Brief Description: Providing for the creation of telecommuting work centers.

**SB 5673 - DIGEST**

Requires a survey of state office facilities to develop an inventory of unused space that could be used for telecommuting work centers.

Requires one work center to be established for use by state agencies by July 1, 1994.

Provides for a report on the feasibility of locating a state office facility in a distressed area.

Makes appropriations of one hundred fifty thousand dollars to carry out the purpose of the act.
