NEW SECTION. **Sec. 1.** Perpetuation of fish and wildlife in
19 Washington requires clear, efficient, streamlined, scientific,

1 management from a single state fish and wildlife agency. Consolidating
2 the existing departments of fisheries and of wildlife into that one
3 unified agency will save money. Such a consolidation will focus
4 existing funds for the greatest protection of species and stocks. It
5 will bring combined resources to bear on securing, managing, and
6 enhancing habitats. It will simplify licensing, amplify research,
7 increase field staff, and magnify enforcement of laws and rules. It
8 will provide all fishers, hunters, and observers of fish and wildlife
9 with a single source of consistent policies, procedures, and access.

10 NEW SECTION. **Sec. 2.** There is hereby created a department of
11 state government to be known as the department of fish and wildlife.
12 The department shall be vested with all powers and duties transferred
13 to it under this chapter and such other powers and duties as may be
14 authorized by law. All powers, duties, and functions of the department
15 of fisheries and the department of wildlife are transferred to the
16 department of fish and wildlife. All references in the Revised Code of
17 Washington to the director or the department of fisheries or the
18 director or department of wildlife shall be construed to mean the
19 director or department of fish and wildlife.

20 NEW SECTION. **Sec. 3.** As used in this chapter, unless the context
21 indicates otherwise:

- 22 (1) "Department" means the department of fish and wildlife; and
23 (2) "Director" means the director of fish and wildlife.

24 NEW SECTION. **Sec. 4.** The executive head and appointing authority
25 of the department shall be the director. The director shall be
26 appointed by the governor, with the consent of the senate, and shall
27 serve at the pleasure of the governor. The director shall be paid a
28 salary to be fixed by the governor in accordance with RCW 43.03.040.

29 NEW SECTION. **Sec. 5.** In addition to other powers and duties
30 granted or transferred to the director, the director shall have the
31 following powers and duties:

- 32 (1) Supervise and administer the department in accordance with law;
33 (2) Appoint personnel and prescribe their duties. Except as
34 otherwise provided, personnel of the department are subject to chapter
35 41.06 RCW, the state civil service law;

- 1 (3) Enter into contracts on behalf of the agency;
- 2 (4) Adopt rules in accordance with chapter 34.05 RCW, the
3 administrative procedure act;
- 4 (5) Delegate powers, duties, and functions as the director deems
5 necessary for efficient administration but the director shall be
6 responsible for the official acts of the officers and employees of the
7 department;
- 8 (6) Appoint advisory committees and undertake studies, research,
9 and analysis necessary to support the activities of the department;
- 10 (7) Accept and expend grants, gifts, or other funds to further the
11 purposes of the department; and
- 12 (8) Perform other duties as are necessary and consistent with law.

13 NEW SECTION. **Sec. 6.** It is the intent of the legislature wherever
14 possible to place the internal affairs of the department under the
15 control of the director in order that the director may institute
16 therein the flexible, alert, and intelligent management of its business
17 that changing contemporary circumstances require. Therefore, whenever
18 the director's authority is not specifically limited by law, the
19 director shall have complete charge and supervisory powers over the
20 department. The director may create such administrative structures as
21 the director considers appropriate, except as otherwise specified by
22 law.

23 NEW SECTION. **Sec. 7.** The director shall appoint such deputy
24 directors, assistant directors, and up to seven special assistants as
25 may be needed to administer the department. These employees are exempt
26 from the provisions of chapter 41.06 RCW.

27 NEW SECTION. **Sec. 8.** (1) A nine-member advisory commission is
28 established to advise the director on matters pertinent to the
29 department.

30 (2) The governor shall appoint members who are representative of
31 the general population of the state to four-year staggered terms.

35 of wildlife shall, by November 15, 1993, jointly submit a plan to the

1 governor for the consolidation and smooth transition of the department
2 of fisheries and the department of wildlife into the department of fish
3 and wildlife so that the department of fish and wildlife will operate
4 as a single entity on July 1, 1994.

5 NEW SECTION. **Sec. 10.** The department of fisheries and the
6 department of wildlife are abolished and their powers, duties, and
7 functions are transferred to the department of fish and wildlife.

8 NEW SECTION. **Sec. 11.** The wildlife commission shall continue in
9 existence until July 1, 1994, at which time it is abolished and its
10 powers, duties, and functions transferred to the department of fish and
11 wildlife. All references in the Revised Code of Washington to wildlife
12 commission shall be construed to mean the department of fish and
13 wildlife.

14 NEW SECTION. **Sec. 12.** All reports, documents, surveys, books,
15 records, files, papers, or written material connected with the powers,
16 duties, and functions transferred in this act shall be delivered to the
17 custody of the department of fish and wildlife. All cabinets,
18 furniture, office equipment, motor vehicles, and other tangible
19 property employed in connection with the powers, duties, and functions
20 transferred shall be made available to the department of fish and
21 wildlife. All funds, credits, or other assets held in connection with
22 the powers, duties, and functions transferred shall be assigned to the
23 department of fish and wildlife.

24 Any appropriations made in connection with the powers, duties, and
25 functions transferred shall, on the effective date of this section, be
26 transferred and credited to the department of fish and wildlife.

27 Whenever any question arises as to the transfer of any personnel,
28 funds, books, documents, records, papers, files, equipment, or other
29 tangible property used or held in the exercise of the powers and the
30 performance of the duties and functions transferred, or as to the
31 powers, duties, and functions transferred, the director of financial
32 management shall make a determination as to the proper allocation and
33 certify the same to the state agencies concerned.

34 NEW SECTION. **Sec. 13.** All classified employees employed in
35 connection with the powers, duties, and functions transferred are

1 transferred to the jurisdiction of the department of fish and wildlife.
2 All employees classified under chapter 41.06 RCW, the state civil
3 service law, are assigned to the department of fish and wildlife to
4 perform their usual duties upon the same terms as formerly, without any
5 loss of rights, subject to any action that may be appropriate
6 thereafter in accordance with the laws and rules governing state civil
7 service.

8 NEW SECTION. **Sec. 14.** All rules and all pending business before
9 any agency of state government pertaining to the powers, duties, and

11 department of fish and wildlife. All existing contracts, obligations,
12 and agreements shall remain in full force and shall be performed by the
13 department of fish and wildlife.

14 NEW SECTION. **Sec. 15.** The transfer of the powers, duties,
15 functions, and personnel shall not affect the validity of any act
16 performed by any employee before the effective date of this section.

17 NEW SECTION. **Sec. 16.** If apportionments of budgeted funds are
18 required because of the transfers directed by sections 12 through 15 of
19 this act, the director of financial management shall certify the
20 apportionments to the agencies affected, the state auditor, and the
21 state treasurer. Each of these shall make the appropriate transfer and
22 adjustments in funds and appropriation accounts and equipment records
23 in accordance with the certification.

24 NEW SECTION. **Sec. 17.** Nothing contained in sections 12 through 16

8 as follows:

9 It is the policy of this state that a flow of water sufficient to

11 in the streams of this state.

12 The director of ecology shall give the director (~~of fisheries and~~
13 ~~the director of wildlife~~) notice of each application for a permit to
14 divert or store water. The director (~~of fisheries and director of~~
15 ~~wildlife have~~) has thirty days after receiving the notice to state
16 (~~their~~) his or her objections to the application. The permit shall
17 not be issued until the thirty-day period has elapsed.

18 The director of ecology may refuse to issue a permit if, in the
19 opinion of the director (~~of fisheries or director of wildlife~~),
20 issuing the permit might result in lowering the flow of water in a
21 stream below the flow necessary to adequately support food fish and
22 game fish populations in the stream.

23 The provisions of this section shall in no way affect existing
24 water rights.

25 **Sec. 33.** RCW 75.20.100 and 1991 c 322 s 30 are each amended to
26 read as follows:

27 In the event that any person or government agency desires to
28 construct any form of hydraulic project or perform other work that will
29 use, divert, obstruct, or change the natural flow or bed of any of the
30 salt or fresh waters of the state, such person or government agency
31 shall, before commencing construction or work thereon and to ensure the
32 proper protection of fish life, secure the written approval of the
33 department (~~of fisheries or the department of wildlife~~) as to the
34 adequacy of the means proposed for the protection of fish life. This
35 approval shall not be unreasonably withheld. Except as provided in RCW
36 75.20.1001 and 75.20.1002, the department (~~of fisheries or the~~
37 ~~department of wildlife~~) shall grant or deny approval within forty-five

1 calendar days of the receipt of a complete application and notice of
2 compliance with any applicable requirements of the state environmental
3 policy act, made in the manner prescribed in this section. The
4 applicant may document receipt of application by filing in person or by
5 registered mail. A complete application for approval shall contain
6 general plans for the overall project, complete plans and
7 specifications of the proposed construction or work within the mean
8 higher high water line in salt water or within the ordinary high water
9 line in fresh water, and complete plans and specifications for the
10 proper protection of fish life. The forty-five day requirement shall
11 be suspended if (1) after ten working days of receipt of the
12 application, the applicant remains unavailable or unable to arrange for
13 a timely field evaluation of the proposed project; (2) the site is
14 physically inaccessible for inspection; or (3) the applicant requests
15 delay. Immediately upon determination that the forty-five day period
16 is suspended, the department (~~(of fisheries or the department of~~
17 ~~wildlife))~~) shall notify the applicant in writing of the reasons for the
18 delay. Approval is valid for a period of up to five years from date of
19 issuance. The permittee must demonstrate substantial progress on
20 construction of that portion of the project relating to the approval
21 within two years of the date of issuance. If (~~(either))~~) the department
22 (~~(of fisheries or the department of wildlife))~~) denies approval,
23 (~~(that))~~) the department shall provide the applicant, in writing, a
24 statement of the specific reasons why and how the proposed project
25 would adversely affect fish life. Protection of fish life shall be the
26 only ground upon which approval may be denied or conditioned. Chapter
27 34.05 RCW applies to any denial of project approval, conditional
28 approval, or requirements for project modification upon which approval
29 may be contingent. If any person or government agency commences
30 construction on any hydraulic works or projects subject to this section
31 without first having obtained written approval of the department (~~(of~~
32 ~~fisheries or the department of wildlife))~~) as to the adequacy of the
33 means proposed for the protection of fish life, or if any person or
34 government agency fails to follow or carry out any of the requirements
35 or conditions as are made a part of such approval, the person or
36 director of the agency is guilty of a gross misdemeanor. If any such
37 person or government agency is convicted of violating any of the
38 provisions of this section and continues construction on any such works
39 or projects without fully complying with the provisions hereof, such

1 works or projects are hereby declared a public nuisance and shall be
2 subject to abatement as such.

3 For the purposes of this section and RCW 75.20.103, "bed" shall
4 mean the land below the ordinary high water lines of state waters.
5 This definition shall not include irrigation ditches, canals, storm
6 water run-off devices, or other artificial watercourses except where
7 they exist in a natural watercourse that has been altered by man.

8 The phrase "to construct any form of hydraulic project or perform
9 other work" shall not include the act of driving across an established
10 ford. Driving across streams or on wetted stream beds at areas other
11 than established fords requires approval. Work within the ordinary
12 high water line of state waters to construct or repair a ford or
13 crossing requires approval.

14 ~~((For each application, the department of fisheries and the
15 department of wildlife shall mutually agree on whether the department
16 of fisheries or the department of wildlife shall administer the
17 provisions of this section, in order to avoid duplication of effort.
18 The department designated to act shall cooperate with the other
19 department in order to protect all species of fish life found at the
20 project site. If the department of fisheries or the department of
21 wildlife receives an application concerning a site not in its
22 jurisdiction, it shall transmit the application to the other department
23 within three days and notify the applicant.))~~

24 In case of an emergency arising from weather or stream flow
25 conditions or other natural conditions, the department ~~((of fisheries
26 or department of wildlife))~~, through ~~((their))~~ its authorized
27 representatives, shall issue immediately upon request oral approval for
28 removing any obstructions, repairing existing structures, restoring
29 stream banks, or to protect property threatened by the stream or a
30 change in the stream flow without the necessity of obtaining a written
31 approval prior to commencing work. Conditions of an oral approval
32 shall be reduced to writing within thirty days and complied with as
33 provided for in this section. Oral approval shall be granted
34 immediately upon request, for a stream crossing during an emergency
35 situation.

36 This section shall not apply to the construction of any form of
37 hydraulic project or other work which diverts water for agricultural
38 irrigation or stock watering purposes authorized under or recognized as
39 being valid by the state's water codes, or when such hydraulic project

1 or other work is associated with streambank stabilization to protect
2 farm and agricultural land as defined in RCW 84.34.020. These
3 irrigation or stock watering diversion and streambank stabilization
4 projects shall be governed by RCW 75.20.103.

5 **Sec. 34.** RCW 75.20.1001 and 1991 c 322 s 12 are each amended to
6 read as follows:

7 The department (~~(of fisheries and the department of wildlife)~~)
8 shall process hydraulic project applications submitted under RCW
9 75.20.100 or 75.20.103 within thirty days of receipt of the
10 application. This requirement is only applicable for the repair and
11 reconstruction of legally constructed dikes, seawalls, and other flood
12 control structures damaged as a result of flooding or windstorms that
13 occurred in November and December 1990.

14 **Sec. 35.** RCW 75.20.103 and 1991 c 322 s 31 are each amended to
15 read as follows:

16 In the event that any person or government agency desires to
17 construct any form of hydraulic project or other work that diverts
18 water for agricultural irrigation or stock watering purposes, or when
19 such hydraulic project or other work is associated with streambank
20 stabilization to protect farm and agricultural land as defined in RCW
21 84.34.020, and when such diversion or streambank stabilization will
22 use, divert, obstruct, or change the natural flow or bed of any river
23 or stream or will utilize any waters of the state or materials from the
24 stream beds, the person or government agency shall, before commencing
25 construction or work thereon and to ensure the proper protection of
26 fish life, secure a written approval from the department (~~(of fisheries
27 or the department of wildlife)~~) as to the adequacy of the means
28 proposed for the protection of fish life. This approval shall not be
29 unreasonably withheld. Except as provided in RCW 75.20.1001 and
30 75.20.1002, the department (~~(of fisheries or the department of
31 wildlife)~~) shall grant or deny the approval within forty-five calendar
32 days of the receipt of a complete application and notice of compliance
33 with any applicable requirements of the state environmental policy act,
34 made in the manner prescribed in this section. The applicant may
35 document receipt of application by filing in person or by registered
36 mail. A complete application for an approval shall contain general
37 plans for the overall project, complete plans and specifications of the

1 proposed construction or work within ordinary high water line, and
2 complete plans and specifications for the proper protection of fish
3 life. The forty-five day requirement shall be suspended if (1) after
4 ten working days of receipt of the application, the applicant remains
5 unavailable or unable to arrange for a timely field evaluation of the
6 proposed project; (2) the site is physically inaccessible for
7 inspection; or (3) the applicant requests delay.

8 Immediately upon determination that the forty-five day period is
9 suspended, the department (~~(of fisheries or the department of~~
10 ~~wildlife)~~) shall notify the applicant in writing of the reasons for the
11 delay.

12 An approval shall remain in effect without need for periodic
13 renewal for projects that divert water for agricultural irrigation or
14 stock watering purposes and that involve seasonal construction or other
15 work. Approval for streambank stabilization projects shall remain in
16 effect without need for periodic renewal if the problem causing the
17 need for the streambank stabilization occurs on an annual or more
18 frequent basis. The permittee must notify the appropriate agency
19 before commencing the construction or other work within the area
20 covered by the approval.

21 The permittee must demonstrate substantial progress on construction
22 of that portion of the project relating to the approval within two
23 years of the date of issuance. If (~~(either)~~) the department (~~(of~~
24 ~~fisheries or the department of wildlife)~~) denies approval, (~~(that)~~) the
25 department shall provide the applicant, in writing, a statement of the
26 specific reasons why and how the proposed project would adversely
27 affect fish life. Protection of fish life shall be the only ground
28 upon which approval may be denied or conditioned. Issuance, denial,
29 conditioning, or modification shall be appealable to the hydraulic
30 appeals board established in RCW 43.21B.005 within thirty days of the
31 notice of decision. The burden shall be upon the department (~~(of~~
32 ~~fisheries or the department of wildlife)~~) to show that the denial or
33 conditioning of an approval is solely aimed at the protection of fish
34 life.

35 The department (~~(granting approval)~~) may, after consultation with
36 the permittee, modify an approval due to changed conditions. The
37 modifications shall become effective unless appealed to the hydraulic
38 appeals board within thirty days from the notice of the proposed
39 modification. The burden is on the department (~~(issuing the approval)~~)

1 to show that changed conditions warrant the modification in order to
2 protect fish life.

3 A permittee may request modification of an approval due to changed
4 conditions. The request shall be processed within forty-five calendar
5 days of receipt of the written request. A decision by the department
6 (~~that issued the approval~~) may be appealed to the hydraulic appeals
7 board within thirty days of the notice of the decision. The burden is
8 on the permittee to show that changed conditions warrant the requested
9 modification and that such modification will not impair fish life.

10 If any person or government agency commences construction on any
11 hydraulic works or projects subject to this section without first
12 having obtained written approval of the department (~~of fisheries or
13 the department of wildlife~~) as to the adequacy of the means proposed
14 for the protection of fish life, or if any person or government agency
15 fails to follow or carry out any of the requirements or conditions as
16 are made a part of such approval, the person or director of the agency
17 is guilty of a gross misdemeanor. If any such person or government
18 agency is convicted of violating any of the provisions of this section
19 and continues construction on any such works or projects without fully
20 complying with the provisions hereof, such works or projects are hereby
21 declared a public nuisance and shall be subject to abatement as such.

22 (~~For each application, the department of fisheries and the
23 department of wildlife shall mutually agree on whether the department
24 of fisheries or the department of wildlife shall administer the
25 provisions of this section, in order to avoid duplication of effort.
26 The department designated to act shall cooperate with the other
27 department in order to protect all species of fish life found at the
28 project site. If the department of fisheries or the department of
29 wildlife receives an application concerning a site not in its
30 jurisdiction, it shall transmit the application to the other department
31 within three days and notify the applicant.))~~)

32 In case of an emergency arising from weather or stream flow
33 conditions or other natural conditions, the department (~~of fisheries
34 or department of wildlife~~), through (~~their~~) its authorized
35 representatives, shall issue immediately upon request oral approval for
36 removing any obstructions, repairing existing structures, restoring
37 stream banks, or to protect property threatened by the stream or a
38 change in the stream flow without the necessity of obtaining a written
39 approval prior to commencing work. Conditions of an oral approval

1 shall be reduced to writing within thirty days and complied with as
2 provided for in this section.

3 For purposes of this chapter, "streambank stabilization" shall
4 include but not be limited to log and debris removal, bank protection
5 (including riprap, jetties, and groins), gravel removal and erosion
6 control.

7 **Sec. 36.** RCW 75.20.104 and 1991 c 322 s 18 are each amended to
8 read as follows:

9 Whenever the placement of woody debris is required as a condition
10 of a hydraulic permit approval issued pursuant to RCW 75.20.100 or
11 75.20.103, the department (~~(of fisheries and the department of~~
12 ~~wildlife)~~), upon request, shall invite comment regarding that placement
13 from the local governmental authority, affected tribes, affected
14 federal and state agencies, and the project applicant.

15 **Sec. 37.** RCW 75.20.1041 and 1991 c 322 s 19 are each amended to
16 read as follows:

17 The department (~~(of fisheries, the department of wildlife,~~) and
18 the department of ecology will work cooperatively with the United
19 States army corps of engineers to develop a memorandum of agreement
20 outlining dike vegetation management guidelines so that dike owners are
21 eligible for coverage under P.L. 84-99, and state requirements
22 established pursuant to RCW 75.20.100 and 75.20.103 are met.

23 **Sec. 38.** RCW 75.20.106 and 1988 c 36 s 35 are each amended to read
24 as follows:

25 The department (~~(of fisheries and the department of wildlife)~~) may
26 (~~(each)~~) levy civil penalties of up to one hundred dollars per day for
27 violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty
28 provided shall be imposed by notice in writing, either by certified
29 mail or personal service to the person incurring the penalty, from the
30 director (~~(of the appropriate department)~~) or (~~(that)~~) the director's
31 designee describing the violation. Any person incurring any penalty
32 under this chapter may appeal the same under chapter 34.05 RCW to the
33 director (~~(of the department levying the penalty)~~). Appeals shall be
34 filed within thirty days of receipt of notice imposing any penalty.
35 The penalty imposed shall become due and payable thirty days after
36 receipt of a notice imposing the penalty unless an appeal is filed.

1 Whenever an appeal of any penalty incurred under this chapter is filed,
2 the penalty shall become due and payable only upon completion of all
3 review proceedings and the issuance of a final order confirming the
4 penalty in whole or in part.

5 If the amount of any penalty is not paid within thirty days after
6 it becomes due and payable the attorney general, upon the request of
7 the director (~~(of the department of fisheries or the department of~~
8 ~~wildlife))~~) shall bring an action in the name of the state of Washington
9 in the superior court of Thurston county or of any county in which such
10 violator may do business, to recover such penalty. In all such actions
11 the procedure and rules of evidence shall be the same as an ordinary
12 civil action. All penalties recovered under this section shall be paid
13 into the state's general fund.

14 **Sec. 39.** RCW 75.20.110 and 1988 c 36 s 36 are each amended to read
15 as follows:

16 (1) Except for the north fork of the Lewis river and the White
17 Salmon river, all streams and rivers tributary to the Columbia river
18 downstream from McNary dam are established as an anadromous fish
19 sanctuary. This sanctuary is created to preserve and develop the food
20 fish and game fish resources in these streams and rivers and to protect
21 them against undue industrial encroachment.

22 (2) Within the sanctuary area:

23 (a) It is unlawful to construct a dam greater than twenty-five feet
24 high within the migration range of anadromous fish as (~~(jointly))~~)
25 determined by the director (~~(of fisheries and the director of~~
26 ~~wildlife))~~).

27 (b) Except by (~~(concurrent))~~) order of the director (~~(of fisheries~~
28 ~~and director of wildlife))~~), it is unlawful to divert water from rivers
29 and streams in quantities that will reduce the respective stream flow
30 below the annual average low flow, based upon data published in United
31 States geological survey reports.

32 (3) The director (~~(of fisheries and the director of wildlife))~~) may
33 acquire and abate a dam or other obstruction, or acquire any water
34 right vested on a sanctuary stream or river, which is in conflict with
35 the provisions of subsection (2) of this section.

36 (4) Subsection (2)(a) of this section does not apply to the
37 sediment retention structure to be built on the North Fork Toutle river
38 by the United States army corps of engineers.

1 **Sec. 40.** RCW 75.20.130 and 1989 c 175 s 160 are each amended to
2 read as follows:

3 (1) There is hereby created within the environmental hearings
4 office under RCW 43.21B.005 the hydraulic appeals board of the state of
5 Washington.

6 (2) The hydraulic appeals board shall consist of three members:
7 The director of the department of ecology or the director's designee,
8 the director of the department of agriculture or the director's
9 designee, and the director or the director's designee of the department
10 whose action is appealed under subsection (6) of this section. A
11 decision must be agreed to by at least two members of the board to be
12 final.

13 (3) The board may adopt rules necessary for the conduct of its
14 powers and duties or for transacting other official business.

15 (4) The board shall make findings of fact and prepare a written
16 decision in each case decided by it, and that finding and decision
17 shall be effective upon being signed by two or more board members and
18 upon being filed at the hydraulic appeals board's principal office, and
19 shall be open to public inspection at all reasonable times.

20 (5) The board has exclusive jurisdiction to hear appeals arising
21 from the approval, denial, conditioning, or modification of a hydraulic
22 approval issued by ((either)) the department ((of fisheries or the
23 department of wildlife)) under the authority granted in RCW 75.20.103
24 for the diversion of water for agricultural irrigation or stock
25 watering purposes or when associated with streambank stabilization to
26 protect farm and agricultural land as defined in RCW 84.34.020.

27 (6)(a) Any person aggrieved by the approval, denial, conditioning,
28 or modification of a hydraulic approval pursuant to RCW 75.20.103 may
29 seek review from the board by filing a request for the same within
30 thirty days of notice of the approval, denial, conditioning, or
31 modification of such approval.

32 (b) The review proceedings authorized in (a) of this subsection are
33 subject to the provisions of chapter 34.05 RCW pertaining to procedures
34 in adjudicative proceedings.

35 **Sec. 41.** RCW 75.20.300 and 1989 c 213 s 3 are each amended to read
36 as follows:

37 (1) The legislature intends to expedite flood-control, acquisition
38 of sites for sediment retention, and dredging operations in those

1 rivers affected by the May 1980 eruption of Mt. St. Helens, while
2 continuing to protect the fish resources of these rivers.

3 (2) The director (~~of fisheries and director of wildlife~~) shall
4 process hydraulic project applications submitted under RCW 75.20.100
5 within fifteen working days of receipt of the application. This
6 requirement is only applicable to flood control and dredging projects
7 located in the Cowlitz river from mile 22 to the confluence with the
8 Columbia, and in the Toutle river from the mouth to the North Fork
9 Toutle sediment dam site at North Fork mile 12, and to river mile 3 on
10 the South Fork Toutle river, and volcano-affected areas of the Columbia
11 river.

12 (3) For the purposes of this section, the emergency provisions of
13 RCW 75.20.100 may be initiated by the county legislative authority if
14 the project is necessary to protect human life or property from flood
15 hazards, including:

16 (a) Flood fight measures necessary to provide protection during a
17 flood event; or

18 (b) Measures necessary to reduce or eliminate a potential flood
19 threat when other alternative measures are not available or cannot be
20 completed prior to the expected flood threat season; or

21 (c) Measures which must be initiated and completed within an
22 immediate period of time and for which processing of the request
23 through normal methods would cause a delay to the project and such
24 delay would significantly increase the potential for damages from a
25 flood event.

26 (4) This section does not apply to the sediment retention structure
27 to be built on the North Fork Toutle river by the United States army
28 corps of engineers.

29 (5) This section expires on June 30, 1995.

30 **Sec. 42.** RCW 75.20.310 and 1988 c 36 s 39 are each amended to read
31 as follows:

32 The legislature recognizes the need to mitigate the effects of
33 sedimentary build-up and resultant damage to fish population in the
34 Toutle river resulting from the Mt. St. Helens eruption. The state has
35 entered into a contractual agreement with the United States army corps
36 of engineers designed to minimize fish habitat disruption created by
37 the sediment retention structure on the Toutle river, under which the
38 corps has agreed to construct a fish collection facility at the

1 sediment retention structure site conditional upon the state assuming
2 the maintenance and operation costs of the facility. The department
3 (~~(of wildlife and the department of fisheries)~~) shall (~~(cooperatively)~~)
4 operate and maintain a fish collection facility on the Toutle river.
5 (~~(Each agency shall share in the cost of operating and maintaining the~~
6 ~~facility.)~~)

7 **Sec. 43.** RCW 75.24.065 and 1985 c 256 s 2 are each amended to read
8 as follows:

9 The legislature finds that current environmental and economic
10 conditions warrant a renewal of the state's historical practice of
11 actively cultivating and managing its oyster reserves in Puget Sound to
12 produce the state's native oyster, the Olympia oyster. The department
13 (~~(of fisheries)~~) shall reestablish dike cultivated production of
14 Olympia oysters on such reserves on a trial basis as a tool for
15 planning more comprehensive cultivation by the state.

16 **Sec. 44.** RCW 75.25.005 and 1989 c 305 s 1 are each amended to read
17 as follows:

18 The following recreational fishing licenses are administered and
19 issued by the department (~~(of fisheries)~~) under authority of the
20 director (~~(of fisheries)~~):

- 21 (1) Hood Canal shrimp license;
- 22 (2) Razor clam license;
- 23 (3) Personal use fishing license;
- 24 (4) Salmon license; and
- 25 (5) Sturgeon license.

26 **Sec. 45.** RCW 75.25.080 and 1989 c 305 s 4 are each amended to read
27 as follows:

28 (1) It is lawful to dig the personal-use daily bag limit of razor
29 clams for another person if that person has in possession a physical
30 disability permit issued by the director.

31 (2) An application for a physical disability permit must be
32 submitted on a department (~~(of fisheries)~~) official form and must be
33 accompanied by a licensed medical doctor's certification of disability.

34 **Sec. 46.** RCW 75.25.170 and 1989 c 305 s 16 are each amended to
35 read as follows:

1 Fees received for recreational licenses required under this chapter
2 shall be deposited in the general fund and shall be appropriated for
3 management, enhancement, research, and enforcement purposes of the
4 shellfish, salmon, and marine fish programs of the department ((of
5 fisheries)).

6 **Sec. 47.** RCW 75.25.180 and 1989 c 305 s 14 are each amended to
7 read as follows:

8 Recreational licenses issued by the department ((of fisheries))
9 under this chapter are valid for the following periods:

10 (1) Recreational licenses issued without charge to persons
11 designated by this chapter are valid:

12 (a) For life for blind persons;

13 (b) For the period of continued state residency for qualified
14 disabled veterans;

15 (c) For the period of continued state residency for persons sixty-
16 five years of age or more;

17 (d) For the period of the disability for persons with a
18 developmental disability;

19 (e) For life for handicapped persons confined to a wheelchair who
20 have been issued a permanent disability card; and

21 (f) Until a child reaches fifteen years of age.

22 (2) Two-consecutive-day personal use licenses expire at midnight on
23 the day following the validation date written on the license by the
24 license dealer, except two-consecutive-day personal use licenses
25 validated for December 31 expire at midnight on that date.

26 (3) An annual salmon license is valid for a maximum catch of
27 fifteen salmon, after which another salmon license may be purchased.
28 A salmon license is valid only for the calendar year for which it is
29 issued.

30 (4) An annual sturgeon license is valid for a maximum catch of
31 fifteen sturgeon. A sturgeon license is valid only for the calendar
32 year for which it is issued.

33 (5) All other recreational licenses are valid for the calendar year
34 for which they are issued.

35 **Sec. 48.** RCW 75.50.010 and 1985 c 458 s 1 are each amended to read
36 as follows:

1 Currently, many of the salmon stocks of Washington state are
2 critically reduced from their sustainable level. The best interests of
3 all fishing groups and the citizens as a whole are served by a stable
4 and productive salmon resource. Immediate action is needed to reverse
5 the severe decline of the resource and to insure its very survival.
6 The legislature finds a state of emergency exists and that immediate
7 action is required to restore its fishery.

8 Disagreement and strife have dominated the salmon fisheries for
9 many years. Conflicts among the various fishing interests have only
10 served to erode the resource. It is time for the state of Washington
11 to make a major commitment to increasing productivity of the resource
12 and to move forward with an effective rehabilitation and enhancement
13 program. The department (~~(of fisheries)~~) is directed to dedicate its
14 efforts to make increasing the productivity of the salmon resource a
15 first priority and to seek resolution to the many conflicts that
16 involve the resource.

17 Success of the enhancement program can only occur if projects
18 efficiently produce salmon or restore habitat. The expectation of the
19 program is to optimize the efficient use of funding on projects that
20 will increase artificially and naturally produced salmon, restore and
21 improve habitat, or identify ways to increase the survival of salmon.
22 The full utilization of state resources and cooperative efforts with
23 interested groups are essential to the success of the program.

24 **Sec. 49.** RCW 75.50.070 and 1989 c 426 s 1 are each amended to read
25 as follows:

26 The legislature finds that it is in the best interest of the salmon
27 resource of the state to encourage the development of regional
28 fisheries enhancement groups. The accomplishments of one existing
29 group, the Grays Harbor fisheries enhancement task force, have been
30 widely recognized as being exemplary. The legislature recognizes the
31 potential benefits to the state that would occur if each region of the
32 state had a similar group of dedicated citizens working to enhance the
33 salmon resource.

34 The legislature authorizes the formation of regional fisheries
35 enhancement groups. These groups shall be eligible for state financial
36 support and shall be actively supported by the department (~~(of~~
37 ~~fisheries)~~). The regional groups shall be operated on a strictly
38 nonprofit basis, and shall seek to maximize the efforts of volunteer

1 and private donations to improve the salmon resource for all citizens
2 of the state.

3 **Sec. 50.** RCW 75.50.080 and 1989 c 426 s 4 are each amended to read
4 as follows:

5 Regional fisheries enhancement groups, consistent with the long-
6 term regional policy statements developed under RCW 75.50.020, shall
7 seek to:

8 (1) Enhance the salmon resource of the state;

9 (2) Maximize volunteer efforts and private donations to improve the
10 salmon resource for all citizens;

11 (3) Assist the department in achieving the goal to double the
12 state-wide salmon catch by the year 2000 under chapter 214, Laws of
13 1988; and

14 (4) Develop projects designed to supplement the fishery enhancement
15 capability of the department (~~(of fisheries)~~).

16 **Sec. 51.** RCW 75.50.130 and 1992 c 88 s 1 are each amended to read
17 as follows:

18 The director (~~(of fisheries)~~) shall prepare a salmon recovery plan
19 for the Skagit river. The plan shall include strategies for employing
20 displaced timber workers to conduct salmon restoration and other tasks
21 identified in the plan. The plan shall incorporate the best available
22 technology in order to achieve maximum restoration of depressed salmon
23 stocks. The plan must encourage the restoration of natural spawning
24 areas and natural rearing of salmon but must not preclude the
25 development of an active hatchery program.

26 **Sec. 52.** RCW 75.52.010 and 1988 c 36 s 41 are each amended to read
27 as follows:

28 The fish and (~~(game)~~) wildlife resources of the state benefit by
29 the contribution of volunteer recreational and commercial fishing
30 organizations, schools, and other volunteer groups in cooperative
31 projects under agreement with the department (~~(of fisheries or the~~
32 ~~department of wildlife)~~). These projects provide educational
33 opportunities, improve the communication between the natural resources
34 agencies and the public, and increase the fish and game resources of
35 the state. In an effort to increase these benefits and realize the
36 full potential of cooperative projects, the department (~~(of fisheries~~

1 ~~and the department of wildlife each))~~ shall administer a
2 ~~((cooperative))~~ fish and wildlife enhancement program and enter
3 agreements with volunteer groups relating to the operation of
4 ~~((cooperative))~~ projects.

5 **Sec. 53.** RCW 75.52.020 and 1988 c 36 s 42 are each amended to read
6 as follows:

7 Unless the context clearly requires otherwise, the definitions in
8 this section apply throughout this chapter.

9 (1) "Volunteer group" means any person or group of persons
10 interested in or party to an agreement with the department ~~((of~~
11 ~~fisheries or the department of wildlife))~~ relating to a cooperative
12 fish or ~~((game))~~ wildlife project.

13 (2) "Cooperative project" means a project conducted by a volunteer
14 group that will benefit the fish, shellfish, game bird, nongame
15 wildlife, or game animal resources of the state and for which the
16 benefits of the project, including fish and ~~((game))~~ wildlife reared
17 and released, are available to all citizens of the state. Indian
18 tribes may elect to participate in cooperative fish and wildlife
19 projects with the department.

20 (3) "Department" means ~~((either))~~ the department of ~~((fisheries or~~
21 ~~the department of))~~ fish and wildlife ~~((, whichever is responsible for~~
22 ~~managing the species of fish or game most affected by the cooperative~~
23 ~~project))~~.

24 **Sec. 54.** RCW 75.52.035 and 1987 c 48 s 1 are each amended to read
25 as follows:

26 The department ~~((of fisheries))~~ may authorize the sale of surplus
27 salmon eggs and carcasses by permitted cooperative projects for the
28 purposes of defraying the expenses of the cooperative project. In no
29 instance shall the department allow a profit to be realized through
30 such sales. The department shall adopt rules to implement this section
31 pursuant to chapter 34.05 RCW.

32 **Sec. 55.** RCW 75.52.100 and 1989 c 85 s 3 are each amended to read
33 as follows:

34 A salmon spawning channel shall be constructed on the Cedar river
35 with the assistance and cooperation of the ~~((state))~~ department ~~((of~~
36 ~~fisheries))~~. The department shall use existing personnel and the

1 volunteer fisheries enhancement program outlined under chapter 75.52
2 RCW to assist in the planning, construction, and operation of the
3 spawning channel.

4 **Sec. 56.** RCW 75.52.110 and 1989 c 85 s 4 are each amended to read
5 as follows:

6 The department (~~(of fisheries)~~) shall chair a technical committee,
7 which shall review the preparation of enhancement plans and
8 construction designs for a Cedar river sockeye spawning channel. The
9 technical committee shall consist of not more than eight members: One
10 representative each from the department (~~(of fisheries)~~), national
11 marine fisheries service, United States fish and wildlife service, and
12 Muckleshoot Indian tribe; and four representatives from the public
13 utility described in RCW 75.52.130. The technical committee will be
14 guided by a policy committee, also to be chaired by the department (~~(of~~
15 ~~fisheries)~~), which shall consist of not more than six members: One
16 representative from the department (~~(of fisheries)~~), one from the
17 Muckleshoot Indian tribe, and one from either the national marine
18 fisheries service or the United States fish and wildlife service; and
19 three representatives from the public utility described in RCW
20 75.52.130. The policy committee shall present a progress report to the
21 senate and house of representatives natural resources and environment
22 committees by January 1, 1990, and shall oversee the operation and
23 evaluation of the spawning channel. The policy committee will continue
24 its oversight until the policy committee concludes that the channel is
25 meeting the production goals specified in RCW 75.52.120.

26 **Sec. 57.** RCW 75.52.160 and 1989 c 85 s 10 are each amended to read
27 as follows:

28 Should the requirements of RCW 75.52.100 through 75.52.160 not be
29 met, the department (~~(of fisheries)~~) shall seek immediate legal
30 clarification of the steps which must be taken to fully mitigate water
31 diversion projects on the Cedar river.

32 **Sec. 58.** RCW 75.58.010 and 1988 c 36 s 43 are each amended to read
33 as follows:

34 (1) The director of agriculture and the director (~~(of fisheries)~~)
35 shall jointly develop a program of disease inspection and control for
36 aquatic farmers as defined in RCW 15.85.020. The program shall be

1 administered by the department (~~(of fisheries)~~) under rules established
2 under this section. The purpose of the program is to protect the
3 aquaculture industry and wildstock fisheries from a loss of
4 productivity due to aquatic diseases or maladies. As used in this
5 section "diseases" means, in addition to its ordinary meaning,
6 infestations of parasites or pests. The disease program may include,
7 but is not limited to, the following elements:

8 (a) Disease diagnosis;

9 (b) Import and transfer requirements;

10 (c) Provision for certification of stocks;

11 (d) Classification of diseases by severity;

12 (e) Provision for treatment of selected high-risk diseases;

13 (f) Provision for containment and eradication of high-risk
14 diseases;

15 (g) Provision for destruction of diseased cultured aquatic
16 products;

17 (h) Provision for quarantine of diseased cultured aquatic products;

18 (i) Provision for coordination with state and federal agencies;

19 (j) Provision for development of preventative or control measures;

20 (k) Provision for cooperative consultation service to aquatic
21 farmers; and

22 (l) Provision for disease history records.

23 (2) The director (~~(of fisheries)~~) shall adopt rules implementing
24 this section. However, such rules shall have the prior approval of the
25 director of agriculture and shall provide therein that the director of
26 agriculture has provided such approval. The director of agriculture or
27 the director's designee shall attend the rule-making hearings conducted
28 under chapter 34.05 RCW and shall assist in conducting those hearings.
29 The authorities granted the department (~~(of fisheries)~~) by these rules
30 and by RCW 75.08.080(1)(g), 75.24.080, 75.24.110, 75.28.125, 75.58.020,
31 75.58.030, and 75.58.040 constitute the only authorities of the
32 department (~~(of fisheries)~~) to regulate private sector cultured aquatic
33 products and aquatic farmers as defined in RCW 15.85.020. Except as
34 provided in subsection (3) of this section, no action may be taken
35 against any person to enforce these rules unless the department has
36 first provided the person an opportunity for a hearing. In such a
37 case, if the hearing is requested, no enforcement action may be taken
38 before the conclusion of that hearing.

1 (3) The rules adopted under this section shall specify the
2 emergency enforcement actions that may be taken by the department (~~of~~
3 ~~fisheries~~), and the circumstances under which they may be taken,
4 without first providing the affected party with an opportunity for a
5 hearing. Neither the provisions of this subsection nor the provisions
6 of subsection (2) of this section shall preclude the department (~~of~~
7 ~~fisheries~~) from requesting the initiation of criminal proceedings for
8 violations of the disease inspection and control rules.

9 (4) It is unlawful for any person to violate the rules adopted
10 under subsection (2) or (3) of this section or to violate RCW
11 75.58.040.

12 (5) In administering the program established under this section,
13 the department (~~of fisheries~~) shall use the services of a pathologist
14 licensed to practice veterinary medicine.

15 (6) The director in administering the program shall not place
16 constraints on or take enforcement actions in respect to the
17 aquaculture industry that are more rigorous than those placed on the
18 department (~~of fisheries, the department of wildlife,~~) or other fish-
19 rearing entities.

20 **Sec. 59.** RCW 75.58.020 and 1985 c 457 s 9 are each amended to read
21 as follows:

22 The directors of agriculture and (~~fisheries~~) fish and wildlife
23 shall jointly adopt by rule, in the manner prescribed in RCW
24 75.58.010(2), a schedule of user fees for the disease inspection and
25 control program established under RCW 75.58.010. The fees shall be
26 established such that the program shall be entirely funded by revenues
27 derived from the user fees by the beginning of the 1987-89 biennium.

28 There is established in the state treasury an account known as the
29 aquaculture disease control account which is subject to appropriation.
30 Proceeds of fees charged under this section shall be deposited in the
31 account. Moneys from the account shall be used solely for
32 administering the disease inspection and control program established
33 under RCW 75.58.010.

34 **Sec. 60.** RCW 75.58.030 and 1988 c 36 s 44 are each amended to read
35 as follows:

36 (1) The director (~~of fisheries~~) shall consult regarding the
37 disease inspection and control program established under RCW 75.58.010

1 with (~~the department of wildlife,~~) federal agencies(~~(,)~~) and Indian
2 tribes to assure protection of state, federal, and tribal aquatic
3 resources and to protect private sector cultured aquatic products from
4 disease that could originate from waters or facilities managed by those
5 agencies.

6 (2) With regard to the program, the director (~~of fisheries~~) may
7 enter into contracts or interagency agreements for diagnostic field
8 services with government agencies and institutions of higher education
9 and private industry.

10 (3) The director (~~of fisheries~~) shall provide for the creation
11 and distribution of a roster of biologists having a speciality in the
12 diagnosis or treatment of diseases of fish or shellfish. The director
13 shall adopt rules specifying the qualifications which a person must
14 have in order to be placed on the roster.

15 **Sec. 61.** RCW 75.58.040 and 1988 c 36 s 45 are each amended to read
16 as follows:

17 All aquatic farmers as defined in RCW 15.85.020 shall register with
18 the department (~~of fisheries~~). The director shall develop and
19 maintain a registration list of all aquaculture farms. Registered
20 aquaculture farms shall provide the department production statistical
21 data. The state veterinarian (~~and the department of wildlife~~) shall
22 be provided with registration and statistical data by the department.

23 **Sec. 62.** RCW 77.04.100 and 1985 c 208 s 2 are each amended to read
24 as follows:

25 The director(~~, in cooperation with the director of fisheries~~)
26 shall develop proposals to reinstate the natural salmon and steelhead
27 trout fish runs in the Tilton and upper Cowlitz rivers in accordance
28 with RCW 75.08.020(3).

29 **Sec. 63.** RCW 77.04.111 and 1987 c 506 s 10 are each amended to
30 read as follows:

31 The director shall provide a comprehensive annual report of all
32 departmental operations to the governor, appropriate legislative
33 committees, and the public, on or before October 1 of each year, to
34 reflect the previous fiscal year. The report shall include, but not be
35 limited to, descriptions of all departmental activities, including:
36 Revenues generated, program costs, capital expenditures, personnel,

1 department projects and research including cooperative projects,
2 environmental controls, intergovernmental agreements, outlines of
3 ongoing litigation, concluded litigation, and any major issues with the
4 potential for state liability. The report shall describe the status of
5 the resource and its recreational and tribal utilization.

6 In addition to the above elements, the (~~commission~~) department
7 shall prepare and submit to the governor, the appropriate legislative
8 committees, and the public its own report and analysis on the condition
9 of recreational hunting and fishing opportunities and wildlife and
10 wildlife resources in the state and on the progress of the department
11 in meeting its goals and objectives (~~set by the commission~~). The
12 (~~commission~~) department shall solicit public input in the preparation
13 of this annual analysis.

14 **Sec. 64.** RCW 77.08.010 and 1989 c 297 s 7 are each amended to read
15 as follows:

16 As used in this title or rules adopted pursuant to this title,
17 unless the context clearly requires otherwise:
