SUBSTITUTE HOUSE BILL 2083

Passed Legislature - 1997 Regular Session

AS AMENDED BY THE SENATE

State of Washington

55th Legislature

1997 Regular Session

By House Committee on Government Reform & Land Use (originally sponsored by Representatives Reams, Scott, Buck, Sheldon, Delvin, D. Sommers and Kessler)

Read first time 03/05/97.

1 AN ACT Relating to authorized uses for master planned resorts; and
2 adding a new section to chapter 36.70A RCW.

3 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

4 NEW SECTION. **Sec. 1.** A new section is added to chapter 36.70A RCW
5 to read as follows:

6 Counties that are required or choose to plan under RCW 36.70A.040
7 may include existing resorts as master planned resorts which may
8 constitute urban growth outside of urban growth areas as limited by
9 this section. An existing resort means a resort in existence on July
10 1, 1990, and developed, in whole or in part, as a significantly self-
11 contained and integrated development that includes short-term visitor
12 accommodations associated with a range of indoor and outdoor
13 recreational facilities within the property boundaries in a setting of
14 significant natural amenities. An existing resort may include other
15 permanent residential uses, conference facilities, and commercial
16 activities supporting the resort, but only if these other uses are
17 integrated into and consistent with the on-site recreational nature of
18 the resort.

19 An existing resort may be authorized by a county only if:

1 (1) The comprehensive plan specifically identifies policies to
2 guide the development of the existing resort;

3 (2) The comprehensive plan and development regulations include
4 restrictions that preclude new urban or suburban land uses in the
5 vicinity of the existing resort, except in areas otherwise designated
6 for urban growth under RCW 36.70A.110 and 36.70A.360(1);

7 (3) The county includes a finding as a part of the approval process
8 that the land is better suited, and has more long-term importance, for
9 the existing resort than for the commercial harvesting of timber or
10 agricultural production, if located on land that otherwise would be
11 designated as forest land or agricultural land under RCW 36.70A.170;

12 (4) The county finds that the resort plan is consistent with the
13 development regulations established for critical areas; and

14 (5) On-site and off-site infrastructure impacts are fully
15 considered and mitigated.

16 A county may allocate a portion of its twenty-year population
17 projection, prepared by the office of financial management, to the
18 master planned resort corresponding to the projected number of
19 permanent residents within the master planned resort.

Passed the House April 21, 1997.

Passed the Senate April 17, 1997.

Approved by the Governor May 15, 1997.

Filed in Office of Secretary of State May 15, 1997.
