Brief Description: Enacting the anticancer act of 1994.

HB 2759 - DIGEST

Directs the secretary of health to hold hearings to compile and summarize research linking abortion to breast cancer.

Makes it unlawful to perform an abortion on a woman without advising her of research linking abortion to breast cancer.

Provides that a minor cannot give informed consent to a substantial cancer risk.

Makes it unlawful for a person to perform an abortion unless that person has sufficient malpractice insurance to cover a potential liability for reproductive cancers.
