7 On page 2, on line 14, after "United States attorney general

9 district court"

10 On page 2, at the beginning of line 18, strike "the attorney
11 general's designee" and insert "the federal district court"

EFFECT: Deletes unnecessary reference to the attorney general's designee. Inserts reference to the federal district court to ensure consistency with manner in which the federal certification process is currently handled for inmate grievance programs in Washington State. Replaces a narrow reference to federal statute with a broader reference in order to facilitate implementation of the act in a manner that is consistent with current practice.
