3 On page 3, on line 2, after "age" insert "who is over the  
4 age at which persons are presumed incapable of committing a crime  
5 under RCW 9A.04.050, or"

**EFFECT:** Defines "emancipated minor" to include any minor over the age at which persons are presumed incapable of committing a crime. Under current law this age is 11, and the amendment would mean that it is not necessary to notify the parents of a pregnant minor who is 12 or older. Under pending legislation, the age of presumptive incapacity would be lowered to 9.
