AS AMENDED BY THE SENATE

Passed Legislature - 1998 Regular Session

**State of Washington                      55th Legislature                      1997 Regular Session**

**By** House Committee on Appropriations (originally sponsored by Representatives Lambert, Ballasiotes, Clements, McMorris, Talcott, Costa, Backlund, Cooke, Huff, Delvin and Thompson)

Read first time 03/07/97. Referred to Committee on .

1            AN ACT Relating to the monitoring of supervised offenders under the  
2 jurisdiction of the state department of corrections; adding a new  
3 section to chapter 43.10 RCW; and creating new sections.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5            NEW SECTION.    **Sec. 1.**    The legislature finds that increased  
6 communications between local law enforcement officers and the state  
7 department of corrections' community corrections officers improves  
8 public safety through shared monitoring and supervision of offenders  
9 living in the community under the jurisdiction of the department of  
10 corrections.

11           Participating local law enforcement agencies and the local offices  
12 of the department of corrections have implemented the supervision  
13 management and recidivist tracking program, whereby each entity  
14 provides mutual assistance in supervising offenders living within the  
15 boundaries of local law enforcement agencies. The supervision  
16 management and recidivist tracking program has helped local law  
17 enforcement solve crimes faster or prevented future criminal activity  
18 by reporting offender's sentence violations in a more timely manner to  
19 community corrections officers by rapid and comprehensive electronic

1 sharing of information regarding supervised offenders. The expansion  
2 of the supervision management and recidivist tracking program will  
3 improve public safety throughout the state.

4 NEW SECTION. **Sec. 2.** A new section is added to chapter 43.10 RCW  
5 to read as follows:

6 (1) There is created, as a component of the homicide investigative  
7 tracking system, a supervision management and recidivist tracking  
8 system called the SMART system. The office of the attorney general may  
9 contract with any state, local, or private agency necessary for  
10 implementation of and training for supervision management and  
11 recidivist tracking program partnerships for development and operation  
12 of a state-wide computer linkage between the attorney general's  
13 homicide investigative tracking system, local police departments, and  
14 the state department of corrections. Dormant information in the  
15 supervision management and recidivist tracking system shall be  
16 automatically archived after seven years. The department of  
17 corrections shall notify the attorney general when each person is no  
18 longer under its supervision.

19 (2) As used in this section, unless the context requires otherwise:

20 (a) "Dormant" means there have been no inquiries by the department  
21 of corrections or law enforcement with regard to an active supervision  
22 case or an active criminal investigation in the past seven years.

23 (b) "Archived" means information which is not in the active data  
24 base and can only be retrieved for use in an active criminal  
25 investigation.

26 NEW SECTION. **Sec. 3.** The homicide investigative tracking system  
27 and the supervision management and recidivist tracking system are tools  
28 for the administration of criminal justice and these systems may not be  
29 used for any other purpose.

Passed the House March 9, 1998.

Passed the Senate March 4, 1998.

Approved by the Governor March 30, 1998.

Filed in Office of Secretary of State March 30, 1998.
