19 as follows:

20 The state board of health shall cause such investigations to be
21 made as are necessary to determine reasonable requirements governing
22 the sanitation of shellfish, shellfish growing areas, and shellfish

24 carry out the provisions of this chapter; and shall adopt such
25 requirements as rules and regulations of the state board of health.
26 Such rules and regulations may include reasonable sanitary requirements

1 Shellfish growing areas, from which shellfish are removed in a

9 department shall cause the shellfish growing area to be inspected and
10 if the area meets the (~~sanitary~~) requirements of this chapter and the
11 state board of health, the department shall issue a certificate of
12 approval for that area. Such certificates shall be issued for a period
13 not to exceed twelve months and may be revoked at any time the area is
14 found not to be in compliance with the (~~sanitary~~) requirements of

29 as follows:

28 required to be compiled or maintained under this chapter or under rules
29 adopted pursuant to this chapter, and to any products, components, or
30 other materials reasonably believed to be or to have been used,
31 processed, or produced by or in connection with the regulated business
32 or activity. In connection with such inspections the department may
33 take such samples or specimens as may be reasonably necessary to
34 determine whether there exists a violation of this chapter or rules
35 adopted under this chapter.

36 Inspection of establishments may be conducted between eight a.m.
37 and five p.m. on any weekday that is not a legal holiday, during any
38 time the regulated business or entity has established as its usual

1 business hours, at any time the regulated business or entity is open
2 for business or is otherwise in operation, and at any other time with

9 and access to all or part of the regulated business or entity has been
10 actually or constructively denied; or

11 (2) There is reasonable cause to believe that a violation of this
12 chapter or of rules adopted under this chapter is occurring or has
13 occurred.

14 ~~((For purposes of this chapter, fisheries patrol officers or ex~~
15 ~~officio fisheries patrol officers are limited to entry, inspection, and~~
16 ~~destruction of shellfish to achieve compliance with RCW 69.30.110 and~~
17 ~~to taking for inspection samples of shellfish as may reasonably be~~
18 ~~necessary to carry out this chapter.))~~

19 **Sec. 6.** RCW 69.30.140 and 1985 c 51 s 6 are each amended to read
20 as follows:

23 ~~conviction thereof shall be subject to a fine of not less than twenty-~~
24 ~~five dollars nor more than one thousand dollars, or imprisonment in the~~
25 ~~county jail of the county in which the offense was committed for not~~
26 ~~less than thirty days nor more than one year, or to both fine and~~
27 ~~imprisonment)). A conviction is an unvacated forfeiture of bail or~~
28 ~~collateral deposited to secure the defendant's appearance in court, the~~
29 ~~payment of a fine, a plea of guilty, or a finding of guilt on a~~
30 ~~violation of this chapter, regardless of whether imposition of sentence~~
31 ~~is deferred or the penalty is suspended, and shall be treated as a~~
32 ~~violation conviction for purposes of license forfeiture under RCW~~
33 ~~75.10.120.~~

34 NEW SECTION. **Sec. 7.** A new section is added to chapter 43.70 RCW
35 to read as follows:

36 (1) The department may enter and inspect any property, lands, or
37 waters, of this state in or on which any marine species are located or

1 from which such species are harvested, whether recreationally or for
2 sale or barter, and any land or water of this state which may cause or
3 contribute to the pollution of areas in or on which such species are
4 harvested or processed. The department may take any reasonably
5 necessary samples to determine whether such species or any lot, batch,
6 or quantity of such species is safe for human consumption.

7 (2) If the department determines that any species or any lot,
8 batch, or other quantity of such species is unsafe for human
9 consumption because consumption is likely to cause actual harm or
10 because consumption presents a potential risk of substantial harm, the
11 department may, by order under chapter 34.05 RCW, prohibit or restrict
12 the commercial or recreational harvest or landing of any marine species
13 except the recreational harvest of shellfish as defined in chapter
14 69.30 RCW if taken from privately owned tidelands.

15 (3) It is unlawful to harvest any marine species in violation of a
16 departmental order prohibiting or restricting such harvest under this
17 section or to possess or sell any marine species so harvested.

18 (4) Any person who sells any marine species taken in violation of
19 this section is subject to the penalties provided in RCW 69.30.140 and
20 69.30.150. Any person who harvests or possesses marine species taken
21 in violation of this section is guilty of a civil infraction and is
22 subject to the penalties provided in RCW 69.30.150. Notwithstanding
23 this section, any person who harvests, possesses, sells, offers to
24 sell, culls, shucks, or packs shellfish is subject to the penalty
25 provisions of chapter 69.30 RCW. Charges shall not be brought against
26 a person under both chapter 69.30 RCW and this section in connection
27 with this same action, incident, or event.

28 (5) The criminal provisions of this section are subject to
29 enforcement by fish and wildlife enforcement officers or ex officio
30 fish and wildlife enforcement patrol officers as defined in RCW
31 75.08.011.

32 (6) As used in this section, marine species include all fish,
