Brief Description: Providing for assessment of residential habilitation center residents.

HB 2163 - DIGEST

(SUBSTITUTED FOR - SEE 1ST SUB)

Directs the secretary of health and social services to utilize a standardized assessment instrument to assess each current resident of a residential habilitation center.

Designates the required elements of the assessment.

Encourages community placement where special treatment and care is not required.

Directs the secretary to develop a plan on the recommended size and services of each residential habilitation center.
