5 On page 2, line 1, after "any" strike "benefit charges" and insert  
6 "amount"

7 On page 2, at the beginning of line 17, strike "of benefit charges"

--- END ---

EFFECT: This corrects a drafting error which occurred when the substitute bill was prepared. It will permit fire protection districts to contract with public housing authorities for the full amount they would receive from a private owner. Since fire protection districts collect amounts from property owners other than benefit charges, the language in the substitute is unduly restrictive and defeats the purpose of the bill.
