3 On page 2, beginning on line 28, after "in" strike all
4 material through "1994." on line 33 and insert "hazardous
5 occupations. For the purposes of this subsection, "hazardous
6 occupations" means the standards for hazardous occupations that
7 were in effect under this chapter on the effective date of this
8 section."

EFFECT: For hazardous occupations that are prohibited to minors, the amendment deletes the limitation that agency rules cannot be more restrictive than federal rules and provides, instead, that hazardous occupations are those standards in effect under state law on the effective date of the bill.
