3 On page 9, after line 2, insert the following subsection:

4 "(6) **Income of a new spouse or other adults in the household.**
5 Income and resources of a new spouse or other adult in the parent's
6 household is not by itself a sufficient reason for deviation. The
7 court shall only consider income of a new spouse or other adult in
8 the parent's household if the parent is asking for a deviation to
9 support children to whom the new spouse or other adult also has a
10 duty to support as provided in subsection (5) of this section."

EFFECT: Income of a new spouse or other adult in the parent's household is not a sufficient basis for deviation. The court shall only consider that income as a basis for deviation when the parent before the court is asking for a deviation to support children to whom the new spouse or other adult are also required to support.
