3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** A new section is added to chapter 47.01 RCW

6 The state-interest component of the state-wide transportation plan

10 assuring that viable public transportation services are available

15 (2) Identify the goals for public transportation and the roles of
16 federal, state, regional, and local entities in achieving those goals;

17 (3) Recommend mechanisms for coordinating federal, state, regional,
18 and local planning for public transportation;

1 (4) Recommend mechanisms for coordinating public transportation
2 with other transportation services and modes;

3 (5) Recommend criteria, consistent with the goals identified in
4 subsection (2) of this section and with RCW 82.44.180 (2) and (3), for
5 existing federal authorizations administered by the department to
6 transit agencies; and

7 (6) Recommend a state-wide public transportation facilities and
8 equipment management system as required by federal law.

9 In developing the state public transportation plan, the department
10 shall involve local jurisdictions, public and private providers of
11 public transportation services, nonmotorized interests, and state
12 agencies with an interest in public transportation, including but not
13 limited to the departments of community development, social and health
14 services, and ecology, the state energy office, the office of financial
15 management, and the office of the governor.

16 The department shall submit an initial report to the legislative
17 transportation committee by December 1, 1993, and shall provide annual
18 reports summarizing the plan's progress each year thereafter.
